The People of the State of New York, represented in Senate and Assembly, do enact as follows:

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for aid to localities may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2021 except as otherwise noted.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for

the fiscal year beginning April 1, 2021. Certain reappropriations in
this chapter are shown using abbreviated text, with three leader dots
(an ellipsis) followed by three spaces (..., ) used to indicate where
existing law that is being continued is not shown. However, unless a
change is clearly indicated by the use of brackets [+] for deletions and
underscores for additions, the purposes, amounts, funding source and all
other aspects pertinent to each item of appropriation shall be as last
appropriated.

For the purpose of complying with the state finance law, the year,
chapter and section of the last act reappropriating a former original
appropriation or any part thereof is, unless otherwise indicated, chap-
ter 53, section 1, of the laws of 2020 and, for the department of
health, chapter 50, section 3, of the laws of 2020.

d) No moneys appropriated by this chapter shall be available for
payment until a certificate of approval has been issued by the director
of the budget, who shall file such certificate with the department of
audit and control, the chairperson of the senate finance committee and
the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, prior to the
expenditure of any funds received by the Federal government in response
to the COVID-19 public health emergency pursuant to the authority grant-
ed in any appropriation set forth herein, the director of the budget may
require that the agency or public authority making such expenditures
submit an allocation plan to the director of the budget for approval.
Approved allocation plans shall be provided to the president pro tempore
of the senate and the speaker of the assembly within 30 days of
approval. Such allocation plan must comport with any minimum Federal
requirements for the expenditure of such funds.

f) Notwithstanding any provision of law to the contrary, for purposes
of any appropriation made by this chapter which authorizes spending in
an amount net of refunds, rebates, reimbursements, credits, repayments,
and/or disallowances, "refunds" shall mean funds received to the state
resulting from the overpayment of monies, "rebates" shall mean funds
received to the state resulting from a return of a full or partial
amount previously paid, as for goods or services, serving as a
reduction, discount or rebate to the original payment amount,
"reimbursements" shall mean funds received to the state as repayment in
an equivalent amount for goods or services, including but not limited to
personal service costs, incurred by the state in the first instance
being provided to a third party for their benefit and partially or in
full financed by such third party, "credit" shall mean monies made
available to the state that reduce the amount owed to a third party,
including but not limited to billing errors, rebates, and prior overpay-
ments, "repayment" shall mean the return of monies as pay back for
expenses incurred, and "disallowance" shall mean monies made available
to the state that were not allowed or accepted officially by the
intended recipient, based on a determination the payment is not accepta-
ble and/or valid. When the office of the state comptroller receives any
such refunds, rebates, reimbursements, credits, repayments, and/or
disallowances, he or she shall credit the refunded, rebated, reimbursed,
credited, repaid, and disallowed amount back to the original appropri-
ation and reduce expenditures in the year which such credit is received
regardless of the timing of the initial expenditure.

g) Notwithstanding any other provision of law to the contrary, if the
state or any agency thereof incurs any costs associated with administer-
ing the rent regulation program in accordance with subdivision (c) of
section 8 of chapter 576 of the laws of 1974, as amended, for a city having a population of one million or more, the director of the budget may direct any other state agency or agencies making payments to such city, or any department, agency, or instrumentality thereof, to permanently reduce the amount of any other payment or payments owed to such city or any department, agency, or instrumentality thereof pursuant to any appropriation set forth in this chapter. Provided however, that such reduction shall be in an amount equal to the costs incurred by the state or agency thereof in accordance with subdivision (c) of section 8 of chapter 576 of the laws of 1974 and provided further that such direction shall be made in writing by the director of the budget. If the director of the budget makes such direction pursuant to the authority set forth herein, the impacted city shall not make the payments required by subdivision (c) of section 8 of chapter 576 of the laws of 1974, and the division of housing and community renewal shall notify such city in writing of what payment or payments will be reduced and the amount of such reduction. To the extent a city of one million or more or any department, agency, or instrumentality thereof is entitled to any cash disbursement authorized by any appropriation contained in this chapter, such entitlement shall be reduced commensurate with reductions in payments made in accordance with this part.

h) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2021 containing the aid to localities budget bill for the state fiscal year 2021-2022, all appropriations and reappropriations contained in chapter 53 of the laws of 2020, which would otherwise lapse by operation of law on March 31, 2022 are hereby repealed.

i) Notwithstanding any provision contained herein or any other law to the contrary, the budget director may withhold up to 50 percent of funds appropriated herein, including amounts that are to be paid on specific dates prescribed in law or regulation, from any local government entity which has a police agency operating with police officers as defined under 1.20 of the criminal procedure law who, by April 1, 2021, fails to submit to the budget director the certification required by Executive Order 203 issued on June 12, 2020 and titled "New York State Police Reform and Reinvention Collaborative". The Director of the Budget shall discontinue and reverse any withhold made pursuant to this provision upon receipt of the certification required by Executive Order 203. To the extent the State is obligated to make payment to any local government entity which has a police agency operating with police officers as defined under 1.20 of the criminal procedure law pursuant to any appropriation contained herein, such obligation shall be reduced commensurate with the amount of payments withheld for the amount of time such payments are withheld by the director of the budget pursuant to this provision.

j) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2021 except as otherwise noted.

For the purposes of this appropriation:

Provided further that within 45 days of

Provided further that any apportionment withheld pursuant to this appropriation shall not have any effect on the base year calculation for use in the subsequent school year.

Notwithstanding any inconsistent provision of law, for the 2021-22 school year, any school district with an underfunded high-

For support of elementary and secondary
education from the elementary and second-

ed by the American rescue plan act of 2021
(P.L. 117-2) providing support for elemen-
tary and/or secondary education in
response to the COVID-19 public health
emergency.

Notwithstanding any provision of law to the
contrary, funds not otherwise allocated to
local educational agencies pursuant to
section 2001(d)(1) of the American rescue
plan act of 2021 shall be allocated as
follows, pursuant to a plan developed by
the commissioner of education and approved
by the director of the budget:

(i) $629,214,659 for learning loss grants to
eligible school districts to implement (1)
evidence-based activities to address
learning loss, such as summer learning or
summer enrichment, extended day, compre-
hensive after-school programs, or extended
school year programs; (2) evidence-based
summer enrichment programs; and (3)
evidence-based comprehensive after-school
programs; provided that such activities
shall respond to students' academic,
social, and emotional needs and address
the disproportionate impact of the corona-
virus on the student subgroups described
in section 1111(b)(2)(B)(xi) of the
elementary and secondary education act of
1965, students experiencing homelessness,
and children and youth in foster care.
Provided that, notwithstanding any provision of law to the contrary, for the 2021-22 school year, eligible school districts shall receive learning loss grants in aid equal to the positive difference, if any, of the base ARPA allocation less 90 percent of the funds from the elementary and secondary school emergency relief fund made available to school districts pursuant to the American rescue plan act of 2021, but not less than $700,000, and not more than $10,000,000 or 10 percent of the total expenditures from the district's general fund for the 2020-21 school year, whichever is less. School districts where the base ARPA allocation is less than or equal to 90 percent of the funds from the elementary and secondary school emergency relief fund made available to school districts pursuant to the American rescue plan act of 2021 shall not be eligible for these grants. Such grant funds shall remain available for obligation by such school districts until the deadline therefor prescribed in federal law. Provided further that, for purposes of this appropriation:

(1) The "base ARPA allocation" shall be equal to the product of the adjusted per pupil amount multiplied by public school district enrollment for the base year as computed pursuant to paragraph n of subdivision 1 of section 3602 of education law. The "adjusted per pupil amount" shall be equal to the product of (a) $4,550.26 multiplied by (b) the regional cost index calculated in 2018, reflecting an analysis of labor market costs based on median salaries in professional occupations that require similar credentials to those of positions in the education field, but not including those occupations in the education field, multiplied by (c) the modified EN index, and multiplied by (d) the learning loss wealth factor.

(2) The "learning loss wealth factor" shall be equal to the positive difference, if any, of 0.75 less the product of 0.5 multiplied by the combined wealth ratio computed pursuant to subparagraph 1 of paragraph c of subdivision 3 of section 3602 of education law.
(3) The "modified EN index" shall be equal to the modified EN percent divided by the statewide average modified EN percent, provided that for the 2021-22 school year, the statewide average modified EN percent shall be equal to 0.5565.

(4) The "modified EN percent" shall be equal to the modified EN count divided by public school district enrollment for the base year computed pursuant to paragraph n of subdivision 1 of section 3602 of education law.

(5) The "modified EN count" shall equal the sum of (a) the product of 0.5 multiplied by the English language learner count computed pursuant to paragraph o of subdivision 1 of section 3602 of education law, plus (b) the sparsity count computed pursuant to paragraph r of subdivision 1 of section 3602 of education law, plus (c) the product of 0.65 multiplied by the 3-year average small area income and poverty estimate rate computed pursuant to paragraph mm of subdivision 1 of section 3602 of education law and multiplied further by public school district enrollment for the base year as computed pursuant to paragraph n of subdivision 1 of section 3602 of education law, plus (d) the product of 0.65 multiplied by the 3-year average economically disadvantaged rate defined pursuant to paragraph ll of subdivision 1 of section 3602 of education law and multiplied further by public school district enrollment for the base year as computed pursuant to paragraph n of subdivision 1 of section 3602 of education law.

Provided further that districts receiving learning loss grants shall use (a) 14.286 percent of such grants for implementation of evidence-based summer enrichment programs; (b) 14.286 percent for implementation of evidence-based comprehensive after-school programs; and (c) the remaining funds for activities to address learning loss by supporting the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs. School districts shall ensure
that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

(ii) $195,000,000 for new full-day 4-year-old universal prekindergarten expansion grants as prescribed in subdivision 19 of section 3602-e of education law. For purposes of this appropriation, districts shall be eligible to receive a grant amount equal to twice the product of expansion slots multiplied by selected aid per prekindergarten pupil calculated pursuant to subparagraph i of paragraph b of subdivision 10 of section 3602-e of education law for the 2021-22 school year, and provided further that funds paid from this appropriation shall not exceed the total actual grant expenditures incurred by the school district in the current school year as approved by the commissioner. Grantees awarded funds from this appropriation shall comply with all of the same rules and requirements as the universal prekindergarten programs pursuant to section 3602-e of education law. Provided further that, for purposes of this appropriation:

(1) For eligible school districts, the preliminary slot count shall be equal to the positive difference of (1) the product of 0.3504 and unserved 4-year-old prekindergarten pupils calculated pursuant to subparagraph iv of paragraph b of subdivision 10 of section 3602-e of education law less (2) the sum of (a) full day 4-year-old prekindergarten pupils served in the 2019-20 school year served pursuant to section 3602-e of education law plus (b) students served in full-day prekindergarten programs funded by grants pursuant to section 3602-ee of education law in the 2019-20 school year. If such preliminary slot count is less than 10, the expansion slots shall be 0; if such preliminary slot count is greater than or equal to 10 but less than 20, the expansion slots shall be 20; for all other eligible districts, the
expansion slots shall equal the preliminary slot count.

(2) For the 2021-22 school year, school districts shall be eligible for a grant amount if (1) the combined wealth ratio computed pursuant to subparagraph 1 of paragraph c of subdivision 3 of section 3602 of education law is less than 2.0 and (2) the quotient arrived at when dividing (i) the sum of (a) full day and half day 4-year-old prekindergarten pupils served in the 2019-20 school year served pursuant to section 3602-e of education law plus (b) students served in full-day prekindergarten programs funded by grants pursuant to section 3602-ee of education law in the 2019-20 school year by (ii) unserved four-year-old prekindergarten pupils calculated pursuant to subparagraph iv of paragraph b of subdivision 10 of section 3602-e of education law is less than 0.5.

(3) Maintenance of Effort. Where a school district serves fewer 4-year-old prekindergarten pupils in full-day programs funded by the Full-day 4-year-old universal prekindergarten expansion pursuant to this appropriation than the number of expansion slots as defined in this appropriation, the school district shall have its current year Full-day 4-year-old universal prekindergarten expansion payment reduced to an amount equal to the product of (i) the Full-day 4-year-old universal prekindergarten expansion multiplied by (ii) the quotient of 4-year-old prekindergarten pupils served in programs funded by the Full-day 4-year-old universal prekindergarten expansion divided by the number of expansion slots. Provided that funds provided pursuant to this appropriation shall only be used to supplement and not supplant current local expenditures of state or local funds on prekindergarten programs.

(4) Notwithstanding any inconsistent provision of law, for the purposes of determining the prekindergarten allocation on the electronic data file prepared by the commissioner pursuant to subdivision 21 of section 305 of education law for the 2021-22 school year, the commissioner is directed to include the grant amounts
awarded pursuant to this appropriation in the amount set forth for such school district as "UNIVERSAL PRE-KINDERGARTEN." (iii) $15,000,000 for universal prekindergarten expansion grants for prekindergarten programs serving four-year-old students in new full-day placements operating in the 2021-22 school year, based on a request for proposals, in which all school districts would be eligible to apply, developed by the commissioner and approved by the director of the budget, provided further that the commissioner of education shall evaluate applications and make awards on a competitive basis based on merit and factors including, but not limited to, the following: (i) measures of the need of students to be served by the school district, (ii) the school district's proposal to target the highest need schools and students, (iii) the extent to which the district's proposal would prioritize funds to maximize the total number of eligible children in the district served in pre-kindergarten programs, (iv) proposal quality, and (v) the level of existing prekindergarten services in the district. Provided that funds appropriated herein shall only be awarded to school districts which meet the requirements of section 3602-ee of the education law.

Provided that grants awarded pursuant to this request for proposal process shall be equal to $7,000 per pupil for students served by teachers without a certificate valid for service in early childhood grades and $10,000 per pupil for students served by teachers with valid certificates for service in early childhood grades. Programs shall (i) provide instruction for at least five hours per school day for full-day pre-kindergarten programs; (ii) agree to offer instruction consistent with applicable New York state prekindergarten early learning standards; and (iii) otherwise comply with all of the same rules and requirements as the statewide universal prekindergarten programs pursuant to section 3602-ee of the education law except as modified herein.
Provided further that funds appropriated herein shall only be used to supplement and not supplant current local expenditures of federal, state or local funds on pre-kindergarten programs and the number of placements in such programs from such sources and that current local expenditures shall include any local expenditures of federal, state or local funds used to supplement or extend services provided directly or via contract to eligible children enrolled in a universal pre-kindergarten program in accordance with section 3602-e of the education law. Notwithstanding any provision of law to the contrary, programs that provide services for fewer than 180 days will be subject to the provisions of subdivision 16 of section 3602-e of the education law.

(iv) $35,000,000 for city school districts in a city having a population of one million or more; and

(v) $24,663,589 for administrative costs of the state education department, provided that, notwithstanding any provision of law to the contrary, upon approval of the director of the budget, the funds hereby made available may be transferred to the credit of the state purposes account of the state education department for purposes of administration of this program.

Funds appropriated herein shall be subject to all applicable federal reporting and accountability requirements. Provided further that such funds shall be deemed grants in aid and the state comptroller shall prescribe that any monies received by school districts from such funds shall be recorded and reported as special aid funds of the district.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, this appropriation shall remain in full force and effect to the maximum extent allowed by law ...................... 8,988,781,000

Initial allocations shall be determined based on notices of intent submitted by nonpublic schools, and only those schools that submit such notice shall be eligible for an allocation. In the event that not all schools that submitted a notice of intent submit an application by the deadline established in such plan, allocations may be revised based on the approved allocation methodology after all applications are received.

Notwithstanding any inconsistent provision of law, rule, or regulation, the state education department shall be authorized to reimburse each participating eligible nonpublic school for approved expenses of any eligible services or assistance requested by the school to the extent permitted by federal law, and to provide eligible services or assistance to a nonpublic school either directly or through one or more non-competitive agreements, subject to the approval of the director of the budget, provided that any services and assistance purchased by the state education department on behalf of a nonpublic school through this program shall be exempt from the requirements of sections 112 and 163 of the state finance law, and section 142 of the economic development law.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2021-22 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law except a chapter of the laws of 2021 authorizing a 1 percent cost of living adjustment increase, but including section 1 of part C of chapter 57 of the laws of 2006, as amended by section 1 of part I of chapter 60 of the laws of 2014, for the period commencing on April 1, 2021 and ending March 31, 2022 the director shall not apply any other cost of living adjustment for the purpose of establishing
rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2021 through March 31, 2022 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2020 that are submitted on or before January 2, 2021 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that
district's block grant apportionment for
the next state fiscal year.
The office of children and family services,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share
dercrease related to federal retroactive
reimbursement for such foster care
services identified herein. The office,
with the approval of the director of the
budget, may reduce a district's block
grant allocation by the state share of
disallowances or sanctions taken against
the district pursuant to the social
services law or federal law.
Notwithstanding any other provision of law,
the state shall not be responsible for
reimbursing a social services district and
a district shall not seek state reimburse-
ment for any portion of any state disal-
lowance or sanction taken against the
social services district, or any federal
disallowance attributable to final federal
agency decisions or to settlement made, on
or after July 1, 1995, when such disallow-
ance or sanction results from the failure
of the social services district to comply
with federal or state requirements,
including, but not limited to, failure to
document eligibility for federal or state
funds in the case record; provided, howev-
er, if the office determines that any
federal disallowance for services provided
between January 1, 1999 and May 31, 1999
results solely from the late enactment of
the state legislation implementing the
federal adoption and safe families act,
the state shall be solely responsible for
the full amount of the disallowance or
sanction; provided, further, however, this
provision shall be deemed to apply both
prospectively and retroactively regardless
of whether such sanctions or disallowances

prior to or after April 1, 2021.
Notwithstanding any other provision of law,
any federal disallowance resulting from a
federal title IV-E eligibility review or
audit that uses extrapolated statistic
techniques shall be passed along by the
state to any and all social services
districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total
applicable statewide title IV-E claims. The amount of the offset against each
district will be adjusted, if necessary, upon completion of the disallowance allo-
cation process. The final allocation of the amount of any federal disallowance
resulting from a title IV-E secondary eligibility review shall be allocated
among the districts so that each district shall be responsible for the amount
attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services'

re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time
frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

For services and expenses for supportive
social services provided pursuant to title
XX of the federal social security act.
Notwithstanding any other provision of
law, the moneys hereby appropriated shall
be apportioned by the office of children
and family services to local social
services districts, to reimburse local
district expenditures for supportive
services and training subject to the
approval of the director of the budget;
provided, however, that reimbursement to
social services districts for eligible
expenditures for services incurred during
a particular federal fiscal year will be
limited to expenditures claimed by March
31 of the following year.

Notwithstanding any other provision of law,
of the funds available herein, including
any funds transferred from the temporary

to the title XX block grant, $66,000,000
shall be allocated to social services
districts, solely for reimbursement of
expenditures for the provision and admin-

Notwithstanding any other provision of law to the contrary, of the amount appropriated herein a portion of funds may be set aside by the office of children and family services to be utilized by local departments of social services for eligible expenditures pursuant to Subtitle B of Title XX of the Social Security Act, otherwise known as the Elder Justice Act, as authorized and funded through the Coronavirus Response and Relief Supplement Appropriations Act of 2021; any such funds shall be spent and claimed for in a manner and at such time as directed by the office of children and family services.

Funds appropriated herein shall be available for aid to municipalities and for payments to the federal government for expenditures made pursuant to the social services law and the state plan for individual and family grant program under the disaster relief act of 1974.

The funds hereby appropriated are to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disa-
bility assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund – local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

6 FAMILY AND CHILDREN'S SERVICES PROGRAM
By chapter 53, section 1, of the laws of 2020:
Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.
Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.
Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.
Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are
otherwise reimbursable by the state from April 1, 2020 through March 31, 2021 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2019 that are submitted on or before January 2, 2020 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law. Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be sole-
ly responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2020.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the
federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete
its sample review in the required time frames shall have no right to
appeal and shall not be a necessary party to any action brought by
another social services district.
The money hereby appropriated is to be available for payment of state
aid heretofore accrued or hereafter to accrue to municipalities.
Subject to the approval of the director of the budget, such funds
shall be available to the office net of disallowances, refunds,
reimbursements, and credits.
Notwithstanding any inconsistent provision of law, the amount herein
appropriated may be transferred to any other appropriation within
the office of children and family services and/or the office of
temporary and disability assistance and/or suballocated to the
office of temporary and disability assistance for the purpose of
paying local social services districts' costs of the above program
and may be increased or decreased by interchange with any other
appropriation or with any other item or items within the amounts
appropriated within the office of children and family services
general fund - local assistance account with the approval of the
director of the budget who shall file such approval with the depart-
ment of audit and control and copies thereof with the chairman of
the senate finance committee and the chairman of the assembly ways
and means committee.
Notwithstanding any inconsistent provision of law, in lieu of payments
authorized by the social services law, or payments of federal funds
otherwise due to the local social services districts for programs
provided under the federal social security act or the federal food
stamp act, funds herein appropriated, in amounts certified by the
state comptroller or the state commissioner of health as due from
local social services districts each month as their share of
payments made pursuant to section 367-b of the social services law
may be set aside by the state comptroller in an interest bearing
account with such interest accruing to the credit of the locality in
order to ensure the orderly and prompt payment of providers under
section 367-b of the social services law pursuant to an estimate
provided by the commissioner of health of each local social services
district's share of payments made pursuant to section 367-b of the
social services law.
Notwithstanding the provisions of any other law to the contrary, the
office of children and family services may, on behalf of social
services districts, make payments to foster boarding homes paid
directly by social services districts by direct deposit or debit
card. Local social services districts shall reimburse the office for
the costs of administering such direct deposit or debit card
payments.
Notwithstanding any inconsistent provision of the social services law
or the state finance law, the office of children and family services
shall, on a quarterly basis, request that the office of temporary
and disability assistance reimburse the office of children and fami-
ly services for the non-federal share of the costs of administering
such direct deposit or debit card payments to capture the local
share of such costs.
Notwithstanding any other provision of law to the contrary, amounts due and owing to a social services district under this appropriation, may be reduced up to such amounts due and owing to the state under section 529 of the executive law (13997) .................

Notwithstanding any other provision of law, the amount appropriated  
herein shall be available to reimburse for 98 percent of 65 percent  
of eligible social services district expenditures that are claimed  
by March 31, 2015 for those community preventive services provided  
from October 1, 2013 through September 30, 2014 at a cost that does  
not exceed the cost that was in effect on October 1, 2008 and that a  
social services district can demonstrate had been approved by the  
ofice of children and family services on or before October 1, 2008;  
provided, however, that should insufficient funds be available to  
provide state reimbursement for 98 percent of 65 percent of such  
costs, reimbursement shall be made proportionally to each district  
based on the percentage of their total eligible claims to the amount  
appropriated; and, provided further, however, that if the amount  
appropriated exceeds the amount of funds necessary to reimburse 98  
percent of 65 percent of the eligible social services district  
expenditures, the office may, to the extent funds are available,  
provide reimbursement for 98 percent of 65 percent of eligible  
social services district expenditures for new community preventive  
services programs approved by the office and only up to the amounts  
approved by the office. A local social services district seeking  
federal and/or state reimbursement for community preventive services
provided on or after October 1, 2013 must submit claims that separately identify the costs of such services in a form and manner and at such times as are required by the department of family assistance and that information regarding outcome based measures that demonstrate quality of services provided and program effectiveness be submitted to the office of children and family services in a form and manner and at such times as required by the office. Of the amount appropriated herein, up to $1 million may be used to provide additional funding to an eligible program or programs with evaluation results that show program effectiveness and demonstrate private monetary support as determined by the office of children and family services and approved by the director of the budget (13999) ... 12,124,750 ........................................ Notwithstanding any inconsistent provision of law, the amount appropriated herein shall be available under the supervision and treatment services for juveniles program for 62 percent state reimbursement to counties and the city of New York for eligible expenditures for the provision and administration of eligible supervision and treatment services for juveniles programs during the period of April 1, 2014 through March 31, 2015 that have been approved by the office of children and family services pursuant to a plan approved by the director of the budget; provided, however, if a municipality is unable to use or claim all of its allocation for such program period within the required time frames, the municipality may apply to the office of children and family services for a waiver to permit the municipality to continue to have the funds available to it for an additional one-year program period upon a showing and certification by the municipality that such funds will be used only to reimburse the municipality for eligible expenditures for eligible services provided during the period of April 1, 2014 through March 31, 2015 for which the municipality was unable to claim within the required timeframes and for non-recurring eligible services or expenses that will occur during the period April 1, 2015 through March 31, 2016. Any funds that are remaining after all such waivers have been approved may be used to provide additional reimbursement to those counties that chose to transfer funds from their detention block grants into their supervision and treatment services for juveniles programs for the April 1, 2014 through March 31, 2015 program period proportionately to the amount each such district transferred. 
Notwithstanding paragraph (a) of subdivision 1 of section 529-b of the executive law or any other law to contrary, a municipality that was eligible for a minimum funding allocation under the supervision and treatment services for juveniles program for state fiscal year 2013-14 but did not submit an application for such funds may apply to the office of children and family services for a waiver of the local share requirement for the program funds for state fiscal year 2014-15 upon a showing that the municipality has fiscal issues that
significantly impact its ability to provide the required local share
and that providing the program funds to the municipality without a
local share will enable the municipality to implement services
designed to decrease the use of detention or residential care for
such youth.

Within the amounts appropriated herein, state reimbursement shall be
limited to the amount of such municipality's distribution. The
office of children and family services shall not reimburse any
claims unless they are submitted within 12 months of the calendar

that has been developed in consultation with the applicable munici-

eligible municipalities by the office of children and family

services shall be based on factors as determined by the office and
subject to the approval of the director of budget; such factors
shall include the number of youth under the age of twenty-one resid-
ing in the municipality as shown by the last published federal
census certified in the same manner as provided by section fifty-
four of the state finance law and may include, but not be limited
to, the percentage of youth living in poverty within the munici-
pality or such other factors as provided for in the regulations of
the office of children and family services. Up to fifteen percent of

the youth development funds that a municipality would allocate to an
approved local youth bureau pursuant to an approved comprehensive
plan may be used for administrative functions performed by such
local youth bureau. Notwithstanding any provision of law to the
contrary, an approved local youth bureau that is not providing,
operating, administering or monitoring youth development programs
shall not receive funding under this appropriation. The office shall
not reimburse any claims for youth development programs unless they
are submitted within twelve months of the calendar quarter in which
the expenditure was made. The office may require that such claims be
submitted to the office electronically in the manner and format
required by the office. A municipality may enter into contracts to
effectuate its youth development program as approved by the office

Notwithstanding section 153 of the social services law or any other inconsistent provision of law, funds appropriated herein shall reimburse 29 percent of safety net assistance expenditures, including the cost of providing shelter supplements for safety net assistance households at local option, including eligible households containing a household member who has been released from prison, in order to prevent eviction and address homelessness in accordance with social services district plans approved by the office of temporary

of the budget, provided, however, that in
social services districts with a popu-

be part of the standard of need pursuant
to section 131-a of the social services
law. Funds appropriated herein shall also
reimburse 29 percent of safety net assist-

districts with a population over five
million, for emergency shelter, transpor-

medically diagnosed HIV infection as
defined by the AIDS institute of the state
department of health and who are homeless
or facing homelessness and for whom no

Such information shall be submitted electronically to the extent feasible as determined by the office, and shall be used to evaluate expenditures by such social services districts for the provision of temporary housing assistance for homeless individuals and families.

General Fund
Local Assistance Account - 10000

esspenses for medical assistance programs
and for state administration of medical
assistance programs, notwithstanding
section 153 of the social services law, to
include the performance of eligibility and
enrollment determinations by the state or
third-party entities designated by the
state to perform such services.
Notwithstanding any provision of law to the
contrary, subject to the approval of the
director of budget, up to $23,000,000 of
the amount appropriated herein shall be
available for the purpose of providing
payments to local social services
districts for medical assistance adminis-
tration claims that exceed an administra-
tive ceiling established by the commis-
sioner of health.
Notwithstanding any inconsistent provision
of law and subject to the approval of the
director of budget, moneys hereby appro-
priated may be increased or decreased by
transfer or interchange between these
appropriated amounts and appropriations of
the medical assistance administration
program, the medical assistance program,
and the office of health insurance
programs. Funding authority from this
account used for state administration of
the medical assistance program may be
transferred to state operations appropri-
ations within the aforementioned programs
at amounts agreed upon by the commissioner
of health, and the New York state division
of the budget.
1 Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2021 to March 31, 2022 and the remaining amount for the period April 1, 2022 to March 31, 2023.

2 Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,587,116,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through March 31, 2023 exceed $49,118,443,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of
disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the
Aid to localities 2021-22

1. Affordable Care Act; (4) reductions shall
2. be made uniformly among categories of
3. services and geographic regions of the
4. state, to the extent practicable, and
5. shall be made uniformly within a category
6. of service, to the extent practicable,
7. except where the commissioner determines
8. that there are sufficient grounds for
9. non-uniformity, including but not limited
10. to: the extent to which specific catego-
11. ries of services contributed to department
12. of health medicaid state funds spending in
13. excess of the limits specified herein; the
14. need to maintain safety net services in
15. underserved communities; or the potential
16. benefits of pursuing innovative payment
17. models contemplated by the Affordable Care
18. Act, in which case such grounds shall be
19. set forth in the medicaid savings allo-
20. cation adjustment; and (5) reductions
21. shall be made in a manner that does not
22. unnecessarily create administrative
23. burdens to medicaid applicants and recipi-
24. ents or providers.

The commissioner shall seek the input of the
25. legislature, as well as organizations
26. representing health care providers,
27. consumers, businesses, workers, health
28. insurers, and others with relevant exper-
29. tise, in developing such medicaid savings
30. allocation adjustment, to the extent that
31. all or part of such adjustment, in the
32. discretion of the commissioner, is likely
33. to have a material impact on the overall
34. medicaid program, particular categories of
35. service or particular geographic regions
36. of the state.

(a) The commissioner shall post the medicaid
37. savings allocation adjustment on the
38. department of health's website and shall
39. provide written copies of such adjustment
40. to the chairs of the senate finance and
41. the assembly ways and means committees at
42. least 30 days before the date on which
43. implementation is expected to begin.

(b) The commissioner may revise the medicaid
44. savings allocation adjustment subsequent
45. to the provisions of notice and prior to
46. implementation but needs to provide a new
47. notice pursuant to subparagraph (i) of
48. this paragraph only if the commissioner
49. determines, in his or her discretion, that
DEPARTMENT OF HEALTH

AID TO LOCALITIES 2021-22

such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to

the contrary, including but not limited to
sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a
quarterly report that sets forth: (a)
known and projected department of health
medicaid expenditures as described in
subdivision (1) of this section, and
factors that could result in medicaid
disbursements for the relevant state
fiscal year to exceed the projected
department of health state funds disburse-
ments in the enacted budget financial plan
pursuant to subdivision 3 of section 23 of
the state finance law, including spending
increases or decreases due to: enrollment
fluctuations, rate changes, utilization
changes, MRT investments, and shift of
beneficiaries to managed care; and vari-
atations in offline medicaid payments; and
(b) the actions taken to implement any
medicaid savings allocation adjustment
implemented pursuant to subdivision (4) of
this section, including information
concerning the impact of such actions on
each category of service and each
geographic region of the state. Each such
quarterly report shall be provided to the
chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.
The money hereby appropriated is available
for payment of liabilities heretofore and
hereafter accrued and shall be available
to the department net of disallowances,
refunds, reimbursements, and credits.

Notwithstanding any other provision of law,
the money hereby appropriated may be
increased or decreased by interchange or
transfer, with any appropriation of the

Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction adjustment.

Local Assistance Account - 10000

For the medical assistance program, includ-
ing administrative expenses, for local
social services districts, and for medical
care rates for authorized child care agen-
cies.
Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 48 percent for the period April 1, 2021 to March 31, 2022; and the remaining amount for the period April 1, 2022 to March 31, 2023.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,587,116,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through March 31, 2023 exceed $49,118,443,000. Provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of
disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as defined by the commissioner, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the
Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that
such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or

not limited to sections 2807 and 3614 of
the public health law, section 18 of chap-
ter 2 of the laws of 1988, and 18 NYCRR
505.14(h).

The department of health shall prepare a
quarterly report that sets forth: (a)
known and projected department of health
medicaid expenditures as described in
subdivision (1) of this section, and
factors that could result in medicaid
disbursements for the relevant state
fiscal year to exceed the projected
department of health state funds disburse-
ments in the enacted budget financial plan
pursuant to subdivision 3 of section 23 of
the state finance law, including spending
increases or decreases due to: enrollment
fluctuations, rate changes, utilization
changes, MRT investments, and shift of
beneficiaries to managed care; and vari-
atations in offline medicaid payments; and
(b) the actions taken to implement any
medicaid savings allocation adjustment
implemented pursuant to subdivision (4) of
this section, including information
concerning the impact of such actions on
each category of service and each
geographic region of the state. Each such
quarterly report shall be provided to the
chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health's website in a timely manner.

The amounts appropriated herein may include advances to organizations authorized to receive such funds to accomplish this purpose. Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further exclud-

ated within the department of health, in
the aggregate, for the period April 1,
2021 through March 31, 2022, shall not
exceed $23,531,327,000 except as provided
below and state share medicaid spending,
in the aggregate, for the period April 1,
2022 through March 31, 2023, shall not
exceed $25,587,116,000, but in no event
shall department of health state funds
medicaid spending for the period April 1,
2021 through March 31, 2023 exceed
$49,118,443,000 provided, however, such
aggregate limits may be adjusted by the
director of the budget to account for any
changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider reven-
ues, reductions in local social services
district payments for medical assistance
administration, minimum wage increases and
beginning April 1, 2012 the operational
costs of the New York state medical indem-
nity fund, pursuant to chapter 59 of the
laws of 2011, and state costs or savings
from the essential plan program. Such
projections may be adjusted by the direc-
tor of the budget to account for increased
or expedited department of health state
funds medicaid expenditures as a result of
a natural or other type of disaster,
including a governmental declaration of
emergency.
The director of the budget, in consultation
with the commissioner of health, shall
assess on a quarterly basis known and
projected medicaid expenditures by catego-
ry of service and by geographic region, as
determined by the commissioner of health,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period. Such medicaid savings allocation adjustment shall be designed, to reduce the expendi-
tures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the feder-
al centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial partic-
ipation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific catego-
ries of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care
Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of
the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner. Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $373,000,000 for state fiscal year 2021-2022 and $373,000,000 in state fiscal year 2022-2023 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval to implement the provisions of the medicaid payment reduction adjustment.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 51 percent for the period April 1, 2021 to March 31, 2022; and the remaining amount for the period April 1, 2022 to March 31, 2023.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid
spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2021 through March 31, 2022, shall not exceed $23,531,327,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2022 through March 31, 2023, shall not exceed $25,587,116,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2021 through March 31, 2023 exceed $49,118,443,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period.
Such medicaid savings allocation adjustment
shall be designed, to reduce the expendi-
tures authorized by the appropriations
herein in compliance with the following
guidelines: (1) reductions shall be made
in compliance with applicable federal law,
including the provisions of the Patient
Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and
Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively
"Affordable Care Act") and any subsequent
amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be
made in a manner that complies with the
state medicaid plan approved by the feder-
al centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval, including waiver
authority, to implement the provisions of
the medicaid savings allocation adjustment
that meets the other criteria set forth
herein; (3) reductions shall be made in a
manner that maximizes federal financial
participation, to the extent practicable,
including any federal financial partic-
ipation that is available or is reasonably
expected to become available, in the
discretion of the commissioner, under the
Affordable Care Act; (4) reductions shall
be made uniformly among categories of
services and geographic regions of the
state, to the extent practicable, and
shall be made uniformly within a category
of service, to the extent practicable,
except where the commissioner determines
that there are sufficient grounds for
non-uniformity, including but not limited
to: the extent to which specific catego-
ries of services contributed to department
of health medicaid state funds spending in
excess of the limits specified herein; the
need to maintain safety net services in
underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a
disaster, natural or otherwise, that
significantly increases the immediate need
for health care personnel in an area of
the state; (ii) an event or condition that
creates a widespread risk of exposure to a
serious communicable disease, or the
potential for such widespread risk of
exposure; or (iii) any other event or
condition determined by the commissioner
to constitute an imminent threat to public
health.
Nothing in this paragraph shall be deemed to
prevent all or part of such medicaid
savings allocation adjustment from taking
effect retroactively to the extent permit-
ted by the federal centers for medicare
and medicaid services.
In accordance with the medicaid savings
allocation adjustment, the commissioner of
the department of health shall reduce
department of health state funds medicaid
spending by the amount of the projected
overspending through, actions including,
but not limited to modifying or suspending
reimbursement methods, including but not
limited to all fees, premium levels and
rates of payment, notwithstanding any
provision of law that sets a specific
amount or methodology for any such
payments or rates of payment; modifying
medicaid program benefits; seeking all
necessary federal approvals, including,
but not limited to waivers, waiver amend-
ments; and suspending time frames for
notice, approval or certification of rate
requirements, notwithstanding any
 provision of law, rule or regulation to
the contrary, including but not limited to
sections 2807 and 3614 of the public
health law, section 18 of chapter 2 of the
laws of 1988, and 18 NYCRR 505.14(h).
The department of health shall prepare a
quarterly report that sets forth: (a)
known and projected department of health
medicaid expenditures as described in
subdivision (1) of this section, and
factors that could result in medicaid
disbursements for the relevant state
fiscal year to exceed the projected
department of health state funds disburse-
ments in the enacted budget financial plan
pursuant to subdivision 3 of section 23 of
the state finance law, including spending
increases or decreases due to: enrollment
fluctuations, rate changes, utilization
changes, MRT investments, and shift of
beneficiaries to managed care; and vari-
ations in offline medicaid payments; and
(b) the actions taken to implement any
medicaid savings allocation adjustment
implemented pursuant to subdivision (4) of
this section, including information
concerning the impact of such actions on
each category of service and each
geographic region of the state. Each such
quarterly report shall be provided to the
chairs of the senate finance and the
assembly ways and means committees and
shall be posted on the department of
health’s website in a timely manner.
For the purpose of making payments, the
money hereby appropriated is available for
payment of aid heretofore accrued or here-
after accrued, to providers of medical
care pursuant to section 367-b of the
social services law, and for payment of
state aid to municipalities and the feder-
al government where payment systems
through fiscal intermediaries are not
operational, to reimburse such providers
for costs attributable to the provision of
care to patients eligible for medical
assistance. Notwithstanding any inconsist-
ent provision of law, the moneys hereby
appropriated may be increased or decreased
by interchange or transfer with any appro-
priation of the department of health with
the approval of the director of the budget,
who shall file such approval with the
department of audit and control and copies
thereof with the chairman of the senate
finance committee and the chairman of the
assembly ways and means committee.
Notwithstanding any provision of law to the
contrary, the director of the budget, in
consultation with the commissioner of
health, may use a payment reduction plan
to make across-the-board reductions to the

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed to reduce the expenditures authorized by the appropriations

For reimbursement of local administrative expenses for medical assistance programs and for state administration of medical assistance programs, notwithstanding section 153 of the social services law, to include the performance of eligibility and enrollment determinations by the state or third-party entities designated by the state to perform such services.
Notwithstanding any provision of law to the contrary, subject to the approval of the director of budget, up to $23,000,000 of the amount appropriated herein shall be available for the purpose of providing payments to local social services districts for medical assistance
administration claims that exceed an administrative ceiling established by the commissioner of health.

Notwithstanding any inconsistent provision of law and subject to the approval of the director of budget, moneys hereby appropriated may be increased or decreased by transfer or interchange between these appropriated amounts and appropriations of the medical assistance administration program, the medical assistance program, and the office of health insurance programs. Funding authority from this account used for state administration of the medical assistance program may be transferred to state operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2020 to March 31, 2021; and the remaining amount for the period April 1, 2021 to [March 31, 2022] September 15, 2022.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2021 through [March 31, 2022] September 15, 2022, shall not exceed [[$24,598,493,000] $23,531,327,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2020 through [March 31, 2022] September 15, 2022 exceed [[$48,205,265,000] $47,138,099,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a government declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a [monthly] quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each
such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such adjustment to the chairs of the senate
finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a [monthly] quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in

27. Local Assistance Account - 10000

The appropriation made by chapter 53, section 1, of the laws of 2020, as amended and reappropriated to read:

For the medical assistance program, including administrative expenses, for local social services districts, and for medical care rates for authorized child care agencies.

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 49 percent for the period April 1, 2020 to March 31, 2021; and the remaining amount for the period April 1, 2021 to September 15, 2022.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as
provided below and state share medicaid spending, in the aggregate, for the period April 1, 2021 through [March 31], September 15, 2022, shall not exceed [$24,598,493,000] $23,531,327,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2020 through [March 31], September 15, 2022 exceed [$48,205,265,000] $47,138,099,000. Provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a [monthly] quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as defined by the commissioner, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to
the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.
In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of addiction services and supports and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2020 through March 31, 2021, shall not exceed $23,606,772,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2021 through [March 31, 2022, $24,598,493,000] $23,531,327,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2020 through [March 31, 2022, $24,598,493,000] $23,531,327,000 exceed $48,205,265,000 $47,138,099,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan program. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a [monthly quarterly] basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such
expenditures are expected to cause medicaid spending for such period
to exceed the aggregate limit specified herein for such period, the
department of health's director, in consultation with the director of the
budget and the commissioner of health, shall develop a medicaid
savings allocation adjustment to limit such spending to the aggre-
gate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to
reduce the expenditures authorized by the appropriations herein in
compliance with the following guidelines: (1) reductions shall be
made in compliance with applicable federal law, including the
provisions of the Patient Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and Education Reconciliation
Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
Act") and any subsequent amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be made in a manner that
complies with the state medicaid plan approved by the federal
centers for medicare and medicaid services, provided, however, that
the commissioner of health is authorized to submit any state plan
amendment or seek other federal approval, including waiver authori-
ty, to implement the provisions of the medicaid savings allocation
adjustment that meets the other criteria set forth herein; (3)
reductions shall be made in a manner that maximizes federal finan-
cial participation, to the extent practicable, including any federal
financial participation that is available or is reasonably expected
to become available, in the discretion of the commissioner, under
the Affordable Care Act; (4) reductions shall be made uniformly
among categories of services and geographic regions of the state, to
the extent practicable, and shall be made uniformly within a catego-
ry of service, to the extent practicable, except where the commis-
sioner determines that there are sufficient grounds for non-uniform-
ity, including but not limited to: the extent to which specific
categories of services contributed to department of health medicaid
state funds spending in excess of the limits specified herein; the
need to maintain safety net services in underserved communities; or
the potential benefits of pursuing innovative payment models contem-
plated by the Affordable Care Act, in which case such grounds shall
be set forth in the medicaid savings allocation adjustment; and (5)
reductions shall be made in a manner that does not unnecessarily
create administrative burdens to medicaid applicants and recipients
or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-
esses, workers, health insurers, and others with relevant exper-
tise, in developing such medicaid savings allocation adjustment, to
the extent that all or part of such adjustment, in the discretion of
the commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation
adjustment on the department of health's website and shall provide
written copies of such plan to the chairs of the senate finance and
the assembly ways and means committees at least 30 days before the
date on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation
adjustment subsequent to the provisions of notice and prior to
implementation but needs to provide a new notice pursuant to subpar-
agraph (i) of this paragraph only if the commissioner determines, in
his or her discretion, that such revisions materially alter the
plan.
Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation adjustment is necessary due to a public health
emergency.
For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or condi-
tion determined by the commissioner to constitute an imminent threat
to public health.
Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation adjustment from taking effect
retroactively to the extent permitted by the federal centers for
medicare and medicaid services.
In accordance with the medicaid savings allocation adjustment, the
commissioner of the department of health shall reduce department of
health state funds medicaid spending by the amount of the projected
overspending through, actions including, but not limited to modify-
ing or suspending reimbursement methods, including but not limited
to all fees, premium levels and rates of payment, notwithstanding
any provision of law that sets a specific amount or methodology for
any such payments or rates of payment; modifying medicaid program
benefits; seeking all necessary federal approvals, including, but
not limited to waivers, waiver amendments; and suspending time
frames for notice, approval or certification of rate requirements,
notwithstanding any provision of law, rule or regulation to the
contrary, including but not limited to sections 2807 and 3614 of the
public health law, section 18 of chapter 2 of the laws of 1988, and
18 NYCRR 505.14(h).
The department of health shall prepare a [monthly] quarterly report
that sets forth: (a) known and projected department of health medi-
caid expenditures as described in subdivision (i) of this section,
and factors that could result in medicaid disbursements for the
relevant state fiscal year to exceed the projected department of
health state funds disbursements in the enacted budget financial
plan pursuant to subdivision 3 of section 23 of the state finance
law, including spending increases or decreases due to: enrollment
fluctuations, rate changes, utilization changes, MRT investments,
and shift of beneficiaries to managed care; and variations in

offline medicaid payments; and (b) the actions taken to implement
any medicaid savings allocation adjustment implemented pursuant to
subdivision (4) of this section, including information concerning
the impact of such actions on each category of service and each
geographic region of the state. Each such [monthly] quarterly report
shall be provided to the chairs of the senate finance and the assem-
ibly ways and means committees and shall be posted on the department
of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of
the budget, in consultation with the commissioner of health, may use
a payment reduction plan to make across-the-board reductions to the
department of health state funds medicaid spending by $373,000,000
for state fiscal year 2020-2021 and $175,000,000 in
state fiscal year 2021-2022 to limit such spending to the aggregate
limit specified herein, or reduce the aggregate limit specified
herein to provide a reduction to the state's financial plan.
Reductions shall be made in a manner that complies with the state
medicaid plan approved by the federal centers for medicare and medi-
caid services, provided, however, that the commissioner of health is
authorized to submit any state plan amendment or seek other federal
approval to implement the provisions of the medicaid payment
reduction adjustment.

For the purpose of making payments to providers of medical care pursu-
ant to section 367-b of the social services law, and for payment of
state aid to municipalities where payment systems through fiscal
intermediaries are not operational, to reimburse such providers for
costs attributable to the provision of care to patients eligible for
medical assistance. Payments from this appropriation to general
hospitals related to indigent care pursuant to article 28 of the
public health law respectively, when combined with federal funds for
services and expenses for the medical assistance program pursuant to
title XIX of the federal social security act or its successor
program, shall equal the amount of the funds received related to
health care reform act allowances and surcharges pursuant to article
28 of the public health law and deposited to this account less any
such amounts withheld pursuant to subdivision 21 of section 2807-c
of the public health law. Notwithstanding any inconsistent
 provision of law, the moneys hereby appropriated may be increased or
decreased by interchange or transfer with any appropriation of the
department of health with the approval of the director of the budg-
et, who shall file such approval with the department of audit and
control and copies thereof with the chairman of the senate finance
committee and the chairman of the assembly ways and means committee.
Notwithstanding any provision of law to the contrary, the portion of
this appropriation covering fiscal year 2020-21 shall supersede and
replace any duplicative (i) reappropriation for this item covering
fiscal year 2020-21, and (ii) appropriation for this item covering
fiscal year 2020-21 set forth in chapter 53 of the laws of 2019

2 The appropriation made by chapter 53, section 1, of the laws of 2020, as
3 added by chapter 50, section 3, of the laws of 2020, is hereby
4 amended and reappropriated to read:
5 Notwithstanding section 40 of the state finance law or any other law
6 to the contrary, all medical assistance appropriations made from
7 this account shall remain in full force and effect in accordance, in
8 the aggregate, with the following schedule: not more than 50 percent
9 for the period April 1, 2020 to March 31, 2021; and the remaining
10 amount for the period April 1, 2021 to September 15, 2022.
11 Notwithstanding section 40 of the state finance law or any provision
12 of law to the contrary, subject to federal approval, department of
13 health state funds medicaid spending, excluding payments for medical
14 services provided at state facilities operated by the office of
15 mental health, the office for people with developmental disabilities
16 and the office of addiction services and supports and further
17 excluding any payments which are not appropriated within the depart-
18 ment of health, in the aggregate, for the period April 1, 2020
19 through March 31, 2021, shall not exceed $23,606,772,000 except as
20 provided below and state share medicaid spending, in the aggregate,
21 for the period April 1, 2021 through September 15, 2022,
22 shall not exceed $24,598,493,000 but in no event
23 shall department of health state funds medicaid spending for the
24 period April 1, 2020 through September 15, 2022 exceed
25 $48,205,265,000 provided, however, such aggregate
26 limits may be adjusted by the director of the budget to account for
27 any changes in the New York state federal medical assistance
28 percentage amount established pursuant to the federal social securi-
29 ty act, increases in provider revenues, reductions in local social
30 services district payments for medical assistance administration,
31 minimum wage increases and beginning April 1, 2012 the operational
32 costs of the New York state medical indemnity fund, pursuant to
33 chapter 59 of the laws of 2011, and state costs or savings from the
34 essential plan. Such projections may be adjusted by the director of
35 the budget to account for increased or expedited department of
36 health state funds medicaid expenditures as a result of a natural or
37 other type of disaster, including a governmental declaration of
38 emergency.
39 The director of the budget, in consultation with the commissioner of
40 health, shall assess on a [monthly] quarterly basis known and
41 projected medicaid expenditures by category of service and by
42 geographic region, as determined by the commissioner of health,
43 incurred both prior to and subsequent to such assessment for each
44 such period, and if the director of the budget determines that such
45 expenditures are expected to cause medicaid spending for such period
46 to exceed the aggregate limit specified herein for such period, the
47 state medicaid director, in consultation with the director of the
48 budget and the commissioner of health, shall develop a medicaid
49 savings allocation adjustment to limit such spending to the aggre-
50 gate limit specified herein for such period.
Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in
his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as:

(i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a [monthly] quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such [monthly] quarterly report shall be provided to the chairs of the senate finance and the assem-
bly ways and means committees and shall be posted on the department of health’s website in a timely manner. For the purpose of making payments, the money hereby appropriated is available for payment of aid heretofore accrued or hereafter accrued, to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by $373,000,000 for state fiscal year 2020-2021 and [[$175,000,000]] $373,000,000 in state fiscal year 2021-2022 to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. amended and reappropriated to read:

Notwithstanding section 40 of the state finance law or any other law
to the contrary, all medical assistance appropriations made from
this account shall remain in full force and effect in accordance, in
the aggregate, with the following schedule: not more than 49 percent
for the period April 1, 2020 to March 31, 2021; and the remaining
amount for the period April 1, 2021 to [March 31, September 15,
2022.

Notwithstanding section 40 of the state finance law or any provision
of law to the contrary, subject to federal approval, department of
health state funds medicaid spending, excluding payments for medical
services provided at state facilities operated by the office of
mental health, the office for people with developmental disabilities
and the office of addiction services and supports and further
excluding any payments which are not appropriated within the depart-
ment of health, in the aggregate, for the period April 1, 2020
through March 31, 2021, shall not exceed $23,606,772,000 except as
provided below and state share medicaid spending, in the aggregate,
for the period April 1, 2021 through [March 31, September 15,
2022, shall not exceed ($24,598,493,000) $23,531,327,000, but in no event
shall department of health state funds medicaid spending for the
period April 1, 2020 through [March 31, September 15, 2022 exceed
[$48,205,265,000] $47,138,099,000 provided, however, such aggregate
limits may be adjusted by the director of the budget to account for
any changes in the New York state federal medical assistance
percentage amount established pursuant to the federal social securi-
ty act, increases in provider revenues, reductions in local social
services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5)
reductions shall be made in a manner that does not unnecessarily
create administrative burdens to medicaid applicants and recipients
or providers.

The commissioner shall seek the input of the legislature, as well as
organizations representing health care providers, consumers, busi-
nesses, workers, health insurers, and others with relevant exper-
tise, in developing such medicaid savings allocation adjustment, to
the extent that all or part of such adjustment, in the discretion of
the commissioner, is likely to have a material impact on the overall
medicaid program, particular categories of service or particular
geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation
adjustment on the department of health's website and shall provide
written copies of such plan to the chairs of the senate finance and
the assembly ways and means committees at least 30 days before the
date on which implementation is expected to begin.
(b) The commissioner may revise the medicaid savings allocation

plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this
subdivision, the commissioner need not seek the input described in
paragraph (a) of this subdivision or provide notice pursuant to
paragraph (b) of this subdivision if, in the discretion of the
commissioner, expedited development and implementation of a medicaid
savings allocation adjustment is necessary due to a public health
emergency.

For purposes of this section, a public health emergency is defined as:
(i) a disaster, natural or otherwise, that significantly increases
the immediate need for health care personnel in an area of the
state; (ii) an event or condition that creates a widespread risk of
exposure to a serious communicable disease, or the potential for
such widespread risk of exposure; or (iii) any other event or condi-
tion determined by the commissioner to constitute an imminent threat
to public health.

Nothing in this paragraph shall be deemed to prevent all or part of
such medicaid savings allocation adjustment from taking effect
retroactively to the extent permitted by the federal centers for
medicare and medicaid services.
In accordance with the medicaid savings allocation adjustment, the
commissioner of the department of health shall reduce department of
health state funds medicaid spending by the amount of the projected
overspending through, actions including, but not limited to modify-
ing or suspending reimbursement methods, including but not limited
to all fees, premium levels and rates of payment, notwithstanding
any provision of law that sets a specific amount or methodology for
