Such plan shall include: (a) an

1 estimate of total costs to be financed, proposed financing plan,
2 proposed method of financing, terms and conditions of the financing,

10 determining the "city amount" required pursuant to subparagraph (ii) of
11 paragraph a of subdivision 5-b of section 2576 of the education law;
12 provided, however, that this provision shall not otherwise affect the
13 determination of said "city amount" with respect to funding unrelated to
14 projects undertaken pursuant to this act. The plan should also address
15 what specific options would be used to ensure that sufficient resources
16 exist to cover the local share of any such project cost on an annual
17 basis; (b) information concerning the potential persons to be involved
18 in the financing and such person's role and responsibilities; (c) esti-

23 of the criteria to be used for selection of the program manager, the
24 independent compliance officer and all contractors; provided that the
25 RJSCB may extend the contracts of the providers of professional services
26 for phase one or two upon the adoption of findings that doing so would
27 be in the public interest; the contracts of the program manager and the
28 independent compliance officer for phase two will be rebid, and provided
29 further that the program manager and the independent compliance officer
30 and any new or different providers of professional services shall be
31 engaged in compliance with the provisions of section eight of this act;
32 (e) any proposed amendments to the city school district's five-year

36 including appropriate community input and public discussion, and develop
37 strategies that would create and coordinate any efforts to ensure a more
38 diverse workforce for the projects. The ~~[preliminary]~~ diversity plan
39 should address accountability for attainment of the diversity goals,
40 what forms of monitoring would be used, and how such information would
41 be publicly communicated.

42 Prior to the development of the comprehensive school facilities
43 modernization plan, the RJSCB and district shall hold as many public
44 hearings as may be necessary to ensure sufficient public input and allow
45 for significant public discussion on school building needs in such city,
46 with at least one hearing to be held in each neighborhood potentially
47 impacted by a proposed project.

48 All projects proposed in the comprehensive school facilities modern-
49 ization plan shall be included by the city school district as a special
50 section of the district's five-year capital facilities plan that is
51 required pursuant to subdivision 6 of section 3602 of the education law
52 and the regulations of the commissioner.

53 The RJSCB shall submit the components of such comprehensive plan
54 outlined in subdivision (a) of this section to the comptroller, along
55 with any other information requested by the comptroller, for his or her
56 review and approval.

§ 6. Project selection. Notwithstanding any general, special or local law to the contrary and upon approval by the comptroller pursuant to section five of this act, the RJSCB may select projects to be undertaken pursuant to this act, as provided for in such approved comprehensive plan. After the RJSCB has selected a new project and plans and specifications for such project have been prepared and approved by the RJSCB, which are consistent with the approved comprehensive plan, the RJSCB shall deliver such plans and specifications to the superintendent of the city school district and the mayor of the city of Rochester for review to ensure that sufficient resources exist to pay the local share of any such project cost on an annual basis and that the plans meet program needs, and upon the approval of the superintendent, to the commissioner for his or her approval. After approval by the superintendent and commissioner, the plans and specifications shall be returned to the RJSCB. All such specifications shall detail the number of students the completed project is intended to serve, the site description, the types of subjects to be taught, the types of activities for school, recreational, social, safety, or other purposes intended to be incorporated in the school building or on its site and such other information as the RJSCB and the commissioner shall deem necessary or advisable. The district program manager shall establish reasonable guidelines or limits on incidental costs to assure that to the greatest extent possible such costs for each project do not exceed the state's maximum incidental cost allowance, in order to maximize efficient use of state building aid.

Notwithstanding any other provision of law to the contrary, the RJSCB shall submit estimated project costs for the projects authorized pursuant to ~~[subdivision]~~ subdivisions (b) and (c) of section four of this act on a form provided by the commissioner of education after the completion of schematic plans and specifications for review by the commissioner. ~~[If]~~ For projects authorized pursuant to subdivision (b) of section four of this act, if the total project costs associated with such projects exceed the sum of the estimated individual approved cost allowance of each building project by more than the lesser of 43 million dollars or ten percent of the approved costs authorized pursuant to subdivision (b) of section four of this act, and the city school district has not otherwise demonstrated to the satisfaction of the education department the availability of additional local shares for such excess costs, then the RJSCB shall not proceed with the preparation of final plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed the above cost limits. For projects authorized pursuant to subdivision (c) of section four of this act, if the total estimated building aid payable for projects authorized pursuant to subdivision (c) of section four of this act, based upon the sum of the estimated individual approved cost allowance of each building, is less than ninety-five percent of the total project costs, the RJSCB shall not proceed with preparation of final plans and specifications for such projects until the projects have been redesigned or value engineered to reduce estimated costs so as not to exceed this cost limit.

Notwithstanding any other provision of law to the contrary, the RJSCB shall submit estimated project costs for the projects authorized pursuant to subdivision (c) of section four of this act on a form provided by the commissioner after the completion of twenty-five percent of the final plans and specifications for review by the commissioner. If the total estimated building aid payable for projects authorized pursuant to subdivision (c) of section four of this act, based upon the sum of the

estimated individual approved cost allowance of each building, is less than ninety-five percent of the total project costs, the RJSCB shall not proceed with the completion of the remaining seventy-five percent of the plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated costs so as not to exceed this cost limit.

Notwithstanding any other provision of law to the contrary, the RJSCB shall submit estimated project costs for the projects authorized pursuant to ~~[subdivision]~~ subdivisions (b) and (c) of section four of this act on a form provided by the commissioner after the completion of fifty percent of the final plans and specifications for review by the commissioner. ~~[If]~~ For projects authorized pursuant to subdivision (b) of section four of this act, if the total project costs associated with such projects exceed the sum of the estimated individual approved cost allowance of each building project by more than the lesser of 43 million dollars or ten percent of the approved costs authorized pursuant to subdivision (b) of section four of this act, and the city school district has not otherwise demonstrated to the satisfaction of the education department the availability of additional local share for such excess costs, then the RJSCB shall not proceed with the completion of the remaining fifty percent of the plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed the above cost limits. For projects authorized pursuant to subdivision (c) of section four of this act, if the total estimated building aid payable for projects authorized pursuant to subdivision (c) of section four of this act, based upon the sum of the estimated individual approved cost allowance of each building, is less than ninety-five percent of the total project costs, the RJSCB shall not proceed with the completion of the remaining fifty percent of the plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed this cost limit.

Notwithstanding any other provision of law to the contrary, the RJSCB shall submit estimated project costs for the projects authorized pursuant to subdivision (c) of section four of this act on a form provided by the commissioner after the completion of seventy-five percent of the final plans and specifications for review by the commissioner. If the total estimated building aid payable for projects authorized pursuant to subdivision (c) of section four of this act, based upon the sum of the estimated individual approved cost allowance of each building, is less than ninety-five percent of the total project costs, the RJSCB shall not proceed with the completion of the remaining twenty-five percent of the plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed this cost limit.

§ 9. Contracts generally. Notwithstanding the provisions of any general, special, or local law or judicial decision to the contrary:

(a) The RJSCB may require a contractor, as a condition to being awarded a contract, subcontract, lease, grant, bond, covenant or other agreement for a project to enter into a project labor agreement for the work involved with such project when such requirement is made part of the bid specifications for the project and when the RJSCB determines that the record supporting the decision to enter into such an agreement establishes that it is justified by the interests underlying the competitive bidding laws. In addition, the RJSCB may revise and extend the requirements of the project labor agreement entered into for phase one

1 projects to the projects authorized in phase [~~two~~] **three**, contingent
2 upon the completion of a supplemental project labor agreement benefit
3 analysis.

4 (b) Any contract, subcontract, lease, grant, bond, covenant or other
5 agreement for projects undertaken pursuant to this act shall not be
6 subject to section 101 of the general municipal law when the RJSCB has
7 chosen to require a project labor agreement, pursuant to subdivision (a)
8 of this section. This exemption shall only apply to the projects under-
9 taken pursuant to this act and shall not apply to projects undertaken by
10 any other school district or municipality unless otherwise specifically
11 authorized.

12 (c) Whenever the RJSCB enters in a contract, subcontract, lease,
13 grant, bond, covenant or other agreement for the construction, recon-
14 struction, demolition, excavation, rehabilitation, repair, renovation,
15 alteration, or improvement for a project undertaken pursuant to this
16 act, it shall be deemed to be a public works project for the purposes of
17 article 8 of the labor law, and all the provisions of article 8 of the
18 labor law shall be applicable to all the work involved with such project
19 including the enforcement of prevailing wage requirements by the state
20 department of labor.

21 (d) Every contract entered into by resolution of the RJSCB for
22 construction or reconstruction of a project pursuant to this act shall
23 contain a provision that the design of such project shall be subject to
24 the review and approval of the city school district and that the design
25 and construction standards of such project shall be subject to the
26 review and approval of the commissioner. In addition, every such
27 contract for construction or reconstruction shall contain a provision
28 that the contractor shall furnish a labor and material bond guaranteeing
29 prompt payment of moneys that are due to all persons furnishing labor
30 and materials pursuant to the requirements of any contracts for a
31 project undertaken pursuant to this section and a performance bond for
32 the faithful performance of the project, which shall conform to the
33 provisions of section 103-f of the general municipal law, and that a
34 copy of such performance and payment bonds shall be kept by the RJSCB
35 and shall be open to public inspection.

36 (d-1) Any contract entered into by resolution of the RJSCB pursuant to
37 this section shall contain a provision providing that: (i) payment due
38 on such contract shall be withheld where the contractor has not provided
39 necessary information for the RJSCB to comply with the reporting
40 requirements of this act, as determined by the department; and shall
41 continue to be withheld until such information is provided satisfactory
42 to the department; and (ii) such withholding shall not constitute a
43 breach of contract entitling the contractor to terminate such contract
44 or to be awarded damages.

45 (e) For the purposes of article 15-A of the executive law, any person
46 entering into a contract for a project authorized pursuant to this act
47 shall be deemed a state agency as that term is defined in such article
48 and such contracts shall be deemed state contracts within the meaning of
49 that term as set forth in such article.

50 (f) Notwithstanding the provisions of this act or of any general or
51 special law to the contrary, for any contract, subcontract, lease,
52 grant, bond, covenant or other agreement for construction, recon-
53 struction, demolition, excavation, rehabilitation, repair, renovation,
54 alteration, or improvement with respect to each project undertaken
55 pursuant to this act, the RJSCB shall consider the financial and organ-
56 izational capacity of contractors and subcontractors in relation to the

1 magnitude of work they may perform, the record of performance of
2 contractors and subcontractors on previous work, the record of contrac-
3 tors and subcontractors in complying with existing labor standards and
4 maintaining harmonious labor relations, and the commitment of contrac-
5 tors to work with minority and women-owned business enterprises pursuant
6 to article 15-A of the executive law through joint ventures or subcon-
7 tractor relationships. The RJSCB shall further require, on any contract

36 satisfactorily completed.

37 (b) The program manager, and its affiliates or subsidiaries, if any,
38 shall be prohibited from awarding contracts or being awarded contracts

41 the reconstruction, rehabilitation or renovation of a project pursuant
42 to this act shall be awarded pursuant to public bidding in compliance
43 with section 103 of the general municipal law.

44 (c) Any contract entered into by resolution of the RJSCB to hire a
45 program manager pursuant to this section shall contain a provision
46 providing that: (i) payment due on such contract shall be withheld where
47 the program manager has not provided necessary information for the RJSCB
48 to comply with the reporting requirements of this act, as determined by
49 the department, and shall continue to be withheld until such information
50 is provided satisfactory to the department; and (ii) such withholding
51 shall not constitute a breach of contract entitling the program manager
52 to terminate such contract or to be awarded damages.

53 (d) All records of the program manager related to the RJSCB shall be
54 subject to the city school district's annual external audit as set forth
55 in subdivision three of section twenty-one hundred sixteen-a of the
56 education law and shall be subject to audits of the state conducted by

the comptroller as set forth in section thirty-three of the general municipal law.

§ 11. Independent compliance officers. All contracts entered into by resolution of the RJSCB for projects for phase two and phase three undertaken by this act shall be monitored by an independent compliance officer. 14 rarily withhold the allotment, apportionment and payment of state aid
15 and assistance pursuant to the education law from the city school
16 district until such time that the RJSCB has complied with such require-
17 ments. Provided further that in the event state aid is temporarily with-
18 held from the city school district due to reporting deficiencies as
19 provided in this section, state aid payments shall continue to be
20 subject to withholding pursuant to section 99-b of the state finance law
21 should the city school district default in the payment of the principal
22 of its bonds or notes issued for purposes of this act or the payment of
23 interest on such bonds or notes or in the payment of both principal of
