AN ACT to amend the vehicle and traffic law, in relation to requiring every charter bus registered in this state be equipped with commercial global positioning system technology

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 54 of section 375 of the vehicle and traffic  
2 law, as added by chapter 11 of the laws of 2020, is amended to read as  
3 follows:

4 54. Stretch limousine and charter bus commercial GPS. (a) Every  
5 stretch limousine and charter bus registered in this state shall be  
6 equipped with commercial global positioning system (GPS) technology  
7 within no later than one year of the date upon which the national high-  
8 way traffic safety administration promulgates final regulations estab-  
9 lishing standards for commercial GPS.

10 (b) It shall be unlawful to operate or cause to be operated a stretch  
11 limousine or charter bus registered in this state on any public highway  
12 or private road open to public motor vehicle traffic unless such stretch  
13 limousine or charter bus is equipped with commercial global positioning  
14 system (GPS) technology as required by this subdivision and such commer-  
15 cial global positioning system (GPS) technology is used. The presence in  
16 such stretch limousine or charter bus of commercial global positioning  
17 system (GPS) technology connected to a power source and in an operable  
18 condition is presumptive evidence of its use by any person operating  
19 such stretch limousine or charter bus. Such presumption may be rebutted  
20 by any credible and reliable evidence which tends to show that such  
21 commercial global positioning system (GPS) technology was not in use.

22 (c) For the purposes of this subdivision:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.
