

STATE OF NEW YORK

4692

2021-2022 Regular Sessions

IN ASSEMBLY

February 4, 2021

Introduced by M. of A. NORRIS -- read once and referred to the Committee on Economic Development

AN ACT to enact the "New York Business Emergency Relief Act of 2021"; to direct the governor to unallocated settlement funds resolved in the economic uncertainties fund (Part A); to amend the urban development corporation act, in relation to enacting the restart New York grant relief program (Part B); and to authorize the governor to reallocate certain monies for the restart New York grant relief (Part C)

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York Business Emergency Relief Act of 2021".

3 § 2. Legislative intent. The legislature seeks to provide immediate
4 assistance to businesses that have been deemed non-essential or have
5 faced restrictions or closures as a result of the Governor's Executive
6 Orders and have lost income as a result.

7 The legislature recognizes that New York's private businesses are the
8 backbone of our state economy and the state must act boldly to address
9 the negative impacts resulting from the COVID-19 outbreak and the asso-
10 ciated statewide business sector shutdown. According to a recent poll by
11 the National Federation of Independent Businesses, 76% of its members
12 have been negatively impacted by COVID-19. Through Executive Orders,
13 businesses that were deemed non-essential were forced to keep their
14 doors closed with no indication of when they will be able to reopen and
15 face significant revenue. It is imperative that the legislature provides
16 immediate assistance to these businesses as they try to manage the
17 devastating impact of the COVID-19 virus and the interruption of their
18 business operations. The New York Business Emergency Relief Act of 2021
19 will offer direct fiscal relief and protections for businesses while
20 mitigating the risk of businesses being forced to permanently close
21 their doors and further harm the local and state economies.

It is therefore the intent of the legislature to implement measures to assist New York's businesses with the loss of their income as a result of being deemed non-essential by the Governor's Executive Orders by providing direct financial assistance in the way of State grants. The legislature recognizes that extraordinary times call for extraordinary measures and therefore is directing that settlement money received by the state from financial or banking institutions, from current economic development programs and from any federal aid provided to the state for economic recovery be used to help the state fight the economic crisis brought on by the COVID-19 virus by directing this funding be provided to non-essential businesses that were negatively impacted by the Governor's Executive Orders.

§ 3. This act enacts into law major components of legislation which are necessary to implement the New York Business Emergency Relief Act of 2021. Each component is wholly contained within a Part identified as Parts A through C.
