A traffic violations bureau established pursuant to subdivision one and a traffic and parking violations agency established pursuant to subdivision two of section three hundred seventy-one of this article may be authorized to adjudicate, in accordance with the provisions of this article, the liability of owners: (a) for violations of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law imposed pursuant to a local law or ordinance imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with traffic-control indications through the installation and operation of traffic-control signal photo violation-monitoring systems, in accordance with article twenty-four of the vehicle and traffic law; or (b) for violations of section eleven hundred seventy-four of the vehicle and traffic law when meeting a school bus marked and equipped as provided in subdivisions twenty and twenty-one-c of section three hundred seventy-five of the vehicle and traffic law imposed pursuant to a local law or ordinance imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with school bus red visual signals through the installation and operation of school bus photo violation monitoring systems, in accordance with article twenty-nine of the vehicle and traffic law; or (c) for violations of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of the vehicle and traffic law imposed pursuant to a demonstration program imposing monetary liability on the

owner of a vehicle for failure of an operator thereof to comply with such posted maximum speed limits within a highway construction or maintenance work area through the installation and operation of photo speed violation monitoring systems, in accordance with article thirty of this chapter.

§ 12. The vehicle and traffic law is amended by adding a new section 1180-e to read as follows:

§ 1180-e. Owner liability for failure of operator to comply with certain posted maximum speed limits. (a) 1. Notwithstanding any other provision of law, the commissioner of transportation is hereby authorized to establish a demonstration program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a highway construction or maintenance work area located on a controlled-access highway (i) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (ii) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. Such demonstration program shall empower the commissioner to install photo speed violation monitoring systems within no more than twenty highway construction or maintenance work areas located on controlled-access highways and to operate such systems within such work areas (iii) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (iv) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. The commissioner, in consultation with the superintendent of the division of state police, shall determine the location of the highway construction or maintenance work areas located on a controlled-access highway in which to install and operate photo speed violation monitoring systems. In selecting a highway construction or maintenance work area in which to install and operate a photo speed violation monitoring system, the commissioner shall consider criteria including, but not limited to, the speed data, crash history, and roadway geometry applicable to such highway construction or maintenance work area. A photo speed violation monitoring system shall not be installed or operated on a controlled-access highway exit ramp.

2. Notwithstanding any other provision of law, after holding a public hearing in accordance with the public officers law and subsequent approval of the establishment of a demonstration program in accordance with this section by a majority of the members of the entire board of the thruway authority, the chair of the thruway authority is hereby authorized to establish a demonstration program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a highway construction or maintenance work area located on the thruway (i) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (ii) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of

this article. Such demonstration program shall empower the chair to install photo speed violation monitoring systems within no more than ten highway construction or maintenance work areas located on the thruway and to operate such systems within such work areas (iii) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (iv) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. The chair, in consultation with the superintendent of the division of state police, shall determine the location of the highway construction or maintenance work areas located on the thruway in which to install and operate photo speed violation monitoring systems. In selecting a highway construction or maintenance work area in which to install and operate a photo speed violation monitoring system, the chair shall consider criteria including, but not limited to, the speed data, crash history, and roadway geometry applicable to such highway construction or maintenance work area. A photo speed violation monitoring system shall not be installed or operated on a thruway exit ramp.

3. No photo speed violation monitoring system shall be used in a highway construction or maintenance work area unless (i) on the day it is to be used it has successfully passed a self-test of its functions; and (ii) it has undergone an annual calibration check performed pursuant to paragraph five of this subdivision. The commissioner or chair, as applicable, shall install signs giving notice that a photo speed violation monitoring system is in use, in conformance with standards established in the MUTCD.

4. Operators of photo speed violation monitoring systems shall have completed training in the procedures for setting up, testing, and operating such systems. Each such operator shall complete and sign a daily set-up log for each such system that he or she operates that (i) states the date and time when, and the location where, the system was set up that day, and (ii) states that such operator successfully performed, and the system passed, the self-tests of such system before producing a recorded image that day. The commissioner or the chair, as applicable, shall retain each such daily log until the later of the date on which the photo speed violation monitoring system to which it applies has been permanently removed from use or the final resolution of all cases involving notices of liability issued based on photographs, microphotographs, video or other recorded images produced by such system.

5. Each photo speed violation monitoring system shall undergo an annual calibration check performed by an independent calibration laboratory which shall issue a signed certificate of calibration. The commissioner or the chair, as applicable, shall keep each such annual certificate of calibration on file until the final resolution of all cases involving a notice of liability issued during such year which were based on photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring system.

6. (i) Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape

or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where the commissioner or the chair, as applicable, shows that they made reasonable efforts to comply with the provisions of this paragraph in such case.

(ii) Photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall be for the exclusive use of the commissioner or the chair, as applicable, for the purpose of the adjudication of liability imposed pursuant to this section and of the owner receiving a notice of liability pursuant to this section, and shall be destroyed by the commissioner or chair, as applicable, upon the final resolution of the notice of liability to which such photographs, microphotographs, videotape or other recorded images relate, or one year following the date of issuance of such notice of liability, whichever is later. Notwithstanding the provisions of any other law, rule or regulation to the contrary, photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall not be open to the public, nor subject to civil or criminal process or discovery, nor used by any court or administrative or adjudicatory body in any action or proceeding therein except that which is necessary for the adjudication of a notice of liability issued pursuant to this section, and no public entity or employee, officer or agent thereof shall disclose such information, except that such photographs, microphotographs, videotape or any other recorded images from such systems:

(A) shall be available for inspection and copying and use by the motor vehicle owner and operator for so long as such photographs, microphotographs, videotape or other recorded images are required to be maintained or are maintained by such public entity, employee, officer or agent; and

(B) (1) shall be furnished when described in a search warrant issued by a court authorized to issue such a search warrant pursuant to article six hundred ninety of the criminal procedure law or a federal court authorized to issue such a search warrant under federal law, where such search warrant states that there is reasonable cause to believe such information constitutes evidence of, or tends to demonstrate that, a misdemeanor or felony offense was committed in this state or another state, or that a particular person participated in the commission of a misdemeanor or felony offense in this state or another state, provided, however, that if such offense was against the laws of another state, the court shall only issue a warrant if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony against the laws of this state; and

(2) shall be furnished in response to a subpoena duces tecum signed by a judge of competent jurisdiction and issued pursuant to article six hundred ten of the criminal procedure law or a judge or magistrate of a federal court authorized to issue such a subpoena duces tecum under federal law, where the judge finds and the subpoena states that there is reasonable cause to believe such information is relevant and material to the prosecution, or the defense, or the investigation by an authorized law enforcement official, of the alleged commission of a misdemeanor or felony in this state or another state, provided, however, that if such offense was against the laws of another state, such judge or magistrate shall only issue such subpoena if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony in this state; and

(3) may, if lawfully obtained pursuant to this clause and clause (A) of this subparagraph and otherwise admissible, be used in such criminal action or proceeding.

(b) If the commissioner or chair establishes a demonstration program pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, within a highway construction or maintenance work area located on a controlled-access highway or on the thruway in violation of paragraph two of subdivision (d) or subdivision (f), or when other speed limits are in effect in violation of subdivision (b) or (g) or paragraph one of subdivision (d), of section eleven hundred eighty of this article, such vehicle was traveling at a speed of more than ten miles per hour above the posted speed limit in effect within such highway construction or maintenance work area, and such violation is evidenced by information obtained from a photo speed violation monitoring system; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(d) A certificate, sworn to or affirmed by a technician employed by the commissioner or chair as applicable, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a photo speed violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall include at least two date and time stamped images of the rear of the motor vehicle that include the same stationary object near the motor vehicle and shall be available for inspection reasonably in advance of and at any proceeding to adjudicate the liability for such violation pursuant to this section.

(f) An imposition of liability under the demonstration program established pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

(g) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, within fourteen business days if such owner is a resident of this state and within forty-five business days if such owner is a non-resident. (h) Adjudication of the liability imposed upon owners of this section shall be by a traffic violations bureau established pursuant to section three hundred seventy of the general municipal law where the violation occurred or, if there be none, by the court having jurisdiction over traffic infractions where the violation occurred, except that if a city has established an administrative tribunal to hear and determine complaints of traffic infractions constituting parking, standing or stopping violations such city may, by local law, authorize such adjudication by such tribunal.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle or the number plate or plates of such vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that the vehicle or the number plate or plates of such vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision, it shall be sufficient that a certified copy of the police report on the stolen vehicle or number plate or plates of such vehicle be sent by first class mail to the traffic violations bureau, court having jurisdiction or parking violations bureau.

(j) 1. Where the adjudication of liability imposed upon owners pursuant to this section is by a traffic violations bureau or a court having jurisdiction, an owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, provided that he or she sends to the traffic violations bureau or court having jurisdiction a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty-seven days after receiving notice from the bureau or court of the date and time of such violation, together with the other information contained in the original notice of liability. Failure to send such information within such thirty-seven day time period shall render the owner liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

2. (i) In a city which, by local law, has authorized the adjudication of liability imposed upon owners by this section by a parking violations bureau, an owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article, provided that:

(A) prior to the violation, the lessor has filed with the bureau in accordance with the provisions of section two hundred thirty-nine of this chapter; and

bureau the correct name and address of the lessee of the vehicle identified in the notice of liability at the time of such violation, together with such other additional information contained in the rental, lease or other contract document, as may be reasonably required by the bureau pursuant to regulations that may be promulgated for such purpose.

(ii) Failure to comply with clause (B) of subparagraph (i) of this paragraph shall render the owner liable for the penalty prescribed in this section.

(iii) Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

(k) 1. If the owner liable for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

(l) Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(m) If the commissioner or chair adopts a demonstration program pursuant to subdivision (a) of this section the commissioner or chair, as applicable, shall conduct a study and submit a report on or before May first, two thousand twenty-four and a report on or before May first, two thousand twenty-six on the results of the use of photo devices to the governor, the temporary president of the senate and the speaker of the assembly. The commissioner or chair shall also make such reports available on their public-facing websites, provided that they may provide aggregate data from paragraph one of this subdivision if the commissioner or chair finds that publishing specific location data would jeopardize public safety. Such report shall include:

1. the locations where and dates when photo speed violation monitoring systems were used;

2. the aggregate number, type and severity of crashes, fatalities, injuries and property damage reported within all highway construction or maintenance work areas on controlled-access highways or on the thruway, to the extent the information is maintained by the commissioner, chair or the department of motor vehicles of this state;

(n) It shall be a defense to any prosecution for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that such photo speed violation monitoring system was malfunctioning at the time of the alleged violation.

§ 13. Section 1803 of the vehicle and traffic law is amended by adding two new subdivisions 11 and 12 to read as follows:

11. Except as otherwise provided in paragraph e of subdivision one of this section, where the commissioner of transportation has established a demonstration program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this chapter in accordance with section eleven hundred eighty-e of this chapter, any fine or penalty collected by a court, judge, magistrate or other officer for an imposition of liability which occurs pursuant to such program shall be paid to the state comptroller within the first ten days of the month following collection. Every such payment shall be accompanied by a statement in such form and detail as the comptroller shall provide. The comptroller shall pay eighty percent of any such fine or penalty imposed for such liability to the general fund, and twenty percent of any such fine or penalty to the city, town or village in which the violation giving rise to the liability occurred. With respect to the percentage of fines or penalties paid to the general fund, no less than sixty percent shall be dedicated to department of transportation work zone safety projects after deducting the expenses necessary to administer such demonstration program, provided, however, that such funds provided pursuant to this subdivision shall be payable on the audit and warrant of the comptroller and shall only be used to supplement and not supplant current expenditures of state funds on work zone safety projects.
