STATE OF NEW YORK

1031--C

2021-2022 Regular Sessions

IN SENATE

January 6, 2021

- Introduced by Sens. STEWART-COUSINS, ADDABBO, BIAGGI, HOYLMAN, LIU, MANNION, PARKER, RAMOS, SALAZAR, SANDERS, SEPULVEDA -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- recommitted to the Committee on Environmental Conservation in accordance with Senate Rule 6, sec. 8 -committee discharged, bill amended, ordered reprinted as amended and recommittee discharged, bill amended, ordered reprinted as amended and recommittee discharged, bill amended, ordered reprinted as amended and recommittee discharged, bill amended, ordered reprinted as amended and recommittee discharged, bill amended, ordered reprinted as amended and recommittee to said committee
- AN ACT to amend the environmental conservation law, in relation to the location of environmental facilities

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature finds and declares that 2 each community in the state should equitably share the responsibilities, 3 burdens, and benefits of managing and solving the state's environmental problems and the facilities necessary to accomplish such ends. The 4 5 legislature further declares that there has been an inequitable pattern б in the siting of environmental facilities in minority and economically 7 distressed communities, which have borne a disproportionate and inequitable share of such facilities. Consistent with its commitment to 8 providing equal justice for its citizens, the state has a responsibility 9 to establish requirements for the consideration of such decisions by 10 state and local governments in order to insure equality of treatment for 11 12 all communities.

13 § 2. Section 8-0105 of the environmental conservation law is amended 14 by adding six new subdivisions 9, 10, 11, 12, 13 and 14 to read as 15 follows:

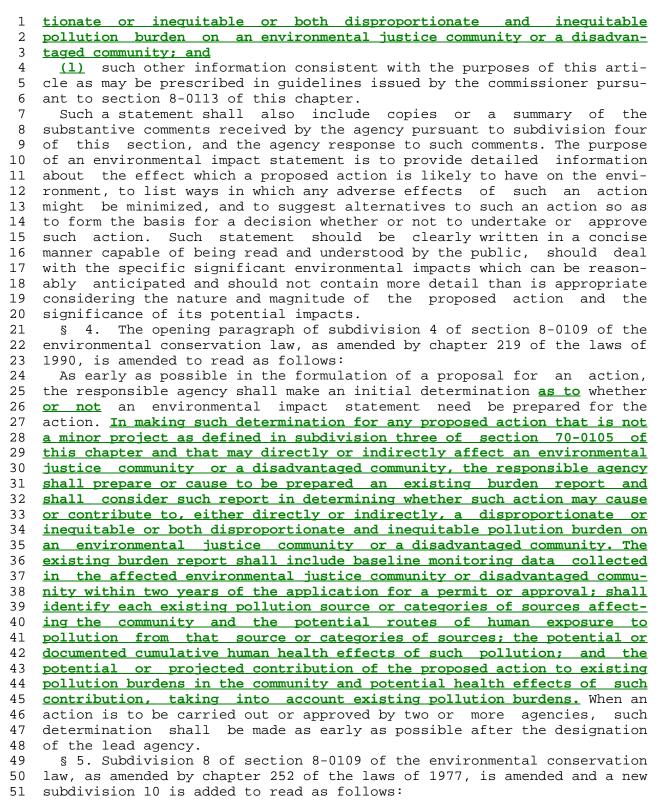

16 <u>9. "Environmental justice community" shall mean an economically</u> 17 <u>distressed or minority community bearing a disproportionate or inequita-</u>

S. 1031--C

ble pollution burden and includes, but is not limited to, environmental 1 2 justice areas identified by the department. 3 10. "Economically distressed area" shall mean an area characterized by 4 a poverty rate of at least twenty percent; or an unemployment rate of at 5 least one hundred twenty-five percent of the statewide unemployment б rate. 7 11. "Disadvantaged community" shall have the same meaning as subdivi-8 sion five of section 75-0101 of this chapter. 9 12. "Minority community" shall mean any census tract, census block, or 10 census block group that includes twenty-five percent or more of any 11 ethnic group. 12 13. "Ethnic group" shall mean those groups identified in the definition of minority group member in subdivision eight of section three 13 14 hundred ten of the executive law. 15 14. "Existing burden report" shall mean the report required by subdivision four of section 8-0109 of this article describing the existing 16 17 pollution burden in an environmental justice community or disadvantaged community. 18 § 3. Subdivision 2 of section 8-0109 of the environmental conservation 19 law, as amended by chapter 219 of the laws of 1990, paragraph (h) 20 as 21 amended by chapter 519 of the laws of 1992, paragraph (i) as added by 22 chapter 182 of the laws of 1990, and paragraph (i) as amended by chapter 23 238 of the laws of 1991, is amended to read as follows: 24 2. All agencies (or applicant as hereinafter provided) shall prepare, 25 or cause to be prepared by contract or otherwise an environmental impact statement on any action they propose or approve which may have a signif-26 27 icant effect on the environment. Such a statement shall include a 28 detailed statement setting forth the following: 29 (a) a description of the proposed action and its environmental 30 setting; 31 (b) the environmental impact of the proposed action including shortterm and long-term effects; 32 33 (c) any adverse environmental effects which cannot be avoided should 34 the proposal be implemented; 35 (d) alternatives to the proposed action; 36 (e) any irreversible and irretrievable commitments of resources which 37 would be involved in the proposed action should it be implemented; 38 (f) mitigation measures proposed to minimize the environmental impact; 39 (g) the growth-inducing aspects of the proposed action, where applica-40 ble and significant; (h) effects of the proposed action on the use and conservation of 41 42 energy resources, where applicable and significant, provided that in the 43 case of an electric generating facility, the statement shall include a 44 demonstration that the facility will satisfy electric generating capaci-45 ty needs or other electric systems needs in a manner reasonably consist-46 ent with the most recent state energy plan and the climate leadership 47 and community protection act; 48 (i) effects of proposed action on solid waste management where appli-49 cable and significant; [and (i) effects of any proposed action on, and its consistency with, 50 51 the comprehensive management plan of the special groundwater protection 52 area program, as implemented by the commissioner pursuant to article 53 fifty-five of this chapter; [and 54 (j) (k) effects of any proposed action on environmental justice 55 communities or disadvantaged communities, including whether the action may cause or contribute to, either directly or indirectly, a dispropor-56

8. When an agency decides to carry out or approve an action which has been the subject of an environmental impact statement, it shall make an explicit finding that the requirements of this section have been met and that consistent with social, economic and other essential considerations, to the maximum extent practicable, adverse environmental effects S. 1031--C

revealed in the environmental impact statement process will be minimized 1 2 or avoided. No action shall be carried out or approved if it may cause or contribute to, either directly or indirectly, a disproportionate or 3 4 inequitable or both disproportionate and inequitable pollution burden on 5 an environmental justice community or a disadvantaged community. б 10. The construction or expansion of any solid waste facility, land-7 fill or transfer facility in an economically distressed area, minority community or disadvantaged community shall be presumed to directly or 8 9 indirectly have an adverse effect on such community and an existing 10 burden report shall be prepared and evaluated prior to taking any 11 action. Transfer facilities where waste is only transferred from vehicle 12 to vehicle shall not be exempt from the requirements of this subdivi-13 sion. 14 Subparagraph (i) of paragraph (c) of subdivision 2 of section § 6. 15 8-0113 of the environmental conservation law, as added by chapter 612 of 16 the laws of 1975, is amended to read as follows: 17 (i) Actions or classes of actions that are likely to require preparation of environmental impact statements, including actions which may 18 cause or contribute to, either directly or indirectly, a dispropor-19 tionate or inequitable or both disproportionate and inequitable 20 21 pollution burden on an environmental justice community or a disadvan-22 taged community; 23 § 7. Subdivision 2 of section 8-0113 of the environmental conservation 24 law is amended by adding a new paragraph (m) to read as follows: 25 (m) The form and content of an existing burden report which shall, at 26 the minimum, include baseline monitoring data collected in the affected 27 environmental justice community or disadvantaged community within two 28 years of the application for a permit or approval and shall identify: 29 (i) each existing pollution source or categories of sources affecting an 30 environmental justice community or a disadvantaged community and the 31 potential routes of human exposure to pollution from that source or 32 categories of sources; (ii) ambient concentration of regulated air 33 pollutants and regulated or unregulated toxic air pollutants; (iii) 34 traffic volume; (iv) noise and odor levels; (v) exposure or potential exposure to lead paint; (vi) exposure or potential exposure to contam-35 36 inated drinking water supplies; (vii) proximity to solid or hazardous 37 waste management facilities, wastewater treatment plants, hazardous waste sites, recycling facilities, waste transfer facilities and petro-38 39 leum or chemical manufacturing, storage, treatment or disposal facilities; (viii) the potential or documented cumulative human health effects 40 of the foregoing pollution sources; (ix) the potential or projected 41 42 contribution of the proposed action to existing pollution burdens in the 43 community and potential health effects of such contribution, taking into 44 account existing pollution burdens. 45 § 8. This act shall take effect on the thirtieth day after it shall 46 have become a law; provided that section three of this act shall not 47 apply to any person who has received an initial determination pursuant 48 to subdivision 4 of section 8-0109 of the environmental conservation law

48 to subdivision 4 of section 8-0109 of the environmental conservation law 49 prior to such date and provided further that section six of this act 50 shall not apply to any determination of significance made prior to such 51 date.
