FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for tiers 2 through 6 state correction officers. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death. The provision is scheduled to expire five years after the date it is enacted.

If this bill is enacted during the 2021 legislative session, there will be an immediate past service cost of approximately \$4.47 million which will be borne by the State of New York as a one-time payment. This estimate is based on the assumption that payment will be made on March 1, 2022.

If this provision is extended or made permanent by subsequent legislation, there would be additional costs.

These estimated costs are based on 19,890 affected members employed by the State of New York as correction officers, with annual salary of approximately \$1.7 billion as of March 31, 2020.
