§ 4. The superintendent of financial services, in consultation with office of addiction services and supports and the office of mental health, shall review data gathered through the mental health and substance use disorder parity compliance program required under 11 NYCRR 230.3 for every insurer, corporation organized pursuant to article 43 of the insurance law, municipal cooperative health benefit plan certified pursuant to article 47 of the insurance law, health maintenance organization certified pursuant to article 44 of the public health law, or student health plan established or maintained pursuant to section 1124 the insurance law. After such review and review of national best practices for network adequacy for behavioral health, the superintendent of financial services shall update any regulations or guidance regarding network adequacy for all mental health and substance use disorder services. Such updated regulations or guidance shall be based on national best practices and shall include quantitative measures for geographic distance and/or travel time, appointment wait time and provider/enrollee ratios and any other appropriate metric determined by the superintendent to be necessary to ensure access to needed mental health and substance use disorder services. Such regulations shall include a review of the appropriate use of telephonic and telehealth services to supplement in-person services, as well as the adequacy of the network to meet the needs of specific covered groups, including but not limited to, low-income persons, persons with limited English proficiency or illiteracy, diverse cultural or ethnic backgrounds, LGBTQ, persons with disabilities, and children and adults with serious, chronic or complex health conditions, including co-occurring mental health conditions and substance use disorders.

§ 5. The commissioner of health, in consultation with the independent substance use disorder and mental health ombudsman, shall review and update network adequacy requirements for mental health and substance use disorder services covered by managed care plans as part of the periodic reviews of plans network adequacy required by subdivision 11-a of section 4403-f of the public health law. Such review and updated regulations or guidance shall include quantitative measures for geographic
