AN ACT to amend the education law, in relation to enacting the social media monitoring safety act; and making an appropriation therefor

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as  
2 the "social media monitoring safety act".

3 § 2. Legislative intent. It is the desire of this legislature to  
4 provide students and teachers with a safe environment to work and learn.  
5 It has become increasingly clear to this legislative body that protect-  
6 ing the health and welfare of its public school students is becoming  
7 increasingly difficult. This legislative body finds that the use of  
8 social media by students is increasingly being used to voice opinions  
9 and thoughts that may be harmful to students and teachers alike. There-  
10 fore, this legislative body finds it necessary to create the social  
11 media monitoring safety act to provide data analytic resources and fund-  
12 ing to every school district to facilitate the monitoring of social  
13 media activities to provide early detection information of possible  
14 threats to a student's health and the safety of the school.

15 § 3. Subdivision 2 of section 2801-a of the education law is amended  
16 by adding a new paragraph n to read as follows:

17 n. (i) policies and procedures to provide data analytic resources  
18 which facilitate the monitoring of any and all publicly available social  
19 media activities to provide early detection information of possible  
20 threats to a student's health and the safety of the school. Such infor-  
21 mation gathered pursuant to the early detection system shall be provided  
22 to the school principal or designee and such principal or designee shall  
23 act as he or she deems appropriate based on the level of threat to the  
24 health and safety of the school.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.
