FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will change the benefit fraction for a Tier 6 member for service greater than 20 years to 40% of FAS plus 2% per year of service greater than 20. Currently the benefit for service greater than 20 years is 35% of FAS plus 2% per year of service greater than 20.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), if this legislation is enacted during the 2022 legislative session, there would be an increase in the present value of future benefits of approximately \$1.25 billion which would be shared by the State of New York and all of the local participating employers in the NYSLERS. The estimated first year cost would be approximately \$57.1 million to the State of New York and approximately \$80.9 million to the Local participating employers in the NYSLERS.
