~~(4)~~] an owner by application to the state division of housing and community renewal for increases in the rents in excess of the rent adjustment authorized by the rent guidelines board under this act establishes a hardship, and the state division finds that the rate of rent adjustment is not sufficient to enable the owner to maintain approximately the same ratio between operating expenses, including taxes and labor costs but excluding debt service, financing costs, and management fees, and gross rents which prevailed on the average over the immediate preceding five year period, or for the entire life of the building if less than five years, or

[~~(5)~~] **(4)** as an alternative to the hardship application provided under paragraph [~~four~~] **three** of this subdivision, owners of buildings acquired by the same owner or a related entity owned by the same principals three years prior to the date of application may apply to the division for increases in excess of the level of applicable guideline increases established under this law based on a finding by the commissioner that such guideline increases are not sufficient to enable the owner to maintain an annual gross rent income for such building which exceeds the annual operating expenses of such building by a sum equal to at least five percent of such gross rent. For the purposes of this paragraph, operating expenses shall consist of the actual, reasonable, costs of fuel, labor, utilities, taxes, other than income or corporate franchise taxes, fees, permits, necessary contracted services and non-capital repairs, insurance, parts and supplies, management fees and other administrative costs and mortgage interest. The commissioner shall set a rental value for any unit occupied by the owner or a person related to the owner or unoccupied at the owner's choice for more than one month at the last regulated rent plus the minimum number of guidelines increases or, if no such regulated rent existed or is known, the commissioner shall impute a rent consistent with other rents in the building. The amount of hardship increase shall be such as may be required to maintain the annual gross rent income as provided by this paragraph. The division shall not grant

a hardship application under this paragraph or paragraph [~~four~~] three of this subdivision for a period of three years subsequent to granting a hardship application under the provisions of this paragraph. The collection of any increase in the rent for any housing accommodation pursuant to this paragraph shall not exceed six percent in any year from the effective date of the order granting the increase over the rent set forth in the schedule of gross rents, with collectability of any dollar excess above said sum to be spread forward in similar increments and added to the rent as established or set in future years. No application shall be approved unless the owner's equity in such building exceeds five percent of: (i) the arms length purchase price of the property; (ii) the cost of any capital improvements for which the owner has not collected a surcharge; (iii) any repayment of principal of any mortgage or loan used to finance the purchase of the property or any capital improvements for which the owner has not collected a surcharge; and (iv) any increase in the equalized assessed value of the property which occurred subsequent to the first valuation of the property after purchase by the owner. For the purposes of this paragraph, owner's equity shall mean the sum of (i) the purchase price of the property less the principal of any mortgage or loan used to finance the purchase of the property, (ii) the cost of any capital improvement for which the owner has not collected a surcharge less the principal of any mortgage or loan used to finance said improvement, (iii) any repayment of the principal of any mortgage or loan used to finance the purchase of the property or any capital improvement for which the owner has not collected a surcharge, and (iv) any increase in the equalized assessed value of the property which occurred subsequent to the first valuation of the property after purchase by the owner.
