

STATE OF NEW YORK

8623

IN ASSEMBLY

January 10, 2022

Introduced by M. of A. HEVESI, SOLAGES, DINOWITZ -- read once and referred to the Committee on Children and Families

AN ACT to amend the social services law and the education law, in relation to the provision of universal child care; to amend chapter 493 of the laws of 2017 amending the social services law relating to establishing a child care availability taskforce to evaluate the need for and availability of child care throughout the state, in relation to the effectiveness thereof; to amend the state finance law, in relation to establishing certain funds to provide for the establishment and funding of universal child care; to repeal certain provisions of the social services law relating thereto; and making an appropriation therefor

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "universal
2 child care act".

3 § 2. Legislative findings. The legislature hereby finds and declares
4 that New York State's child care sector is facing an economic crisis. In
5 2018, the legislature created a Child Care Availability Task Force. In
6 2021, that Task Force issued its final report, finding that the current
7 crisis "requires a dramatically different approach to child care: one
8 that recognizes that high-quality child care is a public good and that
9 provides the necessary public investment" to implement a system of high-
10 quality universal child care. This legislation will move New York
11 towards such a dramatically new system, where child care workers are
12 treated with dignity and compensated generously as the educators that
13 they are, where child care is free and available to all just like our
14 public education system is free and available for all, where burdensome
15 and ineffective means-testing requirements are ultimately eliminated,
16 where public investments are directed towards those most in need as we
17 build out our important child care infrastructure, where families have a
18 meaningful ability to select the modalities that work best for their
19 children, where child care providers are not forced to compete against
20 each other, where high-quality is ensured for all so that we do not have

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD14016-01-1

1 a two-tiered child care system where the wealthy have high-quality care
2 and the working poor have substandard care, where both federal and state
3 funding is allocated generously, where the burden on localities is mini-
4 mized, and where our child care system is truly universal.

5 § 3. Section 390-k of the social services law, as added by chapter 493
6 of the laws of 2017, subdivisions 2, 3, and 4 as amended by chapter 33
7 of the laws of 2018, is amended to read as follows:

8 § 390-k. Child care availability taskforce. 1. There shall be estab-
9 lished within the office of children and family services a child care
10 taskforce for the purpose of [~~evaluating the need for and availability~~
11 ~~of child care throughout the state~~] guiding New York towards a system of
12 free and universal child care.

13 2. The taskforce shall be chaired by a representative of the executive
14 chamber and the commissioners of the office of children and family
15 services [~~and~~], the department of labor and the department of education,
16 or their designees. Members of the taskforce shall serve without compen-
17 sation for three year terms, but may be reimbursed for actual costs
18 incurred for participation on such taskforce. Ensuring adequate
19 geographic representation, members of the taskforce shall be appointed
20 by the governor and comprised as follows:

21 (a) three individuals shall be appointed upon the recommendation of
22 the speaker of the assembly, at least one of whom shall be a parent who
23 has utilized subsidized child care;

24 (b) three individuals shall be appointed upon the recommendation of
25 the temporary president of the senate, at least one of whom shall be a
26 parent who has utilized subsidized child care;

27 (c) two representatives of a child care resource and referral agency;

28 (d) two representatives of home-based child care providers;

29 (e) two representatives of center-based child care providers;

30 (f) two representatives from the business community;

31 (g) two representatives from unions that represent child care provid-
32 ers; and

33 (h) at least one representative from each of the following entities:

34 (i) the office of temporary and disability assistance;

35 (ii) the council on children and families;

36 (iii) the department of taxation and finance;

37 (iv) a regional economic development council;

38 (v) the state university of New York or the city university of New
39 York;

40 (vi) the state education department;

41 (vii) the early childhood advisory council;

42 (viii) a social service district or county government or an entity
43 that advocates on behalf of social services or county governments; and

44 (ix) a non-profit child care advocacy organization.

45 3. The taskforce shall advise the state in developing an implementa-
46 tion framework leading to an expeditious phased-in rollout of universal
47 child care using existing state and federal resources and shall examine
48 the following:

49 (a) [~~affordable child care with a focus on the cost of care for fami-~~
50 ~~lies and factors that contribute to such costs~~] how to implement a truly
51 universal child care system that is free at the point of service for all
52 families and delivers high-quality child care to all New Yorkers, with a
53 four-year phase-in that follows priorities and principles: where expan-
54 sions are targeted to first cover low-income families, historically
55 underserved communities and families facing complex needs, including
56 children with disabilities and child welfare involvement; where work

1 requirements, activities tests, and immigration status requirements for
2 low-income families are all eliminated; where the phase-in takes all
3 reasonable steps to avoid benefits' cliffs; where reasonable steps are
4 taken to guard against increases in costs for middle-income families;
5 and where the roll-out of universal child care is coordinated with the
6 expansions to universal pre-K and 3-K for all programs so that such
7 programs do not cause unintentional harm to child care providers;

8 (b) [~~access to and availability of subsidized child care, including~~
9 ~~the identification of~~] how to eliminate the barriers families eligible
10 under state law face obtaining or utilizing [~~such~~] subsidies;

11 (c) how to ensure the availability of child care for non-traditional
12 work hours, and identification of the funding that would be needed to
13 expand facilities that cover such non-traditional work hours;

14 (d) whether parents are voluntarily leaving the workforce due to lack
15 of [~~affordable or accessible~~] child care, and the demographic informa-
16 tion of such parents, if known;

17 (e) whether employers have identified lack of child care as a reason
18 for a shortage of a qualified workforce;

19 (f) the impact of child care, or lack thereof, on economic development
20 throughout the state;

21 (g) varying levels of quality of care throughout the state;

22 (h) availability of quality child care by economic development region
23 including identification of underserved communities and recommendations
24 making available free, high-quality child care in such communities;

25 (i) whether regulatory or statutory changes could promote free and
26 universal access to high-quality child care and improve health and safe-
27 ty standards in child care programs;

28 (j) [~~business~~] incentives to institutions that offer child care to
29 increase universal and free child care [~~access and the impact on tax~~
30 ~~credits and deductions relating to child care~~];

31 (k) ways to address concerns identified in the course of the examina-
32 tion required by this subdivision; [~~and~~]

33 (l) the existence of illegal and unregulated child care providers, the
34 labor conditions of employees at such facilities, and regulatory recom-
35 mendations for approaching such providers;

36 (m) disparities in the quality of child care provided to families of
37 different economic backgrounds, and the funding needed to provide high-
38 quality child care for all;

39 (n) the factors contributing to the success of implementing universal
40 pre-k programs in the state and the unintended consequences impacting
41 child care providers, particularly family-based providers, in the state,
42 together with recommendations;

43 (o) how to implement federal funding for child care and universal
44 pre-k in a way that maximizes federal appropriations, allows the state
45 to achieve and fund a more expansive program that is not restricted by
46 narrow and restrictive means-testing requirements and implements
47 universal pre-k funding in a manner where the state education department
48 and the office of children and family services coordinate so that such
49 funding is allocated in a manner that supports and expands the state's
50 child care providers, rather than harming existing programs;

51 (p) how to ensure an expeditious phased-in rollout of universal child
52 care using existing state and federal resources, in no more than four
53 years, with an emphasis on building out necessary infrastructure and
54 providing care for those most in need while we move towards a truly
55 universal system;

1 (q) how best to phase in the establishment of a permanent department
2 of early education and care, which shall possess the duties required to
3 maintain and administer the free and high-quality universal child care
4 system pursuant to the recommendations of the taskforce;

5 (r) anything else the taskforce deems necessary.

6 4. The taskforce shall report ~~[its interim findings and recommenda-~~
7 ~~tions in accordance with subdivision three of this section to the gover-~~
8 ~~nor, the speaker of the assembly and the temporary president of the~~
9 ~~senate no later than November first, two thousand eighteen and its final~~
10 ~~findings and recommendations no later than December thirty-first, two~~
11 ~~thousand twenty]~~ a four-year plan for a phased roll-out of universal
12 child care in the state, and make annual recommendations, starting in
13 November two thousand twenty-two and each November thereafter through
14 November two thousand twenty-five, for specific appropriations for budg-
15 et allocations that would allow for a truly free and universal child
16 care system, including, but not limited to: (i) wage increases for child
17 care workers that allow them to achieve pay parity with public school
18 teachers; (ii) capital expenditures to allow for the expansion of child
19 care infrastructure into communities most in need; and (iii) startup
20 funds to allow for the creation of new child care programs in child care
21 deserts. Such recommendations shall include recommendations to identify
22 all reasonable means of maximizing the allocation of federal funds, as
23 well as supplemental funding from the state that would allow for a truly
24 free and universal child care system. The taskforce report shall further
25 make recommendations for the integration of child care programs into
26 existing public programs, such as public schools, public universities,
27 and public housing, to deliver high-quality child care to all New York-
28 ers. Such recommendations shall be based on what is needed to actually
29 achieve a high-quality universal child care system in the state, and
30 what additional funding would be needed from the state to achieve that
31 goal. Each year, following the annual state budget, the taskforce shall
32 also provide a score card stating how close New York has come to achiev-
33 ing a high-quality universal child care system, provided, however, that
34 taskforce members who are employees of the governor's office and the
35 state legislature shall recuse themselves from such rating process. The
36 taskforce shall report its findings annually through November two thou-
37 sand twenty-five.

38 § 4. Subdivision 8 of section 390 of the social services law, as added
39 by chapter 750 of the laws of 1990, is amended to read as follows:

40 8. The ~~[department]~~ office of children and family services shall
41 establish and maintain a list of all current registered and licensed
42 child day care programs and a list of all programs whose license or
43 registration has been revoked, rejected, terminated, or suspended. ~~[Such~~
44 ~~information shall be available to the public, pursuant to procedures~~
45 ~~developed by the department]~~ The office of children and family services
46 shall work with service providers and child care resource and referral
47 agencies throughout the state to gather information to create and main-
48 tain a publicly-searchable, user-friendly, and language-accessible data-
49 base of available child care facilities on the office's website and on a
50 companion phone application. Such database shall be updated in real
51 time and shall provide and be searchable by the following information:

52 (a) the name and address of the facility;

53 (b) the capacity of the facility;

54 (c) whether the facility is fully enrolled or has current availabili-
55 ty, with the available capacity specified by age group;

1 (d) whether the facility has a waiting list for which a family can
2 apply;
3 (e) the age range allowable for the facility;
4 (f) the modality for the facility;
5 (g) the operating hours for the facility;
6 (h) the language or languages spoken at the facility; and
7 (i) whether the facility has been cited for any violations, with any
8 such violations separated into "dangerous" and "non-dangerous" catego-
9 ries, and prominent notices indicating whether any such violations have
10 been cured or addressed.

11 The office of children and family services shall provide information
12 on its website in English, French, Polish, and the ten most common non-
13 English languages spoken by individuals with limited English proficiency
14 in the state, based on United States census data.

15 § 5. Subdivision 1 of section 410 of the social services law, as added
16 by chapter 395 of the laws of 1965, is amended to read as follows:

17 1. A public welfare official of a county, city or town is [~~authorized~~
18 obligated], provided funds have been made available therefor, to provide
19 day care at public expense for children residing in his or her territory
20 [~~who are eligible therefor pursuant to provisions of this title. Such~~
21 ~~care may be provided only in cases where it is determined, under crite-~~
22 ~~ria established by the department, that there is a need therefor because~~
23 ~~of inability of the parents to provide care and supervision for a~~
24 ~~substantial part of the day and that such care is in the best interest~~
25 ~~of the child and parent. Where the family is able to pay part or all of~~
26 ~~the costs of such care, payment of such fees as may be reasonable in the~~
27 ~~light of such ability shall be required] with the aim of providing free
28 and universal child care for all families within such territory.~~

29 § 6. Subdivision 2 of section 410-b of the social services law, as
30 added by chapter 395 of the laws of 1965 and as renumbered by chapter
31 640 of the laws of 1971, is amended and a new subdivision 5 is added to
32 read as follows:

33 2. The [~~department of social welfare~~] office of children and family
34 services is hereby designated and empowered to act as the agent of the
35 state in carrying out the provisions of any such federal law with
36 respect to such day care facilities in this state. In exercising this
37 duty as agent of the state, the office of children and family services
38 shall seek to obtain any waivers or permissions from federal agencies
39 necessary and proper to allow the state and its various subdivisions to
40 implement a child care system that is universal and free at the point of
41 service, notwithstanding that the state's child care system may be more
42 expansive than what is being reimbursed with federal funds.

43 5. To the extent that federal funds are offered for child care and are
44 contingent on matching funds from the state, the state shall make all
45 reasonable efforts to maximize the allocation of federal funds by making
46 sufficient state-level appropriations.

47 § 7. Subdivisions 5, 6, 7 and 8 of section 410-x of the social
48 services law are renumbered subdivisions 6, 7, 8 and 9 and a new subdi-
49 vision 5 is added to read as follows:

50 5. (a) For each group for which the office of children and family
51 services determines a separate payment rate pursuant to subdivision four
52 of this section, and at the same frequency, such office shall utilize a
53 cost estimation model to determine the actual cost providers incur when
54 providing high-quality child care. The cost estimation model shall iden-
55 tify and take into account cost drivers including but not limited to
56 employee salary and benefits, enrollment levels, facility costs and

compliance with statutory and regulatory requirements. Where a quality rating system or any quality indicators are being utilized, the cost estimation model shall also take into account the cost of providing services at each level of quality.

(b) In developing such model the office of children and family services shall consult with stakeholders including, but not limited to, representatives of child care resource and referral agencies, child care providers, labor leaders for any labor unions representing child care workers in the state, and any state advisory council established pursuant to 42 U.S.C.S. § 9831 et. seq., as amended. The cost estimation model shall be statistically valid, using complete and current data and rigorous collection methods. The cost estimation model shall further account for biases in reported data that tend to underestimate the cost of care, and shall make appropriate adjustments.

§ 8. Section 410-z of the social services law, as added by section 52 of part B of chapter 436 of the laws of 1997, is amended to read as follows:

§ 410-z. Reporting requirements. 1. Each social services district shall collect and submit to the [department] office of children and family services, in such form and at such times as specified by the [department] office of children and family services, such data and information regarding child care assistance provided under the block grant as the [department] office of children and family services may need to comply with federal reporting requirements.

2. The office of children and family services shall prepare a report detailing the actual cost providers incur when providing child care in each setting, as determined by the cost estimation model established in paragraph (a) of subdivision five of section four hundred ten-x of this title. The report shall detail cost data for each setting, age group, care provided to children with special needs, and any other grouping for which a separate cost estimation is conducted. Such data shall include:

(a) the level of quality care as determined by a quality rating system or any quality indicators utilized by the state;

(b) a description of the major cost drivers for providing care; and

(c) a comparison of the costs of child care for each grouping to the market rate determined by the office of children and family services pursuant to subdivision four of section four hundred ten-x of this title.

The report shall be submitted to the governor, the speaker of the assembly and the temporary president of the senate by June first, two thousand twenty-three and June first of every other year thereafter. The office of children and family services shall post the information contained in the report on its website.

§ 9. Subdivision 1 and paragraph (b) of subdivision 5 of section 410-c of the social services law, subdivision 1 as added by chapter 1014 of the laws of 1969, paragraph (a) of subdivision 1 as amended by chapter 110 of the laws of 1971, and paragraph (b) of subdivision 5 as amended by chapter 277 of the laws of 1990, and such section as renumbered by chapter 640 of the laws of 1971, are amended to read as follows:

1. (a) Expenditures made by counties, cities, and towns for day care and its administration, and day care center projects, pursuant to the provisions of this title, shall, if approved by the department, be subject to reimbursement by the state, in accordance with the regulations of the department, as follows: There shall be paid to each county, city or town (1) the amount of federal funds, if any, properly received or to be received on account of such expenditures; (2) [fifty]

1 ninety per centum of its expenditures for day care and its adminis-
2 tration and day care center projects, after first deducting therefrom
3 any federal funds received or to be received on account thereof, and any
4 expenditures defrayed by fees paid by parents or by other private
5 contributions.

6 (b) For the purpose of this title, expenditures for administration of
7 day care shall include expenditures for compensation of employees in
8 connection with the furnishing of day care, including but not limited to
9 costs incurred for pensions, federal old age and survivors insurance and
10 health insurance for such employees; training programs for personnel,
11 operation, maintenance and service costs; and such other expenditures
12 such as equipment costs, depreciation and charges and rental values as
13 may be approved by the department. It [~~shall not~~] may include expendi-
14 tures for capital costs in appropriate cases at the discretion of the
15 department, provided that capital costs are prioritized in areas that
16 are categorized as child care deserts. In the case of day care purchased
17 from a non-profit corporation constituting an eligible borrower pursuant
18 to title five-a of this article, expenditures shall include an allocable
19 proportion of all operating costs of such facility as may be approved by
20 the department including but not limited to the expenditures enumerated
21 in this paragraph [~~(b)~~] and expenditures for amortization, interest and
22 other financing costs of any mortgage loan made to such non-profit
23 corporation.

24 (b) The commissioner shall, within appropriations made available
25 therefor, select proposed school age child day care programs which shall
26 be eligible to receive an award [~~of no more than twenty five thousand~~
27 ~~dollars~~] for start up or expansion costs, including planning, rental,
28 operational and equipment costs, or minor renovations identified as
29 being necessary in order for the program to comply with applicable state
30 or local building, fire safety or licensing standards, based on plans
31 submitted to him. The commissioner shall give preference to those areas
32 of the state which are significantly underserved by existing school age
33 child day care programs and to those programs which involve parents in
34 the development and implementation of programs. The commissioner shall
35 publicize this availability of funds to be used for purposes of this
36 subdivision in awarding grants. Plans may be submitted by private not-
37 for-profit corporations, organizations or governmental subdivisions.

38 § 10. Subdivision 8 of section 410-w of the social services law, as
39 amended by section 1 of part Z of chapter 56 of the laws of 2021, is
40 amended to read as follows:

41 8. Notwithstanding any other provision of law, rule or regulations to
42 the contrary, a social services district that implements a plan amend-
43 ment to the child care portion of its child and family services plan,
44 either as part of an annual plan update, or through a separate plan
45 amendment process, where such amendment reduces eligibility for, or
46 increases the family share percentage of, families receiving child care
47 services, or that implements the process for closing child care cases as
48 set forth in the district's approved child and family services plan, due
49 to the district determining that it cannot maintain its current caseload
50 because all of the available funds are projected to be needed for open
51 cases, shall provide all families whose eligibility for child care
52 assistance or family share percentage will be impacted by such action
53 with at least thirty days prior written notice of the action. Provided,
54 however, that a family receiving assistance pursuant to this title shall
55 not be required to contribute more than what is required by federal law
56 or ten percent of their income exceeding the federal poverty level.

1 whichever is lower, and that such cost shall be covered entirely by the
2 state.

3 § 11. Subdivision 6 of section 410-x of the social services law, as
4 amended by section 2 of part Z of chapter 56 of the laws of 2021, is
5 amended to read as follows:

6 Pursuant to department regulations, child care assistance shall be
7 provided on a sliding fee basis based upon the family's ability to pay;
8 provided, however, that a family receiving assistance pursuant to this
9 title shall not be required to contribute more than what is required by
10 federal law or ten percent of their income exceeding the federal poverty
11 level, whichever is lower, and that such cost shall be covered entirely
12 by the state.

13 § 12. Section 410-x of the social services law is amended by adding a
14 new subdivision 9 to read as follows:

15 9. A social services district shall establish differential payment
16 rates for child care services provided by licensed, registered or
17 enrolled child care providers as required by this subdivision.

18 (a) Local social services districts shall establish a differential
19 payment rate for child care services provided by licensed or registered
20 child care providers who provide care to a child or children experienc-
21 ing homelessness. Such differential payment rate shall be twenty percent
22 higher than the actual cost of care or the applicable market-related
23 payment rate established by the office of children and family services
24 in regulations, whichever is less.

25 (b) Local social services districts shall establish a differential
26 payment rate for child care services provided by licensed, registered,
27 or enrolled child care providers who provide care to a child during
28 nontraditional hours. "Nontraditional hours" shall mean care provided in
29 the evening, night, or on the weekend. Such differential payment rate
30 shall be twenty percent higher than the actual cost of care or the
31 applicable market-related payment rate established by the office of
32 children and family services in regulations, whichever is less.

33 (c) The cost of the differential payment rates established under this
34 subdivision shall be covered by the state.

35 § 13. Subdivision 1 of section 410 of the social services law, as
36 added by chapter 395 of the laws of 1965, is amended to read as follows:

37 1. A public welfare official of a county, city or town [~~is authorized~~]
38 shall, provided funds have been made available therefor, [~~to~~] and with
39 the state making all reasonable efforts to obtain federal funding and
40 supplementing those amounts with additional state funding, provide day
41 care at public expense for children residing in his or her territory who
42 are eligible therefor pursuant to provisions of this title. Such care
43 [~~may~~] shall be provided [~~only in cases where it is determined,~~] under
44 criteria established by the [~~department, that there is a need therefor~~
45 ~~because of inability of the parents to provide care and supervision for~~
46 ~~a substantial part of the day and that such care is in the best interest~~
47 ~~of the child and parent~~] office of children and family services;
48 provided, however, that the public welfare official shall not limit
49 authorized child care services strictly based on the work, training, or
50 educational schedule of the parents or the number of hours the parents
51 spend in work, training, or educational activities, nor shall the
52 public welfare official limit authorized child care services based on
53 proof of immigration status. Where the family [~~is able to pay part or~~
54 ~~all of the costs of such care~~] income is more than one thousand percent
55 of the poverty line, payment of such fees as may be reasonable in the
56 light of such ability [~~shall~~] may be required to the extent necessary as

1 the state transitions to a system that is free and universal. To the
2 extent there are insufficient funds to immediately serve all families,
3 the state shall make all reasonable efforts to incrementally expand to
4 universal access over a period of four years, pursuant to the phase-in
5 priorities and principles recommended by the taskforce under section
6 three hundred ninety-k of this article.

7 § 14. Paragraph (b) of subdivision 3 of section 410 of the social
8 services law is REPEALED and paragraphs (c) and (d) are relettered para-
9 graphs (b) and (c).

10 § 15. Subdivisions 1 and 2 of section 410-bb of the social services
11 law, subdivision 1 as added by chapter 503 of the laws of 1988, subdivi-
12 sion 2 as amended by chapter 659 of the laws of 1988, are amended to
13 read as follows:

14 1. The legislature finds and declares that a crisis exists in the
15 availability and quality of child day care in New York state and that
16 this crisis poses a danger both to the welfare and safety of the chil-
17 dren and to the productivity of this state's workforce; that inadequate
18 salaries and in many cases nonexistent benefit packages have substan-
19 tially contributed to the existing crisis by precluding day care centers
20 from recruiting and retaining necessary teaching and supervisory staff;
21 that an extremely high turnover rate has interfered in many instances
22 with the ability of day care centers to comply with regulatory require-
23 ments and to properly serve the children in their care; and that because
24 of these extraordinary circumstances New York state must intervene and
25 provide assistance for recruitment and retention of child care workers,
26 with the goal of creating a free and universal child care system that is
27 available to all, in the same manner as the public school system, with-
28 out the burdens of means-testing. The legislature recognizes that a
29 long-term solution to this crisis will require cooperative efforts among
30 ~~[the business community, local and state governments and families]~~ all
31 New Yorkers.

32 2. Within amounts appropriated specifically therefor, and after
33 deducting funds as specified in subdivision three of this section, the
34 commissioner shall allocate funds to local social services districts for
35 grants to ~~[eligible not-for-profit day care centers]~~ child care provid-
36 ers for retention and recruitment of teaching and supervisory staff, ~~[as~~
37 ~~follows:~~

38 ~~(a) a city social services district with a population in excess of one~~
39 ~~million shall be allocated a portion of such funds based on an equal~~
40 ~~weighting of:~~

41 ~~(i) its proportion of the state population of children aged five and~~
42 ~~under, and~~

43 ~~(ii) its proportion of total claims for reimbursement received by the~~
44 ~~department by May thirty-first, nineteen hundred eighty-eight for the~~
45 ~~low income, transitional and teen parent day care programs authorized by~~
46 ~~chapter fifty-three of the laws of nineteen hundred eighty-seven.~~

47 ~~(b) all other eligible local social services districts shall be allo-~~
48 ~~cated the remaining portion of funds based on each district's propor-~~
49 ~~tionate share of licensed not-for-profit day care capacity relative to~~
50 ~~the total capacity of all such other eligible districts]~~ with the aim of
51 providing staff with salary and benefits that is at parity with that of
52 local public school teachers in the relevant area.

53 § 16. Subdivisions 1 and 2 of section 410-v of the social services
54 law, subdivision 1 as added by section 52 of part B of chapter 436 of
55 the laws of 1997, subdivision 2 as amended by chapter 214 of the laws of
56 1998, are amended to read as follows:

1 1. The part of the block grant that is determined to be available to
2 social services districts for child care assistance shall be apportioned
3 among the social services districts by the department according to an
4 allocation plan developed by the department and approved by the director
5 of the budget. The allocation plan shall ~~[be based, at least in part, on~~
6 ~~historical costs and on the availability and cost of, and the need for,~~
7 ~~child care assistance in each social services district]~~ aim to provide
8 universal and free child care on a statewide basis. Annual allocations
9 shall be made on a federal fiscal year basis and shall incorporate the
10 annual recommendations of the child care taskforce established under
11 section three hundred ninety-k of this article.

12 2. Reimbursement under the block grant to a social services district
13 for its expenditures for child care assistance shall be available for
14 ~~[seventy-five]~~ ninety percent of the district's expenditures for child
15 care assistance provided to those families in receipt of public assist-
16 ance which are eligible for child care assistance under this title and
17 for one hundred percent of the social services district's expenditures
18 for other eligible families~~[, provided, however, that such reimbursement~~
19 ~~shall be limited to the social services district's annual state block~~
20 ~~grant allocation]~~. To the extent that families are not eligible for
21 funding pursuant to this provision, the state shall make all reasonable
22 efforts to ensure that families not eligible for federally-funded child
23 care have access, phased in over a period of four years, pursuant to the
24 phase-in priorities and principles recommended by the taskforce under
25 section three hundred ninety-k of this article.

26 § 17. Subdivisions 1 and 2 of section 410-w of the social services
27 law, as amended by chapter 569 of the laws of 2001, are amended to read
28 as follows:

29 1. A social services district may use the funds allocated to it from
30 the block grant to provide child care assistance to~~+~~

31 ~~(a) families receiving public assistance when such child care assist-~~
32 ~~ance is necessary; to enable a parent or caretaker relative to engage in~~
33 ~~work, participate in work activities or perform a community service~~
34 ~~pursuant to title nine-B of article five of this chapter; to enable a~~
35 ~~teenage parent to attend high school or other equivalent training~~
36 ~~program; because the parent or caretaker relative is physically or~~
37 ~~mentally incapacitated, or because family duties away from home necessi-~~
38 ~~tate the parent or caretaker relative's absence, child day care shall be~~
39 ~~provided during breaks in activities, for a period of up to two weeks.~~
40 ~~Such child day care may be authorized for a period of up to one month if~~
41 ~~child care arrangements shall be lost if not continued, and the program~~
42 ~~or employment is scheduled to begin within such period;~~

43 ~~(b) families with incomes up to two hundred percent of the state~~
44 ~~income standard who are attempting through work activities to transition~~
45 ~~off of public assistance when such child care is necessary in order to~~
46 ~~enable a parent or caretaker relative to engage in work provided such~~
47 ~~families' public assistance has been terminated as a result of increased~~
48 ~~hours of or income from employment or increased income from child~~
49 ~~support payments or the family voluntarily ended assistance; and,~~
50 ~~provided that the family received public assistance at least three of~~
51 ~~the six months preceding the month in which eligibility for such assist-~~
52 ~~ance terminated or ended or provided that such family has received child~~
53 ~~care assistance under subdivision four of this section;~~

54 ~~(c) families with incomes up to two hundred percent of the state~~
55 ~~income standard which are determined in accordance with the regulations~~

~~of the department to be at risk of becoming dependent on family assistance;~~

~~(d) families with incomes up to two hundred percent of the state income standard who are attending a post secondary educational program and working at least seventeen and one-half hours per week; and~~

~~(e) other families with incomes up to two hundred percent of the state income standard which the social services district designates in its consolidated services plan as eligible for child care assistance in accordance with criteria established by the department]~~

families who need child care or who are having trouble affording child care, to the maximum extent permissible under federal laws and regulations. To the extent that families are not eligible for funding pursuant to this provision, the state shall make all reasonable efforts to ensure that families not eligible for federally-funded child care have access, phased in over a period of four years, pursuant to the phase-in priorities and principles recommended by the taskforce under section three hundred ninety-k of this article.

~~2. [For the purposes of this title, the term "state income standard" means the most recent federal income official poverty line (as defined and annually revised by the federal office of management and budget) updated by the department for a family size of four and adjusted by the department for family size]~~

Each social services district shall conduct extensive and language-accessible outreach to families who need child care or who are having trouble affording child care. To the extent that social services districts or the office of children and family services are required to examine families' incomes pursuant to federal laws or regulations, they shall use the least restrictive and most efficient means available to avoid placing undue burdens on families applying for assistance. To the extent that families applying for assistance are required to provide proof of eligibility, each local social services district and the office of children and family services shall make all reasonable efforts to provide assistance in completing all necessary documents expeditiously.

§ 18. Subdivision 2 of section 410-u of the social services law, as added by section 52 of part B of chapter 436 of the laws of 1997, is amended to read as follows:

2. The state block grant for child care shall be divided into two parts pursuant to a plan developed by the department and approved by the director of the budget. One part shall be retained by the state to provide child care on a statewide basis to special groups and for activities to increase the availability and/or quality of child care programs, including, but not limited to, the start-up of child care programs, the increase of child care worker salaries, the operation of child care resource and referral programs, training activities, the regulation and monitoring of child care programs, the development of computerized data systems, and consumer education, provided however, that child care resource and referral programs funded under title five-B of article six of this chapter shall meet additional performance standards developed by the department of social services including but not limited to: increasing the number of child care placements for all persons, with priority given to persons who are at or below ~~[two hundred percent of the state income standard with emphasis on placements supporting local efforts in meeting federal and state work participation requirements,]~~ one thousand percent of the federal poverty line; increasing technical assistance to all modalities of legal child care to persons, with a priority given to persons who are at or below ~~[two~~

~~hundred percent of the state income standard,~~ one thousand percent of the federal poverty line; including the provision of training to assist providers in meeting child care standards or regulatory requirements~~]~~; and creating new child care opportunities, and assisting social services districts in assessing and responding to child care needs for all persons, with priority given to persons at or below ~~[two hundred percent of the state income standard]~~ one thousand percent of the federal poverty line. The department shall have the authority to withhold funds from those agencies which do not meet performance standards. Agencies whose funds are withheld may have funds restored upon achieving performance standards. The other part shall be allocated to social services districts to provide child care assistance to families receiving family assistance and to other low income families. To the extent that families are not eligible for funding pursuant to this subdivision, the state shall make all reasonable efforts to ensure that families not eligible for federally-funded child care have access, phased in over a period of four years, pursuant to the phase-in priorities and principles recommended by the taskforce under section three hundred ninety-k of this article.

§ 19. Section 410-cc of the social services law, as amended by chapter 882 of the laws of 1990, is amended to read as follows:

§ 410-cc. Start up grants for child day care. The commissioner shall provide funds to start up grants to not-for-profit organizations or corporations for the development of new or expanded all day child day care programs including costs related to planning, renting, renovating, operating, and purchasing equipment. The commissioner shall establish guidelines including, but not limited to, allowable costs, and criteria for eligibility for grants giving preference to those child day care providers who ~~[will, to the maximum extent feasible, target services to households having incomes up to two hundred percent of the federal poverty standard]~~ serve areas that currently constitute child care deserts, and with the aim of developing New York's statewide universal child care infrastructure. The commissioner shall widely publicize the availability of funds and conduct extensive outreach in a language-accessible manner to develop the state's universal child care infrastructure. ~~[No awards shall be granted which exceed twenty five hundred dollars for a new family day care provider or new group family day care provider, and one hundred thousand dollars for a new child day care center.]~~ Child care resource and referral agencies ~~[may]~~ shall receive family day care start up grants ~~[not to exceed two thousand five hundred dollars per new provider]~~ if the agency trains such new family provider and thereby expands the supply of family day care programs in the community. The commissioner shall give preference to those communities which are significantly underserved by existing programs and to those programs which and those providers who will serve infants under two years of age.

§ 20. Section 101 of the education law is amended to read as follows:

§ 101. Education department; regents of the university. There shall continue to be in the state government an education department. The department is charged with the general management and supervision of all public schools and all of the educational work of the state, including the operations of The University of the State of New York and the exercise of all the functions of the education department, of The University of the State of New York, of the regents of the university and of the commissioner of education and the performance of all their powers and duties, which were transferred to the education department ~~[by section three hundred twelve of the state departments law]~~ or shall have been

1 prescribed by law before March sixteenth, nineteen hundred twenty-seven,
2 whether in terms vested in such department or university or in any sub-
3 department, division or bureau thereof or in such commissioner, board or
4 officer, and such functions, powers and duties shall continue to be
5 vested in the education department continued by this chapter and shall
6 continue to be exercised and performed therein by or through the appro-
7 priate officer, sub-department, division or bureau thereof, together
8 with such functions, powers and duties as hereafter may be conferred or
9 imposed upon such department by law. The education department shall also
10 establish an office of early education, which shall be tasked with coor-
11 minating with the office of children and family services to ensure that
12 the implementation of funding for universal pre-K and 3-K for all
13 programs are phased in in a manner that complements and supports child
14 care providers within the state and provides equitable wages, benefits,
15 and working conditions for child care workers, pursuant to the guidance
16 established by the taskforce under section three hundred ninety-k of the
17 social services law. All the provisions of this chapter, in so far as
18 they are not inconsistent with the provisions of this chapter as hereby
19 amended or may be made applicable, shall apply to the education depart-
20 ment continued by this chapter as hereby amended and to The University
21 of the State of New York, the board of regents of the university, the
22 commissioner [~~of education~~] and to the divisions, bureaus and officers
23 in such department. The head of the department shall continue to be the
24 regents of The University of the State of New York, who shall appoint,
25 and at pleasure may remove, the commissioner [~~of education~~]. The
26 commissioner shall continue to be the chief administrative officer of
27 the department. The regents also may appoint and, at pleasure, remove a
28 deputy commissioner [~~of education~~], who shall perform such duties as the
29 regents may assign to him by rule and who, in the absence or disability
30 of the commissioner or when a vacancy exists in the office of commis-
31 sioner, shall exercise and perform the functions, powers and duties
32 conferred or imposed on the commissioner by this chapter. The regents
33 of The University of the State of New York shall continue to constitute
34 a board and The University of the State of New York, which was continued
35 under such name by section two of article eleven of the constitution,
36 shall continue to be governed and all its corporate powers to be exer-
37 cised by such board.

38 § 21. Section 2 of chapter 493 of the laws of 2017 amending the social
39 services law relating to establishing a child care availability task-
40 force to evaluate the need for and availability of child care throughout
41 the state, as amended by section 2 of chapter 33 of the laws of 2018, is
42 amended to read as follows:

43 § 2. This act shall take effect immediately and shall expire December
44 31, [~~2021~~] 2025 when upon such date the provisions of this act shall be
45 deemed repealed.

46 § 22. The state finance law is amended by adding three new sections
47 99-oo, 99-pp, and 99-qq to read as follows:

48 § 99-oo. Child care workforce stabilization fund. 1. There is hereby
49 established in the custody of the state comptroller and the commissioner
50 of taxation and finance a fund to be known as the child care workforce
51 stabilization fund.

52 2. Such fund shall consist of all moneys collected therefor or credit-
53 ed or transferred thereto from any other fund, account or source. Any
54 interest received by the comptroller on moneys on deposit in the child
55 care workforce stabilization fund shall be retained in and become a part
56 of such fund.

1 3. Moneys in the child care workforce stabilization fund, following
2 appropriation by the legislature, shall be utilized to directly raise
3 wages among participating programs as New York adjusts its reimbursement
4 rates to cover the true cost of child care, and to allow child care
5 providers to pay staff adequate wages and benefits at parity with public
6 school teachers as New York state restructures its economy to reflect
7 the true value of this important work. Such moneys shall be allocated
8 through agencies including, but not limited to, the office of children
9 and family services.

10 § 99-pp. Child care transitional reimbursement rate fund. 1. There
11 is hereby established in the custody of the state comptroller and the
12 commissioner of taxation and finance a fund to be known as the child
13 care transitional reimbursement rate fund.

14 2. Such fund shall consist of all moneys collected therefor or credit-
15 ed or transferred thereto from any other fund, account or source. Any
16 interest received by the comptroller on moneys on deposit in the child
17 care transitional reimbursement rate fund shall be retained in and
18 become a part of such fund.

19 3. Moneys in the child care transitional reimbursement rate fund,
20 following appropriation by the legislature, shall be utilized in a
21 manner that reflects a transitional reimbursement rate structure based
22 on the results of the forthcoming child care market rate survey or the
23 existing survey, whichever results in higher rates. Reimbursement rates
24 shall be set at the ninetieth percentile of market rates in each region
25 to ensure that per child amounts are sufficient to not disrupt the child
26 care sector during this transition from a market rate-based model to a
27 model based on the true cost of quality care. During the phase-in peri-
28 od, entry level staff shall be paid at least a living wage, with more
29 experienced staff compensated at a proportionately higher rate and with
30 compensation progressively increasing over the course of the transition
31 period. Such moneys shall be allocated through agencies including, but
32 not limited to, the office of children and family services.

33 § 99-qq. Child care infrastructure development fund. 1. There is
34 hereby established in the custody of the state comptroller and the
35 commissioner of taxation and finance a fund to be known as the child
36 care infrastructure development fund.

37 2. Such fund shall consist of all moneys collected therefor or credit-
38 ed or transferred thereto from any other fund, account or source. Any
39 interest received by the comptroller on moneys on deposit in the child
40 care infrastructure development fund shall be retained in and become a
41 part of such fund.

42 3. Moneys in the child care infrastructure development fund, following
43 appropriation by the legislature, shall be used to build and develop
44 child care infrastructure in connection with existing public insti-
45 tutions such as public universities, public schools, and public housing.

46 § 23. The sum of five billion dollars (\$5,000,000,000) is hereby
47 appropriated out of any moneys in the state treasury in the general fund
48 to the credit of the state purposes account, not otherwise appropriated,
49 and made immediately available as set forth herein. Such funds shall be
50 allocated as follows:

51 (a) Three billion dollars (\$3,000,000,000) shall be allocated to guar-
52 antee access to child care subsidies to high-quality and culturally
53 responsive child care that meets the needs of all children, including
54 children with disabilities, those experiencing trauma, multilingual
55 learners, families who work non-traditional hours, and families experi-
56 encing homelessness or in transitional housing. Such moneys shall be

1 allocated through agencies including, but not limited to, the office of
2 children and family services.

3 (b) One billion dollars (\$1,000,000,000) shall be allocated to the
4 child care workforce stabilization fund established pursuant to section
5 99-oo of the state finance law.

6 (c) Six hundred million dollars (\$600,000,000) shall be allocated to
7 the child care transitional reimbursement rate fund pursuant to section
8 99-pp of the state finance law.

9 (d) Four hundred million dollars (\$400,000,000) shall be allocated to
10 the child care infrastructure development fund pursuant to section 99-qq
11 of the state finance law.

12 § 24. This act shall take effect immediately; provided, that the
13 amendments to section 390-k of the social services law made by section
14 three of this act shall not affect the repeal of such section and shall
15 be deemed repealed therewith; provided, however, that the amendments to
16 subdivision 8 of section 410-w of the social services law made by
17 section ten of this act and the amendments to subdivision 6 of section
18 410-x of the social services law made by section eleven of this act
19 shall not affect the expiration of such subdivisions and shall be deemed
20 to expire therewith.
