2021-2022 Regular Sessions

IN SENATE

April 19, 2021

Introduced by Sen. COMRIE -- read twice and ordered printed, and when printed to be committed to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the not-for-profit corporation law, in relation to leasing cemetery lands

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings and declarations. The legislature 1 2 finds and declares that the state has a vital interest in the public service that public cemeteries provide and in their viability as not-3 for-profit entities. Many cemeteries face falling demand for traditional 4 burial services and other financial pressures. It is therefore necessary 5 for the state to provide greater flexibility for cemeteries to generate б income to prevent their operational failure and abandonment to local 7 8 governments and impacts on the state fiscal plan, while simultaneously 9 protecting the interests of cemetery lot owners and visitors. It is in 10 the public interest that cemeteries with surplus land are able to 11 receive income from such land for a period of time without altering the 12 purpose of public cemeteries or negatively impacting the operation of the cemetery and the use of cemetery land. The following provisions are 13 14 enacted to grant such cemeteries the ability to lease a portion of their land and use the income for the maintenance and preservation of the 15 cemetery, to ensure that through leasing cemeteries themselves do not 16 17 engage in non-cemetery purposes.

18 § 2. The not-for-profit corporation law is amended by adding a new 19 section 1506-e to read as follows:

20 <u>§ 1506-e. Lease of cemetery lands.</u>

21 (a) Except as set forth in subdivision (j) of this section, no ceme-

22 tery corporation shall lease any portion of its land without notice to

23 and approval of the cemetery board.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

1	(b) The application to the cemetery board for approval to lease ceme-
2	tery land shall include the following requirements or information:
3	(1) Approval from the cemetery's lot owners or board of directors to
4	lease the land proposed in such application;
5	(2) If the cemetery has any existing leases of land, such leases shall
б	be disclosed on the application so the board can consider the impact of
7	existing leases on cemetery operations;
8	(3) A statement showing the proposed lease was negotiated at arm's
9	length for a fair market rent and shall contain all of the agreements
10	between the parties. Where the proposed lease would be a related party
	transaction under this chapter, the cemetery shall disclose this fact
11	
12	and demonstrate compliance with restrictions related to such trans-
13	actions, as set forth in section seven hundred fifteen of this chapter,
14	and the cemetery board may require that the lease contain a clause by
15	which the cemetery board may set reasonable reporting requirements that
16	would disclose any financial relationship between the lessor and lessee
17	related to the leased property;
18	(4) Evidence showing the initial lease term is not greater than
19	forty-nine years and the cemetery corporation shall demonstrate that
20	such a term will not interfere with land needed for burial purposes.
21	Notwithstanding the provisions of this paragraph, the cemetery board may
22	approve a lease with extensions of the initial term not to exceed nine-
23	ty-nine years from the date of the initial lease, provided that the
24	security shall be updated at year forty-nine and every twenty years
25	afterward during the term of the lease and all extensions thereof, if
	applicable, and approved pursuant to subdivision (i) of this section;
26	
27	(5) If the proposed lease involves land adjacent to cemetery oper-
28	ations;
29	(6) If the proposed lease requires the tenant to construct and main-
30	tain a physical or visual buffer approved by the cemetery board, which
31	may be vegetative;
32	(7) How the proposed lease protects visitors to the cemetery;
33	(8) If proposed lease requires the tenant to be responsible for any
34	and all taxes, assessments, and charges related to its occupancy and use
35	of the land, whether imposed against the tenant or the cemetery corpo-
36	ration;
37	(9) If the proposed lease includes permission to construct any infras-
38	tructure, buildings or other structures, the application to the cemetery
39	board shall provide for the removal of such infrastructure, buildings or
40	other structures after the cemetery retakes possession of the land,
41	unless the infrastructure, buildings or other structures are to be
42	retained by the cemetery pursuant to subdivision (g) of this section;
42 43	(10) The proposed lease shall include an agreement to pay for the
44	removal of any proposed infrastructure, buildings and structures, except
45	any that are approved to be retained as set forth in subdivision (g) of
46	this section, and return leased premises to the cemetery corporation in
47	a condition suitable for cemetery use upon the expiration or termination
48	of the lease and such agreement shall be secured by a fund, bond, letter
49	of credit or other security sufficient to pay for such future removal.
50	The application shall include a written description of the proposed
51	funding mechanism for the establishment of a fund, written evidence of a
52	bond, or other security to the cemetery board for payment of the cost of
53	bondy of other becarie, to encounter board for payment of the cobe of

and will not be retained. Any such bond shall be issued by an entity 1 2 authorized to do business in the state of New York, and any irrevocable 3 letter of credit or a certificate of deposit shall be from a New York 4 state or federally chartered bank, trust company, savings bank or 5 savings and loan association that is qualified to do business in the б state of New York and insured by the federal deposit insurance corpo-7 ration; 8 (11) A statement that the land proposed to be leased shall not be used 9 for any activity that would be disruptive to cemetery operations or that 10 would have a significant impact on cemetery traffic. If the proposed use or activity for the land may disturb normal and usual cemetery activ-11 ities, the proposed lease and application shall include hour limits on 12 13 such use or activity; 14 (12) A statement that the proposed lease shall not include the manufacture or disposal of hazardous material or the use or storage of 15 16 hazardous material in violation of any law or otherwise create a signif-17 icant risk of environmental harm to the cemetery property; (13) If the proposed lease may permit assignment or sub-leases, 18 19 including sub-leasing and assignment of space on cell towers to communi-20 cations providers, provided the original lease remains in effect and the 21 use remains the same. (c) In addition to the application submission to the cemetery board, 22 no earlier than ten days prior to such submission, the cemetery corpo-23 24 ration shall post notices in the immediate proximity of the land 25 proposed to be leased, the cemetery office, all entrances of the ceme-26 tery and in a manner so as not to violate local zoning ordinances or to 27 create a traffic hazard. Each notice shall provide information written in plain English concerning the proposed lease and, if the proposed 28 29 lease includes construction of new structures or buildings, include a 30 drawing, which shall be an accurate rendition of the proposed 31 construction. In addition, such notices shall state the telephone number 32 and address where comments may be received and the last date on which 33 such comments will be accepted. The last day to accept comments shall be 34 no earlier than sixty days following the date such notices are posted. 35 (d) The following uses are deemed to comply with paragraph eleven of subdivision (b) of this section: 36 37 (1) Communications service facilities, also known as cell towers; 38 (2) Solar panels; and 39 (3) "Electric energy storage equipment," as defined in section four hundred ninety-nine-aaaa of the real property tax law; 40 41 (e) For any lease involving related party transactions pursuant to 42 section seven hundred fifteen of this chapter, the cemetery board shall 43 set reasonable reporting requirements that would disclose any financial 44 relationship between the lessor and lessee related to the leased proper-45 ty. 46 (f) Any material modification, alteration or expansion of the lease or 47 additions of any structures or buildings outside the scope of the prior 48 approval requires cemetery board approval. 49 (g) If the cemetery corporation intends that any infrastructure, structure or buildings proposed under the lease be retained and used for 50 51 cemetery purposes after the lease terminates or expires, the application to approve the lease shall also include an application for approval of 52 such infrastructure, structures or buildings as intended to be used by 53 54 the cemetery. The board shall render decision on the application for a 55 major alteration in conjunction with the decision on the application to 56 lease cemetery land. If that application is approved, such infrastruc-

1	ture, buildings or structures shall be excluded from the requirements of
1	
2	paragraph ten of subdivision (b) of this section.
3	(h) The application shall include at least two written estimates of
4	the cost of removing the infrastructure, buildings and structures,
5	excluding retained infrastructure, associated structures and returning
6	the land to a condition suitable for burial purposes at the conclusion
7	of the lease.
8	(i) (1) The cemetery board shall approve the type and amount of the
9	security which shall be maintained in full force and effect on the
10	proposed leased property, in an amount not less than that which was
	approved by the cemetery board, until: (i) the leased premises shall
11	
12	have been restored to a condition suitable for use for cemetery purposes
13	at the end or earlier termination of the term of the lease; (ii) any and
14	all buildings and structures then located on the leased premises shall
15	have been removed; (iii) proof in form acceptable to the cemetery board
16	demonstrating that all costs of such restoration and removal work have
17	been paid in full and that no person or entity performing labor or
18	furnishing materials for such work has filed a notice of mechanic's lien
19	that shall have been delivered to the cemetery board, provided however
20	that a cemetery may contest such lien as long as such contest prevents
21	the foreclosure of a lien; and (iv) if applicable, each governmental
22	unit or agency that issued any permit for such restoration and removal
23	work shall have issued a certificate of compliance or other similar
24	instrument indicating that such work has been completed in a due and
25	proper manner. The parties directed to perform the restoration and
26	removal work contemplated by this subdivision and as approved by the
27	cemetery board shall not be limited by the amount of the bond, letter of
28	credit, or certificate of deposit or by any inability to recover all or
29	any part of such bond, letter of credit, or certificate of deposit from
