LBD13467-06-1

1 1. Notwithstanding the provisions of section one hundred one, two  
2 hundred eleven or four hundred one of this chapter or of section five  
3 hundred three of the education law, or the provisions of any local law  
4 or charter, any retired person may continue as retired and, without  
5 loss, suspension or diminution of his or her retirement allowance, earn  
6 in a position or positions in public service in any calendar year an  
7 amount not exceeding the amount set forth in the table in subdivision  
8 two of this section provided such retired person employed under this  
9 section duly executes and files with the retirement system from which he  
10 or she is receiving a retirement allowance a statement that he or she  
11 elects to have the provisions of this section apply to him or her. A  
12 statement of election executed and filed pursuant to this section may be  
13 withdrawn by a retired person at any time by a statement similarly  
14 executed and filed. However, there shall be no earning limitations under  
15 the provisions of this section: (a) on or after the calendar year in  
16 which any retired person attains age sixty-five; and (b) for members of  
17 the New York state teachers' retirement system under the age of sixty-  
18 five who are substitute teaching in a school district that has deter-  
19 mined that there are no reasonably available non-retired persons quali-  
20 fied to fill vacant substitute teacher positions. The retirement board  
21 of the New York state teachers' retirement system is authorized to adopt  
22 rules and regulations which would allow retired persons receiving a  
23 retirement allowance from such system to make such statements of earn-  
24 ings from a position or positions in public service as such board shall  
25 determine necessary to enforce the provisions of this section in lieu of  
26 the foregoing statement of election.

27 § 3. This act shall take effect immediately and shall expire and be  
28 deemed repealed two years after such effective date.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 211 and Section 212 of the Retirement and Social Security Law to waive the earnings limitation for retired members of the New York State Teachers' Retirement System who are under the age of sixty-five and are substitute teaching in a school district that has determined there are no reasonably available non-retired persons qualified to fill vacant substitute teacher positions. This act shall be effective for the calendar year containing the date of enactment, and the following year, and shall be deemed repealed after that time.

It is estimated that there will be no additional annual cost to the employers of members of the New York State Teachers' Retirement System if this bill is enacted.
