FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for retirement eligible tiers 3 through 6 members of the New York State and Local Employees' Retirement System who are employed by Nassau County in certain correction officer job titles. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death.

If this bill is enacted during the 2021 legislative session, we anticipate that there will be an increase of approximately \$55,000 in the annual contributions of Nassau County for the fiscal year ending March 31, 2022. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$778,000 which will be borne by Nassau County as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2022. If Nassau County elects to amortize this cost over a 10 year period, the cost for the first year including interest would be \$103,000.

These estimated costs are based on 787 affected members employed by Nassau County, with annual salary of approximately \$94.9 million as of March 31, 2020.
