STATE OF NEW YORK

3652

2021-2022 Regular Sessions

IN ASSEMBLY

January 28, 2021

Introduced by M. of A. GRIFFIN -- read once and referred to the Committee on Education

AN ACT to amend the education law, in relation to creating standardized vaping and e-cigarette school guidelines

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The legislature hereby finds and declares the reported 2 incidents of e-cigarettes use referred to as "vaping" among youth leading to nicotine addiction, serious illness and death to be a public 3 4 health crisis that is growing in prevalence in middle grades and high 5 schools throughout the state. The rates of adolescents and youth in grades eight through twelve using vaping products to consume nicotine б 7 has doubled in recent years with twenty-five percent of twelfth graders, 8 twenty percent of tenth graders and nine percent of eighth graders 9 reporting vaping. The New York state department of health has reported a 10 one hundred sixty percent increase in four years of high school students 11 using e-cigarettes. The use of e-cigarettes through vaping devices 12 delivers addictive nicotine in more powerful, higher doses leading adolescents to long-term health consequences, illnesses, related prob-13 14 lems and possibly death. Public school officials throughout the state 15 are grappling with monitoring and detecting vaping use on school property, posing an increasing demand on school health, guidance and pupil 16 support personnel and additional administrative responsibilities result-17 ing from the surge in youth e-cigarette usage. There is no debate that 18 use of e-cigarettes through vaping devices is harmful to young people 19 20 with detrimental lifelong health consequences. Therefore, the legisla-21 ture finds that the appropriate state agencies overseeing education and 22 health shall work collaboratively to develop guidelines to assist 23 schools with developing policies and procedures and access any potential 24 related funding to discourage and combat the rise in e-cigarette use 25 among youth.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD02616-01-1

1	§ 2. Section 305 of the education law is amended by adding a new
2	subdivision 57 to read as follows:
3	57. In order to ensure standardized well-informed school policies
4	regarding vaping and e-cigarette use in schools, the commissioner, in
5	consultation with the commissioner of health, shall develop guidelines
б	for school districts to elect to use when developing policies on e-ci-
7	garette use through vaping devices. The commissioner shall update these
8	guidelines as necessary based on health data and educational research on
9	the implications of e-cigarette use. Such guidelines shall include, at a
10	minimum:
11	a. a model school policy expressly prohibiting vaping and e-cigarette
12	use on school grounds that can be included as part of school districts'
13	codes of conduct or other school policy;
14	b. specific proposals for age-appropriate school district education
15	regarding the health risks associated with vaping, including health
16	risks for children;
17	c. specific age-appropriate programming, including social media
18	outreach, for discouraging e-cigarette use and vaping by school
19	students, and other related information that may be incorporated under
20	paragraph (b) of subdivision two of section thirteen hundred ninety-
21	nine-ii of the public health law or other relevant program; and
22	d. listing of available funding sources for school districts to combat
23	e-cigarette use and vaping in schools.
24	\S 3. This act shall take effect on the one hundred eightieth day after
25	it shall have become a law

25 it shall have become a law.
