22 section at the time of retirement, shall be entitled to retire upon
23 completion of twenty years of total creditable service in such titles,

1 1. Upon completion of twenty years of such service and upon retire-
2 ment, each such member shall receive a pension which, together with an
3 annuity for such years of service as provided in paragraph four of this
4 subdivision, shall be sufficient to provide him with a retirement allow-
5 ance of one-half of his final average salary.

6 2. Upon completion of more than twenty years of such service and upon
7 retirement, each such member shall receive, for each year of service in
8 excess of twenty, an additional pension which, together with an annuity
9 for each such year as provided in paragraph four of this subdivision,
10 shall be equal to one-sixtieth of his final average salary, provided,
11 however, that the pension payable pursuant to this section shall not
12 exceed three-quarters of final average salary.

13 3. Upon attainment of the mandatory retirement age without completion
14 of twenty years of such service, each such member shall receive a
15 pension which, together with an annuity for such years of service as
16 provided in paragraph four of this subdivision, shall be equal to one-
17 fortieth of his final average salary for each year of creditable service
18 in such titles. Every such member shall also be entitled to an addi-
19 tional pension equal to the pension for any creditable service rendered
20 while not an employee in such titles as provided under paragraphs three
21 and four of subdivision a of section three hundred seventy-five of this
22 article. This latter pension shall not increase the total allowance to
23 more than one-half of his final average salary.

24 4. The annuity provided under paragraphs one, two and three of this
25 subdivision shall be the actuarial equivalent, at the time of retire-
26 ment, of the member's accumulated contributions based upon the rate of
27 contribution fixed under section three hundred eighty-three of this
28 title and upon the salaries earned while in such service. Such annuity
29 shall be computed as it would be if it were not reduced by the actuarial
30 equivalent of any outstanding loan nor by reason of the member's
31 election to decrease his contributions toward retirement in order to
32 apply the resulting amount toward payment of contributions for old age
33 and survivor's insurance. Any accumulated contributions in excess of the
34 amount required to provide the annuity computed pursuant to this para-
35 graph shall be used to increase the member's retirement allowance.

36 c. Credit for previous service. In computing the years of total cred-
37 itable service for each member described herein, full credit shall be
38 given and full allowance shall be made for service rendered as a police
39 officer or state university peace officer or member of a police force or
40 department of a state park authority or commission or an organized
41 police force or department of a county, city, town, village, police
42 district, authority or other participating employer or member of the
43 capital police force in the office of general services while a member of
44 the New York state and local police and fire retirement system, of the
45 New York state and local employees' retirement system or of the New York
46 city police pension fund and for all service for which full credit has
47 been given and full allowance made pursuant to the provisions of section
48 three hundred seventy-five-h of this article provided, however, that
49 full credit pursuant to the provisions of such section shall mean only
50 such service as would be creditable service pursuant to the provisions
51 of section three hundred eighty-three, three hundred eighty-three-a,
52 three hundred eighty-three-b, as added by chapter six hundred seventy-
53 four of the laws of nineteen hundred eighty-six, three hundred eighty-
54 three-b, as added by chapter six hundred seventy-seven of the laws of
55 nineteen hundred eighty-six, three hundred eighty-three-c or three
56 hundred eighty-three-d of this title or pursuant to the provisions of

1 title thirteen of the administrative code of the city of New York for
2 any member contributing pursuant to this section who transferred to the
3 jurisdiction of the department of environmental conservation including
4 but not limited to environmental conservation officers and forest
5 rangers, regional state park police or state university of New York
6 peace officers.

7 d. Retirement for cause. Upon receipt of a certificate from the head
8 of the entity where such member is employed or his or her designee, a
9 member as described in subdivision a of this section, who has accrued
10 twenty-five or more years of service credit under this section shall be
11 retired on the first day of the second month next succeeding the date
12 such certificate was filed with the comptroller.

13 e. Credit for military service. In computing the years of total cred-
14 itable service full credit shall be given and full allowance shall be
15 made for service of such member in war after world war I as defined in
16 section three hundred two of this article, provided such member at the
17 time of his or her entrance into the armed forces was in police service
18 as defined in subdivision eleven of section three hundred two of this
19 article.

20 f. Transfer of membership to employees' retirement system. Any member
21 currently enrolled pursuant to this section and who previously trans-
22 ferred service credit from the New York state and local employees'
23 retirement system to the New York state and local police and fire
24 retirement system, may elect to transfer such previously transferred
25 service credit back to the New York state and local employees' retire-
26 ment system, and such member shall have the option to retroactively
27 transfer his or her membership into such employees' retirement system.

28 g. The provisions of this section shall be controlling, notwithstand-
29 ing any provision of this article to the contrary.

30 § 2. All past service costs associated with implementing the
31 provisions of this act shall be borne by the state of New York and may
32 be amortized over a period of ten years.

33 § 3. This act shall take effect on the sixtieth day after it shall
34 have become a law.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow any non-seasonally appointed sworn member or officer of the division of law enforcement, a police officer, or forest ranger in the department of environmental conservation; a regional state park police officer; or a university policy officer to become covered by the provisions of a special 20-year retirement plan, which will provide a benefit of one-half of final average salary upon retirement, and an additional benefit of one-sixtieth of final average salary for each year of creditable service in excess of 20 years, not to exceed 12 such years.

If this bill is enacted during the 2022 legislative session, we anticipate that there will be an increase of approximately \$4.5 million in the annual contributions of the State of New York for the fiscal year ending March 31, 2023.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$55.6 million which will be borne by the State of New York as a one-time payment. This estimate is based on the assumption that payment will be made on March 1, 2023. If the State of New York elects to amortize this cost over a 10-year period, the cost for the first year including interest would be \$7.10 million.

These estimated costs are based on 1,168 affected members employed by the State of New York, with annual salary of approximately \$106 million as of March 31, 2021.
