STATE OF NEW YORK

9106

IN ASSEMBLY

January 31, 2022

Introduced by M. of A. PAULIN -- read once and referred to the Committee on Transportation

AN ACT to authorize the study of aviation ownership and flight operations by the department of transportation

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. 1. The department of transportation is hereby authorized and directed to conduct a study of general aviation ownership and flight operations by residents of the state. Such study shall:

(a) identify trends in general aviation aircraft in New York, including but not limited to registration and numbers of flight operations by state residents and non-residents operating in the state;

(b) compile accident and crash statistics, estimate the associated direct and indirect costs of general aviation incidents, and measure the relative safety of general aviation operations in the state to other modes of transportation; and

(c) compile information relating to general aviation ownership flight operations in other states to identify measures that can be taken to improve safety of residents and non-residents owning or operating a general aviation aircraft within this state.

2. No later than two years after the effective date of this act, the department of transportation shall submit to the governor and the legislature a report on general aviation as described in subdivision 1 of this section.

§ 2. This act shall take effect immediately.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
