(h) Any firm established for the business purpose of incorporating as a professional service corporation formed to lawfully engage in the practice of public accountancy, as such practice is respectively defined under article one hundred forty-nine of the education law shall be required to show (1) that a simple majority of the ownership of the firm, in terms of financial interests, and voting rights held by the firm's owners, belongs to individuals licensed to practice public accountancy in some state, and (2) that all shareholders of a professional service corporation whose principal place of business is in this state, and who are engaged in the practice of public accountancy in this state, hold a valid license issued under section seventy-four hundred four of the education law. For purposes of this paragraph, "financial interest" means capital stock, capital accounts, capital contributions, capital interest, or interest in undistributed earnings of a business entity. Although firms may include non-licensee owners, the firm and its owners must comply with rules promulgated by the state board of
regents. Notwithstanding the foregoing, a firm incorporated under this section may not have non-licensee owners if the firm's name includes the words "certified public accountant," or "certified public accountants," or the abbreviations "CPA" or "CPAs". Each non-licensee owner of a firm that is incorporated under this section shall be a natural person who actively participates in the business of the firm or its affiliated entities. For purposes of this paragraph, "actively participate" means to provide services to clients or to otherwise individually take part in the day-to-day business or management of the firm. Such a firm shall have attached to its certificate of incorporation a certificate or certificates demonstrating the firm's compliance with this paragraph, in lieu of the certificate or certificates required by subparagraph (ii) of paragraph (b) of this section.

§ 2. Section 1507 of the business corporation law is amended by adding a new paragraph (c) to read as follows:

(c) Any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article may issue shares to individuals who are authorized by law to practice in this state the profession which such corporation is authorized to practice and who are or have been engaged in the practice of such profession in such corporation or a predecessor entity, or who will engage in the practice of such profession in such corporation within thirty days of the date such shares are issued and may also issue shares to employees of the corporation not licensed as certified public accountants, provided that:

(i) at least fifty-one percent of the outstanding shares of stock of the corporation are owned by certified public accountants,

(ii) at least fifty-one percent of the directors are certified public accountants,

(iii) at least fifty-one percent of the officers are certified public accountants,

(iv) the president, the chairperson of the board of directors and the chief executive officer or officers are certified public accountants.

No shareholder of a firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article shall enter into a voting trust agreement, proxy or any other type of agreement vesting in another person, other than another shareholder of the same corporation, the authority to exercise voting power of any or all of his or her shares. All shares issued, agreements made or proxies granted in violation of this section shall be void.

§ 3. Section 1508 of the business corporation law is amended by adding a new paragraph (c) to read as follows:

(c) The directors and officers of any firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article may include individuals who are not licensed to practice public accountancy, provided however that at least fifty-one percent of the directors, at least fifty-one percent of the officers and the president, the chairperson of the board of directors and the chief executive officer or officers are authorized by law to practice in any state the profession which such corporation is authorized to practice, and are either shareholders of such corporation or engaged in the practice of their professions in such corporation.

§ 4. Section 1509 of the business corporation law, as amended by chapter 550 of the laws of 2011, is amended to read as follows:
§ 1509. Disqualification of shareholders, directors, officers and employees.

If any shareholder, director, officer or employee of a professional service corporation, including a design professional service corporation, who has been rendering professional service to the public becomes legally disqualified to practice his or her profession within this state, he or she shall sever all employment with, and financial interests (other than interests as a creditor) in, such corporation forthwith or as otherwise provided in section 1510 of this article. All provisions of law regulating the rendering of professional services by a person elected or appointed to a public office shall be applicable to a shareholder, director, officer and employee of such corporation in the same manner and to the same extent as if fully set forth herein. Such legal disqualification to practice his or her profession within this state shall be deemed to constitute an irrevocable offer by the disqualified shareholder to sell his or her shares to the corporation, pursuant to the provisions of section 1510 of this article or of the certificate of incorporation, by-laws or agreement among the corporation and all shareholders, whichever is applicable. Compliance with the terms of such offer shall be specifically enforceable in the courts of this state. A professional service corporation’s failure to enforce compliance with this provision shall constitute a ground for forfeiture of its certificate of incorporation and its dissolution.

§ 5. Paragraph (a) of section 1511 of the business corporation law, as amended by chapter 550 of the laws of 2011, is amended and a new paragraph (c) is added to read as follows:

(a) No shareholder of a professional service corporation [or], including a design professional service corporation, may sell or transfer his or her shares in such corporation except to another individual who is eligible to have shares issued to him or her by such corporation or except in trust to another individual who would be eligible to receive shares if he or she were employed by the corporation. Nothing herein contained shall be construed to prohibit the transfer of shares by operation of law or by court decree. No transferee of shares by operation of law or court decree may vote the shares for any purpose whatsoever except with respect to corporate action under sections 909 and 1001 of this chapter. The restriction in the preceding sentence shall not apply, however, where such transferee would be eligible to have shares issued to him or her if he or she were an employee of the corporation and, if there are other shareholders, a majority of such other shareholders shall fail to redeem the shares so transferred, pursuant to section 1510 of this article, within sixty days of receiving written notice of such transfer. Any sale or transfer, except by operation of law or court decree or except for a corporation having only one shareholder, may be made only after the same shall have been approved by the board of directors, or at a shareholders' meeting specially called for such purpose by such proportion, not less than a majority, of the outstanding shares as may be provided in the certificate of incorporation or in the by-laws of such professional service corporation. At such shareholders' meeting the shares held by the shareholder proposing to sell or transfer his or her shares may not be voted or counted for any purpose, unless all shareholders consent that such shares be voted or counted. The certificate of incorporation or the by-laws of the professional service corporation, or the professional service corporation and the shareholders by private agreement, may provide, in lieu of or in addition to the foregoing provisions, for the alienation of shares and may require the redemption
or purchase of such shares by such corporation at prices and in a manner specifically set forth therein. The existence of the restrictions on the sale or transfer of shares, as contained in this article and, if applicable, in the certificate of incorporation, by-laws, stock purchase or stock redemption agreement, shall be noted conspicuously on the face or back of every certificate for shares issued by a professional service corporation. Any sale or transfer in violation of such restrictions shall be void.

(c) A firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article, shall purchase or redeem the shares of a non-licensed professional shareholder in the case of his or her termination of employment within thirty days after such termination. A firm established for the business purpose of incorporating as a professional service corporation pursuant to paragraph (h) of section fifteen hundred three of this article, shall not be required to purchase or redeem the shares of a terminated non-licensed professional shareholder if such shares, within thirty days after such termination, are sold or transferred to another employee of the corporation pursuant to this article.

§ 6. Section 1514 of the business corporation law is amended by adding a new paragraph (c) to read as follows:

Section 1. Subparagraph 4 of paragraph h of subdivision 2 of section 355 of the education law, as amended by section 1 of part JJJ of chapter 59 of the laws of 2017, is amended to read as follows:
(4) The trustees shall not impose a differential tuition charge based upon need or income. Except as hereinafter provided, all students enrolled in programs leading to like degrees at state-operated institutions of the state university shall be charged a uniform rate of tuition except for differential tuition rates based on state residency. Provided, however, that the trustees may authorize the presidents of the colleges of technology and the colleges of agriculture and technology to set differing rates of tuition for each of the colleges for students enrolled in degree-granting programs leading to an associate degree and non-degree granting programs so long as such tuition rate does not exceed the tuition rate charged to students who are enrolled in like degree programs or degree-granting undergraduate programs leading to a baccalaureate degree at other state-operated institutions of the state university of New York. Notwithstanding any other provision of this subparagraph, the trustees may authorize the setting of separate categories of tuition rates as follows; "distance learning rate", that shall be greater than the tuition rate for resident students and less than the tuition rate for non-resident students, only for students enrolled in distance learning courses who are not residents of the state, and "high demand certificate program rate", that shall be set at a level deemed appropriate upon recommendation of the chancellor of the state university of New York and approved by the board of trustees which rate shall be lower than standard rates of tuition, for identified certification programs to be recommended by the chancellor of the state university of New York. Except as otherwise authorized in this subparagraph, the trustees shall not adopt changes affecting tuition charges prior to the enactment of the annual budget, provided however that:

(i) Commencing with the two thousand eleven--two thousand twelve academic year and ending in the two thousand fifteen--two thousand sixteen academic year the state university of New York board of trustees shall be empowered to increase the resident undergraduate rate of tuition by not more than three hundred dollars over the resident undergraduate rate of tuition adopted by the board of trustees in the prior academic year, provided however that commencing with the two thousand eleven--two thousand twelve academic year and ending in the two thousand sixteen--two thousand seventeen academic year if the annual resident undergraduate rate of tuition would exceed five thousand dollars, then a tuition credit for each eligible student, as determined and calculated by the New York state higher education services corporation pursuant to section six hundred eighty-nine-a of this title, shall be applied toward the tuition charged for each semester, quarter or term of study. Tuition for each semester, quarter or term of study shall not be due for any student eligible to receive such tuition credit until the tuition credit is calculated and applied against the tuition charged for the corresponding semester, quarter or term.

(ii) Commencing with the two thousand seventeen--two thousand eighteen academic year and ending in the two thousand twenty--two thousand twenty-one academic year the state university of New York board of trustees shall be empowered to increase the resident undergraduate rate of tuition by not more than two hundred dollars over the resident undergraduate rate of tuition adopted by the board of trustees in the prior academic year, provided, however that if the annual resident undergraduate rate of tuition would exceed five thousand dollars, then a tuition credit for each eligible student, as determined and calculated by the New York state higher education services corporation pursuant to section...
six hundred eighty-nine-a of this title, shall be applied toward the
1 tuition charged for each semester, quarter or term of study. Tuition for
2 each semester, quarter or term of study shall not be due for any student

4 calculated and applied against the tuition charged for the corresponding
5 semester, quarter or term. Provided, further that the revenue resulting
6 from an increase in the rate of tuition shall be allocated to each
7 campus pursuant to a plan approved by the board of trustees to support
8 investments in new classroom faculty, instruction, initiatives to
9 improve student success and on-time completion and a tuition credit for
10 each eligible student.

(iii) On or before November thirtieth, two thousand seventeen, the
11 trustees shall approve and submit to the chairs of the assembly ways and
12 means committee and the senate finance committee and to the director of
13 the budget a master tuition plan setting forth the tuition rates that
14 the trustees propose for resident undergraduate students for the four
15 year period commencing with the two thousand seventeen--two thousand
16 eighteen academic year and ending in the two thousand twenty--two thou-
17 sand twenty-one academic year, and shall submit any proposed amendments
18 to such plan by November thirtieth of each subsequent year thereafter
19 through November thirtieth, two thousand twenty, and provided further,
20 that with the approval of the board of trustees, each university center
21 may increase non-resident undergraduate tuition rates each year by not
22 more than ten percent over the tuition rates of the prior academic year
23 for a six year period commencing with the two thousand eleven--two thou-
24 sand twelve academic year and ending in the two thousand sixteen--two
25 thousand seventeen academic year.

(iv) Beginning in state fiscal year two thousand twelve--two thousand
26 thirteen and ending in state fiscal year two thousand fifteen--two thou-
27 sand sixteen, the state shall appropriate and make available general
28 fund operating support, including fringe benefits, for the state univer-
29 sity in an amount not less than the amount appropriated and made avail-
30 able in the prior state fiscal year; provided, however, that if the
31 governor declares a fiscal emergency, and communicates such emergency to
32 the temporary president of the senate and speaker of the assembly, state
33 support for operating expenses at the state university and city univer-
34 sity may be reduced in a manner proportionate to one another, and the
35 aforementioned provisions shall not apply.

(v) Beginning in state fiscal year two thousand seventeen--two thou-
36 sand eighteen and ending in state fiscal year two thousand twenty--two
37 thousand twenty-one, the state shall appropriate and make available
38 general fund operating support, including fringe benefits, for the state
39 university in an amount not less than the amount appropriated and made
40 available in the prior state fiscal year; provided, however, that if the
41 governor declares a fiscal emergency, and communicates such emergency to
42 the temporary president of the senate and speaker of the assembly, state
43 support for operating expenses at the state university and city univer-
44 sity may be reduced in a manner proportionate to one another, and the
45 aforementioned provisions shall not apply; provided further, the state
46 shall appropriate and make available general fund support to fully fund
47 the tuition credit pursuant to subdivision two of section six hundred
48 sixty-nine-h of this title.

(vi) Beginning in state fiscal year two thousand twenty-one--two thou-

50 four--two thousand twenty-five, the state shall appropriate and make
51 available general fund operating support, including fringe benefits, for
the state university in an amount not less than the amount appropriated
and made available in the prior state fiscal year; provided, however,
that if the governor declares a fiscal emergency, and communicates such
emergency to the temporary president of the senate and speaker of the
assembly, state support for operating expenses at the state university
and city university may be reduced in a manner proportionate to one
another, and the aforementioned provisions shall not apply; provided
further, the state shall appropriate and make available general fund
support to fully fund the tuition credit pursuant to subdivision two of
section six hundred sixty-nine-h of this title.
(vii) For the state university fiscal years commencing two thousand
eleven--two thousand twelve and ending two thousand fifteen--two thou-
sand sixteen, each university center may set aside a portion of its
tuition revenues derived from tuition increases to provide increased
financial aid for New York state resident undergraduate students whose
net taxable income is eighty thousand dollars or more subject to the
approval of a NY-SUNY 2020 proposal by the governor and the chancellor
of the state university of New York. Nothing in this paragraph shall be
construed as to authorize that students whose net taxable income is
eighty thousand dollars or more are eligible for tuition assistance
program awards pursuant to section six hundred sixty-seven of this
chapter title.

PART L
Section 1. The opening paragraph of paragraph (g) of subdivision 3 of section 358-a of the social services law is designated subparagraph (i) and a new subparagraph (ii) is added to read as follows:

(ii) When a child whose legal custody was transferred to the commissioner of a local social services district in accordance with this section resides in a qualified residential treatment program, as defined in section four hundred nine-h of this chapter, and where such child's initial placement or change in placement in such program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to subparagraph (i) of this paragraph and motion of the local social services district, the court shall schedule a hearing in accordance with section three hundred ninety-three of this chapter. Such motion of the local social services district to the court shall be made contemporaneously upon provision of such notice. Notwithstanding any other provision of law to the contrary, such hearing shall be scheduled and completed within sixty days from the date the placement of the child in the qualified residential treatment program commenced.

§ 1-a. Section 371 of the social services law is amended by adding a new subdivision 22 to read as follows:

22. "Supervised setting" shall mean a residential placement in the community approved and supervised by an authorized agency or the local social services district in accordance with the regulations of the office of children and family services to provide a transitional experience for older youth in which such youth may live independently. A supervised setting includes, but is not limited to, placement in a supervised independent living program, as defined in subdivision twenty-one of this section.

§ 1-b. Paragraph (c) of subdivision 2 of section 383-a of the social services law, as added by section 5 of part M of chapter 54 of the laws of 2016, is amended to read as follows:

(c) "Child care facility" shall mean an institution, group residence, group home, agency operated boarding home, or supervised setting, including a supervised independent living program.

§ 2. The social services law is amended by adding a new section 393 to read as follows:

§ 393. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a child is placed on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of this article, and whose care and custody were transferred to the commissioner of a local social services district in accordance with section three hundred fifty-eight-a of this chapter, or whose custody and guardianship were transferred to the commissioner of a local social services district in accordance with section three hundred eighty-three-c, or three hundred eighty-four-b of this title.

2. (a) Upon completion of the assessment by the qualified individual, the local social services district shall submit the completed assessment conducted by the qualified individual to the court, and counsel for all parties, including the attorney for the child, and the child's family and permanency team forthwith or within one business day. The petitioner shall schedule the hearing and notify the parties, including the attorney for the child. Within sixty days of the start of a placement of a child referenced in subdivision one of this section in a qualified residential treatment program, the court shall:
(i) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of this article;

(ii) Determine whether the needs of the child can be met through placement in a foster family home and, if not, whether placement of the child in the qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and whether that placement is consistent with the short-term and long-term goals for the child, as specified in the child's permanency plan; and

(iii) Approve or disapprove the placement of the child in the qualified residential treatment program. Provided that, notwithstanding any other provision of law to the contrary, where the qualified individual determines that the placement of the child in the qualified residential treatment program is not appropriate under the standards set in accordance with section four hundred nine-h of this article, the court may only approve the placement of the child in the qualified residential treatment program if:

(A) the court finds, and states in the written order that:

(1) extenuating circumstances exist that necessitate the continued placement of the child in the qualified residential treatment program despite the finding of the qualified individual, except that a shortage or lack of foster family homes shall not constitute extenuating circumstances warranting a determination that the needs of the child cannot be met in a foster family home;

(2) that continued placement in the qualified residential program is in the child's best interest despite the finding by the qualified individual that the child's placement in such setting is not appropriate; and

(B) the court's written order states the specific reasons why the court has made the findings required pursuant to clause (A) of this subparagraph.

(iv) If the court approves the placement of the child in a qualified residential treatment program where the qualified individual determines that such placement is not appropriate under the standards set in accordance with section four hundred nine-h of this article, the local social services district, parent of the child, or the attorney for the child may request a hearing with the court to be held within thirty days, to review whether the placement in a qualified residential treatment program continues to be in the child's best interest.

(b) If the court issues a new placement order, there is a presumption that such order will be for the child to be placed in an available foster family home; however, if in the child's best interest, the court may also issue an order permitting the placement of the child in: (i) an available supervised setting, as such term is defined in section three hundred seventy-one of this title; (ii) if the child has been found to be, or is at risk of becoming, a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of this article, a setting providing residential care and supportive services for sexually exploited children; (iii) a setting specializing in providing prenatal, post-partum, or parenting supports for youth; or (iv) an available program licensed or certified by the office of children and family services other than a qualified residential treatment program setting deemed not appropriate for the child.

3. Documentation of the court's determination pursuant to this section shall be recorded in the child's case record.
4. To the extent federally allowable, nothing in this section shall prohibit the court's approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such child, including but not limited to the child's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

§ 2-a. Subparagraph 1 of paragraph (g) of subdivision 6 and subdivision 10 of section 398 of the social services law, subparagraph 1 of paragraph (g) of subdivision 6 as amended by chapter 3 of the laws of 2012 and subdivision 10 as amended by chapter 563 of the laws of 1986, are amended to read as follows:

(1) Place children in its care and custody or its custody and guardianship, in suitable instances, in supervised settings, family homes, agency boarding homes, group homes or institutions under the proper safeguards. Such placements can be made either directly, or through an authorized agency, except that, direct placements in agency boarding homes or group homes may be made by the social services district only if the office of children and family services has authorized the district to operate such homes in accordance with the provisions of section three hundred seventy-four-b of this [chapter] article and only if suitable care is not otherwise available through an authorized agency under the control of persons of the same religious faith as the child. Where such district places a child in [an] a supervised setting, agency boarding home, group home or institution, either directly, or through an authorized agency, the district shall certify in writing to the office of children and family services, that such placement was made because it offers the most appropriate and least restrictive level of care for the child, and, is more appropriate than a family foster home placement, or, that such placement is necessary because there are no qualified foster families available within the district who can care for the child. If placements in agency boarding homes, group homes or institutions are the result of a lack of foster parents within a particular district, the office of children and family services shall assist such district to recruit and train foster parents. Placements shall be made only in institutions visited, inspected and supervised in accordance with title three of article seven of this chapter and conducted in conformity with the applicable regulations of the supervising state agency in accordance with title three of article seven of this chapter. With the approval of the office of children and family services, a social services district may place a child in its care and custody or its custody and guardianship in a federally funded job corps program and may receive reimbursement for the approved costs of appropriate program administration and supervision pursuant to a plan developed by the department and approved by the director of the budget.

10. Any provision of this chapter or any other law notwithstanding, where a foster child for whom a social services official has been making foster care payments is in a supervised setting, including a foster child in attendance at a college or university away from his or her foster family boarding home, group home, agency boarding home or institution, a social services official may make foster payments, not to exceed the amount which would have been paid to a foster parent on behalf of said child had the child been cared for in a foster family boarding—home at a rate to be developed by the office of children and family services, to such college or university, provider of room and board, or youth, as appropriate, in lieu of payment to the foster parents or authorized agency, for the purpose of room and board, if not
§ 3. The social services law is amended by adding a new section 409-h to read as follows:

§ 409-h. Assessment of appropriateness of placement in a qualified residential treatment program. 1. Legislative intent. It is the intent of the legislature to promote policies to prevent foster care placements and keep children safely at home with their families and, when that is not possible, to utilize the most effective and appropriate level of care in the least restrictive environment to support the child, as determined through a comprehensive assessment of the child's particular strengths and needs. It is also the intent of the legislature to prioritize home-based foster care settings whenever possible through identification and engagement of kinship resources and increased recruitment and retention of foster homes for children who do not have appropriate kinship resources.

2. (a) No later than thirty days after the start of a placement in a qualified residential treatment program of a child in the care and custody of the commissioner of a local social services district or the office of children and family services that occurs on or after September twenty-ninth, two thousand twenty-one, a qualified individual shall complete an assessment as to the appropriateness of such placement utilizing an age-appropriate, evidence-based, validated, functional assessment tool approved by the federal government for such purpose. Such assessment shall be in accordance with 42 United States Code sections 672 and 675a and the state's approved title IV-E state plan and shall include, but not be limited to: (i) an assessment of the strengths and needs of the child; and (ii) a determination of the most effective and appropriate level of care for the child in the least restrictive setting, including whether the needs of the child can be met with family members or through placement in a foster family home, or in a setting specified in paragraph (c) of this subdivision, consistent with the short-term and long-term goals for the child as specified in the child's permanency plan. Such assessment shall be completed in conjunction with the family and permanency team established pursuant to paragraph (b) of this subdivision. To the extent practicable, the assessment must be completed prior to the placement of the child in the qualified residential treatment program.

(b) The family and permanency team shall consist of all appropriate biological family members, relatives, and fictive kin of the child, the attorney for the child as well as, as appropriate, professionals who are a resource to the family of the child, including but not limited to, teachers, medical or mental health providers who have treated the child, or clergy. In the case of a child who has attained the age of fourteen, the family and permanency team shall include the members of the permanency planning team for the child in accordance with 42 United States Code section 675 and the state's approved title IV-E state plan.

(c) Where the qualified individual determines that the child may not be placed in a foster family home, the qualified individual must specify in writing the reasons why the needs of the child cannot be met by the child's family or in a foster family home and why such a placement is not the most effective and appropriate level of care for such child. Such determination shall include whether the needs of the child can be met through placement in:

(i) An available supervised setting, as such term is defined in section three hundred seventy-one of this article;
(ii) If the child has been found to be, or is at risk of becoming, a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of this article, a setting providing residential care and supportive services for sexually exploited children;

(iii) A setting specializing in providing prenatal, post-partum or parenting supports for youth; or

(iv) A qualified residential treatment program.

3. Where the qualified individual determines that the placement of the child in the qualified residential treatment program is not appropriate under the standards set pursuant to subdivision two of this section, the local social services district or the office of children and family services with legal custody of the child, to the extent practicable, shall remove such child from the qualified residential treatment program within thirty days of the completion of the assessment, and if placement of the child is to continue, place said child with family members or in an available foster family home; however, if in the child's best interest, the office of children and family services or social services district may also place the child in a setting specified in paragraph (c) of subdivision two of this section other than a qualified residential treatment program setting deemed not appropriate for the child.

4. As used in the section, "qualified residential treatment program" means a program that is a non-foster family residential program in accordance with 42 United States Code section 672 and the state's approved title IV-E state plan.

5. As used in this section, "qualified individual" shall mean a trained professional or licensed clinician acting within their scope of practice who shall have current or previous relevant experience in the child welfare field. Such individual shall not be an employee of the state, county or municipal agency providing, overseeing or contracting for placements of children or an employee or contractor for an authorized agency providing placements for children, in accordance with 42 United States Code section 672 and the state's approved title IV-E state plan.

§ 4. The family court act is amended by adding a new section 353.7 to read as follows:

§ 353.7. Placement in qualified residential treatment programs. 1. The provisions of this section shall apply when a respondent is placed on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to a local social services district or the office of children and family services in accordance with this article.

2. (a) When a respondent is in the care and custody of a local social services district or the office of children and family services pursuant to this article, such social services district or office shall report any anticipated placement of the respondent into a qualified residential treatment program as defined in section four hundred nine-h of the social services law to the court and the attorneys for the parties, including the attorney for the respondent, forthwith, but not later than one business day following either the decision to place the respondent in the qualified residential treatment program or the actual date the placement change occurred, whichever is sooner. Such notice shall indicate the date that the initial placement or change in placement is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the placement change, the local social services district or office
shall subsequently notify the court and the attorneys for the parties, including the attorney for the respondent, of the date the placement change occurred, such notice shall occur no later than one business day following the placement change.

(b) When a respondent whose legal custody was transferred to a local social services district or the office of children and family services in accordance with this article resides in a qualified residential treatment program as defined in section four hundred nine-h of the social services law, and where such respondent's initial placement or change in placement in such qualified residential treatment program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district or the office of children and family services with legal custody of the respondent, the court shall schedule a hearing in accordance with subdivision three of this section. Notwithstanding any other provision of law to the contrary, such hearing shall than be scheduled and completed within sixty days from the date the placement of the respondent in the qualified residential treatment program commenced.

3. (a) Upon completion of the assessment by the qualified individual, the local social services district shall submit the completed assessment conducted by the qualified individual to the court, and counsel for all parties, including the attorney for the child, and the child's family and permanency team forthwith or within one business day. The presentment agency, or designee, shall schedule the hearing and notify the parties, including the attorney for the child. Within sixty days of the start of a placement of a respondent referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(i) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(ii) Determine whether the needs of the respondent can be met through placement in a foster family home and, if not, whether placement of the respondent in the qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment and whether that placement is consistent with the short-term and long-term goals for the respondent as specified in the respondent's permanency plan; and

(iii) Approve or disapprove the placement of the respondent in a qualified residential treatment program. Provided that, notwithstanding any other provision of law to the contrary, where a qualified individual determines that the placement of the respondent in a qualified residential treatment program is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court may only approve the placement of the respondent in the qualified residential treatment program if:

(A) the court finds, and states in the written order that:

(1) extenuating circumstances exist that necessitate the continued placement of the respondent in the qualified residential treatment program despite the finding of the qualified individual, except that a shortage or lack of foster family homes shall not constitute extenuating circumstances warranting a determination that the needs of the child cannot be met in a foster family home;

(2) there is not an alternative setting available that can meet the respondent's needs in a less restrictive environment; and
(3) that continued placement in the qualified residential treatment program serves the respondent's needs and best interests or the need for protection of the community despite the finding by the qualified individual that the respondent's placement in such setting is not appropriate; and

(B) the court's written order states the specific reasons why the court has made the findings required pursuant to clause (A) of this subparagraph.

(iv) If the court approves the placement of the respondent in a qualified residential treatment program where the qualified individual determines that such placement is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court shall hold a hearing to review whether the placement in a qualified residential treatment program continues to be in the respondent's best interest within thirty days of such approval.

(b) If the court issues a new placement order, there is a presumption that such order will be for the respondent to be placed in an available foster family home; however, if in the respondent's best interest, the court may also issue an order permitting the placement of the respondent in:

(i) An available supervised setting, as such term is defined in section three hundred seventy-one of the social services law;

(ii) If the respondent has been found to be, or is at risk of becoming, a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of the social services law, a setting providing residential care and supportive services for sexually exploited children;

(iii) A setting specializing in providing prenatal, post-partum, or parenting supports for youth; or

(iv) An available program licensed or certified by the office of children and family services other than a qualified residential treatment program setting deemed not appropriate for the respondent.

4. Documentation of the court's determination pursuant to this section shall be recorded in the respondent's case record.

5. To the extent federally allowable, nothing in this section shall prohibit the court's approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such respondent, including but not limited to the respondent's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

§ 5. Section 355.5 of the family court act is amended by adding a new subdivision 10 to read as follows:

10. Where the respondent remains placed in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, the commissioner of the local social services district or the office of children and family services with legal custody of the respondent shall submit evidence at the permanency hearing with respect to the respondent:

(a) demonstrating that ongoing assessment of the strengths and needs of the respondent cannot be met through placement in the foster family home, that the placement in the qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment, and that the placement is consistent with the short-term and long-term goals for the respondent, as specified in the respondent's permanency plan.
(b) documenting the specific treatment and service needs that will be met for the respondent in the placement and the length of time the respondent is expected to need the treatment or services; and

(c) documenting the efforts made by the local social services district or the office of children and family services with legal custody of the respondent to prepare the respondent to return home, or to be placed with a fit and willing relative, legal guardian or adoptive parent, or in a foster family home.

§ 6. Section 756-a of the family court act is amended by adding a new subdivision (h) to read as follows:

(h) Where the respondent remains placed in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, the commissioner of the local social services district with legal custody of the respondent shall submit evidence at the permanency hearing with respect to the respondent:

(i) demonstrating that ongoing assessment of the strengths and needs of the respondent continues to support the determination that the needs of the respondent cannot be met through placement in a foster family home, that the placement in a qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment, and that the placement is consistent with the short-term and long-term goals of the respondent, as specified in the respondent's permanency plan;

(ii) documenting the specific treatment or service needs that will be met for the respondent in the placement and the length of time the respondent is expected to need the treatment or services; and

(iii) documenting the efforts made by the local social services district with legal custody of the respondent to prepare the respondent to return home, or to be placed with a fit and willing relative, legal guardian or adoptive parent, or in a foster family home.

§ 7. The family court act is amended by adding a new section 756-b to read as follows:

§ 756-b. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a respondent is placed on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to a local social services district in accordance with this part.

2. (a) When a respondent is in the care and custody of a local social services district pursuant to this part, such social services district shall report any anticipated placement of the respondent into a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, to the court and the attorneys for the parties, including the attorney for the respondent, forthwith, but not later than one business day following either the decision to place the respondent in the qualified residential treatment program or the actual date the placement change occurred, whichever is sooner. Such notice shall indicate the date that the initial placement or change in placement is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the placement change, the local social services district shall subsequently notify the court and the attorneys for the parties, including the attorney for the respondent, of the date the placement change occurred; such notice shall occur no later than one business day following the placement change.
(b) When a respondent whose legal custody was transferred to a local social services district in accordance with this part resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and where such respondent's initial placement or change in placement in such qualified residential treatment program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district, the court shall schedule a hearing in accordance with subdivision three of this section. Notwithstanding any other provision of law to the contrary, such hearing shall be scheduled and completed within sixty days from the date the placement of the respondent in the qualified residential treatment program commenced.

3. (a) Upon completion of the assessment by the qualified individual, the local social services district shall submit the completed assessment conducted by the qualified individual to the court, and counsel for all parties, including the attorney for the child, and the child's family and permanency team forthwith or within one business day. The petitioner shall schedule the hearing and notify the parties, including the attorney for the child. Within sixty days of the start of a placement of a respondent referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(i) Consider the assessment, determination and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(ii) Determine whether the needs of the respondent can be met through placement in a foster family home and, if not, whether placement of the respondent in the qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment and whether that placement is consistent with the short-term and long-term goals for the respondent as specified in the respondent's permanency plan; and

(iii) Approve or disapprove the placement of the respondent in a qualified residential treatment program. Provided that, notwithstanding any other provision of law to the contrary, where the qualified individual determines that the placement of the respondent in a qualified residential treatment program is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court may only approve the placement of the respondent in the qualified residential treatment program if:

(A) the court finds, and states in the written order that:

(1) extenuating circumstances exist that necessitate the continued placement of the respondent in the qualified residential treatment program despite the finding of the qualified individual, except that a shortage or lack of foster family homes shall not constitute extenuating circumstances warranting a determination that the needs of the child cannot be met in a foster family home;

(2) there is not an alternative setting available that can meet the respondent's needs in a less restrictive environment; and

(3) that it would be contrary to the welfare of the respondent to be placed in a less restrictive setting and that continued placement in the qualified residential program is in the respondent's best interest despite the finding by the qualified individual that the respondent's placement in such setting is not appropriate; and
(B) the court's written order states the specific reasons why the court has made the findings required pursuant to clause (A) of this subparagraph.

(iv) If the court approves the placement of the respondent in a qualified residential treatment program where the qualified individual determines that such placement is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court shall hold a hearing to review whether the placement in a qualified residential treatment program continues to be in the respondent's best interest within thirty days of such approval.

(b) Notwithstanding any other provision of law to the contrary, if the existing governing placement order of the court regarding the respondent would not permit the local social services district to move the respondent from the qualified residential treatment program as required by section four hundred nine-h of the social services law, the court shall issue a new order which shall not preclude such respondent from being placed in a different setting. If the court issues a new placement order, there is a presumption that such order will be for the respondent to be placed in an available foster family home; however, if in the respondent's best interest, the court may also issue an order permitting the placement of the respondent in:

(i) An available supervised setting, as such term is defined in section three hundred seventy-one of the social services law;

(ii) If the respondent has been found to be, or is at risk of becoming, a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of the social services law, a setting providing residential care and supportive services for sexually exploited children;

(iii) A setting specializing in providing prenatal, post-partum, or parenting supports for youth;

(iv) An available program licensed or certified by the office of children and family services other than a qualified residential treatment program setting deemed not appropriate for the respondent.

4. Documentation of the court's determination pursuant to this section shall be recorded in the respondent's case record.

5. To the extent federally allowable, nothing in this section shall prohibit the court's approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such respondent, including but not limited to the respondent's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

§ 8. The opening paragraph of subdivision 5 of section 1017 of the family court act is designated paragraph (a) and a new paragraph (b) is added to read as follows:

(b) When a child whose legal custody was transferred to the commissioner of a local social services district in accordance with this section resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and where such child's initial placement or change in placement in such program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district, the court shall schedule a hearing in accordance with section one thousand fifty-five-c of this article. Notwithstanding any other provision of law to the contrary, such hearing shall be scheduled and completed within sixty days.
days from the date the placement of the child in the qualified residential treatment program commenced.

§ 9. The opening paragraph of subdivision (j) of section 1055 of the family court act is designated paragraph (i) and a new paragraph (ii) is added to read as follows:

(ii) When a child whose legal custody was transferred to the commissioner of a local social services district in accordance with this section resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and where such child’s initial placement or change in placement in such program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (i) of this subdivision and motion of the local social services district, the court shall schedule a hearing in accordance with section one thousand fifty-five-c of this part. Notwithstanding any other provision of law to the contrary, such hearing shall be scheduled and completed within sixty days from the date the placement of the child in the qualified residential treatment program commenced.

§ 10. The family court act is amended by adding a new section 1055-c to read as follows:

§ 1055-c. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a child is placed on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to the commissioner of a local social services district in accordance with this article.

2. Upon completion of the assessment by the qualified individual, the local social services district shall submit the completed assessment conducted by the qualified individual to the court, and counsel for all parties, including the attorney for the child, and the child’s family and permanency team forthwith or within one business day. The petitioner shall schedule the hearing and notify the parties, including the attorney for the child. Within sixty days of the start of a placement of a child referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(a) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(b) Determine whether the needs of the child can be met through placement in the foster family home and, if not, whether placement of the child in the qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and whether that placement is consistent with the short-term and long-term goals for the child, as specified in the child’s permanency plan; and

(c) Approve or disapprove the placement of the child in a qualified residential treatment program. Provided that, notwithstanding any other provision of law to the contrary, where the qualified individual determines that the placement of the child in a qualified residential treatment program is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court may only approve the placement of the child in the qualified residential treatment program if:

(i) the court finds, and states in the written order that:
(A) extenuating circumstances exist that necessitate the continued
placement of the child in the qualified residential treatment program
despite the finding of the qualified individual, except that a shortage
or lack of foster family homes shall not constitute extenuating circum-
stances warranting a determination that the needs of the child cannot be
met in a foster family home;
(B) there is not an alternative setting available that can meet the
child's needs in a less restrictive environment; and
(C) that continued placement in the qualified residential treatment
program is in the child's best interest despite the finding by the qual-
ified individual that the child's placement in such setting is not
appropriate; and
(ii) the court's written order states the specific reasons why the
court has made the findings required pursuant to subparagraph (i) of
this paragraph.
(d) If the court approves the placement of the child in a qualified
residential treatment program where the qualified individual determines
that such placement is not appropriate under the standards set in
accordance with section four hundred nine-h of the social services law,
the court shall hold a hearing to review whether the placement in the
qualified residential treatment program continues to be in the child's
best interest within thirty days of such approval.
3. Notwithstanding any other provision of law to the contrary, if the
existing governing placement order of the court regarding the child
would not permit the local social services district to move the child
from the qualified residential treatment program as required by section
four hundred nine-h of the social services law, the court shall issue a
new order which shall not preclude such child from being placed in a
different setting. If the court issues a new placement order, there is
a presumption that such order will be for the child to be placed in an
available foster family home; however, if in the child's best interest,
the court may also issue an order permitting the placement of the child
in:
(i) An available supervised setting, as such term is defined in
section three hundred seventy-one of the social services law;
(ii) If the child has been found to be, or is at risk of becoming, a
sexually exploited child as defined in subdivision one of section four
hundred forty-seven-a of the social services law, a setting providing
residential care and supportive services for sexually exploited chil-
dren;
(iii) A setting specializing in providing prenatal, post-partum, or
parenting supports for youth; or
(iv) An available program licensed or certified by the office of chil-
dren and family services other than a qualified residential treatment
program setting deemed not appropriate for the child.
4. Documentation of the court’s determination pursuant to this section
shall be recorded in the child’s case record.
5. To the extent federally allowable, nothing in this section shall
prohibit the court’s approval of a placement in a qualified residential
treatment program from occurring at the same time as another hearing
scheduled for such child, including but not limited to the child’s
dispositional or permanency hearing, provided such approval is completed
within sixty days of the start of such placement.
§ 11. Clause (C) of subparagraph (ix) of paragraph 5 of subdivision
(c) of section 1089 of the family court act, as added by section 27 of
part A of chapter 3 of the laws of 2005, is amended, and a new paragraph 6 is added to read as follows:

(C) if the child is over age fourteen and has voluntarily withheld his or her consent to an adoption, the facts and circumstances regarding the child's decision to withhold consent and the reasons therefor; and

(6) Where the child remains placed in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, the commissioner of the social services district with legal custody of the child shall submit evidence at the permanency hearing with respect to the child:

(i) demonstrating that ongoing assessment of the strengths and needs of the child continues to support the determination that the needs of the child cannot be met through placement in a foster family home, that the placement in the qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment, and that the placement is consistent with the short-term and long-term goals for the child, as specified in the child's permanency plan;

(ii) documenting the specific treatment or service needs that will be met for the child in the placement and the length of time the child is expected to need the treatment or services; and

(iii) documenting the efforts made by the local social services district to prepare the child to return home, or to be placed with a fit and willing relative, legal guardian or adoptive parent, or in a foster family home.

§ 12. The opening paragraph of clause (H) of subparagraph (vii) of paragraph 2 of subdivision (d) of section 1089 of the family court act is designated item (I) and a new item (II) is added to read as follows:

(II) When a child whose legal custody was transferred to the commissioner of a local social services district in accordance with this section resides in a qualified residential treatment program as defined in section four hundred nine-h of the social services law and where such child's initial placement or change in placement in such program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to item (I) of this clause and motion of the local social services district to prepare the child to return home, or to be placed with a fit and willing relative, legal guardian or adoptive parent, or in a foster family home.

§ 13. The family court act is amended by adding a new section 1091-a to read as follows:

§ 1091-a. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a former foster care youth is placed on or after September twenty-ninth, two thousand twenty-one, and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to a local social services district or the office of children and family services in accordance with this article.

2. (a) When a former foster care youth is in the care and custody of a local social services district or the office of children and family services pursuant to this article, such social services district or office shall report any anticipated placement of the former foster care
youth into a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, to the court and the attorneys for the parties, including the attorney for the former foster care youth, forthwith, but not later than one business day following either the decision to place the former foster care youth in the qualified residential treatment program or the actual date the placement change occurred, whichever is sooner. Such notice shall indicate the date that the initial placement or change in placement is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the placement change, the local social services district or office shall subsequently notify the court and attorneys for the parties, including the attorney for the former foster care youth, of the date the placement change occurred; such notice shall occur no later than one business day following the placement change.

(b) When a former foster care youth whose legal custody was transferred to a local social services district or the office of children and family services in accordance with this article resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and where such former foster care youth’s initial placement or change in placement in such qualified residential treatment program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district, the court shall schedule a hearing in accordance with subdivision three of this section. Notwithstanding any other provision of law to the contrary, such hearing shall be scheduled and completed within sixty days from the date the placement of the former foster care youth in the qualified residential treatment program commenced.

3. Upon completion of the assessment by the qualified individual, the local social services district shall submit the completed assessment conducted by the qualified individual to the court, and counsel for all parties, including the attorney for the child, and the child’s family and permanency team forthwith or within one business day. The petitioner shall schedule the hearing and notify the parties, including the attorney for the child. Within sixty days of the start of a placement of a former foster care youth referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(a) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(b) Determine whether the needs of the former foster care youth can be met through placement in a foster family home and, if not, whether placement of the former foster care youth in the qualified residential treatment program provides the most effective and appropriate level of care for the former foster care youth in the least restrictive environment and whether that placement is consistent with the short-term and long-term goals for the former foster care youth, as specified in the former foster care youth's permanency plan; and

(c) Approve or disapprove the placement of the former foster care youth in qualified residential treatment program. Provided that, notwithstanding any other provision of law to the contrary, where the qualified individual determines that the placement of the former foster care youth in a qualified residential treatment program is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court may only approve the place-
ment of the former foster care youth in the qualified residential treat-
ment program if:

(i) the court finds, and states in the written order that:
(A) extenuating circumstances exist that necessitate the continued
placement of the former foster care youth in the qualified residential
treatment program despite the finding of the qualified individual,
except that a shortage or lack of foster family homes shall not consti-
tute extenuating circumstances warranting a determination that the needs
of the child cannot be met in a foster family home;
(B) there is not an alternative setting available that can meet the
former foster care youth's needs in a less restrictive environment; and
(C) that continued placement in the qualified residential treatment
program is in the former foster care youth's best interest despite the
finding by the qualified individual that the former foster care youth's
placement in such setting is not appropriate; and
(ii) the court's written order states the specific reasons why the
court has made the findings required pursuant to subparagraph (i) of
this paragraph.

(d) If the court approves the placement of the former foster care
youth in the qualified residential treatment program where the qualified
individual determines that such placement is not appropriate under the
standards set in accordance with section four hundred nine-h of the
social services law, the court shall hold a hearing to review whether
the placement in a qualified residential treatment program continues to
be in the former foster care youth's best interest within thirty days of
such approval.

4. Notwithstanding any other provision of law to the contrary, if the
existing governing placement order of the court regarding the former
foster care youth would not permit the local social services district or
the office to move the former foster care youth from the qualified resi-
dential treatment program as required by section four hundred nine-h of
the social services law, the court shall issue a new order which shall
not preclude such former foster care youth from being placed in a
different setting. If the court issues a new placement order, there is
a presumption that such order will be for the former foster care youth
to be placed in an available foster family home; however, if in the
former foster care youth's best interest, the court may also issue an
order permitting the placement of the former foster care youth in:
(a) An available supervised setting, as such term is defined in
section three hundred seventy-one of the social services law;
(b) If the former foster care youth has been found to be, or is at
risk of becoming, a sexually exploited child as defined in subdivision
one of section four hundred forty-seven-a of the social services law, a
setting providing residential care and supportive services for sexually
exploited children;
(c) A setting specializing in providing prenatal, post-partum, or
parenting supports for youth; or
(d) An available program licensed or certified by the office of chil-
dren and family services other than a qualified residential treatment
program setting deemed not appropriate for the former foster care youth.

5. Documentation of the court's determination pursuant to this section
shall be recorded in the former foster care youth's case record.

6. To the extent federally allowable, nothing in this section shall
prohibit the court's approval of a placement in a qualified residential
treatment program from occurring at the same time as another hearing
scheduled for such former foster care youth, including but not limited
to the former foster care youth's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

§ 14. The family court act is amended by adding a new section 1097 to read as follows:

§ 1097. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a child is placed on or after September twenty-ninth, two thousand twenty-one, and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to a local social services district in accordance with this article.

2. (a) When a child is in the care and custody of a local social services district pursuant to this article, such social services district shall report any anticipated placement of the child into a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, to the court and the attorneys for the parties, including the attorney for the child, forthwith, but not later than one business day following either the decision to place the child in the qualified residential treatment program or the actual date the placement change occurred, whichever is sooner. Such notice shall indicate the date that the initial placement or change in placement is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the placement change, the local social services district shall subsequently notify the court and attorneys for the parties, including the attorney for the child, of the date the placement change occurred, such notice shall occur no later than one business day following the placement change.

(b) When a child whose legal custody was transferred to a local social services district in accordance with this article resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and where such child's initial placement or change in placement in such qualified residential treatment program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district, the court shall schedule a hearing in accordance with subdivision three of this section. Notwithstanding any other provision of law to the contrary, such hearing shall be scheduled and completed within sixty days from the date the placement of the child in the qualified residential treatment program commenced.

3. Upon completion of the assessment by the qualified individual, the local social services district shall submit the completed assessment conducted by the qualified individual to the court, and counsel for all parties, including the attorney for the child, and the child's family and permanency team forthwith or within one business day. The petitioner shall schedule the hearing and notify the parties, including the attorney for the child. Within sixty days of the start of a placement of a child referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(a) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(b) Determine whether the needs of the child can be met through placement in a foster family home and, if not, whether placement of the child
in the qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and whether that placement is consistent with the short-term and long-term goals for the child, as specified in the child’s permanency plan; and

(c) Approve or disapprove the placement of the child in the qualified residential treatment program. Provided that, notwithstanding any other provision of law to the contrary, where the qualified individual determines that the placement of the child in a qualified residential treatment program is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court may only approve the placement of the child in the qualified residential treatment program if:

(i) the court finds, and states in the written order that:

(A) extenuating circumstances exist that necessitate the continued placement of the child in the qualified residential treatment program despite the finding of the qualified individual, except that a shortage or lack of foster family homes shall not constitute extenuating circumstances warranting a determination that the needs of the child cannot be met in a foster family home;

(B) there is not an alternative setting available that can meet the child’s needs in a less restrictive environment; and

(C) that continued placement in the qualified residential treatment program is in the child’s best interest despite the finding by the qualified individual that the child’s placement in such setting is not appropriate; and

(ii) the court’s written order states the specific reasons why the court has made the findings required pursuant to subparagraph (i) of this paragraph.

(d) If the court approves the placement of the child in a qualified residential treatment program where the qualified individual determines that such placement is not appropriate under the standards set in accordance with section four hundred nine-h of the social services law, the court shall hold a hearing to review whether the placement in a qualified residential treatment program continues to be in the child’s best interest within thirty days of such approval.

4. If the court issues a new placement order, there is a presumption that such order will be for the child to be placed in an available foster family home; however, if in the child’s best interest, the court may also issue an order permitting the placement of the child in:

(a) An available supervised setting, as such term is defined in section three hundred seventy-one of the social services law;

(b) If the child has been found to be, or is at risk of becoming, a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of the social services law, a setting providing residential care and supportive services for sexually exploited children;

(c) A setting specializing in providing prenatal, post-partum, or parenting supports for youth; or

5. Documentation of the court’s determination pursuant to this section shall be recorded in the child’s case record.

6. To the extent practicable, nothing in this section shall prohibit the court’s approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such child, including but not limited to the child’s dispositional or
§ 15. On or before April 1, 2023, the office of children and family services shall submit a report to the governor, temporary president of the senate, speaker of the assembly, chairs of the senate and assembly standing committees on children and families, and the chairs of the senate and assembly standing committees on social services regarding the placement of children pursuant to proceedings held under section 393 of the social services law or sections 353.7, 756-b, 1055-c, 1091-a, and 1097 of the family court act. Such report will identify trends and address any disparities between placement orders issued by the courts and the legislative intent outlined in subdivision one of section 409-h of the social services law. Such analysis shall include, but not be limited to, a review of the number of times a judge approves the continuation of placement in a qualified residential treatment program where the qualified individual determines that the placement of the child is not appropriate in accordance with section 409-h of the social services law and the specified reasons for the determinations as required by: clause (B) of subparagraph (iii) of paragraph (a) of subdivision 2 of section 393 of the social services law; or the following provisions of the family court act: clause (B) of subparagraph (iii) of paragraph (a) of subdivision 3 of section 353.7; clause (B) of subparagraph (iii) of paragraph (a) of subdivision 3 of section 756-b; subparagraph (ii) of paragraph (c) of subdivision two of section 1055-c; subparagraph (ii) of paragraph (c) of subdivision 3 of section 1091-a; and subparagraph (ii) of paragraph (c) of subdivision 3 of section 1097. The office of court administration shall provide aggregate data to the office of children and families for placement orders issued by the court on or after September 29, 2021, as it pertains to the appropriateness of a child's placement in a qualified residential treatment program. The office is authorized to contract with a consultant or independent research organization to prepare and submit such report.

§ 16. Severability. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid and after exhaustion of all further judicial review, the judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part of this act directly involved in the controversy in which the judgment shall have been rendered.

§ 17. This act shall take effect September 29, 2021; provided, however, that:
(a) notwithstanding any other provision of law, provisions in this act shall not take effect unless and until the state title IV-E agency submits to the United States Department of Health and Human Services, Administration for Children, Youth and Families, an amendment to the title IV-E state plan and the United States Department of Health and Human Services, Administration for Children, Youth and Families approves said title IV-E state plan amendment regarding when a child is placed in a qualified residential treatment program in relation to the following components: (1) the qualified individual and the establishment of the assessment by the qualified individual to be completed prior to or within 30-days of the child's placement as established by section three of this act; (2) the 60 day court reviews, including the ability to conduct at the same time as another hearing scheduled for the child, as established by sections one, two, four, seven, eight, nine, ten, twelve,
thirteen and fourteen of this act; and (3) permanency hearing requirements as established by sections five, six and eleven of this act;
(ii) provided however, that if the United States Department of Health and Human Services, Administration for Children, Youth and Families fails to approve or disapproves any of the components listed in paragraph (i) of this subdivision, such action shall not impact the effective date for the remaining components listed therein;
(b) the office of children and family services shall inform the legislative bill drafting commission upon the occurrence of the submission set forth in subdivision (a) of this section and any approval related thereto in order that the commission may maintain an effective and timely database of the official texts of the state of laws of New York in furtherance of effectuating the provisions of section 44 of the legislative law and section 70-b of the public officers law;
(c) for the purposes of this act, the term "placement" shall refer only to placements made on or after the effective date of the Title IV-E state plan to establish the 30-day assessment, 60-day court review and permanency hearing requirements set forth in this act that occur on or after its effective date; and
(d) the office of children and family services and the office of court administration are hereby authorized to promulgate such rules and regulations on an emergency basis as may be necessary to implement the provisions of this act on or before such effective date.

(12) "Forward commitment mortgage". A mortgage, which includes new construction loans, for which a commitment to advance funds is made not earlier than the date the agency issues an invitation to purchase mortgages or such later date as specified in the invitation. A mortgage made in satisfaction of the obligation of a bank under section twenty-four hundred five of this [title] part is not a forward commitment mortgage.
§ 3. Subdivisions 7 and 14 of section 2404 of the public authorities law, subdivision 7 as amended by chapter 782 of the laws of 1992, and subdivision 14 as added by chapter 612 of the laws of 1970, are amended to read as follows:

(14) To renegotiate, refinance or foreclose, or contract for the foreclosure of, any mortgage in default; to waive any default or consent to the modification of the terms of any mortgage; to commence any action to protect or enforce any right conferred upon it by any law, mortgage, contract or other agreement, and to bid for and purchase such property at any foreclosure or at any other sale, or acquire or take possession of any such property; to operate, manage, lease, dispose of, and otherwise deal with such property, in such manner as [may be necessary to protect the interests of the agency and the holders of its bonds and notes] would further the purposes of the agency, subject to any agreement with its bondholders or noteholders;

§ 4. Subdivisions 3 and 5 and paragraphs (a), (f), and (h) of subdivision 8 of section 2405-b of the public authorities law, subdivisions 3 and 5 and paragraphs (a) and (h) of subdivision 8 as added by chapter 915 of the laws of 1982, paragraph (h) of subdivision 8 as further amended by section 104 of part A of chapter 62 of the laws of 2011 and paragraph (f) of subdivision 8 as amended by chapter 432 of the laws of 2009, are amended to read as follows:

(3) In conducting its program of purchasing forward commitment mortgages, the agency shall be governed by the provisions of paragraph (b) of subdivision three of section twenty-four hundred five of this [title] part; however, with respect to new construction loans, the agency shall be governed by the provisions of only subparagraph (iii) of paragraph (b) of subdivision three of section twenty-four hundred five of this part.

(5) Notwithstanding the maximum interest rate, if any, fixed by section 5-501 of the general obligations law or any other law not specifically amending or applicable to this section, the agency may set the interest rate to be borne by forward commitment mortgages purchased by the agency from banks at a rate or rates which the agency from time to time shall determine [to], provided however, that if such mortgages are financed through the issuance of the agency's bonds or notes, the interest rate shall be at least sufficient, together with any other available monies, to provide for the payment of its bonds and notes, and forward commitment mortgages bearing such interest rate shall not be
deemed to violate any such law or to be unenforceable if originated by a
bank in good faith pursuant to an undertaking with the agency with
respect to the sale thereof notwithstanding any subsequent failure of
the agency to purchase the mortgage or any subsequent sale or disposi-
tion of the mortgage by the agency to such bank or any other person.
(a) other than with respect to new construction loans, the mortgage
was not made in satisfaction of an obligation of the bank under section
twenty-four hundred five of this [title] part;
(f) the mortgage constitutes a valid first lien or second lien with
respect to mortgages other than new construction loans, on the real
property described to the agency in accordance with subdivision five of
section twenty-four hundred two of this part subject only to real prop-
erty taxes not yet due, installments of assessments not yet due, and
easements and restrictions of record which do not adversely affect, to a
material degree, the use or value of the real property or improvements
thereon;
(h) the improvements to, or new construction of, the mortgaged real
property are covered by a valid and subsisting policy of insurance
issued by a company authorized by the superintendent of financial
services to issue such policies in the state of New York and providing
fire and extended coverage to an amount not less than eighty percent of
the insurable value of the improvements to, or new construction of, the
mortgaged real property.
§ 5. This act shall take effect immediately; provided, however, that:
a. the amendments to subdivisions 2, 5 and 12 of section 2402 of the
public authorities law made by section two of this act shall not affect
the expiration of such subdivisions and shall be deemed to expire there-
with;
b. the amendments to subdivision 7 of section 2404 of the public
authorities law made by section three of this act shall not affect the
expiration of such subdivision and shall be deemed to expire therewith;
and
c. the amendments to section 2405-b of the public authorities law made
by section four of this act shall not affect the repeal of such section
and shall be deemed repealed therewith.

PART Z

Section 1. This part enacts into law major components of legislation
which are related to making child care more affordable for low-income
families and easing administrative burdens for the child care workforce.
Each component is wholly contained within a Subpart identified as
Subparts A and B. The effective date for each particular provision
contained within such Subpart is set forth in the last section of such
Subpart. Any provision in any section contained within a Subpart,
including the effective date of the Subpart, which makes reference to a
section of "this act", when used in connection with that particular
component, shall be deemed to mean and refer to the corresponding
section of the Subpart in which it is found. Section two contains a
severability clause for all provisions contained in each subpart of this
Part. Section three of this act sets forth the general effective date of this Part.

SUBPART A

8. Notwithstanding any other provision of law, rule or regulations to the contrary, a social services district that implements a plan amendment to the child care portion of its child and family services plan, either as part of an annual plan update, or through a separate plan amendment process, where such amendment reduces eligibility for, or increases the family share percentage of, families receiving child care services, or that implements the process for closing child care cases as set forth in the district's approved child and family services plan, due to the district determining that it cannot maintain its current caseload because all of the available funds are projected to be needed for open cases, shall provide all families whose eligibility for child care assistance or family share percentage will be impacted by such action with at least thirty days prior written notice of the action. Provided, however, that a family receiving assistance pursuant to this title shall not be required to contribute more than ten percent of their income exceeding the state income standard.

§ 2. Subdivision 6 of section 410-x of the social services law, as added by section 52 of part B of chapter 436 of the laws of 1997, is amended to read as follows:

6. Pursuant to department regulations, child care assistance shall be provided on a sliding fee basis based upon the family's ability to pay; provided, however, that a family receiving assistance pursuant to this title shall not be required to contribute more than ten percent of their income exceeding the state income standard.

§ 3. This act shall take effect immediately.

Such procedures shall include but not be limited to the following requirements: that the applicant set forth his or her employment history[...provide personal and employment references]; submit such information as is required for screening with the statewide central register of child abuse and maltreatment in accordance with the provisions of section four hundred twenty-four-a of this article; [sign a sworn statement indicating whether, to the best of his or her knowledge, he or she has ever been convicted of a crime in this state or any other jurisdiction;] and provide his or her fingerprints for submission to the division of criminal justice services in accordance with the provisions of section three hundred ninety-b of this title;

§ 3. Subparagraphs (i) and (iv) of paragraph (d) of subdivision 3-a of section 390-b of the social services law, as added by section 9 of part H of chapter 56 of the laws of 2019, are amended to read as follows:

(i) Where a clearance conducted pursuant to this section reveals that an applicant to be the operator or director of a child day care program, or applicant to be a caregiver, or anyone who is not related in any way to all children for whom child care services will be provided, resides in the home over the age of eighteen where child day care is proposed to be provided to children in a home-based setting has been charged with a crime, the office of children and family services shall hold the application in abeyance until the charge is finally resolved; provided, however, that the office of children and family services may approve the application prior to resolution of the charge if a conviction on the charge would not result in the individual, program, or provider being deemed ineligible pursuant to subdivision three of this section.

(iv) Where a clearance conducted pursuant to this section reveals that an applicant to be an employee or volunteer with the potential for unsupervised contact with children of a child day care program or enrolled legally-exempt provider has been charged with a crime, the office shall hold the application in abeyance until the charge is finally resolved; provided, however, that the office of children and family services may approve the application prior to resolution of the charge if a conviction on the charge would not result in the employee or volunteer being deemed ineligible pursuant to subdivision three of this section.

The office shall promulgate regulations related to the process by which providers and applicants will be informed whether the
applicant is authorized or unauthorized to care for children based on the outcome of such inquiry.

(iii) A licensing agency shall inquire of the office whether any person age eighteen or older who is not related in any way to all children for whom care is provided that resides on the premises of where child care is provided in a setting that is not the child's own home by an enrolled legally-exempt provider as such term is defined in subdivision one-a of section three hundred ninety-b of this chapter article provided, however, that a licensing agency may, but is not required to submit an inquiry pursuant to this subparagraph if such individual has been the subject of an inquiry pursuant to this subparagraph within the last five years and has maintained a role in one or more child care programs during such five-year period without a break in time where such individual ceased to play a role in any child care program of not more than one hundred eighty consecutive days. The office shall promulgate regulations related to the process by which providers and applicants will be informed whether the applicant is authorized or unauthorized to care for children based on the outcome of such inquiry.

§ 5. This act shall take effect on the ninetieth day after it shall have become a law. § 2. Severability. If any clause, sentence, paragraph, subdivision, section or part contained in any subpart of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall by confined in its operation to the clause, sentence, paragraph, subdivision, section or part contained in any subpart thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately, provided, however, that the applicable effective date of Subparts A and B of this act shall be as specifically set forth in the last section of such Subparts.

PART AA

Section 1. Legislative findings and intent. The legislature finds that the transition to the green economy and creating good paying jobs are not mutually exclusive priorities for New York State. In order to make this transition and achieve the ambitious goals set forth in the Climate Leadership and Community Protection Act, a clear focus on prioritizing renewable energy sources is necessary. However, the workers who will build the infrastructure of the green economy must not be left behind. Setting clear standards for job quality will ensure the creation of good jobs, protect workers in the ongoing transition of our energy sector, and result in positive economic impacts. In addition to workers engaged directly in the renewable energy sector, New Yorkers have experienced widespread unemployment as a result of the pandemic. According to the New York State Department of Labor, as of January 2021 New York has paid over $61 billion in unemployment benefits to 4 million workers. New manufacturing and supply chain jobs are a necessary element of any
pandemic recovery. Due to such findings, the legislature hereby declares that the mandate of prevailing wage or project labor agreements for construction work performed in connection with the installation of renewable energy systems and its Buy American preference provided in this bill will ensure that workers are central to New York State's transition to the green economy and its pandemic recovery plan.

§ 2. The labor law is amended by adding a new section 224-d to read as follows:

§ 224-d. Wage requirements for certain renewable energy systems. 1. For purposes of this section, a "covered renewable energy system" means a renewable energy system, as such term is defined in section sixty-six-p of the public service law, with a capacity of at least five megawatts alternating current and which involves the procurement of renewable energy credits by a public entity, or a third party acting on behalf and for the benefit of a public entity.

2. Notwithstanding the provisions of section two hundred twenty-four-a of this article, a covered renewable energy system shall be subject to prevailing wage requirements in accordance with sections two hundred twenty and two hundred twenty-b of this article. Provided that a renewable energy system defined in section sixty-six-p of the public service law which is not considered to be covered by this section, may still otherwise be considered a "covered project" pursuant to section two hundred twenty-four-a of this article if it meets such definition.

3. For purposes of this section, a covered renewable energy system shall exclude construction work performed under a pre-hire collective bargaining agreement between an owner or contractor and a bona fide building and construction trade labor organization which has established itself, and/or its affiliates, as the collective bargaining representative for all persons who will perform work on such a project, and which provides that only contractors and subcontractors who sign a pre-negotiated agreement with the labor organization can perform work on such a project, or construction work performed under a labor peace agreement, project labor agreement, or any other construction work performed under an enforceable agreement between an owner or contractor and a bona fide building and construction trade labor organization.

4. For purposes of this section, the "fiscal officer" shall be deemed to be the commissioner. The enforcement of any covered renewable energy system pursuant to this section shall be subject to the requirements of sections two hundred twenty, two hundred twenty-a, two hundred twenty-b, two hundred twenty-three, two hundred twenty-four-b, and two hundred twenty-seven of this chapter and within the jurisdiction of the fiscal officer; provided, however, nothing contained in this section shall be deemed to construe any covered renewable energy system as otherwise being considered public work pursuant to this article.

5. The fiscal officer may issue rules and regulations governing the provisions of this section. Violations of this section shall be grounds for determinations and orders pursuant to section two hundred twenty-b of this article.

§ 2-a. The public service law is amended by adding a new section 66-r to read as follows:

§ 66-r. Requirements for certain renewable energy systems. 1. For the purposes of this section, a "covered renewable energy system" means a renewable energy system, as such term is defined in section sixty-six-p of this article, with a capacity of at least five megawatts alternating current and which involves the procurement of renewable
energy credits by a public entity, or a third party acting on behalf and
for the benefit of a public entity.

2. For purposes of this section, "public entity" shall include, but
shall not be limited to, the state, a local development corporation as
defined in subdivision eight of section eighteen hundred one of the
public authorities law or section fourteen hundred eleven of the
not-for-profit corporation law, a municipal corporation as defined in
section one hundred nineteen-n of the general municipal law, an
industrial development agency formed pursuant to article eighteen-A of
the general municipal law or industrial development authorities formed
pursuant to article eight of the public authorities law, and any state,
local or interstate or international authorities as defined in section
two of the public authorities law; and shall include any trust created
by any such entities.

3. The commission shall ensure that the owner of the covered renewable
energy system, or a third party acting on the owner's behalf, as a
condition of any renewable energy credits agreement with a public enti-
ty, shall stipulate to the fiscal officer that it will enter into a
labor peace agreement with at least one bona fide labor organization
that is actively engaged in representing or attempting to represent
employees who will provide necessary operations and maintenance services
for the renewable energy system, provided however that necessary oper-
ations and maintenance services shall not include seasonal and temporary
employment performed in a manner not otherwise necessary for the actual
maintenance of such system. The maintenance of such a labor peace agree-
ment shall be an ongoing material condition of any continuation of
payments under a renewable energy credits agreement. For purposes of
this section "labor peace agreement" means an agreement between an enti-
ty and labor organization that, at a minimum, protects the state's
proprietary interests by prohibiting labor organizations and members
from engaging in picketing, work stoppages, boycotts, and any other
economic interference with the relevant renewable energy system. "Renew-
able energy credits agreement" shall mean any public entity contract
that provides production-based payments to a renewable energy project as
defined in this section.

4.(a) Any public entity, in each contract for construction, recon-
struction, alteration, repair, improvement or maintenance of a covered
renewable energy system which involves the procurement of a renewable
energy credits agreement by a public entity, or a third party acting on
behalf and for the benefit of a public entity, the "public work" for the
purposes of this subdivision, shall ensure that such contract shall
contain a provision that the iron and structural steel used or supplied
in the performance of the contract, or that is permanently incorporated
into the public work, shall be produced or made in whole or substantial
part in the United States, its territories or possessions. In the
case of a structural iron or structural steel product all manu-
facturing must take place in the United States, from the initial melt-
ing stage through the application of coatings, except metallurgical
processes involving the refinement of steel additives. For the purposes
of this subdivision, "permanently incorporated" shall mean an iron or
steel product that is required to remain in place at the end of the
project contract, in a fixed location, affixed to the public work to
which it was incorporated. Iron and steel products that are capable
of being moved from one location to another are not permanently incor-
porated into a public work.
(b) The provisions of paragraph (a) of this subdivision shall not apply if the head of the department or agency constructing the public works, in his or her sole discretion, determines that the provisions would not be in the public interest, would result in unreasonable costs, or that obtaining such steel or iron in the United States would increase the cost of the contract by an unreasonable amount, or such iron or steel, including without limitation structural iron and structural steel cannot be produced or made in the United States in sufficient and reasonably available quantities and of satisfactory quality. The head of the department or agency constructing the public works shall include this determination in an advertisement or solicitation of a request for proposal, invitation for bid, or solicitation of proposal, or any other method provided for by law or regulation for soliciting a response from offerors intending to result in a contract pursuant to this subdivision.

(c) If the public entity finds it feasible and in the best interests of the people of the state in ensuring reliable operations and supply chain efficiency and consistent with all applicable laws to which the state is bound, it may require the owner of the renewable energy system to use certain components and parts manufactured in the state.

5. Whenever changes are proposed to any public procurement process involving the program described in subdivision two of this section, the commission shall make simultaneous recommendations to the temporary president of the senate and speaker of the assembly, regarding necessary changes to this section, if any, in meeting the goals outlined in the legislative findings and intent of the chapter by which this section was enacted.

§ 2-b. Section 66-p of the public service law, as added by chapter 705 of the laws of 2019, is renumbered section 66-q.

§ 3. Severability clause. If any clause, sentence, paragraph, subdivision, or section of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or section thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 4. This act shall take effect on January 1, 2022 and shall apply to covered renewable energy projects that begin on or after that date.

PART CC

Section 1. Subdivisions 3 and 4 of section 581-a of the labor law, as amended by chapter 21 of the laws of 2021, are amended to read as follows:

3. Notwithstanding the provisions of section five hundred eighty-one of this title to the contrary, and for the purpose of responding to the COVID-19 pandemic, any employer whose employees receive payments under this article and whose claims for unemployment insurance arise due to the closure of the employer or a reduction in the workforce of the employer for reasons related to the COVID-19 pandemic, or due to a
mandatory order of a government entity duly authorized to issue such order to close such employer due to the COVID-19 pandemic] for unemployment claims made on or after March [twelfth] ninth, two thousand twenty shall not have included in their experience rating charges the amounts so paid to the employees from the fund. Such charges, if not reimbursed, in whole or in part by the federal government, shall be made to the general account for the fund created by section five hundred fifty of this article.

4. The provisions of this section shall apply to an employer liable for contributions or payments in lieu of contributions, but if the secretary of labor of the United States finds that their application to such employer does not meet the requirements of the Federal Unemployment Tax Act, such provisions shall be inoperative with respect to such employer, unless and until such finding has been set aside pursuant to a final decision issued in accordance with such judicial review proceedings as may be instituted and completed under the provisions of section thirty-three hundred ten of the Federal Unemployment Tax Act.

§ 2. Section 2 of chapter 21 of the laws of 2021, amending the labor law relating to prohibiting the inclusion of claims for unemployment insurance arising from the closure of an employer due to COVID-19 from being included in such employer's experience rating charges, is amended to read as follows:

§ 2. This act shall take effect immediately and shall expire and be deemed repealed on December 31, 2021, [when upon such date the provisions of this act shall be deemed repealed] or upon the expiration of the state of emergency declared by executive order 202 of 2020, whichever is later; provided that the commissioner of labor shall notify the legislative bill drafting commission upon the occurrence of the expiration of the state of emergency declared by executive order 202 of 2020 in order that the commission may maintain an accurate and timely effective data base of the official text of the laws of the state of New York in furtherance of effectuating the provisions of section 44 of the legislative law and section 70-b of the public officers law.

§ 3. This act shall take effect immediately.

§ 2. The public housing law is amended by adding a new article 14 to read as follows:

ARTICLE XIV

The legislature further finds that providing funding for households to pay rent and utility costs that they would otherwise have difficulty paying will promote the stability and proper maintenance of the rental housing stock and assist communities in recovering from the adverse social and economic effects of the COVID-19 outbreak.

The term "income" shall not include: employment income from children under eighteen years of age, employment income from individuals eighteen years of age or older who are full-time students and are eligible to be claimed as dependents pursuant to Internal Revenue Service regulations, foster care payments, sporadic gifts, groceries provided by persons not living in the household, supplemental nutrition assistance program benefits, or the earned income tax credit.

§ 604. Eligibility. The commissioner shall promulgate standards for
determining eligibility for this program.

   New York, including both tenants and occupants of dwelling units and
   manufactured home tenants;
   (b) includes an individual who qualifies for unemployment or experi-
   enced a reduction in household income, incurred significant costs, or
   experienced other financial hardship due, directly or indirectly, to the
   COVID-19 outbreak;
   (c) demonstrate a risk of experiencing homelessness or housing insta-
       bility; and
   (d) has a household income at or below eighty percent of the area
       median income, adjusted for household size.

2. Households who would otherwise be eligible for this program pursu-
   ant to subdivision one of this section but for a household income that
   exceeds eighty percent of the area median income adjusted for household
   size shall be eligible pursuant to this subdivision if they have a
   household income at or below one hundred twenty percent of the area
   median income adjusted for household size, provided that assistance for
   those eligible pursuant to this subdivision shall be paid for only with
   state funds allocated for this purpose.

3. For the purposes of this program, income may be considered:
   (a) the household's total income for calendar year two thousand twen-
   ty; or
   (b) the household's current monthly income at the time of application
   for such assistance. If a household is applying for assistance using
   current monthly income, the household shall only be eligible for assist-
   ance for the months during which they meet the criteria in subdivision
   one of this section.

4. In addition to the eligibility criteria in subdivision one of this
   section, the commissioner may promulgate limits on assets as part of any
   determination of eligibility for this program. The commissioner shall
   exclude from any calculation of assets made pursuant to this section
   assets held in a tax-deferred or comparable retirement savings account
   or any vehicle used regularly by a member of the household.

5. The commissioner shall establish preferences in processing applica-
   tions and allocating funds under this program. Such preferences shall at
   a minimum prioritize each of the following:
   (a) households whose income does not exceed fifty percent of the area
   median income adjusted for household size; and
   (b) households within which one or more individuals are unemployed as
   of the date of the application for assistance and have not been employed
   for the ninety days preceding such date.

6. The commissioner may also grant preferences for households who:
   (a) are tenants of mobile homes or mobile home parks whose arrears
   have accrued for the land on which the mobile home is located;
   (b) include one or more individuals who are victims of domestic
   violence;
   (c) apply jointly with their landlord; or
   (d) have eviction cases that are pending on or before February first,
   two thousand twenty-one; provided that among households granted a pref-
   erence because they apply jointly with their landlord, the commissioner
   may grant an additional preference for households whose landlord is a
   non-profit provider of affordable housing; provided further that any
preference granted pursuant to this subdivision shall not supersede
either of the preferences granted pursuant to subdivision five of this
section.

7. A household may apply for utility assistance, rental assistance, or
both.

8. Nothing in this article shall be construed to disqualify applica-
tions from tenants of state-funded public housing agencies.

9. No rental assistance provided pursuant to this article shall be
duplicative of assistance for rent or rental arrears previously received
by the household.

10. Any ambiguity in eligibility criteria promulgated by the commis-
sioner shall be resolved in favor of the applicant when determining
eligibility.

11. Any information collected about a household in the process of
determining eligibility shall solely be used for the purposes of deter-
mining eligibility and shall not be shared with any other governmental
agency.

12. An individual full-time college student or a household consisting
exclusively of full-time college students is ineligible for this program
unless each individual in the household satisfies the following condi-
tions:

(a) the individual shall have established a household separate from
his or her parents or legal guardians for at least one year prior to
application for admission or shall meet the United States department of
education's definition of independent student; and

(b) the individual shall not be claimed as a dependent by his or her
parents or legal guardians pursuant to internal revenue service (IRS)
regulations.

§ 605. Application. 1. As soon as practicable and no later than four-
teen days after the effective date of this article, the commissioner
shall make an application for the program available on its website. The
application shall be available online in English, Spanish, Chinese,
Russian, Yiddish, Haitian (French Creole), Bengali, and Italian. The
commissioner shall enable applications to be accepted via telephone. The
application period shall remain open for a minimum of one hundred eighty
days unless all available funding has been allocated prior to the expi-
ration of one hundred eighty days.

2. The commissioner shall designate non-for-profit organizations that
shall be permitted to assist households in applying for assistance and
such organizations shall be permitted to file applications on behalf of
such households.

3. The commissioner shall provide for procedures under which a land-
lord or owner of a residential dwelling shall be permitted to submit an
application for assistance on behalf of a tenant or occupant of such
dwelling. Such landlord or owner shall be required to:

(a) obtain the signature of the tenant on such application, which may
be documented electronically;

(b) provide the tenant with documentation of such application;

(c) use any payments received pursuant to this article solely to
satisfy the tenant’s rental obligations to the landlord or owner; and

(d) keep confidential any information or documentation from or about
the tenant acquired pursuant to this application process.

4. Upon receipt of an application, the commissioner shall make avail-
able a tracking number by which both the applicant household and land-
lord of the applicant household may track the status of the application.
§ 606. Documentation. The commissioner shall establish procedures that are appropriate and necessary to assure that information necessary to determine eligibility provided by households applying for or receiving assistance under this article is complete and accurate. Documentation may include but is not limited to: a signed lease, rent demand notice, paycheck stubs, earning statements, bank statements, tax records, W-2 or 1099 forms, e-payment application transaction history, written statements from a former or current employer, telephone or in-person contact with a former or current employer, self-attestation by the applicant, or other methods approved by the commissioner. When self-attestation is used as documentation, the applicant shall also attest that the applicant has no other documentation available. When self-attestation is used to certify rent owed, the applicant shall also attest that the household has not received, and does not anticipate receiving, another source of public or private subsidy or assistance for the rental costs that are the subject of the attestation, and such assistance may only be provided for three months at a time. All payments for utilities and home energy costs shall be supported by a bill, invoice, or evidence of payment to the provider of the utility or home energy service.

§ 607. Restrictions on eviction. Eviction proceedings for non-payment of rent that would be eligible for coverage under this program shall not be commenced against a household who has applied for this program unless or until a determination of ineligibility is made. If eviction proceedings are commenced against a household who subsequently applies for benefits under this program, all proceedings for missed rent payments during the covered period shall be stayed until a determination of ineligibility has been made.

§ 608. Payments. 1. Payments shall be made for rental and/or utility arrears accrued on or after March thirteenth, two thousand twenty. No more than twelve months of rental and/or utility assistance, both arrears or prospective, may be paid on behalf of or to any household within the first sixty days after the start of the application period. No prospective rent may be paid unless or until all rental arrears payments have been made to or on behalf of households who are eligible for this program pursuant to section six hundred four of this article.

2. If all eligible households whose applications are received within sixty days of the start of the application period receive assistance, the commissioner may pay an additional three months of rental and/or utility assistance for rental or utility arrears accrued after the date of application or prospective rent. No household may receive more than fifteen months of total rental and/or utility assistance. Eligibility for assistance shall be reassessed for each household before rental assistance is issued pursuant to this subdivision.

3. Payments for rental arrears or prospective rent shall be the lesser of the monthly rent for the applicant or one hundred fifty percent of the fair market rent for the dwelling unit, except when rental assistance amounts are documented via self-attestation, in which case the maximum payment allowable shall be the greater of one hundred percent of the fair market rent or one hundred percent of the small area fair market rent, though no payment certified by self-attestation shall be greater than the monthly rent. The rental assistance shall be paid directly to the landlord of the dwelling unit or manufactured home park occupied by the household for the total amount of qualified rental arrears and prospective rental assistance pursuant to subdivision one of this section. Utility assistance shall be paid directly to the utility. The commissioner shall require reasonable efforts to be made to obtain the
cooperation of landlords and utility providers to accept payments from this program. Such outreach may be considered complete if (a) a request for participation has been sent in writing, by mail, to the landlord or utility provider and the addressee has not responded to the request within fourteen calendar days after mailing; (b) at least three attempts by phone, text, or e-mail have been made over a ten calendar day period to request the landlord or utility provider's participation; or (c) a landlord or utility provider confirms in writing that the landlord or utility provider does not wish to participate. The outreach attempts or notices to the landlord or utility provider shall be documented.

4. If the landlord or utility provider is uncooperative or unresponsive after outreach efforts are made pursuant to subdivision three of this section, the commissioner may make payments directly to the eligible household for the purpose of enabling the household to make payments to the landlord or utility provider. The commissioner may require documentation from any households receiving such payments that monies received were used in compliance with this program.

5. Acceptance of payment for rental arrears from this program shall constitute agreement by the recipient landlord or property owner:
   (a) to waive any late fees due on any rental arrears;
   (b) to keep constant the monthly rent due for the dwelling unit such that it shall remain the same as the amount that was due at the time of payment for one year after the first rental assistance payment is received; provided that any rent increase that would otherwise be due pursuant to the rent stabilization law of 1969 or the emergency tenant protection act of 1974 shall go into effect at the end of the one-year period provided for in this paragraph and the rent held constant during the one-year period shall not be considered a preferential rent; and
   (c) not to evict for reason of expired lease or holdover tenancy any household on behalf of whom rental assistance is received for one year after the first rental assistance payment is received. Where the dwelling unit that is the subject of the lease or rental agreement is located in a building that contains four or fewer units, the landlord may decline to extend the lease or tenancy if the landlord intends to immediately occupy the unit for the landlord's personal use as a primary residence or the use of an immediate family member as a primary residence.

§ 609. No repayment and assistance not considered income. Eligible households shall not be expected or required to repay any assistance granted through this program. Assistance granted through this program shall not be considered income for purposes of eligibility for public benefits or other public assistance, but shall be considered a "source of income" for purposes of the protections against housing discrimination provided under section two hundred ninety-six of the human rights law. There shall be no requirement for applicants to seek assistance from other sources, including charitable contributions, in order to be eligible for assistance under this program.

§ 610. Notice to tenants in eviction proceedings. In any eviction proceeding pending as of the effective date of this article and any eviction proceeding filed while applications are being accepted for assistance pursuant to this article, the court shall promptly mail the respondent information regarding how the respondent may apply for such assistance in English, and, to the extent practicable, in the respondent's primary language, if other than English.

§ 611. Notice to tenants receiving rent demands. With every written demand for rent made pursuant to subdivision two of section seven
hundred eleven of the real property actions and proceedings law, with
any other written notice required by the lease or tenancy agreement, law
or rule to be provided prior to the commencement of an eviction proceed-
ing, and with every notice of petition served on a tenant after the
effective date of this article and while applications are being accepted
for assistance pursuant to this article, the landlord shall provide
information regarding how a tenant may apply for such assistance, in a
form promulgated and published by the commissioner in consultation with
the office of court administration, in English, and, to the extent
practicable, in the tenant's primary language, if other than English.

§ 612. Notice to applicants for assistance under the emergency rent
relief act of 2020. The commissioner, in consultation with the commis-
sioner of the division of housing and community development, shall
provide notice of how to apply for assistance pursuant to this article
to each tenant or occupant who applied for assistance under the emergen-
cy rent relief act of 2020, pursuant to chapter one hundred twenty-five
of the laws of two thousand twenty. Such notice shall be provided in
English, and, to the extent practicable, in the tenant's primary
language, if other than English.

§ 613. Outreach. The commissioner shall ensure that extensive outreach
is conducted to increase awareness of this program among tenants and
landlords. The commissioner shall prioritize for outreach communities
where the median income of residents is less than eighty percent of the
area median income for the region, communities with the highest unem-
ployment rates, and communities that experienced the highest rates of
COVID-19 infections during the pandemic, and to the extent practicable,
communities with high rates of ownership of rental housing by small
landlords. The commissioner shall ensure that such outreach is conducted
with materials written in the languages listed in subdivision one of
section six hundred five of this article, and to the extent practicable
in other languages commonly spoken by residents of those communities
required to be prioritized pursuant to this section, as per the most
recent American Community Survey from the United States Census Bureau.

§ 614. Fair housing obligations. Nothing in this article shall lessen
or abridge any fair housing obligations promulgated by the federal
government, state, municipalities, localities, or any other applicable
jurisdiction.

§ 615. Reports by the commissioner. The commissioner shall, on or
before the twentieth day of each month for the duration of the program,
submit and make publicly available on its website a report to the gover-
nor, the temporary president of the senate, and the speaker of the
assembly, indicating: the number of applicants that have applied for
rental assistance only; the number of applicants that have applied for
utility assistance only; the number of applicants that have applied for
each combination of rental assistance, utility assistance, and assist-
ance with other expenses related to housing; the number of such appli-
cants of each of the three foregoing types, with incomes between zero to
twenty-five percent, twenty-five to fifty percent, and fifty-one to
eighty percent of the area median income; the average and median rental
arrears of the applicants with incomes between zero to twenty-five
percent, twenty-five to fifty percent, and fifty-one to eighty percent
of the area median income; the number of applications of each type of
assistance approved, the number of applications of each type of assist-
ance rejected, the average and median amount of rental assistance grant-
ed, the average and median utility assistance granted, the status of any
pending applications, the monthly expenditures made pursuant to this
article for each type of assistance. Each number required to be included
in the report shall be reported as a statewide total from the start of
the program through the end of the preceding calendar month and as a
subtotal for each county, based on the location of the premises for
which the applicant has sought assistance.

§ 3. The social services law is amended by adding a new section 131-bb
to read as follows:

§ 131-bb. Proof of eligibility for rental assistance. Under no circum-

(a) In the case of a person applying for public assistance, supplemental security income benefits or additional state payments pursuant to this chapter, the social services official of the social services district in which such person resides shall, unless alternative payment or living arrangements can be made, make a payment to a gas corporation, electric corporation or municipality for services provided to such person during a period of up to, but not exceeding, four months immediately preceding the month of application for such assistance or benefits if such payment is needed to prevent shut-off or to restore service. Persons whose gross household income exceeds the public assistance standard of need for the same size household must sign a repayment agreement to repay the assistance within two years of the date of payment as a condition of receiving assistance, in accordance with regulations established by the department. For purposes of this section, overpayment shall include payments made to an eligible person in excess of his needs as defined in this chapter and payments made to ineligible persons (including payments made to such persons pending a fair hearings decision). The commissioner shall promulgate regulations to implement procedures for correcting overpayments and underpayments. The procedures for correcting overpayments shall be designed to minimize adverse impact on the recipient, and to the extent possible avoid undue hardship. Notwithstanding any other provision of law to the contrary, no underpayment shall be corrected with respect to a person who is currently not eligible for or in receipt of home relief or aid to dependent children, except that corrective payments may be made with respect to persons formerly eligible for or in receipt of aid to dependent children to the extent that federal law and regulations require.

It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid clause, sentence, paragraph, subdivision, section or part had not been included herein.

§ 8. This act shall take effect immediately and shall expire on the later of December 31, 2021 or the date on which none of the provisions that closed or otherwise restricted public or private businesses or places of public accommodation, or required postponement or cancellation of all non-essential gatherings of individuals of any size for any reason in executive order numbers 202.3, 202.4, 202.5, 202.6, 202.7, 202.8, 202.10, 202.11, 202.13 or 202.14 of two thousand twenty, as extended by executive order numbers 202.28 and 202.31 of two thousand twenty and as further extended by any future executive order, issued in response to the COVID-19 pandemic continue to apply anywhere in the state, when upon such date the provisions of this act shall be deemed repealed; provided that the state commissioner of social services shall notify the legislative bill drafting commission upon the date on which none of the provisions that closed or otherwise restricted public or private businesses or places of public accommodation, or required postponement or cancellation of all non-essential gatherings of individuals of any size for any reason in executive order numbers 202.3, 202.4, 202.5, 202.6, 202.7, 202.8, 202.10, 202.11, 202.13 or 202.14 of two thousand twenty, as extended by executive order numbers 202.28 and 202.31 of two thousand twenty and as further extended by any future executive order, issued in response to the COVID-19 pandemic continue to apply anywhere in the state, in order that the commission may maintain an accurate and timely effective data base of the official text of the laws of the state of New York in furtherance of effectuating the provisions of section 44 of the legislative law and section 70-b of the public officers law.

   (d) a developmental disability that is a severe, chronic disability of an individual that:
       (i) is attributable to a mental or physical impairment or combination of mental and physical impairments;
       (ii) is manifested before the individual attains age twenty-two;
       (iii) is likely to continue indefinitely;
       (iv) results in substantial functional limitations in three or more of the following areas of major life activity:
(A) self-care;
(B) receptive and expressive language;
(C) learning;
(D) mobility;
(E) self-direction;
(F) capacity for independent living; or
(G) economic self-sufficiency; and
(v) reflects the individual's need for a combination and sequence of
special, interdisciplinary, or generic services, individualized
supports, or other forms of assistance that are of lifelong or extended
duration and are individually planned and coordinated.

§ 602. Housing access voucher program. The commissioner, subject to
the appropriation of funds for this purpose, shall implement a program
of rental assistance in the form of housing vouchers for eligible indi-
viduals and families who are homeless or who face an imminent loss of
housing in accordance with the provisions of this article. The housing
trust fund corporation shall issue vouchers pursuant to this article, subject to appropriation of funds for this purpose, and may contract
with the division of housing and community renewal to administer any
aspect of this program in accordance with the provisions of this arti-
cle. The commissioner shall designate public housing agencies in the
state to make vouchers available to such individuals and families and to
administer other aspects of the program in accordance with the
provisions of this article.

§ 603. Eligibility. Eligibility for the housing access voucher program
shall be limited to individuals and families who are homeless or facing
imminent loss of housing. The commissioner shall promulgate standards
for determining eligibility for this program.
1. An individual or family shall be eligible for this program if they
are homeless or facing imminent loss of housing and have an income of no
more than fifty percent of the area median income.
2. An individual or family in receipt of rental assistance under this
program shall be no longer financially eligible for assistance under
this program when thirty percent of the individual or family's adjusted
income is greater than or equal to the total rent for the dwelling unit.
3. When an individual or family becomes financially ineligible for
rental assistance under this program pursuant to subdivision two of this
section, the individual or family shall retain rental assistance for a
period no shorter than one year.
4. Income eligibility shall be verified no less frequently than annu-
ally.

§ 604. Funding allocation and distribution. 1. Funding shall be allo-
cated by the commissioner in each county and the city of New York in
proportion to the number of households in each county or the city of New
York who are severely rent burdened.
2. The commissioner shall be responsible for distributing the funds
allocated in each county or the city of New York among public housing
agencies operating in each county or in the city of New York.
3. At least fifty percent of funds distributed in each county or in
the city of New York shall be allocated to individuals or families who
are homeless.
4. At least eighty-seven and one-half percent of funds distributed in
each county or in the city of New York for individuals or families who
are homeless pursuant to subdivision three of this section shall be
allocated to individuals and families whose income does not exceed thir-
ty percent of the area median income.
5. Of the funds allocated to individuals and families who face an imminent loss of housing, priority shall be given to individuals and families who have formerly experienced homelessness, including those who have previously received a temporary rental voucher from the state, a locality, or a non-profit organization or who currently have a rental assistance voucher that is due to expire within six months of application.

§ 605. Payment of housing vouchers. The housing voucher shall be paid directly to any owner under a contract between the owner of the dwelling unit to be occupied by the voucher recipient and the appropriate public housing agency. A housing assistance payment contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed one hundred ten percent nor be less than ninety percent of the fair market rent for the rental area in which it is located. Fair market rent for a rental area shall be published not less than annually by the commissioner and shall be made available on the website of New York state homes and community renewal.

§ 606. Leases and tenancy. Each housing assistance payment contract entered into by a public housing agency and the owner of a dwelling unit shall provide:

1. that the lease between the tenant and the owner shall be for a term of not less than one year, except that the public housing agency may approve a shorter term for an initial lease between the tenant and the dwelling unit owner if the public housing agency determines that such shorter term would improve housing opportunities for the tenant and if such shorter term is considered to be a prevailing local market practice;

2. that the dwelling unit owner shall offer leases to tenants assisted under this article that:
   (a) are in a standard form used in the locality by the dwelling unit owner; and
   (b) contain terms and conditions that:
      (i) are consistent with state and local law; and
      (ii) apply generally to tenants in the property who are not assisted under this article;
   (c) shall provide that during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable state or local law, or for other good cause, and in the case of an owner who is an immediate successor in interest pursuant to foreclosure during the term of the lease vacating the property prior to sale shall not constitute other good cause, except that the owner may terminate the tenancy effective on the date of transfer of the unit to the owner if the owner:
      (i) will occupy the unit as a primary residence; and
      (ii) has provided the tenant a notice to vacate at least ninety days before the effective date of such notice;
   (d) shall provide that any termination of tenancy under this section shall be preceded by the provision of written notice by the owner to the tenant specifying the grounds for that action, and any relief shall be consistent with applicable state and local law;

3. that any unit under an assistance contract originated under this article shall only be occupied by the individual or family designated in said contract and shall be the designated individual or family's primary
residence. Contracts shall not be transferable between units and shall not be transferable between recipients. A family or individual may transfer their voucher to a different unit under a new contract pursuant to this article;

4. that an owner shall not charge more than a reasonable rent as defined in section six hundred one of this article.

§ 607. Rental obligation. 1. Each recipient of housing assistance under the housing access voucher program’s monthly rental obligation shall be the greater of:

(a) thirty percent of the monthly adjusted income of the family or individual; or
(b) If the family or individual is receiving payments for welfare assistance from a public agency and a part of those payments, adjusted in accordance with the actual housing costs of the family, is specifically designated by that agency to meet the housing costs of the family, the portion of those payments that is so designated. These payments include, but are not limited to any shelter assistance or housing assistance administered by any federal, state or local agency.

2. If the rent for the individual or family (including the amount allowed for tenant-paid utilities) exceeds the applicable payment standard established under subdivision one of this section, the monthly assistance payment for the family shall be equal to the amount by which the applicable payment standard exceeds the greater of amounts under paragraphs (a) and (b) of subdivision one of this section.

§ 608. Monthly assistance payment. 1. The amount of the monthly assistance payment with respect to any dwelling unit shall be the difference between the maximum monthly rent which the contract provides that the owner is to receive for the unit and the rent the individual or family is required to pay under section six hundred seven of this article. Reviews of income shall be made no less frequently than annually.

2. The commissioner shall establish maximum rent levels for different sized rentals in each rental area in a manner that promotes the use of the program in all localities based on the fair market rental of the rental area. Rental areas shall be delineated by county, excepting that the city of New York shall be considered one rental area. The commissioner may rely on data or other information promulgated by any other state or federal agency in determining the rental areas and fair market rent.

3. The payment standard for each size of dwelling unit in a rental area shall not be less than ninety percent and shall not exceed one hundred ten percent of the fair market rent established in section six hundred one of this article for the same size of dwelling unit in the same rental area, except that the commissioner shall not be required as a result of a reduction in the fair market rent to reduce the payment standard applied to a family continuing to reside in a unit for which the family was receiving assistance under this article at the time the fair market rent was reduced.

§ 609. Inspection of units by public housing agencies. 1. Initial inspection.

(a) For each dwelling unit for which a housing assistance payment contract is established under this article, the public housing agency (or other entity pursuant to section six hundred twelve of this article) shall inspect the unit before any assistance payment is made to determine whether the dwelling unit meets the housing quality standards under subdivision two of this section, except as provided in paragraph (b) or (c) of this subdivision.
(b) In the case of any dwelling unit that is determined, pursuant to an inspection under paragraph (a) of this subdivision, not to meet the housing quality standards under subdivision two of this section, assistance payments may be made for the unit notwithstanding subdivision three of this section if failure to meet such standards is a result only of non-life-threatening conditions, as such conditions are established by the commissioner. A public housing agency making assistance payments pursuant to this paragraph for a dwelling unit shall, thirty days after the beginning of the period for which such payments are made, withhold any assistance payments for the unit if any deficiency resulting in noncompliance with the housing quality standards has not been corrected by such time. The public housing agency shall recommence assistance payments when such deficiency has been corrected, and may use any payments withheld to make assistance payments relating to the period during which payments were withheld.

(c) In the case of any property that within the previous twenty-four months has met the requirements of an inspection that qualifies as an alternative inspection method pursuant to subdivision five of this section, a public housing agency may authorize occupancy before the inspection under paragraph (a) of this subdivision has been completed, and may make assistance payments retroactive to the beginning of the lease term after the unit has been determined pursuant to an inspection under paragraph (a) of this subdivision to meet the housing quality standards under subdivision two of this section. This paragraph may not be construed to exempt any dwelling unit from compliance with the requirements of subdivision four of this section.

2. The housing quality standards under this subdivision shall be standards for safe and habitable housing established:
   (a) by the commissioner for purposes of this subdivision; or
   (b) by local housing codes or by codes adopted by public housing agencies that:
      (i) meet or exceed housing quality standards, except that the commissioner may waive the requirement under this subparagraph to significantly increase access to affordable housing and to expand housing opportunities for families assisted under this article, except where such waiver would adversely affect the health or safety of families assisted under this article; and
      (ii) do not severely restrict housing choice.

3. The determination required under subdivision one of this section shall be made by the public housing agency (or other entity, as provided in section six hundred twelve of this article) pursuant to an inspection of the dwelling unit conducted before any assistance payment is made for the unit. Inspections of dwelling units under this subdivision shall be made before the expiration of the fifteen day period beginning upon a request by the resident or landlord to the public housing agency or, in the case of any public housing agency that provides assistance under this article on behalf of more than one thousand two hundred fifty families, before the expiration of a reasonable period beginning upon such request. The performance of the agency in meeting the fifteen day inspection deadline shall be taken into consideration in assessing the performance of the agency.

4. (a) Each public housing agency providing assistance under this article (or other entity, as provided in section six hundred twelve of this article) shall, for each assisted dwelling unit, make inspections not less often than annually during the term of the housing assistance payments contract for the unit to determine whether the unit is main-
tained in accordance with the requirements under subdivision one of this
section.
(b) The requirements under paragraph (a) of this subdivision may be
complied with by use of inspections that qualify as an alternative
inspection method pursuant to subdivision five of this section.
(c) The public housing agency (or other entity) shall retain the
records of the inspection for a reasonable time, as determined by the
commissioner.
5. An inspection of a property shall qualify as an alternative
inspection method for purposes of this subdivision if:
(a) the inspection was conducted pursuant to requirements under a
federal, state, or local housing program; and
(b) pursuant to such inspection, the property was determined to meet
the standards or requirements regarding housing quality or safety appli-
cable to properties assisted under such program, and, if a non-state
standard or requirement was used, the public housing agency has certi-
fied to the commissioner that such standard or requirement provides the
same (or greater) protection to occupants of dwelling units meeting such
standard or requirement as would the housing quality standards under
subdivision two of this section.
6. Upon notification to the public housing agency, by an individual or
family (on whose behalf tenant-based rental assistance is provided under
this article) or by a government official, that the dwelling unit for
which such assistance is provided does not comply with the housing qual-
ity standards under subdivision two of this section, the public housing
agency shall inspect the dwelling unit:
(a) in the case of any condition that is life-threatening, within
twenty-four hours after the agency's receipt of such notification,
unless waived by the commissioner in extraordinary circumstances; and
(b) in the case of any condition that is not life-threatening, within
a reasonable time frame, as determined by the commissioner.
7. The commissioner shall establish procedural guidelines and perform-
ance standards to facilitate inspections of dwelling units and conform
such inspections with practices utilized in the private housing market.
Such guidelines and standards shall take into consideration variations
in local laws and practices of public housing agencies and shall provide
flexibility to agencies appropriate to facilitate efficient provision of
assistance under this section.
§ 610. Rent. 1. The rent for dwelling units for which a housing
assistance payment contract is established under this article shall be
reasonable in comparison with rents charged for comparable dwelling
units in the private, unassisted local market.
2. A public housing agency (or other entity, as provided in section
six hundred twelve of this article) shall, at the request of an individ-
ual or family receiving tenant-based assistance under this article,
assist that individual or family in negotiating a reasonable rent with a
dwelling unit owner. A public housing agency (or other such entity)
shall review the rent for a unit under consideration by the individual
or family (and all rent increases for units under lease by the individ-
ual or family) to determine whether the rent (or rent increase)
requested by the owner is reasonable. If a public housing agency (or
other such entity) determines that the rent (or rent increase) for a
dwelling unit is not reasonable, the public housing agency (or other
such entity) shall not make housing assistance payments to the owner
under this subdivision with respect to that unit.
3. If a dwelling unit for which a housing assistance payment contract is established under this article is exempt from local rent control provisions during the term of that contract, the rent for that unit shall be reasonable in comparison with other units in the rental area that are exempt from local rent control provisions.

4. Each public housing agency shall make timely payment of any amounts due to a dwelling unit owner under this section. The housing assistance payment contract between the owner and the public housing agency may provide for penalties for the late payment of amounts due under the contract, which shall be imposed on the public housing agency in accordance with generally accepted practices in the local housing market.

5. Unless otherwise authorized by the commissioner, each public housing agency shall pay any penalties from administrative fees collected by the public housing agency, except that no penalty shall be imposed if the late payment is due to factors that the commissioner determines are beyond the control of the public housing agency.

§ 611. Vacated units. If an assisted family vacates a dwelling unit for which rental assistance is provided under a housing assistance payment contract before the expiration of the term of the lease for the unit, rental assistance pursuant to such contract may not be provided for the unit after the month during which the unit was vacated.

§ 612. Leasing of units owned by a public housing agency. 1. If an eligible individual or family assisted under this article leases a dwelling unit (other than a public housing dwelling unit) that is owned by a public housing agency administering assistance to that individual or family under this section, the commissioner shall require the unit of general local government or another entity approved by the commissioner, to make inspections required under section six hundred nine of this article and rent determinations required under section six hundred ten of this article. The agency shall be responsible for any expenses of such inspections and determinations.

2. For purposes of this section, the term "owned by a public housing agency" means, with respect to a dwelling unit, that the dwelling unit is in a project that is owned by such agency, by an entity wholly controlled by such agency, or by a limited liability company or limited partnership in which such agency (or an entity wholly controlled by such agency) holds a controlling interest in the managing member or general partner. A dwelling unit shall not be deemed to be owned by a public housing agency for purposes of this section because the agency holds a fee interest as ground lessor in the property on which the unit is situated, holds a security interest under a mortgage or deed of trust on the unit, or holds a non-controlling interest in an entity which owns the unit or in the managing member or general partner of an entity which owns the unit.

§ 613. Verification of income. The commissioner shall establish procedures which are appropriate and necessary to assure that income data provided to the public housing agency and owners by individuals and families applying for or receiving assistance under this article is complete and accurate. In establishing such procedures, the commissioner shall randomly, regularly, and periodically select a sample of families to authorize the commissioner to obtain information on these families for the purpose of income verification, or to allow those families to provide such information themselves. Such information may include, but is not limited to, data concerning unemployment compensation and federal income taxation and data relating to benefits made available under the social security act, 42 U.S.C. 301 et seq., the food and nutrition act.

Any such information received pursuant to this section shall remain confidential and shall be used only for the purpose of verifying incomes in order to determine eligibility of individuals and families for benefits (and the amount of such benefits, if any) under this article.

§ 614. Division of an assisted family. 1. In those instances where a family assisted under this article becomes divided into two otherwise eligible individuals or families due to divorce, legal separation or the division of the family, where the new units cannot agree as to which new unit should continue to receive the assistance, and where there is no determination by a court, the public housing authority shall consider the following factors to determine which of the individuals or families will continue to be assisted:

(a) which of the new units has custody of dependent children;
(b) which family member was the head of household when the voucher was initially issued (listed on the initial application);
(c) the composition of the new units and which unit includes elderly or disabled members;
(d) whether domestic violence was involved in the breakup of the family unit;
(e) which family members remain in the unit; and
(f) recommendations of social service professionals.

2. Documentation of these factors will be the responsibility of the requesting parties. If documentation is not provided, the public housing agency will terminate assistance on the basis of failure to provide information necessary for a recertification.

§ 615. Maintenance of effort. Any funds made available pursuant to this article shall not be used to offset or reduce the amount of funds previously expended for the same or similar programs in a prior year in any county or in the city of New York, but shall be used to supplement any prior year's expenditures. The commissioner may grant an exception to this requirement if any county, municipality, or other governmental entity or public body can affirmatively show that such amount of funds previously expended is in excess of the amount necessary to provide assistance to all individuals and families within the area in which the funds were previously expended who are homeless or facing an imminent loss of housing.

§ 616. Vouchers statewide. Notwithstanding section six hundred six of this article, any voucher issued pursuant to this article may be used for housing anywhere in the state. The commissioner shall inform voucher holders that a voucher may be used anywhere in the state and, to the extent practicable, the commissioner shall assist voucher holders in finding housing in the area of their choice.

§ 617. Applicable codes. Housing eligible for participation in the homeless access voucher program shall comply with applicable state and local health, housing, building and safety codes.

§ 618. Housing choice. 1. The commissioner shall administer the homeless access voucher program under this article to promote housing choice for voucher holders. The commissioner shall affirmatively promote fair housing to the extent possible under this program.

2. Nothing in this article shall lessen or abridge any fair housing obligations promulgated by municipalities, localities, or any other applicable jurisdiction.

§ 2. This act shall take effect on the first of October next succeeding the date on which it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation neces-

Section 1. Section 22-c of the state finance law is amended by adding a new subdivision 7 to read as follows:

7. For the fiscal year beginning on April first, two thousand twenty-two and every fifth fiscal year thereafter, the governor shall submit to the legislature as part of the annual executive budget, five-year capital plans for the state university of New York state-operated campuses and city university of New York senior colleges. Such plans shall provide for the annual appropriation of capital funds to cover one hundred percent of the annual critical maintenance needs identified by each university system, and may include funds for new infrastructure or other major capital initiatives, provided that such funding for new infrastructure or other major capital initiatives shall not count towards meeting the overall critical maintenance requirement. In the event that such plan is unable to fund one hundred percent of the critical maintenance needs due to the limitation imposed by article five-B of this chapter, the director of the budget shall develop five-year capital plans whereby the implementation of each capital plan would annually reduce the overall facility condition index (FCI) for each university system. For the purposes of this subdivision, "facility condition index" shall mean an industry benchmark that measures the ratio of deferred maintenance dollars to replacement dollars for the purposes of analyzing the effect of investing in facility improvements. The apportionment of capital appropriations to each state-operated campus or senior college shall be based on a methodology to be developed by the director of the budget, in consultation with the state university of New York and city university of New York.

§ 2. This act shall take effect immediately.

PART GG

Section 1. Clause (vi) of subparagraph 4 of paragraph h of subdivision 2 of section 355 of the education law, as amended by section 1 of part JJJ of chapter 59 of the laws of 2017, is amended to read as follows:

(vi) Beginning in state fiscal year two thousand twenty-two and thereafter, the state shall appropriate and make available general fund operating support and fringe benefits, for the state university and the state university health science centers in an amount not less than the amounts separately appropriated and made available in the prior state fiscal year; provided, further, the state shall appropriate and make available general fund operating support to cover all mandatory costs of the state university and the state university health science centers, which shall include, but not be limited to, collective bargaining costs including salary increments, fringe benefits, and other non-personal service costs such as utility costs, building rentals and other inflationary expenses incurred by the state university and the state university health science centers, and any increase in the tuition credit pursuant to section six hundred eighty-nine-a of this title as tuition increases are enacted by the board of trustees of the state university; provided, however, that if the governor declares a fiscal emergency, and communicates such emergency to the temporary president of the senate and the speaker of the assembly, state

Nothing in this paragraph shall be construed as to authorize that students whose net taxable income is eighty thousand dollars or more are eligible for tuition assistance program awards pursuant to section six hundred sixty-seven of this [chapter] title.

§ 3. This act shall take effect immediately provided that:
(a) the amendments to subparagraph 4 of paragraph h of subdivision 2 of section 355 of the education law made by section one of this act shall not affect the expiration and reversion of such subparagraph pursuant to chapter 260 of the laws of 2011, as amended, and shall expire therewith; and

§ 2. Section 6206 of the education law is amended by adding a new subdivision 21 to read as follows:

21. Beginning in the two thousand twenty-one--two thousand twenty-two academic year all current and future mandatory university fees, with the exclusion of the graduate student association student activity fee, shall be charged to a city university of New York graduate student serving as a graduate assistant, adjunct instructor, adjunct lecturer, adjunct college laboratory technician or a non-teaching adjunct staff member at the following rates:

2. Such schools shall each formulate a general plan for the organization, development, co-ordination and operation of such a program within the amounts made available therefor by law. Such a plan shall include:
   a. a definition of eligibility, provided, however, except for requiring residence in the state or in the city of New York in the case of those programs provided by the city university of New York, no such definition shall include either by its terms or in its application, any criteria or standard which determines eligibility based in whole or in part upon the geographical locality in which a student or prospective student resides;

3. Individual authorization. Notwithstanding the restrictions on disclosure set forth under subdivision one of this section, a person who is the subject of a workers' compensation record may authorize the release, re-release or publication of his or her record to a specific person not otherwise authorized to receive such record, by submitting written authorization for such release to the board on a form prescribed by the chair or by a notarized original authorization specifically
directing the board to release workers' compensation records to such person. However, in accordance with section one hundred twenty-five of this article, no such authorization directing disclosure of records to a prospective employer shall be valid; nor shall an authorization permitting disclosure of records in connection with assessing fitness or capability for employment be valid, and no disclosure of records shall be made pursuant thereto. It shall be unlawful for any person to consider for the purpose of assessing eligibility for a benefit, or as the basis for an employment-related action, an individual's failure to provide authorization under this subdivision.

4. For the purposes of this section, whenever disclosure of records is sought pursuant to a lawful court order, judicial warrant, or subpoena for individual records properly issued pursuant to the criminal procedure law or the civil practice law and rules or pursuant to subdivision two or three of this section, only those records, documents, and information specifically sought may be disclosed, and any such disclosure shall be limited to such records as are necessary to fulfill the purpose of such disclosure.

5. The chair shall require any person or entity that receives or has access to records to certify to the chair that, before such receipt or access, such person or entity shall not:
   (a) use such records or information for civil immigration purposes; or
   (b) disclose such records or information to any agency that primarily enforces immigration law or to any employee or agent of any such agency unless such disclosure is pursuant to a cooperative arrangement between city, state and federal agencies which arrangement does not enforce immigration law and which disclosure is limited to the specific records or information being sought pursuant to such arrangement. Violation of such certification shall be a class A misdemeanor. In addition to any records required to be kept pursuant to subdivision (c) of section 2721 of title 18 of the United States code, any person or entity certifying pursuant to this paragraph shall keep for a period of five years records of all uses and identifying each person or entity that primarily enforces immigration law that received department records or information from such certifying person or entity. Such records shall be maintained in a manner and form prescribed by the chair and shall be available for inspection by the chair or his or her designee upon his or her request.
   (c) For purposes of this subdivision, the term "agency that primarily enforces immigration law" shall include, but not be limited to, United States immigration and customs enforcement and United States customs and border protection, and any successor agencies having similar duties.
   (d) Failure to maintain records as required by this subdivision shall be a class A misdemeanor.

6. Except as otherwise provided by this section, any person who knowingly and willfully obtains records which contain individually identifiable information under false pretenses or otherwise violates this section shall be guilty of a class E felony.

7. In addition to or in lieu of any criminal proceeding available under this section, whenever there shall be a violation of this section, application may be made by the attorney general in the name of the people of the state of New York to a court or justice having jurisdiction by a special proceeding to issue an injunction, and upon notice to the defendant of not less than five days, to enjoin and restrain the continuance of such violations; and if it shall appear to the satisfaction of the court or justice that the defendant has, in fact, violated this section, an injunction may be issued by such court or justice,
enjoining and restraining any further violation, without requiring proof
that any person has, in fact, been injured or damaged thereby. In any
such proceeding, the court may make allowances to the attorney general
as provided in paragraph six of subdivision (a) of section eighty-three
hundred three of the civil practice law and rules, and direct restitution.
Whenever the court shall determine that a violation of this
section has occurred, the court may impose a civil penalty of not more
than five hundred dollars for the first violation, and not more than one
thousand dollars for the second or subsequent violation within a three
year period. In connection with any such proposed application, the
attorney general is authorized to take proof and make a determination of
the relevant facts and to issue subpoenas in accordance with the civil
practice law and rules.
§ 6. This act shall take effect immediately.

PART NN

Section 1. Section 106 of the social services law, as amended by
section 1 of part S of chapter 56 of the laws of 2014, is amended to
read as follows:
§ 106. Powers of social services official to receive and dispose of a
deed, mortgage, or lien. 1. A social services official responsible, by
or pursuant to any provision of this chapter, for the administration of

subject to redemption as provided in paragraph (a) of subdivision six
hereof.
2. [A social services official may not assert any claim under any
provision of this section to recover] (a) Notwithstanding subdivision
one of this section, if, prior to the effective date of the chapter of
the laws of two thousand twenty-one that amended this section, a social
services official accepted a deed of real property and/or a mortgage on
behalf of the social services district for the assistance of a person at
public expense, such social services official shall not assert any claim
under any provision of this section to recover:
(1) payments made as part of Supplemental Nutrition Assistance Program
(SNAP), child care services, Emergency Assistance to Adults or the Home
Energy Assistance Program ( HEAP) [—]
3. A social services official may not assert any claim under any
provision of this section to recover:
(2) payments of public assistance if such payments were reimbursed by
child support collections[—]
4. A social services official may not assert any claim under any
provision of this section to recover:
(3) payments of public assistance unless, before [it has accepted] a
deed or mortgage was accepted from an applicant or recipient, [it has]
the official first received a signed acknowledgment from the applicant
or recipient acknowledging that:
[—]
[—] benefits provided as part of Supplemental Nutrition Assis-
tance Program (SNAP), child care services, Emergency Assistance to Adults
or the Home Energy Assistance Program ( HEAP) may not be included as part
of the recovery to be made under the mortgage or lien; and
B. if the applicant or recipient declines to provide the lien or mortgage the children in the household shall remain eligible for public assistance.

5. (a) Such property shall not be considered public property and shall remain on the tax rolls and such deed or mortgage shall be subject to redemption as provided in subparagraph one of paragraph (d) of this subdivision.

(c) Until a deed, mortgage, or lien, accepted prior to or after the effective date of this section is satisfied or otherwise disposed of, the social services district shall issue and mail to the last known address of the person who gave such deed or mortgage, or his or her estate or those entitled thereto, a biennial accounting of the public assistance incurred and repairs and taxes paid on property. The social services district shall provide such accounting no later than February first, two thousand sixteen and biennially thereafter.

Such accounting shall include information regarding the debt owed as of the end of the district's most recent fiscal year including, but not limited to:

A. an enumeration of all public assistance incurred by the person who gave such deed or mortgage or his or her household to date;

B. the current amount of recoverable public assistance under the deed or mortgage;

C. the amount of any credits against public assistance including:

(i) the amount of child support collected and retained by the social services district as reimbursement for public assistance;

(ii) recoveries made under section one hundred thirty-one-r of this chapter;

(iii) recoveries made under section one hundred thirty-one-r of this chapter.

D. Said accounting shall also provide information regarding the manner in which payments may be made to the social services district to reduce the amount of the mortgage or lien.

(3) In the event that a biennial accounting is not issued and mailed to the last known address of the person who gave such deed or mortgage or his or her estate or those entitled thereto, within the time period required in subparagraph one of this paragraph, no public assistance shall be recoverable under this section for the previous two fiscal years. In the event that a biennial accounting is not issued and mailed to the last known address of the person who gave such deed or mortgage or his or her estate or those entitled thereto, within the time period required in subparagraph one of this paragraph, and such person has received no recoverable public assistance in the district's most recent fiscal year, no public assistance shall be recoverable under this section for the most recent two fiscal years where public assistance remains recoverable.

6. (a) (1) A. Until such property or mortgage is sold, assigned or foreclosed pursuant to law by the social services official, the person who gave such deed or mortgage, or his or her estate or those entitled thereto, may redeem the same by the payment of all expenses incurred for the support of the person, and for repairs and taxes paid on such property, provided, however, that a social services official may enter into a contract for such redemption, subject to the
provisions of this [paragraph] subparagraph, and containing such terms and conditions, including provisions for periodic payments, without interest, for an amount less than the full expenses incurred for the support of the person and for repairs and taxes paid on such property (hereinafter called a "lesser sum"), which lesser sum shall in no event be less than the difference between the appraised value of such property and the total of the then unpaid principal balance of any recorded mortgages and the unpaid balance of sums secured by other liens against such property.

[42] B. In the case of a redemption for a lesser sum, the social services official shall obtain (i) an appraisal of the current market value of such property, by an appraiser acceptable to both parties, and (ii) a statement of the principal balance of any recorded mortgages or other liens against such property (excluding the debt secured by the deed, mortgage or lien of the social services official). Any expenses incurred pursuant to this [paragraph] subparagraph shall be audited and allowed in the same manner as other official expenses.

[43] C. Every redemption contract for any lesser sum shall be approved by the department upon an application by the social services official containing the appraisal and statement required by [subparagraph two] clause B of this subparagraph, a statement by the social services official of his or her reasons for entering into the contract for such lesser sum and any other information required by regulations of the department.

[44] D. So long as the terms of the approved redemption contract are performed, no public sale of such property shall be held.

[45] E. The redemption for a lesser sum shall reduce the claim of the social services official against the recipient on the implied contract under section one hundred four of this [chapter] title or under any other law, to the extent of all sums paid in redemption.

[46] (2) In order to allow a minimum period for redemption, the social services official shall not sell the property or mortgage until after the expiration of one year from the date he or she received the deed or mortgage, but if unoccupied property has not been redeemed within six months from the date of death of the person who conveyed it to him or her by deed the social services official may thereafter, and before the expiration of such year, sell the property.

[47] (3) Except as otherwise provided in this chapter, upon the death of the person or his or her receiving institutional care, if the mortgage has not been redeemed, sold or assigned, the social services official may enforce collection of the mortgage debt in the manner provided for the foreclosure of mortgages by action.

[48] (4) Provided the department shall have given its approval in writing, the social services official may, when in his or her judgment it is advisable and in the public interest, release a part of the property from the lien of the mortgage to permit, and in consideration of, the sale of such part by the owner and the application of the proceeds to reduce said mortgage or to satisfy and discharge or reduce a prior or superior mortgage.

[49] (5) While real property covered by a deed or mortgage is occupied, in whole or in part, by an aged, blind or disabled person who executed such deed or mortgage to the social services official for old age assistance, assistance to the blind or aid to the disabled granted to such person before January first, nineteen hundred seventy-four, the social services official shall not sell the property or assign or enforce the mortgage unless it appears reasonably certain that the sale
or other disposition of the property will not materially adversely affect the welfare of such person. After the death of such person no claim for assistance granted him or her shall be enforced against any real property while it is occupied by the surviving spouse.

(6) Except as otherwise provided, upon the death of a person who executed a lien to the social services official in return for old age assistance, assistance to the blind or aid to the disabled granted prior to January first, nineteen hundred seventy-four, or before the death of such person if it appears reasonably certain that the sale or other disposition of the property will not materially adversely affect the welfare of such person, the social services official may enforce such lien in the manner provided by article three of the lien law. After the death of such person the lien may not be enforced against real property while it is occupied by the surviving spouse.

(e) The sale of any parcel of real property or mortgage on real property by the social services official, under the provisions of this section, shall be made at a public sale, held at least two weeks after notice thereof shall have been published in a newspaper having a general circulation in that section of the county in which the real property is located. Such notice shall specify the time and place of such public sale and shall contain a brief description of the premises to be sold, or upon which the mortgage is a lien, as the case may be. Unless in the judgment of the social services official, it shall be in the public interest to reject all bids, such parcel or mortgage shall be sold to the highest responsible bidder.

(f) It is permissible for social services officials to subordinate a mortgage taken on behalf of the social services district pursuant to this section. In the event that a social services official determines to subordinate a mortgage, or lien, he or she shall do so within thirty days of receipt of written notice that the mortgagor is attempting to modify their mortgage that is held by a mortgagee with superior lien rights and subordination of the social services district's mortgage is required by such mortgagee in order for it to approve or complete the modification.

§ 2. Section 360 of the social services law, as added by chapter 722 of the laws of 1951, subdivisions 1 and 3 as amended by section 92 of part B of chapter 436 of the laws of 1997, subdivision 2 as amended by chapter 909 of the laws of 1974, and subdivision 4 as amended by chapter 803 of the laws of 1959, is amended to read as follows:

§ 360. Real property of legally responsible relatives may be required. [1–] The ownership of real property by an applicant or applicants, recipient or recipients who is or are legally responsible relatives of the child or children for whose benefit the application is made or the aid is granted, whether such ownership be individual or joint as tenants in common, tenants by the entirety or joint tenants, shall not preclude the granting of family assistance or the continuance thereof if he or they are without the necessary funds to maintain himself, herself or themselves and such child or children.

[The social services official may, however, require, as a condition to the granting of aid or the continuance thereof, that he or she be given a deed of or a mortgage on such property in accordance with the provisions of section one hundred six.

2. However, while the property covered by the deed or mortgage is occupied, in whole or in part, by the responsible relative who gave such deed or mortgage to the social services official or, by a child for whose benefit the aid was granted the social services official shall not
sell the property or assign or enforce the mortgage without the written consent of the department; and, when the property is occupied by such child, such consent shall not be given unless it appears reasonably certain that the sale or other disposition of the property will not materially adversely affect the welfare of such child.

3. The net amount recovered by the social services department from such property, less any expenditures approved by the department for the burial of the relative or the child who dies while in receipt of aid under this title, shall be used to repay the social services district, the state and the federal government their proportionate share of the cost of family assistance granted. The state and federal share shall be paid by the social services district to the state and the manner and amount of such payment shall be determined in accordance with the regulations of the department.

4. If any balance remains it shall belong to the estate of the legal relative or relatives and the public welfare district shall forthwith credit the same accordingly, and, provided they claim it within four years thereafter, pay it to the persons entitled thereto. If not so claimed within four years it shall be deemed abandoned property and be paid to the state comptroller pursuant to section thirteen hundred five of the abandoned property law.

5. The proceeds or moneys due the United States shall be paid or reported in such manner and at such times as the federal security agency or other authorized federal agency may direct.

§ 3. This act shall take effect on the first of April next succeeding the date on which it shall have become a law.

The plan should also address what specific options would be used to ensure that sufficient resources exist to cover the local share of any such project cost on an annual basis; (b) information concerning the potential persons to be involved in the financing and such person's role and responsibilities; (c) estimates on the design, reconstruction and rehabilitation costs by project, any administrative costs for potential projects, and an outline of the time-frame expected for completion of each potential project; (d) a detailed description of the request for proposals process and an outline of the criteria to be used for selection of the program manager and all contractors; (e) any proposed amendments to the city school district's five year capital facilities plan submitted in accordance with subdivision 6 of section 3602 of the education law and the regulations of the commissioner; and (f) a diversity plan, in compliance with subdivision (b) of section eight of this act, to develop diversity goals, including appropriate community input and public discussion, and develop strategies that would create and coordinate any efforts to ensure a more diverse workforce for the projects. Prior to the development of the comprehensive plan, the JSC board shall hold as many public hearings as may be necessary to ensure sufficient public input and allow for significant public discussion on the
school building needs in such city, with at least one hearing to be held in each neighborhood potentially impacted by a proposed project.

The JSC board shall submit the components of such comprehensive plan outlined in paragraph (a) of subdivision one of this section to the comptroller, along with any other information requested by the comptroller, for his or her review and approval.

(2) Before formal selection of the projects pursuant to subdivision (b) and (c) of section five of this act occurs, the city school district shall provide to the JSC board a comprehensive draft plan recommending and outlining the projects it proposes to be potentially undertaken pursuant to this act. Such plan will be subject to the review and approval of the JSC board and shall include: (a) an estimate of total costs to be financed, proposed financing plan, proposed method of financing, terms and conditions of the financing, estimated financing costs, and, if city general obligation bonds or notes are not proposed as the method of financing, a comparison of financing costs between such bonds or notes and the proposed method of financing. The plan should also address what specific options would be used to ensure that sufficient resources exist to cover the local share of any such project cost on an annual basis; (b) information concerning the potential persons to be involved in the financing and such person's role and responsibilities; (c) estimates on the design, reconstruction and rehabilitation costs by project, any administrative costs for potential projects, and an outline of the time-frame expected for completion of each potential project; (d) a detailed description of the request for proposals process and an outline of the criteria to be used for selection of the program manager and all contractors; (e) any proposed amendments to the city school district's five year capital facilities plan submitted in accordance with subdivision 6 of section 3602 of the education law and the regulations of the commissioner; and (f) a diversity plan, in compliance with subdivision (b) of section eight of this act, to develop diversity goals, including appropriate community input and public discussion, and develop strategies that would create and coordinate any efforts to ensure a more diverse workforce for the projects. The diversity plan should address accountability for attainment of the diversity goals, what forms of monitoring would be used, and how such information would be publicly communicated.

As part of the development of the comprehensive plan, the school district shall hold as many public hearings as may be necessary to ensure sufficient public input and allow for significant public discussion on the school building needs in such city, with at least one hearing to be held in each neighborhood potentially impacted by a proposed project.

The JSC board shall submit the components of such comprehensive plan outlined in paragraph (a) of subdivision two of this section to the comptroller, along with any other information requested by the comptroller, for his or her review and approval.

§ 7. (a) Notwithstanding any general, special or local law to the contrary and upon approval by the comptroller pursuant to section six of this act, the city school district may select projects, pursuant to subdivision (a) of section five of this act to be undertaken pursuant to this act, as provided for in such approved comprehensive plan. After the city school district has selected a new project and plans and specifications for such project have been prepared and approved by the city school district, which are consistent with the approved comprehensive plan, the city school district shall deliver such plans and specifica-
tions to the city, for approval by such city, acting through the common
council, and after the common council has approved such plans and spec-
ifications, the city shall deliver them to the commissioner for his or
her approval. After approval by the commissioner, the plans and spec-
ifications shall be returned to the city school district and such
district shall then deliver them to the JSC board. All such specifica-
tions shall detail the number of students the completed project is
intended to serve, the site description, the types of subjects to be
taught, the types of activities for school, recreational, social, safety,
or other purposes intended to be incorporated in the school building
or on its site and such other information as the city school district,
the city, the common council, and the commissioner shall deem necessary
or advisable.

(b) Notwithstanding any general, special or local law to the contrary
and upon approval by the comptroller pursuant to section six of this
act, the city school district may select projects, pursuant to subdivi-
sion (b) and (c) of section five of this act to be undertaken pursuant
to this act, as provided for in such approved comprehensive plan. After
the city school district has selected a new project and plans and spec-
ifications for such project have been prepared and approved by the city
school district in consultation with the city engineer, which are
consistent with the approved comprehensive plan, the city school
district shall deliver such plans and specifications to the commissioner
for his or her approval. After approval by the commissioner, the plans
and specifications shall be delivered to the JSC board. All such spec-
ifications shall detail the number of students the completed project is
intended to serve, the site description, the types of subjects to be
taught, the types of activities for school, recreational, social, safety,
or other purposes intended to be incorporated in the school building
or on its site and such other information as the city school district,
the city engineer, and the commissioner shall deem necessary or advis-
able.

(c) Notwithstanding any other provision of law to the contrary, if the
total project cost associated with the projects authorized pursuant to
subdivision (b) and (c) of section five of this act exceeds the esti-
mated total project cost of 300 million dollars, then the JSC board
shall report such information, along with explanatory documentation
regarding the increase in cost, to the governor, the New York state
comptroller, the commissioner, the temporary president of the senate and
the speaker of the assembly.

(d) Notwithstanding any other provision of law to the contrary, the
JSC board shall submit estimated project costs for the projects author-
ized pursuant to subdivision (b) and (c) of section five of this act
after the completion of schematic plans and specifications for review by
the commissioner. If the total project costs associated with such
projects exceed the sum of the estimated individual approved cost allow-
ance of each building project by more than the lesser of 30 million
dollars or ten percent of the approved costs, and the city school
district has not otherwise demonstrated to the satisfaction of the New
York state education department the availability of additional local
shares for such excess costs, then the JSC board shall not proceed with
the preparation of final plans and specifications for such projects
until the projects have been redesigned or value-engineered to reduce
estimated project costs so as not to exceed the above cost limits.

(e) Notwithstanding any other provision of law to the contrary, the
JSC board shall submit estimated project costs for the projects author-
ized pursuant to subdivision (b) and (c) of section five of this act after the completion of fifty percent of the final plans and specifications for review by the commissioner. If the total project costs associated with such projects exceed the sum of the estimated individual approved cost allowance of each building project by more than the lesser of 30 million dollars or ten percent of the approved costs, and the city school district has not otherwise demonstrated to the satisfaction of the New York state education department the availability of additional local share for such excess costs, then the JSC board shall not proceed with the completion of the remaining fifty percent of the plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed the above cost limits.

§ 4. Subdivision (a) of section 10 of part A-4 of chapter 58 of the laws of 2006 enacting the "city of Syracuse and the board of education of the city school district of the city of Syracuse cooperative school reconstruction act", as amended by chapter 459 of the laws of 2013, are amended to read as follows:

(a) The JSC board may require a contractor awarded a public contract, subcontract or other agreement for a project to enter into a project labor agreement during and for the work involved with such project when such requirement is part of the JSC board's specifications for the project and when the JSC board determines that the record supporting the decision to enter into such an agreement establishes that it is justified by the interests underlying the competitive bidding laws. In addition, the JSC board may choose to extend the project labor agreement entered into for the first or second phase of the JSC construction projects to the projects authorized herein, contingent upon the completion of a supplemental project labor agreement benefits analysis.

§ 5. Section 11 of part A-4 of chapter 58 of the laws of 2006 enacting the "city of Syracuse and the board of education of the city school district of the city of Syracuse cooperative school reconstruction act", as amended by chapter 459 of the laws of 2013, is amended to read as follows:

(a) All contracts entered into by the JSC board for projects pursuant to subdivision (a) of section five of this act shall be managed by an independent program manager. Selection of the program manager shall be pursuant to the competitive process established in section seven of this act. The program manager shall have experience in planning, designing, and constructing new and/or reconstructing existing school buildings, public facilities, commercial facilities, and/or infrastructure facilities, and in the negotiation and management of labor contracts and agreements, training programs, educational programs, and physical technological requirements for educational programs. The program manager shall manage all projects undertaken pursuant to subdivision (a) of section five of this act, review project schedules, review payment schedules, prepare cost estimates and assess the safety programs of contractors and all training programs, if required. The program manager shall implement procedures for verification by it that all work for which payment has been requested has been satisfactorily completed.

(b) All construction and design contracts entered into by the JSC board for projects pursuant to subdivision (b) of section five of this act shall be managed by the city engineer in agreement with the school district or, at the discretion of the JSC board, an independent program manager or construction managers selected for one or more projects. Selection of the program manager and/or the construction manager or
managers shall be pursuant to a competitive process established in accordance with the city's standard request for proposals process using the JSC board as the approving governing body instead of the common council for such contract awards. The program manager shall have experience in planning, designing, and constructing new and/or reconstructing existing school buildings in New York state, public facilities, commercial facilities, and/or infrastructure facilities, and in the negotiation and management of labor contracts and agreements, training programs, educational programs, and physical technological requirements for educational programs. The program manager shall manage all projects assigned by the JSC board to the program manager and undertaken pursuant to subdivision (b) of section five of this act, review project schedules, review payment schedules, prepare cost estimates and assess the safety programs of contractors and all training programs, if required. The program manager shall implement procedures for verification by it that all work for which payment has been requested has been satisfactorily completed. Provided, however, that the JSC board may choose to utilize the services of an independent construction manager at one or more of the projects to be authorized herein with said construction manager managing the project within the management plan set forth by the independent program manager and the JSC board.

(c) All construction and design contracts entered into by the JSC board for projects pursuant to subdivision (c) of section five of this act shall be managed by the city engineer in agreement with the school district or, at the discretion of the JSC board, an independent program manager or construction managers selected for one or more projects. Selection of the program manager and/or the construction manager or managers shall be pursuant to a competitive process established in accordance with the city's standard request for proposals process using the JSC board as the approving governing body instead of the common council for such contract awards. The program manager shall have experience in planning, designing, and constructing new and/or reconstructing existing school buildings in New York state, public facilities, commercial facilities, and/or infrastructure facilities, and in the negotiation and management of labor contracts and agreements, training programs, educational programs, physical technological requirements for educational programs and knowledge of state education department facilities planning and building aid requirements. The program manager shall implement procedures for verification by it that all work for which payment has been requested has been satisfactorily completed. Provided, however, that the JSC board may choose to utilize the services of an independent construction manager at one or more of the projects to be authorized herein with said construction manager managing the project within the management plan set forth by the independent program manager and the JSC board.

(d) The program manager, and its affiliates or subsidiaries, if any, shall be prohibited from awarding contracts or being awarded contracts for or performing any work on projects undertaken pursuant to this act.

of the laws of 2007, establishing the city of Rochester and the board of

for by the RJSCB pursuant to this act. Such firm shall develop and
implement an MWBE/DBE outreach and utilization plan for the governance
of all contracts to ensure compliance with all federal, state, and local
laws, rules, and regulations.

§ 2. Subdivision (b) of section 3 of chapter 416 of the laws of 2007,

amended to read as follow:

(b) Such board shall be composed of seven voting members: three of
whom shall be appointed by, and serve at the pleasure of the mayor of
the city; three of whom shall be appointed by, and serve at the pleasure

but shall be entitled to reimbursement for actual and necessary expenses
incurred in the performance of his or her board duties. Members of the
board shall not be disqualified from holding public office or employ-
ment, nor shall they forfeit any office or employment by reason of their
appointment, notwithstanding the provisions of any general, special, or
local law, ordinance or city charter to the contrary. The board will be
reconstituted on the effective date of the chapter of the laws of 2014
that amended this subdivision and the term of each prior board member
shall automatically expire on such date provided however that nothing
shall preclude the reappointment of an existing board member.
§ 3. Sections 4, 5, 6, 9, 10, 11 and 21 of chapter 416 of the laws of
2007, establishing the city of Rochester and the board of education of
the city school district of the city of Rochester school facilities
modernization program act, as amended by chapter 533 of the laws of
2014, are amended to read as follow:
§ 4. Project authorization. No more than: (a) 13 projects, up to a
total cost of three hundred twenty-five million dollars in phase one,
and (b) 26 projects, up to a total cost of four hundred thirty-five
million dollars in phase two, and (c) 13 projects, including a
district-wide technology project, up to a total cost of four hundred
seventy-five million dollars in phase three shall be authorized and
undertaken pursuant to this act, unless otherwise authorized by law.
§ 5. Comprehensive school facilities modernization plan. The super-
intendent shall submit to the RJSCB [a] comprehensive draft [plan] plans
recommending and outlining the projects for phase two and phase three it
proposes to be undertaken pursuant to this act. The RJSCB shall consider
the plan in developing a comprehensive school facilities modernization
plan recommending and outlining the projects it proposes to be poten-
tially undertaken pursuant to this act. Such plan shall include: (a) an
estimate of total costs to be financed, proposed financing plan,
proposed method of financing, terms and conditions of the financing,
estimated financing costs, and, if city general obligation bonds or
notes are not proposed as the method of financing, a comparison of
financing costs between such bonds or notes and the proposed method of
financing. Payment of debt service on bonds, notes or other obligations
issued to secure financing of not more than $325,000,000 in phase one
and $435,000,000 in phase two, and $475,000,000 in phase three for
projects undertaken pursuant to this act shall not be considered when
determining the "city amount" required pursuant to subparagraph (ii) of
paragraph a of subdivision 5-b of section 2576 of the education law;
provided, however, that this provision shall not otherwise affect the
determination of said "city amount" with respect to funding unrelated to
projects undertaken pursuant to this act. The plan should also address
what specific options would be used to ensure that sufficient resources
exist to cover the local share of any such project cost on an annual
basis; (b) information concerning the potential persons to be involved
in the financing and such person's role and responsibilities; (c) esti-
mates on the design, reconstruction and rehabilitation costs by project,
any administrative costs for potential projects, and an outline of the
timeframe expected for completion of each potential project; (d) a
detailed description of the request for proposals process and an outline
of the criteria to be used for selection of the program manager, the
independent compliance officer and all contractors; provided that the
RJSCB may extend the contracts of the providers of professional services
for phase one or two upon the adoption of findings that doing so would
be in the public interest; the contracts of the program manager and the
independent compliance officer for phase two will be rebid, and provided
further that the program manager and the independent compliance officer
and any new or different providers of professional services shall be
engaged in compliance with the provisions of section eight of this act;
(e) any proposed amendments to the city school district's five-year
capital facilities plan submitted in accordance with subdivision 6 of
section 3602 of the education law and the regulations of the commissioner;
and (f) a diversity plan to develop diversity goals, including appropriate community input and public discussion, and develop
strategies that would create and coordinate any efforts to ensure a more
diverse workforce for the projects. The diversity plan
should address accountability for attainment of the diversity goals, what forms of monitoring would be used, and how such information would
be publicly communicated.

Prior to the development of the comprehensive school facilities
modernization plan, the RJSCB and district shall hold as many public
hearings as may be necessary to ensure sufficient public input and allow
for significant public discussion on school building needs in such city,
with at least one hearing to be held in each neighborhood potentially
impacted by a proposed project.
All projects proposed in the comprehensive school facilities modern-
ization plan shall be included by the city school district as a special
section of the district's five-year capital facilities plan that is
required pursuant to subdivision 6 of section 3602 of the education law
and the regulations of the commissioner.
The RJSCB shall submit the components of such comprehensive plan
outlined in subdivision (a) of this section to the comptroller, along
with any other information requested by the comptroller, for his or her
review and approval.

§ 6. Project selection. Notwithstanding any general, special or
local law to the contrary and upon approval by the comptroller pursuant
to section five of this act, the RJSCB may select projects to be under-
taken pursuant to this act, as provided for in such approved comprehen-
sive plan. After the RJSCB has selected a new project and plans and
specifications for such project have been prepared and approved by the
RJSCB, which are consistent with the approved comprehensive plan, the
RJSCB shall deliver such plans and specifications to the superintendent
of the city school district and the mayor of the city of Rochester for
review to ensure that sufficient resources exist to pay the local share
of any such project cost on an annual basis and that the plans meet
program needs, and upon the approval of the superintendent, to the
commissioner for his or her approval. After approval by the superinten-
dent and commissioner, the plans and specifications shall be returned to
the RJSCB. All such specifications shall detail the number of students
the completed project is intended to serve, the site description, the
types of subjects to be taught, the types of activities for school,
recreational, social, safety, or other purposes intended to be incorpo-
rated in the school building or on its site and such other information
1 as the RJSCB and the commissioner shall deem necessary or advisable. The district program manager shall establish reasonable guidelines or limits on incidental costs to assure that to the greatest extent possible such costs for each project do not exceed the state's maximum incidental cost allowance, in order to maximize efficient use of state building aid.

Notwithstanding any other provision of law to the contrary, the RJSCB shall submit estimated project costs for the projects authorized pursuant to subdivision (b) and (c) of section four of this act after the completion of schematic plans and specifications for review by the commissioner. If the total project costs associated with such projects exceed the sum of the estimated individual approved cost allowance of each building project by more than the lesser of 43 million dollars or ten percent of the approved costs, and the city school district has not otherwise demonstrated to the satisfaction of the education department the availability of additional local shares for such excess costs, then the RJSCB shall not proceed with the preparation of final plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed the above cost limits.

Notwithstanding any other provision of law to the contrary, the RJSCB shall submit estimated project costs for the projects authorized pursuant to subdivision (b) of section four of this act, or for projects authorized pursuant to subdivision (c) of section four of this act by more than the lesser of 47 million dollars or ten percent of the approved costs, and the city school district has not otherwise demonstrated to the satisfaction of the education department the availability of additional local share for such excess costs, then the RJSCB shall not proceed with the completion of fifty percent of the final plans and specifications for such projects until the projects have been redesigned or value-engineered to reduce estimated project costs so as not to exceed the above cost limits.

§ 9. Contracts generally. Notwithstanding the provisions of any general, special, or local law or judicial decision to the contrary:

(a) The RJSCB may require a contractor, as a condition to being awarded a contract, subcontract, lease, grant, bond, covenant or other agreement for a project to enter into a project labor agreement for the work involved with such project when such requirement is made part of the bid specifications for the project and when the RJSCB determines that the record supporting the decision to enter into such an agreement establishes that it is justified by the interests underlying the competitive bidding laws. In addition, the RJSCB may revise and extend the requirements of the project labor agreement entered into for phase one projects to the projects authorized in phase [two] three, contingent upon the completion of a supplemental project labor agreement benefit [analysis].
(b) Any contract, subcontract, lease, grant, bond, covenant or other agreement for projects undertaken pursuant to this act shall not be subject to section 101 of the general municipal law when the RJSCB has chosen to require a project labor agreement, pursuant to subdivision (a) of this section. This exemption shall only apply to the projects undertaken pursuant to this act and shall not apply to projects undertaken by any other school district or municipality unless otherwise specifically authorized.

(c) Whenever the RJSCB enters into a contract, subcontract, lease, grant, bond, covenant or other agreement for the construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, alteration, or improvement for a project undertaken pursuant to this act, it shall be deemed to be a public works project for the purposes of article 8 of the labor law, and all the provisions of article 8 of the labor law shall be applicable to all the work involved with such project including the enforcement of prevailing wage requirements by the state department of labor.

(d) Every contract entered into by resolution of the RJSCB for construction or reconstruction of a project pursuant to this act shall contain a provision that the design of such project shall be subject to the review and approval of the city school district and that the design and construction standards of such project shall be subject to the review and approval of the commissioner. In addition, every such contract for construction or reconstruction shall contain a provision that the contractor shall furnish a labor and material bond guaranteeing prompt payment of moneys that are due to all persons furnishing labor and materials pursuant to the requirements of any contracts for a project undertaken pursuant to this section and a performance bond for the faithful performance of the project, which shall conform to the provisions of section 103-f of the general municipal law, and that a copy of such performance and payment bonds shall be kept by the RJSCB and shall be open to public inspection.

(e) For the purposes of article 15-A of the executive law, any person entering into a contract for a project authorized pursuant to this act shall be deemed a state agency as that term is defined in such article and such contracts shall be deemed state contracts within the meaning of that term as set forth in such article.

(f) Notwithstanding the provisions of this act or of any general or special law to the contrary, for any contract, subcontract, lease, grant, bond, covenant or other agreement for construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, alteration, or improvement with respect to each project undertaken pursuant to this act, the RJSCB shall consider the financial and organizational capacity of contractors and subcontractors in relation to the magnitude of work they may perform, the record of performance of contractors and subcontractors on previous work, the record of contractors and subcontractors in complying with existing labor standards and maintaining harmonious labor relations, and the commitment of contractors to work with minority and women-owned business enterprises pursuant to article 15-A of the executive law through joint ventures or subcontractor relationships. The RJSCB shall further require, on any contract in excess of one million dollars for construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, alteration, or improvement that each contractor and subcontractor shall participate in apprentice training programs in the trades of work it employs that: have been approved for not less than three years by the state department of
labor; have graduated at least one apprentice in the last 3 years; have
at least one apprentice currently enrolled in such apprentice training
program; and have demonstrated that the program has made significant
efforts to attract and retain minority apprentices.

§ 10. Program managers. (a) All contracts entered into by resolution
of the RJSCB for projects for phase two and phase three undertaken
pursuant to this act shall be managed by an independent program manager.
The selection of the program manager shall be pursuant to the compet-
itive process established in section eight of this act. Prior to issu-
ance of the contract, the program manager selected shall be approved by
the superintendent, mayor, city council and the Rochester city school
district. The program manager shall have experience in planning, design-
ing, and constructing new and/or reconstructing existing school build-
ings, public facilities, commercial facilities, and/or infrastructure
facilities, and in the negotiation and management of labor contracts and
agreements, training programs, educational programs, and physical tech-
nological requirements for educational programs. The program manager
shall manage all projects undertaken pursuant to this act, review
project schedules, review payment schedules, prepare cost estimates and
assess the safety programs of contractors and all training programs, if
required. The program manager shall implement procedures for verifica-
tion by it that all work for which payment has been requested has been
satisfactorily completed.

(b) The program manager, and its affiliates or subsidiaries, if any,
shall be prohibited from awarding contracts or being awarded contracts
for, or performing any work on, projects undertaken pursuant to this
act. Contracts awarded by RJSCB for construction work required for the
reconstruction, rehabilitation or renovation of a project pursuant to
this act shall be awarded pursuant to public bidding in compliance with
section 103 of the general municipal law.

§ 11. Independent compliance officers. All contracts entered into by
resolution of the RJSCB for projects for phase two and phase three
undertaken by this act shall be monitored by an independent compliance
officer. The compliance officer shall: develop, implement, advertise,
promote and monitor policies and procedures to utilize and provide
sufficient MWBE, DBE and skilled minority employment resources partic-
ipation opportunities to be followed by prime contractors and subcon-
tractors for such projects; review, modify if necessary, and approve the
preliminary diversity plan established pursuant to section five of this
act; provide technical assistance to potential MWBE and DBE contractors
and subcontractors interested in bidding on any such projects; obtain
and maintain records and documentation to confirm compliance with any
requirements contained in the approved diversity plan, for any such
project; identify contractors in non-compliance with any such require-
ments contained in the approved diversity plan or in violation of any
federal, state and local laws, rules or regulations; monitor and report
the upward/downward price adjustment and payment amounts to MWBEs and
DBEs listed on contractors utilization plan for any such project; devel-
op and work with the RJSCB to enforce agreed financial or monetary sanc-
tions for any contractor's non-compliance with the MWBE/DBE utilization
master plan. In addition, the independent compliance officer shall:
develop, implement, advertise, promote and monitor MWBE/DBE policies and
procedures for each project to be followed by prime contractors and
subcontractors for such projects; obtain and maintain records and
documentation to confirm compliance with any applicable requirements for
each project; identify contractors in non-compliance with any such
requirements pursuant to this section or in violation of any federal, state and local laws, rules or regulations. The independent compliance officer shall report to the RJSCB on a monthly basis.

§ 21. Reporting requirements. (a) On June 30, 2008 and annually thereafter, until completion of the 52 projects authorized pursuant to this act, the RJSCB shall issue a report to the governor, the comptroller, the commissioner, the temporary president of the senate, the speaker of the assembly, the city, the city council and the city school district on the progress and status of the projects undertaken by the RJSCB. Provided further, that if any such entities request information on the progress and status of the projects prior to such report, it shall be provided to such entities by the RJSCB.

(b) On or before June 30, 2021, or upon completion of the 26 projects authorized in phase two pursuant to this act, whichever shall first occur, the RJSCB shall issue a report to the city, the city school district, the governor, the commissioner, the comptroller, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate, the minority leader of the assembly, the state board of regents, and the chairs and ranking minority members of the New York state senate and assembly committees on education, the finance committee of the New York state senate, and the ways and means committee of the New York state assembly. Such report shall identify the fiscal and pedagogical results of the projects undertaken pursuant to this act, along with recommendations for its continuance, amendments, or discontinuance.

§ 4. Paragraph a of subdivision 6 of section 3602 of the education law is amended by adding a new subparagraph 9 to read as follows:

(9) Notwithstanding any other provision of law to the contrary, for the purpose of computation of building aid for reconstruction or modernizing of no more than five projects pursuant to chapter four hundred sixteen of the laws of two thousand seven, as amended, enacting the third phase of the city of Rochester school facilities modernization program act, multi-year cost allowances for each project shall be established and utilized two times in the first five-year period. Subsequent multi-year cost allowances shall be established no sooner than ten years after establishment of the first maximum cost allowance authorized pursuant to this subparagraph.

§ 5. This act shall take effect immediately.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section
or part thereof directly involved in the controversy in which such judg-
ment shall have been rendered. It is hereby declared to be the intent of
the legislature that this act would have been enacted even if such
invalid provisions had not been included herein.
§ 3. This act shall take effect immediately provided, however, that
the applicable effective date of Parts A through PP of this act shall be
as specifically set forth in the last section of such Parts.
