§ 125. Separability of senate districts. Each senate district created by this title shall be deemed a separate district for the purpose of apportionment of the entire state into senate districts. If one or more senate districts created by this title are judicially found to be invalid or unenforceable for any reason, including but not limited to non-compliance with decisions and mandates of a court of competent jurisdiction, only the defective district or districts and those immediately adjacent or contiguous thereto shall be reapportioned. All other districts shall be deemed to be properly created.

TITLE III
MISCELLANEOUS

Section 126. Application.
127. Construction.
128. Saving clause.

§ 126. Application. For the purpose of filling vacancies occurring other than by the expiration of term in the offices of members of the senate and assembly elected at a general election in two thousand twenty, or at a special election held to fill a vacancy in the office of a member elected at said general election, the senate and assembly districts of this state, as existing immediately before the effective date of this article, shall continue to be respectively, the senate districts and assembly districts of the state.

§ 127. Construction. a. This article shall be liberally construed to effectuate the purposes thereof and to apportion and district this state in compliance with the requirements of law.

b. It is intended that this article and the districts described therein completely encompass all the area within the state. It is further intended that the apportionment and districting provided for in this article result in the creation of districts which are substantially equal in population and contain all inhabitants in this state, based on the Federal Census of two thousand twenty, as adjusted pursuant to the provisions of part XX of chapter fifty-seven of the laws of two thousand ten, as amended. It is also intended that no district shall include any of the area included within the description of any other district.

c. The apportionment of assembly districts and senate districts shall be deemed to be separate from each other. The invalidity of the districts contained in one title of this article shall not affect or require the redistricting provided by the other title of this article when the provisions of such other title have been found to be valid by a court of competent jurisdiction.

§ 128. Saving clause. a. If the districts described in this article do not carry out the purposes thereof, because of unintentional omission; duplications; overlapping areas; erroneous nomenclature; lack of adequate maps or descriptions of political subdivisions, wards, or other divisions thereof, or of their boundary line; street closings, changes in names of streets, or other changes of public places; alteration of the boundary or courses of waters or waterways, filling in or lands under water, accretion or other changes in shorelines; or alteration of courses, rights of way, or lines of public utilities or other conditions, then the state board of elections, at the request of any person aggrieved thereby, or any candidate affected thereby shall, by order, correct such omissions, overlaps, erroneous nomenclature, or other defects in the description of districts so as to accomplish the purposes and objectives of this article.

b. In promulgating such orders, the state board of elections, in addition to achieving equality in the population of districts and insuring that all areas of the state are completely and accurately encompassed in such districts, shall be guided by the following standards:

(1) Gaps in the description of any district shall be completed in a manner which results in a total description of that district consonant with the description of adjacent districts and in complete contiguity of districts.

(2) Areas of the state included within the descriptions of more than one district shall be allocated to the district having the lowest population.

(3) Areas of the state not included within the descriptions of any district shall be allocated to the adjacent district having the lowest population.

(4) In the event that the area subject to corrected description or allocation as provided in paragraph one, two or three of this subdivision is of such size or contains such population that its inclusion as a unit in any district would result in substantial disparity in the size, shape or population of such district, then the state board of elections may allocate portions of such area to two or more districts.

(5) In any allocation of area or correction of descriptions made pursuant to this section, the state board of elections shall, consistent with the foregoing standards, preserve the contiguity and compactness of districts and avoid the unnecessary division of political subdivisions.

c. Copies of such orders shall be filed by the state board of elections in its own office and in the office of the affected boards of election. A copy of each such order shall also be filed by the state board with the legislative bill drafting commission to facilitate it in performing its functions under section seventy-b of the public officers law. In addition, a copy of such order shall be served upon the person or candidate, if any, who instituted the application for such an order. The state board of elections may adopt reasonable rules regulating the procedure for applications for orders under this section in the manner of serving and filing any notice or copy of orders relating thereto.

d. Upon the filing of such an order, the description of any affected district shall be deemed to have been corrected in the manner provided in such order to the full extent as if such correction had been contained in the original description set forth in this article.

e. In furtherance of effectuating the provisions of subdivision d of this section, the legislative bill drafting commission, upon receipt from the state board of elections of an order promulgated pursuant to subdivision b of this section, and upon the approval of the temporary president of the senate and the speaker of the assembly, shall cause the description of a senate district or assembly district altered pursuant to any such order to be revised accordingly within its data base of the laws of the state of New York so that such altered district may be contained in a publication of the state law and be certified to as a correct transcript of the text of law relating thereto such district in the manner authorized by section seventy-b of the public officers law.

§ 2. In order to provide for an orderly election of members of the legislature and in recognition of the constitutional mandate that legislative districts shall be created by law subject to judicial review under such reasonable regulations as the legislature may prescribe, it is hereby determined and declared that no order of the court invalidating this act or part thereof shall be entered in a manner which will deprive the legislature of an opportunity to discharge its constitutional mandate. In any proceeding for judicial review of the provisions of this act, the determination of the court shall be embodied in a tentative order which shall become final thirty days after service of copies thereof upon the parties unless the court shall, in the interval, on application of any party, resettle its order.

§ 3. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 4. Section 126 of the state law is REPEALED and a new section 126 is added to read as follows:

§ 126. Application. For the purpose of filling vacancies occurring other than by the expiration of term in the offices of members of the senate and assembly elected at a general election in two thousand twenty-two, the senate and assembly districts of this state, as described and set out in a chapter of the laws of two thousand twenty-two, amending the state law relating to establishing assembly and senate districts, shall continue to be respectively, the senate districts and the assembly districts of the state.

§ 5. This act shall take effect immediately, provided that the provisions of section four of this act shall take effect January 1, 2023.
