IN SENATE

February 8, 2021

Introduced by Sen. HELMING -- read twice and ordered printed, and when printed to be committed to the Committee on Judiciary

AN ACT to amend the judiciary law, in relation to courthouse facility dogs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings and intent. The legislature finds that 2 questioning child or adult witnesses about a traumatic event in their lives can trigger an acute emotional response. The trigger makes them feel or behave the same way they did during or immediately after the traumatic event because the brain may not differentiate what happened then from what is going on around them now. These triggers can cause an 7 immediate emotional response that bypasses the reasoning part of our brains, resulting in sudden or unexplained bouts of crying; fear, para-9 noia, or anxiety; panic attacks; and sudden physical symptoms such as 10 nausea or fatique. For children and adults, traumatic events and the 11 responses that result often interfere with their ability to respond to 12 questions or testify in court about traumatic events they have experi-13 enced or witnessed.

14 The legislature finds that children are particularly susceptible to 15 adverse effects of exposure to trauma. Children may undergo secondary trauma when they participate in investigation and prosecution of crimes and other stressful legal proceedings. The American academy of pedia-17 trics advises ongoing psychosocial support for children to address the 18 adverse effects of the traumatic event and their experience recounting 19 20 it during the legal process. The American academy of pediatrics identifies assistance from courthouse facility dogs as an effective psychoso-22 cial intervention for children participating in legal support 23 proceedings. The legislature finds that courthouse facility dog programs in our state are innovative community-based interventions. The 25 courthouse facility dog's calm companionship reduces a traumatized

child's anxiety, prevents recurrent trauma, and supports the child's ability to respond to questions and information requests during investigations and subsequent court processes, and may hasten their recovery 3 4 from this experience. Likewise, the courthouse facility dog program is an effective intervention for persons who have developmental disabili-6 ties, adults who experienced childhood trauma, and other vulnerable 7 people who could have difficulty engaging with the legal process.

The legislature finds that multiple visits between a potential witness and the courthouse facility dog and handler may be needed to establish the relationship supporting an order for the courthouse facility dog's presence in court during testimony. Courthouse facility dogs and their handlers require access to locations outside the courthouse for meetings with potential witnesses or other activities associated with the court-14 house facility dog program's operations. The law does not expressly authorize access for the dog and handler to noncourthouse locations or public transportation. Therefore, the legislature intends to authorize expanded access for courthouse facility dogs and their handlers to locations outside courthouses and to modes of public transportation to provide this service.

- 20 § 2. The judiciary law is amended by adding a new section 39-c to read 21 as follows:
 - § 39-c. Courthouse facility dogs. 1. Courts are authorized to exercise discretion permitting a courthouse facility dog for use by witnesses to be used in any judicial proceeding.
 - 2. Courts with an available courthouse facility dog must allow a witness under eighteen years of age, or who has a developmental disability, to use a courthouse facility dog to accompany such person while testifying in court.
- 29 3. Courts may allow any witness who does not meet the criteria in 30 subdivision two of this section to use a courthouse facility dog, if 31 available, to accompany them while testifying in court.
- 32 4. (a) A courthouse facility dog accompanied by a certified handler is 33 authorized to access:
 - (i) any courthouse;

- (d) reasons why the courthouse facility dog would help reduce the witness's anxiety and elicit the witness's testimony.
- 6. When the court finds the circumstances warrant the presence of a courthouse facility dog is necessary to facilitate a witness's testimony, the court must state the basis for its decision on the record. - (b) To the extent possible, the court shall ensure that the jury will be unable to observe the courthouse facility dog prior to, during, and subsequent to the witness's testimony.
- (c) On request of either party, the court shall present appropriate jury instructions that are designed to prevent any prejudice that might result from the presence of the courthouse facility dog before the witness testifies and at the conclusion of the trial.
- 9. Courts may adopt rules for the use of a courthouse facility dog authorized under this section.
 - 10. For purposes of this section, the following terms shall have the following meanings:
- (a) "Certified handler" means a person who: (i) was trained to handle the courthouse facility dog by the assistance dog organization that placed the dog; and (ii) is a professional working in the legal system who is knowledgeable about its practices including, but not limited to, victim advocates, forensic interviewers, detectives, prosecuting attorneys, and quardians ad litem.
 - (b) "Courthouse facility dog" means a dog that:
