10 determined by the department in consultation with the department of  
11 health.

12 b. The ambient air quality standards for toxic air contaminants shall

43 the extension granted by the department shall not exceed eighteen  
44 months.

45 4. Prohibitions. a. No person shall emit or cause to be emitted from

49 b. The department shall not issue a permit, certificate or other  
50 approval under this article to the owner or operator of a major source  
51 that emits or has the potential to emit a toxic air contaminant unless

53 such contaminant will not cause or contribute to a violation of any  
54 applicable ambient air quality standard for toxic air contaminants.

55 5. Violations and penalties. a. Any person who violates an ambient air  
56 quality for a toxic air contaminant or fails to perform any duty imposed
