- § 409-n. Installation of panic alarm systems in schools. 1. As used in this section, "panic alarm system" means a silent security system signal generated by the manual activation of a device intended to signal a life-threatening or emergency situation requiring a response from law enforcement. Such silent security system may include one or more of the following: wired panic button or buttons, wireless panic button or 10 <u>buttons or a mobile or computer application.</u>
- 11 2. Each public elementary and secondary school building shall be 12 equipped with a panic alarm system for use in a school security emergency including, but not limited to, a non-fire evacuation, lockdown, or 13 active shooter situation. The alarm shall be directly linked to local 14 law enforcement authorities or, in the case of a school building located 15 16 in a municipality in which there is no municipal police department, a 17 location designated by the superintendent of state police, and shall 18 immediately transmit a signal or message to such authorities upon acti-19 vation. The alarm shall not be audible within the school building.
- 3. Nothing in this section shall be construed to require a school 20 21 district to alter or install any components of a panic alarm system if
