20. Notwithstanding any other provisions of law or the terms of any contract, the authority, in consultation with the Long Island Rail Road and the Metro-North Commuter Railroad Company, shall establish and implement a policy for responsible management of vegetation and other activities that impact neighboring properties to outline policies and goals for the management of vegetation and other activities that impact neighboring properties under the control of such commuter rail companies. The purpose of such policy is to detail commuter rail management practices with respect to vegetation management actions and other actions that impact neighboring properties, and coordination and communication regarding such actions with local governments and neighborhoods near commuter rail properties in furtherance of the safety and efficiency of commuter rail operations. Such policy shall:

(a) be consistent with existing regulations promulgated by the Federal Railroad Administration or any other federal laws, rules or regulations governing vegetation management or other activities that impact neigh-19 boring properties by a commuter rail company;

(b) include guidelines for communication with local governments and 20 21 property owners neighboring commuter rail properties that would be 22 impacted by vegetation management actions and other actions that impact neighboring property; 23

EXPLANATION -- Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.
