establishing a retirement service credit for volunteer fire or emer-
gency service

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. The retirement and social security law is amended by adding
2 a new article 20-A to read as follows:

ARTICLE 20-A

6 § 1050. New York state volunteer fire or emergency service credit. 1.
7 For purposes of this section, the following terms shall have the follow-
8 ing meanings:

9 (a) "Public retirement system of the state" shall have the same mean-
10 ing as such term is defined pursuant to subdivision twenty-three of
11 section five hundred one of this chapter.

12 (b) "Member" shall mean a member of a public retirement system of the
13 state.

14 2. Notwithstanding any law to the contrary, a member shall be eligible
15 for credit for volunteer fire or emergency service as provided pursuant
16 to this section.

17 3. A member, upon application to a public retirement system of the
18 state, may obtain one year of service credit for every five years of
19 volunteer fire or emergency service provided in the state. A member
20 shall be limited under this section to obtain not more than three years
21 of service credit for a total of fifteen years of volunteer fire or
22 emergency service provided. Proof of volunteer fire or emergency
23 service shall be certified by the volunteer agency for which such member

1 5. To obtain credit pursuant to this section, a member shall pay the
2 appropriate retirement system, for deposit in the fund used to accumu-
3 late employer contributions, a sum equal to the product of the number of
4 years of volunteer fire or emergency service being claimed and three
5 percent of such member's compensation earned during the twelve months of
6 credited service immediately preceding the date that such member made
7 application for credit pursuant to this section. If permitted by rule or
8 regulation of the applicable retirement system, a member may pay such
9 member costs by payroll deduction for a period which shall not exceed
10 the time period of volunteer fire or emergency service to be credited
11 pursuant to this section. In the event such member leaves the employer
12 payroll prior to completion of payment, he or she shall forward all
13 remaining required payments to the appropriate retirement system prior
14 to the effective date of retirement. If the full amount of such member
15 costs is not paid to the appropriate retirement system prior to the
16 member's retirement, the amount of service credited shall be propor-
17 tional to the total amount of the payments made prior to retirement.

18 6. In no event shall the credit granted pursuant to this section, when
19 added to credit granted for volunteer fire or emergency service with any
20 retirement system of this state pursuant to any other provision of law,

22 7. To be eligible to receive credit for volunteer fire or emergency
23 service under this section, a member shall make application for such
24 credit before the effective date of retirement.

25 8. All costs for service credited to a member pursuant to this
26 section, other than the member costs set forth in subdivision five of
27 this section, shall be paid by the state and all employers which partic-
28 ipate in the retirement system in which such member is granted credit.

29 9. Notwithstanding any other provision of law, in the event of death
30 prior to retirement, amounts paid by a member for the purchase of volun-
31 teer fire or emergency service credit pursuant to this section shall be
32 refunded, with interest, to the extent the volunteer fire or emergency
33 service purchased with such amounts does not produce a greater death
34 benefit than would have been payable had such member not purchased such
35 credit.

36 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow members of any New York State retirement system to purchase service credit for time rendered in volunteer fire or emergency service. A member may obtain one year of service credit for every five years of volunteer fire or emergency service, not to exceed three years of total credit. Members must have at least five years of credited service (not including volunteer service). Members would be required to make a payment of three percent of their most recent compensation per year of additional service credit granted by this bill. Service credit would be creditable on regular age-based and special service-based plans. Members may not be credited more than one year for all service obtained in a calendar year.

This bill would not be consistent with the Retirement System's policy that service credit may only be granted for service for which a salary has been paid.

If this bill is enacted, insofar as this proposal affects the New York State and Local Employees' Retirement System (NYSLERS), it is estimated that the past service cost will be 18% of an affected member's compensation for each year of service credit that is purchased. For the

NYSLERS, this cost would be shared by the State of New York and the participating employers in the NYSLERS.

Insofar as this proposal affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), it is estimated that the past service cost will be 22% of an affected member's compensation for each year of service credit that is purchased. For the NYSLPFRS, this cost would be shared by the State of New York and the participating employers in the NYSLPFRS.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.
