STATE OF NEW YORK

7526

2021-2022 Regular Sessions

IN ASSEMBLY

May 13, 2021
_____

Introduced by M. of A. SIMPSON -- read once and referred to the Commit-
  tee on Governmental Employees

AN ACT in relation to granting Barbara Juh Tier 5 status in the New York
  state and local employees' retirement system

  The People of the State of New York, represented in Senate and Assem-
  bly, do enact as follows:

 1   Section 1. Notwithstanding any other provision of law, Barbara Juh,
 2 who is a member of the New York state and local employees' retirement
 3 system, with Tier 6 status, and who was employed part-time as a regis-
 4 tered nurse at the Adirondack Correctional Facility for the period
 5 beginning September 16, 2010 and ending December 16, 2012, and who has
 6 been employed full-time by the department of corrections and community
 7 supervision since December 17, 2012 and continues to be employed by such
 8 department, and who, for reasons not ascribable to her own negligence,
 9 failed to become a member of the New York state and local employees'
10 retirement system on September 16, 2010, shall be deemed to have been a
11 member of such retirement system with Tier 5 status on and after Septem-
12 ber 16, 2010, if on or before 6 months after the effective date of this
13 act, she shall file a written request to that effect with the state
14 comptroller. Upon the granting of such retroactive membership, Barbara
15 Juh shall not be granted a refund of any employee contributions made by
16 her to the New York state and local employees' retirement system.
17   § 2. Any past service costs incurred in implementing the provisions of
18 this act shall be borne by the state of New York.
19   § 3. This act shall take effect immediately.
20   FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
      This bill would grant Tier 5 status in the New York State and Local
    Employees' Retirement System to Barbara Juh, a current Tier 6 member
    employed by the New York State Department of Corrections and Community
    Supervision, by changing her date of membership to September 16, 2010.
    There will be no refund of member contributions.

                                                             LBD10749-03-1

   If this bill is enacted during the 2021 legislative session, we antic-
ipate that there will be an increase of approximately $4,100 in the
annual contributions of the State of New York for the fiscal year ending
March 31, 2022. In future years, this cost will vary as the billing
rates and salary of Barbara Juh change.
   In addition to the annual contributions discussed above, there will be
an immediate past service cost of approximately $9,190 which will be
borne by the State of New York as a one-time payment. This estimate is
based on the assumption that payment will be made on March 1, 2022.
   Summary of relevant resources:
   Membership data as of March 31, 2020 was used in measuring the impact
of the proposed change, the same data used in the April 1, 2020 actuari-
al valuation. Distributions and other statistics can be found in the
2020 Report of the Actuary and the 2020 Comprehensive Annual Financial
Report.
   The actuarial assumptions and methods used are described in the 2020
Annual Report to the Comptroller on Actuarial Assumptions, and the
Codes, Rules and Regulations of the State of New York: Audit and
Control.
   The Market Assets and GASB Disclosures are found in the March 31, 2020
New York State and Local Retirement System Financial Statements and
Supplementary information.
   I am a member of the American Academy of Actuaries and meet the Quali-
fication Standards to render the actuarial opinion contained herein.
   This fiscal note does not constitute a legal opinion on the viability
of the proposed change nor is it intended to serve as a substitute for
the professional judgment of an attorney.
   This estimate, dated April 20, 2021, and intended for use only during
the 2021 Legislative Session, is Fiscal Note No. 2021-125, prepared by
the Actuary for the New York State and Local Retirement System.
