Introduced by M. of A. JOYNER -- read once and referred to the Committee on Higher Education

AN ACT to amend the public health law, in relation to the dispensing of glucagon

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

| 1  | Section 1. The public health law is amended by adding a new section      |
|----|--|
| 2  | 279-a to read as follows:  |
| 3  | § 279-a. Dispensing of glucagon. Notwithstanding any other provisions    |
| 4  | of law to the contrary, a pharmacist may dispense any Food and Drug      |
| 5  | Administration approved glucagon medication to an insulin using person   |
| б  | regardless if the person currently has or previously has had a           |
| 7  | prescription for glucagon.   |
| 8  | 1. (a) A health care professional may prescribe by a patient-specific    |
| 9  | or non-patient-specific prescription, dispense or distribute, directly   |
| 10 | <u>or indirectly, an order of glucagon to a glucagon recipient;</u>      |
| 11 | (b) A pharmacist may dispense an order of glucagon, through a            |
| 12 | patient-specific or non-patient-specific prescription pursuant to this   |
| 13 | <u>section, to a glucagon recipient;</u>                                 |
| 14 | (c) The provisions of this section shall not be deemed to require a      |
| 15 | prescription for any order of glucagon that does not otherwise require a |
| 16 | prescription; nor shall it be deemed to limit the authority of a health  |
| 17 | care professional to prescribe, dispense or distribute, or of a pharma-  |
| 18 | cist to dispense, an order of glucagon under any other provision of law, |
| 19 | provided that:   |
| 20 | (i) any dispensing of glucagon under this section shall be done only     |
| 21 | in accordance with a physician-approved protocol and shall specify the   |
| 22 | minimum required components of any such protocol;                        |
| 23 | (ii) the person to whom glucagon is dispensed shall be educated by the   |
| 24 | pharmacist as to the mechanism and circumstances for the administration  |
| 25 | of glucagon; and   |

EXPLANATION--Matter in **italics** (underscored) is new; matter in brackets [-] is old law to be omitted.
