The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 1 of section 9-211 of the election law, as
2 amended by chapter 5 of the laws of 2019, is amended to read as follows:

ble, as a canvass of paper ballots. Each candidate, political party or independent body entitled to appoint watchers to attend at a polling place shall be entitled to appoint such number of watchers to observe the audit.

(b) The state board of elections shall promulgate regulations for the implementation of risk-limiting audits required by paragraph (a) of this subdivision. The number of voter verifiable audit records selected for such audits shall be determined pursuant to such regulations that make use of statistical methods and are designed to limit the risk of certifying an incorrect outcome, but shall be at least three percent of all ballots cast.

(c) As used in this section: (i) "Risk-limiting audit" means a post-election process such that, if the reported outcome of the contest is incorrect, there is at least a ninety percent chance that the audit will replace the incorrect outcome with the correct outcome as determined by a full, hand-to-eye tabulation of all votes validly cast in that election contest that ascertains voter intent manually and directly from voter-verifiable paper records.

(ii) "Reported outcome" means the outcome of an election contest which is determined according to the canvass and which will become the official, certified outcome unless it is revised by an audit, recount, or other legal process.

(iii) "Incorrect outcome" means an outcome that differs from the outcome that would be determined by a full tabulation of all votes validly cast in that election contest, determining voter intent manually, directly from voter-verifiable paper records.

(iv) "Outcome" means the winner or set of winners of an election contest, which might be candidates or positions.

§ 2. County boards of elections are authorized to conduct risk-limiting audit pilots. Any board conducting a pilot audit shall notify the New York state board of elections. The New York state board of elections must provide a report to the state legislature on June 30, 2023 with the findings from the risk-limiting audits conducted through March 31, 2023.

§ 3. This act shall take effect immediately; provided, however, that section one of this act shall take effect on January 1, 2024.
