1 (4) Eligible production costs shall not include those costs used by

4 (b) Allocation of credit. The aggregate amount of tax credits allowed
5 under this section, subdivision fifty-five of section two hundred ten-B
6 and subsection (nnn) of section six hundred six of this chapter in any
7 taxable year shall be fifty million dollars. The aggregate amount of
8 credits for any taxable year must be distributed on a regional basis as
9 follows: twenty-five percent of the aggregate amount of credits shall be
10 available for qualified digital gaming media productions that incur at
11 least sixty percent of eligible production costs for a qualified digital
12 gaming media production in region one; ten percent of the aggregate
13 amount of credits shall be available for qualified digital gaming media
14 productions that incur at least sixty percent of eligible production
15 costs for a qualified digital gaming media production in region two; and
16 sixty-five percent of the aggregate amount of credits shall be available

28 digital gaming media production credit with such office. If the total
29 amount of allocated credits applied for in any particular year exceeds
30 the aggregate amount of tax credits allowed for such year under this
31 section, such excess shall be treated as having been applied for on the
32 first day of the subsequent taxable year.
