the term "human food grade" for certain pet food

2 by adding a new subdivision 3 to read as follows:

3 3. (a) A registrant may apply to the commissioner for designation,
4 including a renewal of a designation, of a pet food as human food grade.
5 An application for the designation shall be made on a form prescribed by
6 the commissioner and shall be accompanied by an application fee of one
7 hundred dollars. The commissioner shall approve the application and
8 grant the designation if it demonstrates the following to the satisfac-
9 tion of the commissioner:

10 (i) The pet food is produced in facilities that abide by United States
11 Department of Agriculture ("USDA") criteria and inspection rules and are
12 listed on the USDA Meat, Poultry and Egg Product Inspect (MPI) Directo-
13 ry.

15 processed, and transported under current good manufacturing practices
16 specified in 21 CFR Part 117 Subpart B.

17 (iii) A continuing letter of guarantee and warranty from each supplier

20 (i) and (ii) of this paragraph and is suitable for human consumption.

21 (iv) A list of every ingredient in the pet food.

1 the registrant fails to comply with any requirement for the designation
2 or applicable regulations.

3 (c) (i) A designation of a pet food as "human food grade" under this
4 subdivision means that the pet food is suitable for human consumption
5 but is intended for consumption by pets. A pet food designated under
6 this subdivision may be labeled, advertised and represented as human
7 food grade, or use words, symbols, or images of that meaning. The
8 commissioner shall create a symbol, label, or wording that a registrant
9 may, but is not required to, use for a pet food designated under this
10 subdivision.

11 (ii) Any label, advertisement or representation implying that a pet
12 food is human food grade shall include words, symbols or images, of at
13 least equal size as those implying that it is human food grade, clearly
14 indicating that it is intended for consumption by pets or particular
15 categories of pets.

16 (iii) No person may label, advertise or represent any product as being
17 a pet food of human food grade, or words of that meaning, or using any
18 image conveying that meaning, unless the product is designated under
19 this subdivision.

20 (d) A designation under this subdivision shall be valid for two years
21 from the date of issuance or from the date of renewal.

22 (e) This subdivision does not diminish the applicability of any other
23 provisions of this article.

24 § 2. Section 131 of the agriculture and markets law, as added by chap-
25 ter 816 of the laws of 1974, is amended to read as follows:

26 § 131. Misbranding. A commercial feed shall be deemed to be misbranded
27 if:

28 1. Its labeling is false or misleading in any particular, including
29 through the use of words or images that do not honestly represent the
30 ingredients used in the commercial feed.

31 2. It is distributed under the name of another commercial feed.

32 3. It is not labeled , advertised or represented as required in, or is
33 labeled, advertised or represented in violation of, section one hundred
34 thirty of this article.

35 4. It purports to be or is represented as a commercial feed, or if it
36 purports to contain or is represented as containing a commercial feed
37 ingredient, unless such commercial feed or feed ingredient conforms to
38 the definition, if any, prescribed by regulation by the commissioner.

39 5. Any word, statement, or other information required by or under
40 authority of this article to appear on the label or labeling is not
41 prominently placed thereon with such conspicuousness (as compared with
42 other words, statements, designs, or devices in the labeling) and in
43 such terms as to render it likely to be read and understood by the ordi-
44 nary individual under customary conditions of purchase and use.

45 § 3. This act shall take effect on the one hundred eightieth day after
46 it shall have become a law. Effective immediately, the commissioner of
47 agriculture and markets shall make regulations and take other actions
48 reasonably necessary to implement this act on that date.
