3937

2021-2022 Regular Sessions

## IN SENATE

February 1, 2021

Introduced by Sen. SERINO -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to lyme disease and tick-borne infection awareness and prevention

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public health law is amended by adding a new section  
2 1392-b to read as follows:

3 § 1392-b. Lyme disease and tick-borne infection awareness and  
4 prevention program for children's overnight, summer day and traveling  
5 summer day camps. 1. The commissioner, in consultation with the commis-  
6 sioner of environmental conservation, shall develop instructional tools  
7 and materials for children's overnight camps, summer day camps and trav-  
8 eling summer day camps regarding prevention and awareness of lyme  
9 disease and other tick-borne infections. Resources and materials shall  
10 be age-appropriate for children attending such camps and provide infor-  
11 mation on the identification of ticks, recommended procedures for safe  
12 tick removal and best practices to provide protection from ticks. Such  
13 materials may include but not be limited to video productions,  
14 pamphlets, and demonstration programs to illustrate the various sizes of  
15 ticks before and after engorgement to assist with the identification of  
16 a tick and the reaction on the skin that may occur as a result of a tick  
17 bite. Materials and instructional tools to advance and promote education  
18 and awareness on tick identification and protection shall be made avail-  
19 able to children's overnight camps, summer day camps and traveling  
20 summer day camps upon request at no charge. Such materials and instruc-  
21 tional tools may also be made available to children's non-regulated  
22 camps, pursuant to section three hundred ninety-eight-f of the general  
23 business law.

24 2. The commissioner shall promulgate, and review as necessary, rules  
25 and regulations related to children attending children's overnight

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD07986-01-1

1 camps, summer day camps, and traveling summer day camps who have a tick  
2 removed from them while at such a camp. Such regulations shall include  
3 but not be limited to:

4 (a) tick removal guidelines for employees and volunteers of such a  
5 camp, aged eighteen years or older, to be developed by the commissioner  
6 of health;

7 (b) procedures for written notification to a parent or guardian after  
8 a tick has been removed from a child attending such a camp. Written  
9 notification shall include, but not be limited to, the inclusion of  
10 informational materials developed by the commissioner about the spread  
11 of lyme disease and other tick-borne infections, signs and symptoms of  
12 lyme or tick-borne infections, and recommendations for how and when to  
13 seek medical treatment if needed; and

14 (c) the development of informational materials for such camps and  
15 parents to be provided on the department of health website. The rules  
16 and regulations established pursuant to this subdivision shall be deemed  
17 to be the minimum standards that must be complied with by every chil-  
18 dren's overnight camp, summer day camp, and traveling summer day camp  
19 relating to the removal of ticks on children. Such rules and regulations  
20 may also be implemented by children's non-regulated camps, pursuant to  
21 section three hundred ninety-eight-f of the general business law, if  
22 they so authorize.

23 § 2. This act shall take effect immediately.
