

STATE OF NEW YORK

410--A

2021-2022 Regular Sessions

IN SENATE

(Prefiled)

January 6, 2021

Introduced by Sen. BIAGGI -- read twice and ordered printed, and when printed to be committed to the Committee on Health -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to establish a Minority Coordinating Council on Asthmatic Affairs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "Lydia Soto law".

3 § 2. Legislative findings and intent. According to the American Lung
4 Association, there are over 1.6 million New Yorkers with asthma, with
5 over 380,000 of them being children. The annual cost of asthma is esti-
6 mated to be nearly 18 billion dollars. Access to health care for ethnic
7 minorities is often hampered by socio-economic disparities, shortages of
8 primary care physicians in minority communities, language and literacy
9 barriers, and cultural beliefs about the role and usefulness of medi-
10 cines. There have emerged clear disparities in the burden and treatment
11 of asthma in the communities of ethnic minorities. The burden of asthma
12 falls disproportionately on the African-American and Hispanic popu-
13 lations, and especially on children of these ethnic minorities. There-
14 fore, it is the intent of this legislature to create a coordinating
15 council to address these issues and to improve awareness and management
16 of asthma prevention and treatment for minorities in this state.

17 § 3. The commissioner of health shall establish a Minority Coordinat-
18 ing Council on Asthmatic Affairs. Members of the council shall include
19 the commissioners of health, environmental conservation, office of chil-
20 dren and family services, and the division of housing and community
21 renewal or their designees. The council shall also include, as deter-
22 mined by the commissioner of health, representatives of minority and
23 low-income communities, health care professionals with knowledge and

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD02970-02-1

1 experience in the prevention and treatment of asthma, and community
2 groups that advocate for environmental justice issues. The council shall
3 be tasked with: (a) assessing the asthma risk factors for the minority
4 residents of this state, broken down by county and regions; (b) identi-
5 fying existing barriers to quality asthma treatment and care among
6 racial and ethnic minorities; (c) developing evidence-based intervention
7 strategies for addressing the lack of health care in these communities;
8 and (d) launching a state-wide asthma awareness campaign to educate
9 citizens about the disease, its symptoms, and the ability to better
10 manage asthma through prevention and treatment. The council shall deliv-
11 er an annual report addressing various asthma program successes, new
12 trends, data and issues surrounding minority populations suffering from
13 asthma to the governor and the legislature beginning September 1, 2025,
14 and annually thereafter.

15 § 4. This act shall take effect immediately.
