Cal. No. 239

2021-2022 Regular Sessions

## IN ASSEMBLY

May 5, 2021

---

Introduced by M. of A. GOTTFRIED, BRABENEC, CYMBROWITZ, DICKENS, ENGLE-BRIGHT, GALLAGHER, HEVESI, McDONALD, MONTESANO, OTIS, PAULIN, SIMON, TAYLOR, THIELE, ZINERMAN, LAVINE, DAVILA, FORREST, FERNANDEZ, GONZALEZ-ROJAS, GOODELL, SEAWRIGHT -- read once and referred to the Committee on Health -- ordered to a third reading -- passed by Assembly and delivered to the Senate, recalled from the Senate, vote reconsidered, bill amended, ordered reprinted, retaining its place on the order of third reading

AN ACT to amend the public health law, in relation to protecting the confidentiality of vaccine information

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 11 of section 2168 of the public health law,  
2 as amended by chapter 154 of the laws of 2013, is amended to read as  
3 follows:

4 11. The commissioner, or in the city of New York, the commissioner of  
5 the department of health and mental hygiene, may provide registrant  
6 specific immunization and lead test records to the federal centers for  
7 disease control and prevention or its successor agency, to other state  
8 or city registries and registries maintained by the Indian Health  
9 Service and tribal nations recognized by the state or the United States  
10 pursuant to a written agreement requiring that the other registry  
11 conform to national standards for maintaining the integrity of the data  
12 and that the data will [~~not~~] only be used for purposes [~~inconsistent~~]  
13 consistent with the provisions of this section and provided that disclo-  
14 sure of identifiable registrant information shall be limited to the  
15 minimum amount necessary to accomplish the purposes consistent with the  
16 provisions of this section as determined by the commissioner, or in the  
17 city of New York, the commissioner of the department of health and  
18 mental hygiene.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD11016-03-2

§ 2. Section 2168 of the public health law is amended by adding a new subdivision 11-a to read as follows:

11-a. The commissioner, or in the city of New York, the commissioner of the department of health and mental hygiene, may only share registry information with the federal Centers for Disease Control and Prevention, or successor agency, for public health purposes in summary, statistical, aggregate, or other form such that no individual person can be identified, except that either such commissioner may disclose identifiable registrant information to the federal Centers for Disease Control and Prevention, or its successor agency, when the commissioner has determined that the disclosure is in the best interests of the registrant or will contribute to the protection of public health, that the objective of the disclosure cannot be served by disclosure limited to de-identified information, and the federal health officials have committed in writing not to redisclose to or share registrant information with any other federal agency, including but not limited to the department of homeland security, immigration and customs enforcement, customs and border protection, or any successor agency, or any law enforcement agency; provided that either such commissioner may forgo the written commitment if requiring written commitment would result in the actual withholding of federal funds.

§ 3. Paragraph (d) of subdivision 4 of section 2168 of the public health law, as amended by section 7 of part A of chapter 58 of the laws of 2009, is amended to read as follows:

~~(d) [A person, institution or agency to whom such immunization information is furnished or to whom, access to records or information has been given, shall not divulge any part thereof so as to disclose the identity of such person to whom such information or record relates, except insofar as such disclosure is necessary for the best interests of the person or other persons, consistent with the purposes of this section]~~ (i) Identifiable registrant information is not (1) subject to discovery, subpoena, warrant, or other means of legal compulsion for release to any person or (2) admissible in any civil, administrative, criminal, or family court proceeding, except for the purposes of investigations and prosecutions of allegations of computer tampering or billing fraud related to vaccination records, fraudulent statements related to an individual's vaccination status, an act of violence or attempted violence occurring at the site of a vaccination provider's or vaccine navigator's business, or medical malpractice. Disclosure for these purposes shall be subject to in camera review and approval by the court and, if the use is initiated by a party other than the individual whose registry information is sought, the information must be highly material and relevant for the purpose.

(ii) Nothing in this section shall be construed to limit commissioners of local social services districts or the commissioner of the office of children and family services from accessing identifiable registrant information under paragraph (d) of subdivision eight of this section.

§ 4. Subparagraph (i) of paragraph (b) of subdivision 8 of section 2168 of the public health law, as amended by section 7 of part A of chapter 58 of the laws of 2009, is amended to read as follows:

(i) The commissioner may use the statewide immunization information system and the blood lead information in such system for purposes of outreach, quality improvement and accountability, including professional responsibility proceedings of the office of professional medical conduct and the state education department, research, epidemiological studies and disease control, and to obtain blood lead test results from physi-

1 cian office laboratories for the statewide registry of lead levels of  
2 children established pursuant to subdivision two of section thirteen  
3 hundred seventy-a of this chapter; (ii) the commissioner of health and  
4 mental hygiene for the city of New York may use the immunization regis-  
5 try and the blood lead information in such system for purposes of  
6 outreach, quality improvement and accountability, research, epidemiolog-  
7 ical studies and disease control; (iii) local health departments shall  
8 have access to the immunization information system and the blood lead  
9 information in such system for purposes of outreach, quality improvement  
10 and accountability, epidemiological studies and disease control within  
11 their county; and

12 § 5. Paragraph (c) of subdivision 8 of section 2168 of the public  
13 health law, as amended by chapter 420 of the laws of 2014, is amended to  
14 read as follows:

15 (c) health care providers and their designees, registered professional  
16 nurses, and pharmacists authorized to administer immunizations pursuant  
17 to subdivision two of section sixty-eight hundred one of the education  
18 law shall have access to the statewide immunization information system  
19 and the blood lead information in such system only for purposes of  
20 submission of information about vaccinations received by a specific  
21 registrant, determination of the immunization status of a specific  
22 registrant, determination of the blood lead testing status of a specific  
23 registrant, submission of the results from a blood lead analysis of a  
24 sample obtained from a specific registrant in accordance with paragraph  
25 (h) of subdivision two of this section, review of practice coverage,  
26 generation of reminder notices, quality improvement and accountability,  
27 including professional responsibility proceedings of the office of  
28 professional medical conduct and the state education department, and  
29 printing a copy of the immunization or lead testing record for the  
30 registrant's medical record, for the registrant's parent or guardian, or  
31 other person in parental or custodial relation to a child, or for a  
32 registrant upon reaching eighteen years of age.

33 § 6. The public health law is amended by adding a new section 2169 to  
34 read as follows:

35 § 2169. Vaccine confidentiality. 1. As used in this section, unless  
36 context requires otherwise:

37 (a) The term "consent" shall mean informed, affirmative, and voluntary  
38 authorization.

39 (b) The term "de-identified" shall mean that the information cannot  
40 identify or be made to identify or be associated with a particular indi-  
41 vidual, directly or indirectly, and is subject to technical safeguards  
42 and policies and procedures that prevent re-identification, whether  
43 intentionally or unintentionally, of any individual.

44 (c) The term "disclosure" shall mean release, transfer, provision of,  
45 access to, or divulging in any other manner of information outside the  
46 entity holding the information.

47 (d) The term "immigration authority" means any entity, officer,  
48 employee, or government employee or agent thereof charged with or  
49 engaged in enforcement of the federal Immigration and Nationality Act,  
50 including the United States Immigration and Customs Enforcement, United  
51 States Department of Homeland Security, or United States Customs and  
52 Border Protection, or agent, contractor, or employee thereof, or any  
53 successor legislation or entity.

54 (e) The term "law enforcement agent or entity" means any governmental  
55 entity or public servant, or agent, contractor or employee thereof,  
56 authorized to investigate, prosecute, or make an arrest for a criminal

1 or civil offense, or engaged in any such activity, but shall not mean  
2 the department, the commissioner, a health district, a county department  
3 of health, a county health commissioner, a local board of health, a  
4 local health officer, the department of health and mental hygiene of the  
5 city of New York, or the commissioner of the department of health and  
6 mental hygiene of the city of New York.

7 (f) The term "personal information" shall mean information obtained  
8 from or about an individual, in connection with their registering for or  
9 receiving a vaccination, that directly or indirectly identifies, relates  
10 to, describes, is capable of being associated with, or could reasonably  
11 be linked to a particular individual, household, or personal device.  
12 Information is reasonably linkable to an individual, household, or  
13 personal device if it can be used on its own or in combination with  
14 other reasonably available information, regardless of whether such other  
15 information is held by the vaccine navigator or vaccine provider, to  
16 identify an individual, household, or a personal device.

17 (g) The term "service attendant to the delivery of immunization" shall  
18 mean scheduling and billing for an immunization appointment, sending  
19 reminders about immunization, arranging transportation to or from a  
20 vaccine provider, or reporting to the department, the New York City  
21 department of health and mental hygiene, or other local health agency on  
22 whose behalf such vaccine navigator is performing such services.

23 (h) The term "use" shall mean, with respect to personal information,  
24 the sharing, employment, application, utilization, examination or analy-  
25 sis of such information within an entity that maintains such informa-  
26 tion.

27 (i) The term "vaccine navigator" shall mean any person that collects  
28 personal information from an individual in order to register that indi-  
29 vidual for immunization or to help that individual register for immuni-  
30 zation, provided the department, a local public health agency, or a  
31 person that administers vaccines are not vaccine navigators if they only  
32 store vaccine recipient personal information in medical records  
33 protected under the federal Health Insurance Portability and Account-  
34 ability Act of 1996, its implementing regulations, or section eighteen  
35 of this chapter.

36 2. (a) Except as provided in paragraph (d) of this subdivision, absent  
37 consent from the individual seeking immunization, or if the individual  
38 lacks the capacity to make health care decisions, an individual author-  
39 ized to consent to health care for the individual or the individual's  
40 legal representative, a vaccine navigator shall not use, disclose, or  
41 maintain personal information except as necessary to provide services  
42 attendant to the delivery of immunization.

43 (b) A vaccine navigator may request consent from an individual, or if  
44 the individual lacks the capacity to make health care decisions, an  
45 individual authorized to consent to health care for the individual or  
46 the individual's legal representative, to use, disclose, or maintain the  
47 individual's personal information for purposes other than services  
48 attendant to the delivery of immunization provided that:

49 (i) a vaccine navigator shall not refuse to provide a service attend-  
50 ant to the delivery of immunization for an individual who does not  
51 provide such consent;

52 (ii) a vaccine navigator shall not relate the price or quality of any  
53 service attendant to the delivery of immunization to the privacy  
54 protections afforded the individual, including by providing a discount  
55 or other incentive in exchange for such consent, provided that this  
56 paragraph does not prohibit the offering of incentives to individuals to

1 get vaccinated; provided that such incentives shall not be conditioned  
2 on an individual's consent to additional uses, disclosures, or mainte-  
3 nance of their personal information except as necessary to provide the  
4 incentive; and

5 (iii) a vaccine navigator shall clearly delineate what personal infor-  
6 mation is adequate, relevant, and necessary to provide a service attend-  
7 ant to the delivery of immunization by clearly and conspicuously indi-  
8 cating in any solicitation for the information that all other requests  
9 for personal information are optional.

10 (c) Except as provided in paragraph (d) of this subdivision:

11 (i) No vaccine navigator may provide personal information or otherwise  
12 make personal information accessible, directly or indirectly, to a law  
13 enforcement agent or entity or immigration authority;

14 (ii) No vaccine navigator may provide personal information or other-  
15 wise make personal information accessible, directly or indirectly, to  
16 any other individual or entity, except as explicitly authorized by this  
17 title; and

18 (iii) Without consent under this subdivision, personal information and  
19 any evidence derived therefrom shall not be subject to or provided in  
20 response to any legal process or be admissible for any purpose in any  
21 judicial or administrative action or proceeding.

22 (d) (i) This section does not bar otherwise lawful disclosure,  
23 possession or use of information pertaining to services attendant to the  
24 delivery of immunization, including aggregate information, that is de-i-  
25 dentified. Disclosure, possession or use under this subparagraph shall  
26 only be for a public health or public health research purposes.

27 (ii) A person may only possess or use de-identified information  
28 pertaining to services attendant to the delivery of immunization if the  
29 person maintains technical safeguards and policies and procedures that  
30 prevent re-identification, whether intentional or unintentional, of any  
31 individual, as may be required by the commissioner (or the New York city  
32 commissioner of health and mental hygiene, in the case of information  
33 collected by or under authority of the New York city department of  
34 health and mental hygiene. The commissioner (or the New York city  
35 commissioner as the case may be) shall require safeguards, policies and  
36 procedures under this paragraph as the commissioner deems practicable.

37 (iii) Disclosure, possession and use of de-identified information  
38 under this subdivision shall be only pursuant to approval by the commis-  
39 sioner (or the New York city commissioner of health and mental hygiene  
40 in the case of information collected by or under authority of the New  
41 York city department of health and mental hygiene) specifying the  
42 purpose, nature and scope of the disclosure, possession and use and  
43 measures to ensure that it will comply with this section and the terms  
44 of the approval.

45 (iv) This section does not prevent disclosure of personal information  
46 sought for the purposes of investigations and prosecutions of allega-  
47 tions of computer tampering or billing fraud related to vaccination  
48 records, fraudulent statements related to an individual's vaccination  
49 status, an act of violence or attempted violence occurring at the site  
50 of a vaccination provider's or vaccine navigator's business, or medical  
51 malpractice, professional discipline, or defense of any claim brought  
52 against a vaccine navigator or provider. Disclosure for these purposes  
53 shall be subject to in camera review and approval by the court and, if  
54 the use is initiated by a party other than the individual whose registry  
55 information is sought, the information must be highly material and rele-  
56 vant for the purpose.

(e) A vaccine navigator that maintains personal information shall establish appropriate administrative, technical, and physical safeguards, policies, and procedures that ensure the security of that personal information. The safeguards, policies, and procedures must be appropriate to the volume and nature of the personal information maintained and the size, revenue, and sophistication of the vaccine navigator and must ensure that personal information is encrypted and protected at least as much as or more than other confidential information in the vaccine navigator's possession. The commissioner or, in the city of New York, the commissioner of the department of health and mental hygiene shall make regulations as reasonably necessary to require that personal information possessed, used, or under the control of a vaccine navigator shall be subject to technical safeguards, policies, and procedures for storage, transmission, use, and protection of the information. The regulations must take into account the different sizes, revenues and sophistications of different vaccine navigators, as well as the volume and nature of the personal information they maintain.

(f) Nothing in this section shall limit a vaccine navigator that has a pre-existing service provider-client, provider-patient, or familial relationship or a friendship with an individual from processing that individual's personal information as previously agreed to in the course of the pre-existing relationship.

3. Vaccine providers. A vaccine provider shall not delay or condition the provision of any service attendant to the delivery of immunization by inviting or requiring an individual seeking vaccination to complete an application for a customer discount card or account or share personal information that will be stored outside of a medical record protected under the federal Health Insurance Portability and Accountability Act of 1996, its implementing regulations, or section eighteen of this chapter for purposes other than services attendant to the delivery of immunization, or by engaging in any other activity unrelated to the provision of such a service that the commissioner designates by regulation.

§ 7. Section 2180 of the public health law is amended by adding nine new subdivisions 12, 13, 14, 15, 16, 17, 18, 19 and 20 to read as follows:

12. "Covered entity" means a governmental entity or a place of public accommodation, resort or amusement, as defined in section two hundred ninety-two of the executive law.

13. "Derived from an immunity passport" means any information contained in or retrieved from an immunity passport, as well as any metadata associated with the use of the immunity passport, including the time and location the immunity passport was used, as well as any inferences made based on the information contained in an immunity passport or an immunity passport's usage.

14. "Disclose" means the release, transfer, provision of, access to, or divulging in any other manner of information outside the entity holding the information.

15. "Governmental entity" means a department or agency of the state or a political subdivision thereof, an individual acting for or on behalf of the state or a political subdivision thereof, or any entity regulated under the social services law.

16. "Immunity passport" means a credential, whether digital, electronic, or physical, that identifies an individual as having received a COVID-19 vaccine or a COVID-19 test result.

17. "Immunity passport provider" means a legal entity that develops, maintains, distributes, or markets immunity passports in New York state.

1 18. "Personal information" means information that directly or indi-  
2 rectly identifies, relates to, describes, is capable of being associated  
3 with, or could reasonably be linked to a particular individual or  
4 personal device. Information is reasonably linkable to an individual or  
5 personal device if it can be used on its own or in combination with  
6 other reasonably available information, regardless of whether such other  
7 information is held by the covered entity or immunity passport provider,  
8 to identify an individual or a personal device.

9 19. "Physical immunity passport" means a credential that identifies an  
10 individual as having received a COVID-19 vaccine or a COVID-19 test  
11 result that does not rely on a digital or electronic device. Physical  
12 immunity passports include, but are not limited to, pieces of paper  
13 denoting immunity status.

14 20. "Use" means, with respect to personal information, the sharing,  
15 employment, application, utilization, examination, or analysis of such  
16 information within an entity that maintains such information.

17 § 8. The public health law is amended by adding a new section 2183 to  
18 read as follows:

19 § 2183. Immunity passports. 1. Any covered entity that requires proof  
20 of COVID-19 immunization shall permit the use of physical immunity pass-  
21 ports. No covered entity may require digital, electronic, or smart-  
22 phone-based proof of immunity.

23 2. Any covered entity that requires the use of an immunity passport  
24 shall delete any personal information derived from the immunity passport  
25 about the individual to whom the immunity passport pertains within twen-  
26 ty-four hours of receiving it, except that where a covered entity has an  
27 ongoing relationship with an individual, the covered entity may store  
28 the fact that the individual has received a COVID-19 vaccine, as well as  
29 a copy of the individual's immunity passport, provided that:

30 (a) the covered entity first obtains the individual's informed, affir-  
31 mative, and voluntary consent to store such information, and

32 (b) the covered entity stores any copy of an individual's immunity  
33 passport and any personal information derived from the immunity passport  
34 as if they were subject to the confidentiality requirements of title I  
35 of the Americans with Disabilities Act 42 U.S.C. 12112(d) and its imple-  
36 menting regulations, 29 CFR 1630.14.

37 3. An immunity passport provider shall not use or disclose personal  
38 information derived from an immunity passport beyond what is adequate,  
39 relevant, and necessary to identify an individual as having received a  
40 COVID-19 vaccine or a COVID-19 test result and shall not collect,  
41 access, receive, capture, store, maintain, use, or disclose personal  
42 information pertaining to where or when an individual uses an immunity  
43 passport.

44 4. (a) Except as provided in this subdivision, no covered entity or  
45 immunity passport provider may:

46 (i) provide personal information derived from an immunity passport or  
47 otherwise make such personal information accessible, directly or indi-  
48 rectly, to a law enforcement agent or entity or immigration authority;

49 (ii) provide such personal information or otherwise make such personal  
50 information accessible, directly or indirectly, to any other individual  
51 or entity except as explicitly authorized by this section.

52 (b) Except as provided in this subdivision, personal information  
53 derived from an immunity passport, and any evidence derived therefrom,  
54 shall not be subject to or provided in response to any legal process or  
55 be admissible for any purpose in any judicial or administrative action  
56 or proceeding.

1 (c) Personal information derived from an immunity passport, and any  
2 evidence derived therefrom, may be disclosed for the purposes of inves-  
3 tigations and prosecutions of allegations of computer tampering or frau-  
4 dulent statements related to an individual's vaccination status.  
5 Disclosure for these purposes shall be subject to in camera review and  
6 approval by the court and, if the use is initiated by a party other than  
7 the individual whose personal information is sought, the information  
8 must be highly material and relevant for the purpose.

9 5. The commissioner shall make regulations as reasonably necessary to  
10 ensure that individuals who are medically contraindicated from receiving  
11 the COVID-19 vaccine are nonetheless able to obtain reasonable accommo-  
12 modations to enable them to access the services of a covered entity, in a  
13 manner that does not impose an undue hardship on the covered entity or  
14 present a direct threat that cannot be addressed by a reasonable accom-  
15 modation.

16 6. Nothing in this section requires a covered entity to require proof  
17 of COVID-19 immunity or to independently verify the information  
18 contained in an immunity passport.

19 7. Nothing in this section shall be construed to limit a covered enti-  
20 ty's obligations under the Americans with Disabilities Act, article  
21 fifteen of the executive law, the civil rights law, or any other feder-  
22 al, state, or local anti-discrimination law.

23 8. Nothing in this section shall be construed to affect the practices  
24 of a health care provider, as defined in section eighteen of this chap-  
25 ter, a hospital or nursing home as defined in article twenty-eight of  
26 this chapter, a health practitioner as defined in section twenty-one  
27 hundred sixty-four of this chapter, a facility, as defined in section  
28 33.13 of the mental hygiene law, or a correctional health service  
29 governed by the department of corrections and community supervision, the  
30 rules of the board of correction in the city of New York, or a county  
31 board of correction, with respect to records concerning their patients'  
32 vaccinations.

33 § 9. Severability. If any provision of this act, or any application of  
34 any provision of this act, is held to be invalid, that shall not affect  
35 the validity or effectiveness of any other provision of this act, or of  
36 any other application of any provision of this act, which can be given  
37 effect without that provision or application; and to that end, the  
38 provisions and applications of this act are severable.

39 § 10. This act shall take effect immediately.
