The authority shall exercise the power of condemnation hereby granted in the manner provided by the condemnation law. In 15 16 the exercise of such power of condemnation, the property being condemned 17 shall be deemed, when so determined by the authority, to be for a public use superior to the public use in the hands of any other person, associ-18 19 ation, or corporation, provided, however, that the authority shall have 20 no power to condemn property the legal title to which is vested in a 21 municipality unless such municipality shall consent thereto; 22

(q) sell water by volume to any or all municipalities or privately owned public water supply and distribution systems in such county. The fact that any municipality has procured or is about to procure an independent source of water supply shall not prevent such municipality from

purchasing water from the authority;

 (h) make contracts and execute all instruments necessary or convenient;

- (i) make by-laws for the management and regulation of its affairs and the regulation of and the charges made for water sold;
- (j) appoint officers, agents and employees as it may require for the performance of its duties, fix and determine their qualifications, duties, compensations and terms of office or tenure, subject to the provisions of the civil service law of the state and such rules as the civil service commission may adopt and make applicable to the authority, and from time to time contract for expert professional services;

Such water authority shall be deemed the agent of Nassau county under any such contract. - (m) do all things necessary or convenient to carry out the powers expressly given or necessarily implied in this title.
- 2. (a) In exercising the powers granted by this title, the authority shall not sell water in any area which is served by a water system owned or operated by a municipality unless the governing board of such municipality shall adopt a resolution requesting the authority to sell water in such area. Notice of such public hearing shall be published once a week for two consecutive weeks in a newspaper of general circulation in the area affected by the proposed construction project, and for two consecutive weeks on the website maintained by the authority.
- (b) The board shall, when considering any purchase pursuant to subparagraph (i) of paragraph (d) of subdivision one of this section, or any condemnation pursuant to subparagraph (ii) of paragraph (d) of subdivision one of this section, of any assets owned by the New York American Water Service Corporation as of January first, two thousand twenty, hold a public hearing to solicit public comments no less than fifteen days prior to the approval of such action by the board. 5 § 1092-h. Charges by authority; method of collection. All rates, fees 6 and other charges for the use or availability of the facilities or services or commodities provided or made available by the authority and 7 8 billed directly by the authority to the user or service recipient pursu-9 ant to a classification of person adopted by the authority as herein 10 provided shall be a lien upon the real property upon which, or in 11 connection with which, services are provided or are made available, as and from the first date fixed for a payment of such rates, fees and 12 other charges. Any such lien shall take precedence over all other liens, 13 14 or encumbrances, except taxes or assessments. The chief financial officer of the authority shall prepare and transmit to the receiver of 15 16 taxes, on or before the first day of November in each year, a list of 17 those properties using such facilities or for which such facilities, services or commodities were provided or made available and from which 18 19 the payment of rates, fees and other charges are in arrears for a period 20 of ninety days or more after the last day fixed for payment of such 21 rates, fees and other charges without penalty. The list shall contain a brief description of such properties, the names of the persons or corpo-22 rations liable to pay for the same, and the amount chargeable to each, 23 including penalties and interest, as applicable, computed to December 24 25 thirty-first of that year. The county shall levy such sums against the 26 properties liable and shall state the amount thereof in a separate 27 column in the annual tax rolls of the county under the heading "water charge". All of the provisions of the real property tax law of the state or the nassau county administrative code, as applicable, 34 35 governing enforcement and collection of unpaid taxes or assessments for 36 special improvements not inconsistent herewith shall apply to the 37 collection of such unpaid rates, rentals, fees and other charges.

§ 1092-i. Survey of water resources. The legislature of Nassau county may, by resolution, appropriate a sum of money to defray the preliminary expenses of such authority so created and may thereafter appropriate such sums as may be required, for the purpose of making a survey of the water resources of the said county, and the preparation of a map or plan for the development thereof. The authority shall, as soon as possible, make a survey of the water resources of the county, and prepare a map and plan for the development of the same showing in detail the proposed sources of water to be developed, and the municipalities and areas which may be served thereby. Application for approval of the project shall then be made to the department of environmental conservation as provided by title fifteen of article fifteen of the environmental conservation law. If so approved, the authority shall enter into such contracts or agreements as may be necessary to carry out the plan of such development. The authority may, however, acquire by purchase or condemnation any existing water supply and distribution system without making such survey; provided, however, that the authority shall not acquire any existing water supply and distribution system owned by a municipality

unless the governing board thereof shall adopt a resolution requesting the authority to make such acquisition.

- § 1092-j. Bonds. 1. The authority shall have power and is hereby authorized from time to time to issue its negotiable bonds in conformity with applicable provisions of the uniform commercial code. Such bonds shall be authorized by resolution of the authority and shall bear such date or dates, mature at such time or times in not exceeding forty years from their respective date or dates, subject to such option or options of redemption, as may be provided in the resolution authorizing such bonds, at par or at a price not exceeding one hundred five per centum of their face value, together with accrued interest, bear interest at such rate or rates that the cost to maturity of the money for any issue of such bonds shall not exceed six per centum per annum, payable annually or semi-annually, be in such denominations, and in such form, either coupon or registered, and be executed in such manner, and be payable in such medium of payment, at such place or places, and be subject to such terms and conditions as such resolution or resolutions may provide.
  - 2. All bonds of the authority shall be sold at public sale upon sealed bids in an electronic format to the bidder who shall offer the lowest interest cost to the authority to be determined by the authority. The notice of sale shall be published at least once not less than ten nor more than forty days before the date of sale in a newspaper designated by the authority and shall call for the receipt of sealed bids and shall fix the date, time and place of sale.
- 3. Notwithstanding the foregoing provisions requiring public sale, any bonds of the authority may be sold by the authority upon the approval of the comptroller at private sale at such price or prices as the authority shall determine not exceeding the interest cost herein provided, and the authority also may sell at private sale for such price or prices as the authority shall determine not exceeding the interest cost herein provided, any bonds authorized for the purpose of paying the cost of acquiring by condemnation a privately owned public water supply and distribution system, provided such bonds are sold within one year of the date of completion of such condemnation and the proceedings for such condemnation were commenced prior to or not more than two years from the effective date of this title.
- 4. Any bonds of the authority, whether sold at public or private sale, shall be sold for a price not less than ninety-six per centum of the par value thereof, plus accrued interest provided always that the interest cost to maturity of the money for any issue of such bonds shall not exceed six per centum per annum. Such bonds may be issued for any corporate purpose of the authority.
- 5. Any resolution or resolutions authorizing any bonds may contain provisions, which shall be a part of the contract with the holders of the bonds, as to:
- 46 (a) pledging the revenue or water rents charged by the authority to 47 secure the payment of the bonds;
- (b) the setting aside of reserves or sinking funds, and the regulation and disposition thereof;
- 50 (c) limitations on the right of the authority to restrict and regulate
  51 the use of water and to alter or reduce rates or charges for the use of
  52 water;
  - (d) limitations on the issuance of additional bonds;
- (e) the application of funds and the safeguarding of funds on hand or 55 on deposit, including the requiring of the giving of security for depos-56 it of such funds by depository banks or trust companies. Unless other-

wise provided in said resolution, all deposits of funds of the authority shall be secured in the manner provided by law for securing deposits of county moneys. All banks and trust companies are authorized to give such security for such deposits; and

- (f) defining the acts or omissions to act which shall constitute a default in the obligations and duties of the authority to the bondholders and providing the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall be not inconsistent with the general laws of this state.
- 6. The authority shall have power from time to time whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any of its corporate purposes. Refunding bonds may be delivered by the authority to the purchasers thereof at any time prior to the date of maturity or redemption date of the bonds proposed to be refunded, if the authority shall determine that such action shall be financially sound and advantageous to the authority. The rate or rates of interest of the refunding bonds shall not be limited by the rate or rates of interest borne by any of the bonds to be refunded by such bonds, but all of the provisions of this section with reference to the sale of bonds of the authority, and the interest cost of the money raised by the sale thereof, shall apply to such refunding bonds.
- 7. Except as may be otherwise expressly provided by the authority, every issue of bonds by the authority shall be general obligations payable out of any moneys, earnings or revenues of the authority, subject only to any agreements with the holders of particular bonds pledging any particular moneys, earnings or revenues.
- 8. Neither the members of the authority nor any person executing the bonds shall be personally liable on the bonds or be subject to any personal liability or accountability by reason of the issuance thereof. The authority shall have the power, out of any funds available therefor, to purchase (as distinguished from the power of redemption hereinabove provided) any bonds issued by it at a price of not more than the principal amount thereof or the redemption price at which the bonds may be redeemed at the next ensuing redemption date and accrued interest. All bonds so purchased shall be cancelled.
- 9. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.
- § 1092-k. Notes of the authority. In case any work shall be abandoned by any 44 contractor, the authority may, if the best interest of the authority be 45 thereby served, adopt on behalf of the authority any or all subcontracts 46 made by such contractor for such work and all such subcontractors shall 47 be bound by such adoption if made; and the authority shall, in the manner provided herein, readvertise and relet the work specified in the 48 49 original contract exclusive of so much thereof as shall be provided for in the subcontract or subcontracts so adopted.
