STATE OF NEW YORK

3996--В

2021-2022 Regular Sessions

IN ASSEMBLY

February 1, 2021

Introduced by M. of A. HUNTER, LUPARDO, CLARK, BURDICK, MITAYNES, MAMDA-NI, KELLES, PHEFFER AMATO, DE LA ROSA, FAHY, CARROLL, BARRON, ANDER-SON, FORREST, J. D. RIVERA, GALEF, REYES, McDONALD, GLICK, EPSTEIN, GOTTFRIED -- read once and referred to the Committee on Energy -committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- again reported from said committee with amendments, ordered reprinted as amended and recommittee committee

AN ACT to amend the public service law, in relation to establishing energy efficiency measures by the public service commission

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

-	Carting 1 mbr a blig and including the shallow of the station
T	Section 1. The public service law is amended by adding a new section
2	66-s to read as follows:
3	§ 66-s. Energy efficiency program. 1. As used in this section, the
4	following terms shall have the following meanings:
5	(a) "energy efficiency" means the reduction in overall energy use,
б	expressed as a percentage against a prior baseline of historical use, or
7	in British thermal units (BTUs). Energy efficiency shall include envi-
8	ronmentally beneficial electrification;
9	(b) "energy efficiency measure" means a particular good or practice
10	that provides an energy efficiency benefit;
11	(c) "environmentally beneficial electrification" means a replacement
12	of direct fossil fuel use with electricity such that the replacement
13	reduces overall emissions;
14	(d) "disadvantaged communities" shall have the same meaning as subdi-
15	vision five of section 75-0101 of the environmental conservation law;
16	(e) "residential building" means a building having primary use as a
17	domicile;
18	(f) "small commercial building" means a building operated by a busi-
19	ness or not-for-profit organization with one hundred employees or fewer;

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD05989-09-1

A. 3996--B

1	provided they (i) own their building or (ii) lease or manage all or part
2	of the building and have a release from the building owner to apply for
3	financing through the program; and
4	(q) "priority populations" means groups that include veterans, indi-
5	viduals with disabilities, low-income individuals, unemployed power
6	plant workers, previously incarcerated individuals, persons aged eigh-
7	teen through twenty-four participating in work preparedness training
8	programs, or residents of disadvantaged communities.
9	2. In order to stimulate the growth and adoption of a more efficient
10	use of energy in disadvantaged communities and to promote the hiring and
11	training of employees from disadvantaged communities and priority popu-
12	lations, the commission shall develop, oversee and issue quidelines to
13	be used as part of any energy efficiency proceeding or utility program,
14	which shall include the following elements:
15	(a) any job training funding administered by utilities for energy
16	efficiency implementation shall serve individuals from priority popu-
17	lations, at a minimum proportional to these areas' percentage share of
18	the total residential housing and small commercial building stock within
19	the state;
20	(b) employees hired for implementation of utility energy efficiency
21	programs shall be from priority populations, at a minimum proportional
22	to these areas' percentage share of the total residential housing and
23	small commercial building stock within the state, or from other disad-
24	vantaged communities within seventy-five miles of target work sites and
25	should no qualified applicants be found in the priority population then
26	other applicants shall be sought from outside the priority population;
27	and
28	(c) require any residential and/or small business energy efficiency
28 29	(c) require any residential and/or small business energy efficiency program funding used directly for energy efficiency measures adminis-
29 30	program funding used directly for energy efficiency measures adminis- tered by utilities shall be allocated to disadvantaged communities,
29 30 31	program funding used directly for energy efficiency measures adminis- tered by utilities shall be allocated to disadvantaged communities, proportional to these areas' percentage share of the total residential
29 30 31 32	program funding used directly for energy efficiency measures adminis- tered by utilities shall be allocated to disadvantaged communities, proportional to these areas' percentage share of the total residential housing and small commercial building stock within the state.
29 30 31 32 33	program funding used directly for energy efficiency measures adminis- tered by utilities shall be allocated to disadvantaged communities, proportional to these areas' percentage share of the total residential housing and small commercial building stock within the state. § 2. Reporting. In any calendar year that a utility is unable to meet
29 30 31 32 33 34	program funding used directly for energy efficiency measures adminis- tered by utilities shall be allocated to disadvantaged communities, proportional to these areas' percentage share of the total residential housing and small commercial building stock within the state. § 2.
