FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow up to 5 years of previous service credit rendered as a SUNY Police officer or as a Regional State Park Police officer or as a special investigator in the office of the attorney general to become creditable service under Section 384-e of the Retirement and Social Security Law. Upon completion of 20 years of service credit and upon retirement, an affected member would receive an additional pension of one sixtieth of final average salary for each such additional year credited. The member would be required to contribute an amount equal to 3% of the prior 12 months of compensation for each year of service credit claimed.

If this bill is enacted during the 2022 legislative session, we estimate that there will be a past service cost averaging 13.7% of affected members' compensation for each year of additional service credit granted by this bill. All costs would be shared by the State of New York and the participating employers in the New York State and Local Police and Fire Retirement System.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.
