2021-2022 Regular Sessions

IN SENATE

May 11, 2021

- Introduced by Sens. MAY, RIVERA -- read twice and ordered printed, and when printed to be committed to the Committee on Aging -- recommitted to the Committee on Aging in accordance with Senate Rule 6, sec. 8 -committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee
- AN ACT to amend the public health law, in relation to establishing a state-level program of all-inclusive care for the elderly; to amend the social services law, in relation to making technical corrections to such law; and repealing certain provisions of the social services law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and intent. The legislature finds that 2 the Program of All-Inclusive Care for the Elderly ("PACE") is a feder-3 ally recognized model of comprehensive care for persons 55 years of age 4 or older, qualifying for nursing home levels of care who wish to remain in their community (see, Sections 1894 and 1934 to Title XVIII of the 5 6 Social Security Act; 42 CFR 460). The PACE program includes both Medicaid and Medicare covered benefits. Federal preemption of state laws 7 8 with respect to PACE has inhibited the ability of state agencies -9 particularly the New York State Department of Health ("DOH") - to regu-10 late PACE plans similarly to other public and commercial health plans. The legislature further finds that: Research has demonstrated that 11 12 PACE has delivered marked improvements for enrollees in the programs nationwide including, but not limited to reduced hospitalizations and 13 14 readmissions; reduced reliance on emergency medical services; improved 15 quality of life; and higher satisfaction with the totality of their 16 care. In conjunction with these improvements, the implementation of PACE 17 in New York has realized significant savings to the state's Medicaid 18 program compared to costs that would have been incurred under fee-for-19 service. As neither a fee-for-service model nor a managed long-term care

1 plan, PACE represents a unique approach to care and coverage for those 2 with long-term care needs. PACE organizations are currently required to 3 be licensed and are regulated under multiple provisions of state and 4 federal law. Uniformity of regulation of PACE organizations promotes 5 both efficiency for organizations and for the state.

6 For all the foregoing reasons, it is the intent of the legislature 7 through this act to provide a more efficient and uniform structure to 8 promote the prudent development of PACE organizations in the state, to 9 promote better health outcomes for New Yorkers enrolled in such 10 programs, and to realize administrative efficiencies through these programs. It is the intent of the legislature to recognize PACE organ-11 izations as integrated providers of care and to that end, nothing in 12 this article is intended to construe PACE organizations as a managed 13 care organization as defined by article 44 of the public health law. 14 15 § 2. The public health law is amended by adding a new article 29-EE to
