Provided, however, that the provisions of this paragraph shall not apply to the prohibitions provided for in section sixty-five or subdivision six-a of section one hundred six of this chapter. Further, no waiver of penalties or cure period or other opportunity for ameliorative action may be given if the authority determines that such violation may result in serious actual harm, or may present an endangerment to public safety, human health or the environment, is a violation of human or civil rights law, results in loss of employee wages or benefits, interferes with any remedy, review, resolution related to harassment or discrimination claims, was or is a willful violation, involves tax fraud, violates requirements related to federal funding to the state, relates to state funding or procurement, is similar to prior violations, is a penal law violation, relates to a material or substantive portion of the licensee's business, or is in contravention of the public interest and/or policy reflected by the authority's mission.
