3 2. There is hereby established in the custody of the corporation a
4 special fund to be known as the small business environmental fund.
5 Moneys in such fund shall be segregated from all other funds of or in
6 the custody of the corporation subject to any rights of holders of
7 corporation bonds or notes issued for the purposes of this section.
8 Moneys in such fund shall only be used in accordance with the provisions
9 of this section. The moneys in such fund shall be applied to or paid out
10 for authorized purposes of such fund on the direction of the chairman of
11 the corporation in accordance with subdivision four of this section, or
12 such other person as the corporation shall authorize to make such direc-
13 tion.

14 3. Such fund shall consist of all of the following: (a) moneys appro-
15 priated by the state legislature for the purpose of such fund or other-
16 wise transferred by the state for deposit therein by the comptroller as
17 required by law; (b) payments of the loan origination fee authorized
18 pursuant to subdivision six of this section; (c) investment earnings on
19 amounts in such fund; (d) the proceeds of bonds or notes issued by the
20 corporation for purposes of leveraging capital on behalf of small busi-
21 nesses seeking to achieve pollution prevention and/or comply with feder-

23 the federal government or other sources for the purposes of the fund.

24 4. (a) Moneys in such fund shall be applied by the corporation as a
25 loan loss reserve fund, to provide credit enhancement to encourage
26 financial institutions to make pollution prevention or compliance loans
27 including such loans as may be necessary to purchase, lease, install or
28 acquire pollution control equipment to small businesses.

29 (b) The corporation is hereby authorized to provide assistance in the
30 form of a loan loss reserve fund for loans by financial institutions to
31 small businesses that otherwise find it difficult to obtain bank financ-
32 ing for pollution prevention or compliance activities control. The
33 corporation may use moneys in the fund to guarantee up to ninety percent
34 of the outstanding principal of each loan to be made by a financial
35 institution to a small business for pollution prevention or compliance
36 activities, provided, however, that no loan by a financial institution
37 pursuant to this section shall exceed five hundred thousand dollars.

38 5. (a) The corporation shall enter into agreements with financial
39 institutions governing participation in the fund which shall include,
40 but not be limited to, the terms of the payment of claims pursuant to
41 subdivision seven of this section. Such agreements shall set forth any
42 loan application fee to be charged by the financial institution to the
43 applicant and the loan origination fee to be paid to the corporation for
44 loans pursuant to this section. In entering into agreements with finan-

46 of agreements which provide for the participation of a consortium of
47 financial institutions serving an entire economic development region as
48 defined in section two hundred thirty of the economic development law.

49 (b) The corporation shall also establish procedures and other require-
50 ments for small business participation. Such procedures shall include a
51 simplified application form for small businesses seeking assistance.
52 Such application shall require a demonstration by the applicant that
53 difficulty in obtaining conventional bank financing for pollution
54 prevention or compliance activities in the purchase, lease, installation
55 or acquisition of pollution control equipment impedes the ability of the
56 applicant to achieve pollution prevention or comply with federal or

1 state environmental laws. Such application shall also include such
2 specific information as the corporation may require, with regard to the
3 pollution prevention or compliance activities proposed, and the esti-
4 mated cost of financing such activities.

5 (c) Within twenty-eight days of receipt of an application pursuant to
6 this section, the corporation shall either approve or reject such appli-
7 cation. The corporation shall approve an application pursuant to para-
8 graph (b) of this subdivision based upon a determination that:

9 (1) the proposed pollution prevention or compliance activities will
10 assist the small business in achieving pollution prevention and/or full
11 compliance with federal or state environmental laws;

12 (2) a loan is required to finance the pollution prevention or compli-
13 ance activities or to finance the purchase, lease, installment or acqui-
14 sition of pollution control equipment;

15 (3) approval is not sought for an outstanding loan previously made by
16 a financial institution to the small business; and

17 (4) no concurrent loan has been made to the small business pursuant to
18 this section.

19 (d) In the approval of applications, the corporation shall give pref-
20 erence to those small businesses which are:

21 (1) seeking to comply with new requirements imposed pursuant to the
22 federal Clean Air Act (42 U.S.C. 7401 et seq. as amended by P.L. 101-
23 549), the New York state clean air compliance act as, established pursu-

27 of title nine of article twenty-seven of the environmental conservation
28 law, relating to industrial hazardous waste management, or any rules and
29 regulations promulgated thereunder; and are

30 (2) seeking to comply with new requirements imposed pursuant to feder-
31 al or state environmental laws; and are

32 (3) in highly distressed areas or minority-owned business enterprises
33 or women-owned business enterprises.

34 (e) Upon approval or denial of an application, the corporation shall
35 notify the applicant of such action by regular mail. The corporation may
36 also notify any financial institution of the approval or denial of an
37 application.

38 6. (a) Decisions to execute a loan pursuant to this section shall be
39 made solely by the financial institution and may provide for such inter-
40 est rate, fees and other terms and conditions as the financial institu-
41 tion and borrower may agree, provided, however, that:

42 (1) unless approved by the corporation, the term of the loan shall not
43 exceed seven years or the estimated useful life of any financed changes
44 in pollution prevention or control methods or equipment, whichever is
45 less; and

46 (2) if the amount of the loan is determined by a commitment agreement
47 that establishes a line of credit, the amount of the actual loan is the
48 maximum amount available to the borrower under the agreement.

49 (b) A small business, in receipt of a loan pursuant to this section,
50 shall pay an origination fee to the corporation upon distribution of
51 loan proceeds. Moneys from such a fee shall be deposited in the fund;
52 provided, however, that the corporation, in consultation with the direc-
53 tor of the division of the budget, may use a portion of such moneys for
54 the administration of the fund. Nothing contained in this section shall
55 prohibit the financing of the origination fee in the terms of the loan.

1 7. (a) Upon the default of a loan made pursuant to this section, a
2 financial institution may file contemporaneously with a notice of
3 default to the small business, a claim with the corporation to recover
4 the outstanding principal plus accrued interest and one-half of the
5 documented out-of-pocket expenses incurred in pursuing loan collection
6 efforts, including preservation of collateral. The amount of principal
7 and accrued interest included in the claim may not exceed the principal
8 amount agreed upon at the time of closing, plus accrued interest attrib-
9 utable to such agreed upon amounts, consistent with the requirements of
10 this section.

11 (b) For loans made pursuant to this section, the financial institution
12 shall determine a loan to be in default in a manner consistent with
13 methods employed by the financial institution for similar loans not made
14 pursuant to this section.

15 (c) The corporation is authorized and directed to adopt rules and
16 regulations governing the payment of claims from the fund. Such rules
17 and regulations shall provide that upon receipt of a claim filed by a
18 financial institution, the corporation shall, within ten business days,
19 pay from the fund the amount of the claim as submitted, unless informa-
20 tion provided by the financial institution is found by the corporation
21 to be incomplete or was known by the financial institution to be false
22 at the closing of the loan. The terms of the payment of claims from the
23 fund shall be included in the agreement entered into by the corporation
24 and the financial institution pursuant to subdivision five of this
25 section.

26 (d) Upon payment of a claim, the corporation shall report the claim to
27 the office of the attorney general, who then shall exercise the rights
28 of subrogation. The financial institution thereafter shall assign to the
29 attorney general any right, title, or interest to any collateral, secu-
30 rity, or other right of recovery in connection with the loan. Any money
31 received by the attorney general as a result of enforcement actions
32 taken with respect to any collateral, security or other rights of recov-
33 ery shall be promptly deposited by the attorney general through the
34 corporation in the fund, less any out-of-pocket expenses incurred by the
35 attorney general in taking such enforcement actions.

36 8. Pursuant to rules and regulations of the corporation, the corpo-
37 ration may terminate the participation of a financial institution in the
38 fund upon a determination that such institution is not in substantial
39 compliance with the requirements of this section or the provisions of an
40 agreement executed pursuant to subdivision five of this section. The
41 corporation shall provide notice to a financial institution at least
42 ninety days in advance of such termination.

43 9. The corporation shall monitor the activities of participating
44 financial institutions and small businesses and may require such period-

46 tutions and businesses on the status of loans made pursuant to this
47 section. On or before the first day of March following the effective
48 date of this section, and on such date annually thereafter, the corpo-

50 senate and the speaker of the assembly a report on the fund. Such report
51 shall include, but not be limited to:

11 the corporation shall submit to the director of the budget, the chair of
12 the senate finance committee and the chair of the assembly ways and
