

STATE OF NEW YORK

6930

2021-2022 Regular Sessions

IN ASSEMBLY

April 13, 2021

Introduced by M. of A. ABBATE -- read once and referred to the Committee on Governmental Employees

AN ACT to amend the retirement and social security law, in relation to primary social security retirement benefits for certain police/fire members

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 505 of the retirement and social security law, as
2 amended by chapter 18 of the laws of 2012, is amended to read as
3 follows:

4 § 505. Service retirement benefits; police/fire members, New York city
5 uniformed correction/sanitation revised plan members and investigator
6 revised plan members. a. The normal service retirement benefit for
7 police/fire members, New York city uniformed correction/sanitation
8 revised plan members and investigator revised plan members at normal
9 retirement age shall be a pension equal to fifty percent of final aver-
10 age salary, less fifty percent of the primary social security retirement
11 benefit commencing at age sixty-two, as provided in section five hundred
12 eleven of this article, provided, however, that the computation of the
13 normal service retirement benefit of police/fire members who are members
14 of the New York city fire department pension fund, shall not be reduced
15 by the primary social security retirement benefit commencing at age
16 sixty-two as provided in section five hundred eleven of this article.

17 b. The early service retirement benefit for police/fire members, New
18 York city uniformed correction/sanitation revised plan members and
19 investigator revised plan members shall be a pension equal to two and
20 one-tenths percent of final average salary times years of credited
21 service at the completion of twenty years of service or upon attainment
22 of age sixty-two, increased by one-third of one percent of final average
23 salary for each month of service in excess of twenty years, but not in
24 excess of fifty percent of final average salary, less fifty percent of

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD08553-04-1

1 the primary social security retirement benefit commencing at age sixty-
2 two as provided in section five hundred eleven of this article,
3 provided, however, that New York city police/fire revised plan members,
4 New York city uniformed correction/sanitation revised plan members and
5 investigator revised plan members shall not be eligible to retire for
6 service prior to the attainment of twenty years of credited service, and
7 provided further that the early service retirement benefit of
8 police/fire members who are members of the New York city fire department
9 pension fund shall not be reduced by the primary social security retire-
10 ment benefit commencing at age sixty-two as provided by section five
11 hundred eleven of this article.

12 c. A police/fire member, a New York city uniformed
13 correction/sanitation revised plan member or an investigator revised
14 plan member who retires with twenty-two years of credited service or
15 less may become eligible for annual escalation of the service retirement
16 benefit if he or she elects to have the payment of his or her benefit
17 commence on the date he or she would have completed twenty-two years and
18 one month or more of service. In such event, the service retirement
19 benefit shall equal two percent of final average salary for each year of
20 credited service, less fifty percent of the primary social security
21 retirement benefit commencing at age sixty-two as provided in section
22 five hundred eleven of this article, provided, however, that the service
23 retirement benefit of police/fire members who are members of the New
24 York city fire department pension fund shall not be reduced by the
25 primary social security retirement benefit commencing at age sixty-two
26 as provided by section five hundred eleven of this article.

27 § 2. Section 511 of the retirement and social security law is amended
28 by adding a new subdivision h to read as follows:

29 h. Notwithstanding any provision of law to the contrary, this section
30 shall not apply to police/fire members who are members of the New York
31 city fire department pension fund who receive a service retirement bene-
32 fit pursuant to section five hundred five of this article or a deferred
33 vested benefit pursuant to section five hundred sixteen of this article.

34 § 3. Subdivision c of section 516 of the retirement and social securi-
35 ty law, as amended by chapter 18 of the laws of 2012, is amended to read
36 as follows:

37 c. The deferred vested benefit of police/fire members, New York city
38 police/fire revised plan members, New York city uniformed
39 correction/sanitation revised plan members or investigator revised plan
40 members shall be a pension commencing at early retirement age equal to
41 two and one-tenths percent of final average salary times years of cred-
42 ited service, less fifty percent of the primary social security retire-
43 ment benefit commencing at age sixty-two, as provided in section five
44 hundred eleven of this article, provided however that the deferred vest-
45 ed benefit of police/fire members who are members of the New York city
46 fire department pension fund and New York city police/fire revised plan
47 members who are members of the New York city fire department pension
48 fund shall not be reduced by the primary social security retirement
49 benefit commencing at age sixty-two as provided by section five hundred
50 eleven of this article. A police/fire member, a New York city
51 police/fire revised plan member, a New York city uniformed
52 correction/sanitation revised plan member or investigator revised plan
53 member may elect to receive his or her vested benefit commencing at
54 early retirement age or age fifty-five. If the vested benefit commences
55 before early retirement age, the benefit shall be reduced by one-fif-
56 teenth for each year, if any, that the member's early retirement age is

1 in excess of age sixty, and by one-thirtieth for each additional year by
 2 which the vested benefit commences prior to early retirement age. If
 3 such vested benefit is deferred until after such member's normal retire-
 4 ment age, the benefit shall be computed and subject to annual escalation
 5 in the same manner as provided for an early retirement benefit pursuant
 6 to subdivision c of section five hundred five of this article.

7 § 4. Notwithstanding the provisions of section 13-379 of the adminis-
 8 trative code of the city of New York, the provisions of this act shall
 9 apply to chapter three of title thirteen of the administrative code of
 10 the city of New York.

11 § 5. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation would amend Sections 505,
 511, and 516 of the Retirement and Social Security Law (RSSL) to elimi-
 nate the offset equal to 50% of the primary social security benefit in
 the service, early service, and vested retirement benefits for Tier 3
 original, revised, and enhanced plan members of the New York City Fire
 Pension Fund (FIRE).

Effective Date: Upon enactment.

IMPACT ON BENEFITS: Currently, the Tier 3 normal service retirement,
 early service retirement, and vested retirement benefits are subject to
 an offset equal to 50% of the primary social security benefit as defined
 in RSSL Section 511 beginning at age 62.

Under the proposed legislation, if enacted, the offset for such bene-
 fits would be eliminated resulting in an increase in benefits.

FINANCIAL IMPACT - SUMMARY: The financial impact will increase as the
 impacted populations of Tier 3 members of FIRE increases over time. The
 estimated financial impact of removing the social security offset as
 described above results in an increase in Present Value of Future Bene-
 fits (PVFB) and an increase in the annual employer contributions of
 FIRE. The estimate of these increases for Fiscal Years 2022 through 2026
 based on the applicable actuarial assumptions and methods noted herein,
 are shown in the table below.

Fiscal Year	Increase in Present Value of Future Benefits (\$ Millions)	Increase in Employer Contributions (\$ Millions)
2022	\$ 64.7	\$3.9
2023	\$ 76.3	\$4.5
2024	\$ 88.6	\$5.1
2025	\$102.0	\$5.7
2026	\$116.7	\$6.3

In accordance with Section 13-638.2(k-2) of the Administrative Code of
 the City of New York (ACCNYS), new Unfunded Accrued Liability (UAL)
 attributable to benefit changes are to be amortized as determined by the
 Actuary, but are generally amortized over the remaining working lifetime
 of those impacted by the benefit changes. As of June 30, 2020, the
 remaining working lifetime of FIRE members subject to Article 14 is
 approximately 20 years.

For the purposes of this Fiscal Note, the increase in the UAL for FIRE
 was amortized over a 20-year period (19 payments under the One-Year Lag
 Methodology (OYLM)) using level dollar payments.

CONTRIBUTION TIMING: For the purposes of this Fiscal Note, it is
 assumed that the changes in the PVFB and annual employer contributions

would be reflected for the first time in the June 30, 2020 actuarial valuation of FIRE. In accordance with the One-Year Lag Methodology (OYLM) used to determine employer contributions, the increase in employer contributions would first be reflected in Fiscal Year 2022.

CENSUS DATA: The estimates presented herein are based on the census data used in the Preliminary June 30, 2020 (Lag) actuarial valuation of FIRE to determine the Preliminary Fiscal Year 2022 employer contributions.

The 3,852 FIRE Tier 3 members as of June 30, 2020 had an average age of approximately 31.6 years, average service of approximately 4.0 years, and an average salary of approximately \$88,100.

ACTUARIAL ASSUMPTIONS AND METHODS: The changes in the PVFB and annual employer contributions presented herein have been calculated based on the actuarial assumptions and methods in effect for the June 30, 2019 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2021 employer contributions of FIRE.

New entrants were projected to replace the members expected to leave the active population to maintain a steady-state population. New entrant demographics and future salary increases are consistent with those used in projections for the New York City Office of Management and Budget in April 2020 (Preliminary Projections).

The Actuary is proposing a set of changes for use beginning with the June 30, 2019 (Lag) actuarial valuations of FIRE to determine the Final Fiscal Year 2021 Employer Contributions (2021 A&M). If the 2021 A&M is enacted it is estimated that it would produce PVFB and annual employer contributions results that are not materially different than the results shown above.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, as well as certain demographic characteristics of FIRE and other exogenous factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

Not measured in this Fiscal Note are the following:

- * The initial, additional administrative costs of FIRE and other New York City agencies to implement the proposed legislation.

- * Pension costs for future members of FIRE hired on or after 7/1/2024.

- * The impact of this proposed legislation on Other Postemployment Benefit (OPEB) costs.

- * Cost analyses relating to provisions contained in RSSL Section 500(c).

STATEMENT OF ACTUARIAL OPINION: I, Sherry S. Chan, am the Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am a Fellow of the Society of Actuaries, an Enrolled Actuary under the Employee Retirement Income and Security Act of 1974, a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2021-16 dated April 2, 2021 was prepared by the Chief Actuary for the New York City Fire Pension Fund. This estimate is intended for use only during the 2021 Legislative Session.
