STATE OF NEW YORK

2103

2021-2022 Regular Sessions

IN SENATE

January 19, 2021

Introduced by Sen. SEPULVEDA -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to the use of psychotropic medications in nursing homes and adult care facilities

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. The public health law is amended by adding a new section
2	280-d to read as follows:
3	§ 280-d. Use of psychotropic medications in nursing homes and adult
4	care facilities. 1. As used in this section:
5	(a) "psychotropic medication" means a drug that affects brain activ-
б	ities associated with mental processes and behavior, including, but not
7	limited to, antipsychotics, antidepressants, antianxiety drugs or anxio-
8	lytics, and hypnotics;
9	(b) "lawful representative" means, where a patient lacks capacity to
10	consent to health care, a person authorized to consent on behalf of the
11	patient, including, but not limited to, a health care agent authorized
12	by a health care proxy under article twenty-nine-C of this chapter or a
13	<u>surrogate under article twenty-nine-CC of this chapter;</u>
14	(c) "increase" when used in relation to an order for a psychotropic
15	medication, means an increase of the dosage or duration of the medica-
16	tion above the dosage or duration covered by the currently active
17	consent;
18	<u>(d) "health care professional" means a health care professional,</u>
19	licensed, certified or authorized to practice under title eight of the
20	education law, acting within his or her lawful scope of practice, who
21	has authority to order a psychotropic medication; and
22	<u>(e) "patient" means an individual who is a resident of a residential</u>
23	health care facility as defined in article twenty-eight of this chapter,
24	or an adult care facility certified under section four hundred sixty-
25	one-b of the social services law.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD00036-01-1

S. 2103

1	2. (a) An order for a psychotropic medication shall include the
2	dosage, frequency, and duration of the order which shall not exceed
3	fourteen days. A health care professional may not order or increase an
4	order for a psychotropic medication for a patient unless the health care
5	professional has obtained the written informed consent of the patient or
б	the patient's lawful representative, or is acting pursuant to an order
7	under this section, or is acting under subdivision three of this
8	section. Where a patient lacks capacity to consent to health care and
9	lacks a lawful representative, an order or increase of an order under
10	this section shall be subject to subdivision four of section twenty-nine
11	hundred ninety-four-g of this chapter as if the patient were an inpa-
12	tient of a general hospital. To constitute informed consent, the follow-
13	ing disclosure shall be given to the patient or, where the patient lacks
14	capacity to consent to health care, the patient's lawful representative,
15	in a clear and explicit manner:
16	(i) the reason for the medication, including the nature and serious-
17	ness of the patient's illness, disorder or condition that the medication
18	is intended to treat;
19	(ii) the anticipated benefit from the medication, and the dosage,
20	frequency, and duration of the order;
21	(iii) the probability of side effects and significant risks of the
22	medication, including the nature, degree, and duration of such effects
23	and reasonably known risks;
24	(iv) the reasonable alternative treatments to the proposed medication
25	and the reason that the health care professional prefers the proposed
26	medication in this instance; and
27	(v) that the patient or lawful representative has the right to consent
28	or refuse consent to use of the proposed medication, and that if he or
29	she consents, he or she has the right to revoke his or her consent for
30	any reason, at any time, including a description of how the consent
31	shall be revoked.
32	(b) The health care professional shall document in the patient's
33	medical record the date and time that the informed consent disclosure
34	was provided, and to whom and by whom it was provided, and include the
35	written consent.
36	
·) 🖵	(c) Where the patient's medical record notes that a family member has
37 20	(c) Where the patient's medical record notes that a family member has requested notification of medication orders, and such notification is
