AN ACT to amend the insurance law, in relation to enacting the "patient Rx information and choice expansion act"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "patient Rx
2 information and choice expansion act" or the "PRICE act".

3 § 2. The insurance law is amended by adding a new section 341-a to
4 read as follows:

5 § 341-a. Patient prescription pricing transparency. 1. Definitions.
6 As used in this section:

7 (a) "Health plan" means benefits provided by any entity delivering or
8 issuing for delivery a policy of accident and health insurance pursuant
9 to section three thousand two hundred sixteen, or a group or blanket
10 accident and health insurance policy pursuant to section three thousand
11 two hundred twenty-one, or providing benefits pursuant to section four
12 thousand three hundred three of this chapter.

13 (b) "Cost-sharing information" means the amount an enrollee is
14 required to pay in order to receive a drug that is covered under the
15 enrollee's health plan.

16 (c) "Covered/coverage" means those health care services to which an
17 enrollee is entitled under the terms of the health plan.

1 (d) "Enrollee" means the covered individual, policyholder, subscriber,
2 the insured, or person who has authority under applicable law to act on
3 behalf of an enrollee in making decisions related to health care, a
4 health plan, or pharmacy benefit manager, or its affiliates or entities.

5 (e) "Interoperability element" means hardware, software, integrated
6 technologies or related licenses, technical information, privileges,
7 rights, intellectual property, upgrades, or services that may be neces-
8 sary to provide the data required in the requested format and consistent
9 with the required format.

10 (f) "Pharmacy benefit manager (PBM)" ensure that this term includes
11 pharmacy benefit managers, affiliates, or other entities acting on their
12 behalf.

13 (g) "Electronic health record" means a digital version of a patient's
14 paper chart and medical history that makes information available
15 instantly and securely to authorized users.

16 (h) "Electronic prescribing system" means a system that enables pres-
17 cribers to enter prescription information into a computer prescription
18 device and securely transmit the prescription to pharmacies using a
19 special software program and connectivity to a transmission network.

20 (i) "Electronic prescription" means an electronic prescription as
21 defined in section thirty-three hundred two of the public health law.

22 (j) "Prescriber" means a health care provider licensed to prescribe
23 medication or medical devices in the state.

24 (k) "Real-time benefit tool" or "RTBT" means an electronic
25 prescription decision support tool that: (i) is capable of integrating
26 with prescribers' electronic prescribing and electronic health record
27 systems; and (ii) complies with the technical standards adopted by the
28 National Council for Prescription Drug Programs (NCPDP).

29 2. No later than July first, two thousand twenty-three, each health
30 plan operating in the state shall, upon request of the enrollee, his or
31 her health care provider, or a third-party on their behalf, furnish the
32 cost, benefit, and coverage data set forth as required to the enrollee,
33 his or her health care provider, or the third-party of his or her choos-
34 ing and shall ensure that such data is (i) current no later than one
35 business day after any change is made; (ii) provided in real time; and
36 (iii) in the same format that the request is made by the enrollee or his
37 or her health care provider.

38 3. The format of the request shall use established industry content
39 and transport standards published by:

40 (a) A standards developing organization accredited by the American
41 National Standards Institute (ANSI), including, the National Council for
42 Prescription Drug Programs (NCPDP), ASC X12, Health Level 7; or

43 (b) A relevant federal or state governing body, including the Center
44 for Medicare & Medicaid Services or the Office of the National Coordina-
45 tor for Health Information Technology.

46 4. A facsimile, proprietary payor or patient portal, or other elec-
47 tronic form shall not be considered acceptable electronic formats pursu-
48 ant to this section.

49 5. Upon such request, the following data shall be provided for any
50 drug covered under the enrollee's health plan:

51 (a) patient-specific eligibility information;

52 (b) patient-specific prescription cost and benefit data, such as
53 applicable formulary, benefit, coverage and cost-sharing data for the
54 prescribed drug and clinically-appropriate alternatives, when appropri-
55 ate;

1 (c) patient-specific cost-sharing information that describes variance
2 in cost-sharing based on the pharmacy dispensing the prescribed drug or
3 its alternatives, and in relation to the patient's benefit (i.e., spend
4 related to out-of-pocket maximum);

5 (d) information regarding lower cost clinically-appropriate treatment
6 alternatives; and

7 (e) applicable utilization management requirements.

8 6. Any health plan or PBM shall furnish the data as required whether
9 the request is made using the drug's unique billing code, such as a
10 National Drug Code or Healthcare Common Procedure Coding System code or
11 descriptive term. A health plan or PBM shall not deny or delay a request
12 as a method of blocking the data set forth as required from being shared
13 based on how the drug was requested.

14 7. A health plan, or entities acting on a health plan's behalf, shall
15 not restrict, prohibit, or otherwise hinder the prescriber from commu-
16 nicating or sharing benefit and coverage information that reflects other
17 choices, such as cash price, lower cost clinically-appropriate alterna-
18 tives, whether or not they are covered under the enrollee's plan,
19 patient assistance and support programs and the cost available at the
20 patient's pharmacy of choice.

21 8. A health plan, or entities acting on a health plan's behalf, shall
22 not, except as may be required by law, interfere with, prevent, or mate-
23 rially discourage access, exchange, or use of the data as required,
24 which may include charging fees, not responding to a request at the time
25 made where such a response is reasonably possible, implementing technol-
26 ogy in nonstandard ways or instituting enrollee consent requirements,
27 processes, policies, procedures, or renewals that are likely to substan-
28 tially increase the complexity or burden of accessing, exchanging, or
29 using such data; nor penalize a health care provider or professional for
30 disclosing such information to an enrollee or prescribing, administer-
31 ing, or ordering a clinically appropriate or lower-cost alternative.

32 9. Nothing in this section shall be construed to limit access to the
33 most up-to-date patient-specific eligibility or patient-specific
34 prescription cost and benefit data by the health plan.

35 10. Nothing in this section shall interfere with patient choice and a
36 health care professional's ability to convey the full range of
37 prescription drug cost options to a patient. Health plans, or entities
38 acting on their behalf, shall not restrict a health care professional
39 from communicating to the patient prescription cost options.

40 11. No RTBT shall require or influence a patient to utilize specific
41 plan preferred drugs or pharmacies.

42 § 3. Severability. If any provision of this act, or any application
43 of any provision of this act, is held to be invalid, or to violate or
44 be inconsistent with any federal law or regulation, that shall not
45 affect the validity or effectiveness of any other provision of this
46 act, or of any other application of any provision of this act, which
47 can be given effect without that provision or application; and to that
48 end, the provisions and applications of this act are severable.

49 § 4. This act shall take effect July 1, 2023. Effective immediately,
50 the addition, amendment and/or repeal of any rule or regulation neces-
51 sary for the implementation of this act on its effective date are
52 authorized to be made and completed on or before such effective date.
