- (c) (i) A designation of a pet food as "human food grade" under this subdivision means that the pet food is suitable for human consumption but is intended for consumption by pets. - 5. Any word, statement, or other information required by or under authority of this article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
- § 3. This act shall take effect on the one hundred eightieth day after it shall have become a law. Effective immediately, the commissioner of agriculture and markets shall make regulations and take other actions reasonably necessary to implement this act on that date.
