25 be necessary to pay and discharge the proper claims of creditors who
26 have presented claims pursuant to the notice in this article provided
27 for, to the payment of such claims, and if the property so remaining be

Sheltered workshops for ~~[the mentally retarded, mentally ill and severely physically handicapped]~~ individuals with developmental disabilities, mental illness or a severe physical handicap. 1. Declaration of purpose. The conditions ~~[of mental retardation]~~ associated with a developmental disability, mental illness and severe physical handicap are such that many young people, after laborious training in the schools and otherwise, reach the point in their lives where they can and should, under proper and continued guidance, engage in sheltered employment. The effects of such employment are salutary in many ways. The affected individual is helped to become a contributing member of society. The state is saved the expense of his or her institutionalization in already overcrowded state schools and facilities. The family retains closer contact with him or her and is spared the anxieties naturally attaching to separation and institutionalization. All of these factors have also been shown to reflect tangible benefit upon ~~[the mentally retarded, mentally ill and severely physically handicapped person]~~ individuals with developmental disabilities, mental illness or a severe physical handicap in improving his or her overall condition. The purpose of this measure is to specifically encourage the development, improvement and expansion of such sheltered employment facilities by non-profit agencies, so that the salutary effects mentioned can be expediently accomplished.

2. Special provisions relating to ~~[mentally retarded, mentally ill and severely physically handicapped persons]~~ individuals with a developmental disability, mental illness or a severe physical handicap in extended sheltered employment in workshops. Notwithstanding any other provision of this article, when it shall appear to the satisfaction of the department that ~~[a mentally retarded, mentally ill or severely physically handicapped person]~~ an individual with a developmental disability, mental illness or a severe physical handicap over the chronological age of seventeen years can reasonably be expected to benefit from, or in his or her best interests reasonably requires extended sheltered employment in a workshop as defined in subdivision eight of section ten hundred two~~[, subdivision eight of article twenty one]~~ of this ~~[chapter]~~ article, furnished by an approved non-profit organization, the department is authorized to contract with such organization for the furnishing of such sheltered employment to such ~~[mentally retarded, mentally ill or severely physically handicapped person]~~ individual with a developmental disability, mental illness or a severe physical handicap; and the department is further authorized to expend for such purpose a sum or sums not less than one thousand five hundred dollars per annum for each such ~~[mentally retarded, mentally ill or severely physically handicapped person]~~ individual with a developmental disability, mental illness or a severe physical handicap, for or towards the cost of providing such sheltered employment for each such ~~[mentally retarded, mentally ill or severely physically handicapped person]~~ individual with a developmental disability, mental illness or a severe physical handicap.

The department shall pay at least quarterly during the state fiscal year such sums as are authorized to such organizations for such sheltered employment immediately upon the completion of evaluation and personal adjustment services under the sponsorship of the department.

3. The department shall maintain a register of such nonprofit organizations which, after inspection of the facilities for sheltered employment provided by them, it deems qualified to meet the needs of such ~~[mentally retarded, mentally ill and severely physically handicapped persons]~~ individuals with developmental disabilities, mental illness or a severe physical handicap. Such inspection shall also determine the eligibility of such organization to receive the funds hereinbefore specified.

§ 10. The opening paragraph of subdivision 8-a of section 1950 of the education law, as added by chapter 762 of the laws of 1972, is amended to read as follows:

8-a. Notwithstanding any other provision of this section and with the consent of the commissioner, the city school district of the city of Syracuse may, upon consent of the board of cooperative educational services for the sole supervisory district for Onondaga and Madison counties, be included as a component district for the sole purpose of operating a combined program and/or constructing a combined facility for ~~[the trainable mentally retarded]~~ children with developmental disabilities in the city of Syracuse and the county of Onondaga. Such city school district shall add an amount to its budget and levy, collect and pay the same to such board of cooperative educational services to defray the proportional expenses of constructing and operating such facility for such children. Such city school district shall not be liable for payment of administrative expenses as provided for in paragraph b of subdivision four of this section nor shall such city school district be eligible for the payment of state aid under this section except such city school district shall receive state aid based on its proportionate share of building expenses related to this program as determined by the commissioner.

46 acting through its local legislative body, as such local legislative

10 § 44. Paragraph (p) of subdivision 1 of section 261 of the tax law, as
11 amended by chapter 365 of the laws of 2005, is amended to read as
12 follows:

13 (p) with respect to the remaining counties of the state except Catta-

15 tax pursuant to subdivision two of section two hundred fifty-three of
16 this article, to the comptroller to be paid by him or her into the
17 general fund in the state treasury to the credit of the state purposes
18 account; provided that money paid to the comptroller with respect to any
19 such remaining county in which on the date of such payment any mass
20 transportation, airport or aviation, municipal historic site, municipal
21 park, community mental health and [~~retardation~~] developmental disabili-

37 § 45. Subdivisions 10 and 19 of section 3 of section 1 of chapter 359
38 of the laws of 1968, constituting the facilities development corporation
39 act, subdivision 10 as amended by section 1 of part N of chapter 59 of
40 the laws of 2016 and subdivision 19 as amended by section 1 of part H of
41 chapter 58 of the laws of 2008, are amended to read as follows:

42 10. "Mental hygiene facility" shall mean a building, a unit within a
43 building, a laboratory, a classroom, a housing unit, a dining hall, an
44 activities center, a library, real property of any kind or description,
45 or any structure on or improvement to real property, or an interest in
46 real property, of any kind or description, owned by or under the juris-
47 diction of the corporation, including fixtures and equipment which are
48 an integral part of any such building, unit, structure or improvement, a
49 walkway, a roadway or a parking lot, and improvements and connections
50 for water, sewer, gas, electrical, telephone, heating, air conditioning
51 and other utility services, or a combination of any of the foregoing,
52 whether for patient care and treatment or staff, staff family or service
53 use, located at or related to any psychiatric center, any developmental
54 center, or any state psychiatric or research institute or other facility
55 now or hereafter established under the department. A mental hygiene
56 facility shall also mean and include a residential care center for

adults, a "community mental health and [~~retardation~~] developmental disabilities facility" and a treatment facility for use in the conduct of an alcoholism or substance abuse treatment program as defined in the mental hygiene law unless such residential care center for adults, community mental health and [~~retardation~~] developmental disabilities facility or alcoholism or substance abuse facility is expressly excepted, or the context clearly requires otherwise, and shall also mean and include any treatment facility for use in the conduct of an alcoholism or substance abuse treatment program that is also operated as an associated health care facility. The definition contained in this subdivision shall not be construed to exclude therefrom a facility owned or leased by one or more voluntary agencies that is to be financed, refinanced, designed, constructed, acquired, reconstructed, rehabilitated or improved under any lease, sublease, loan or other financing agreement entered into with such voluntary agencies, and shall not be construed to exclude therefrom a facility to be made available from the corporation to a voluntary agency at the request of the commissioners of the offices of the department having jurisdiction thereof. The definition contained in this subdivision shall not be construed to exclude therefrom a facility with respect to which a voluntary agency has an ownership interest in, and proprietary lease from, an organization formed for the purpose of the cooperative ownership of real estate.

19. "Voluntary agency" means a corporation organized under or existing pursuant to the not-for-profit corporation law providing or, pursuant to a written agreement with the appropriate commissioner, approved to provide housing that includes residences for persons with mental disabilities, or services benefitting or assisting in the care, treatment, rehabilitation or maintenance of persons with mental disabilities, community mental health or residential services, community [~~mental retardation~~] developmental disabilities services, or alcohol, substance-abuse, or chemical-dependency residential or non-residential treatment services, or for any combination of the foregoing. Notwithstanding any other provision of law to the contrary, voluntary agency shall also include any entity receiving financing, approvals or assistance of any form from the state housing finance agency or the state division of housing and community renewal for one or more integrated housing projects including projects serving persons with mental disabilities, which shall be approved by the appropriate commissioner. Such commissioner is hereby authorized to enter into any agreements necessary or useful for such projects, subject to the approval of the director of the budget.

§ 46. The first undesignated paragraph of section 2 of section 1 of chapter 359 of the laws of 1968, constituting the facilities development corporation act, as separately amended by chapters 195 and 658 of the laws of 1973, is amended to read as follows:

It is hereby found and declared that the provision of new and improved state facilities relating to the care, maintenance and treatment of the mentally disabled must be accelerated if the state is to meet its responsibilities in the face of an increasing state population, a growing awareness that mental disability can be treated effectively, and new research advances in treatment methods. An expanded construction program is essential to relieve overcrowding in the state hospitals for the mentally ill, to provide treatment and care for the increasing population of [~~mentally retarded~~] people with developmental disabilities in state schools, and to permit the establishment of special treatment programs for mentally ill and emotionally disturbed children and for the

1 mentally ill blind and the mentally ill deaf. Existing state facilities
2 require substantial modernization and structural change to accommodate
3 new concepts of treatment for the mentally disabled and special units
4 for the treatment of alcoholism and narcotics addiction. Larger and
5 better equipped research facilities must be installed in order to insure
6 that state treatment units are in the forefront of applying and develop-
7 ing advanced therapeutic methods. At the same time, improved training
8 facilities and quarters are needed to attract and retain the best-quali-
9 fied staff personnel.

10 § 47. The third undesignated paragraph of section 2 of section 1 of
11 chapter 359 of the laws of 1968, constituting the facilities development
12 corporation act, as amended by chapter 547 of the laws of 1979, is
13 amended to read as follows:

14 It is further found and declared that the provision of new and
15 improved community mental health and [~~retardation~~] developmental disa-
16 bilities facilities must be accelerated, in order to provide comprehen-
17 sive care and treatment of the mentally ill and [~~mentally-retarded~~]
18 developmentally disabled. Such community mental health and [~~retarda-~~
19 ~~tion~~] developmental disabilities facilities should be located close to
20 the people they serve, in order to speed rehabilitation and restoration,
21 by involving families and community resources to the extent practicable.
22 Such an accelerated construction program will also help relieve over-
23 crowding in state facilities for the mentally ill and [~~mentally~~
24 ~~retarded~~] developmentally disabled and will afford treatment and care
25 for the increasing number of [~~mentally-retarded~~] people with develop-
26 mental disabilities. Such a program will increase the number of local
27 facilities for out-patient care and short-term in-patient care, includ-
28 ing after care, diagnostic and rehabilitative services, training and
29 research. While the responsibility for the professional care, mainte-
30 nance and treatment of the mentally ill and [~~mentally-retarded~~] develop-
31 mentally disabled at all such community mental health and [~~retardation~~]
32 developmental disabilities facilities should continue in the local
33 governments, subject to the provisions of article forty-one of title E
34 of the mental hygiene law and the regulations of the commissioners
35 of the offices of the department having jurisdiction thereof, the legisla-
36 ture further finds and declares that the Facilities Development Corpo-
37 ration should be empowered to aid cities and counties, at their request,
38 to provide new and improved community mental health and [~~retardation~~]
39 developmental disabilities facilities in order to insure their timely
40 construction, acquisition, reconstruction, rehabilitation and improve-
41 ment in relation to current and foreseeable needs and the emergence of
42 new patterns of treatment and care and should be empowered to receive
43 and administer monies for such purpose.

44 § 48. Paragraph a of subdivision 8 and subdivision 13 of section 5 of
45 section 1 of chapter 359 of the laws of 1968, constituting the facili-
46 ties development corporation act, paragraph a of subdivision 8 as
47 amended by chapter 58 of the laws of 1987 and subdivision 13 as amended
48 by chapter 723 of the laws of 1993, are amended to read as follows:

49 a. With the approval of the appropriate commissioner of the department
50 and the director of the budget, to purchase real property necessary or
51 convenient for a mental hygiene facilities improvement program in the
52 name of the state, except where such purchase is for the purpose of
53 providing community mental health and [~~retardation~~] developmental disa-
54 bilities facilities in which case such purchase shall be in its own
55 name; provided, however, that all such purchases shall be made pursuant
56 to legislation or appropriations in accordance with section nine of this

act. Nothing in this section contained shall be construed to prohibit the acquisition of real property by purchase or appropriation by the appropriate commissioner of the department pursuant to article seventy-one of title E of the mental hygiene law for the purpose of making mental hygiene facilities available under license or permit from the corporation to a voluntary agency, subject to the terms and conditions of any lease, sublease, loan or other financing agreement with the state housing finance agency or the state medical care facilities finance agency, (i) for use in providing community mental health and [~~retardation~~] developmental disabilities services, including services in a residential care center for adults, or (ii) for the conduct of an alcoholism or substance abuse treatment program as defined in article nineteen of title D of the mental hygiene law.

13. Subject to the terms and conditions of any lease, sublease, loan or other financing agreement with the state housing finance agency or the state medical care facilities finance agency, and to the determination of the appropriate commissioner of the department, and in the case of community mental health and [~~retardation~~] developmental disabilities facilities, of the city or county, that such real property held for the purposes of a mental hygiene facilities improvement program is unnecessary for the present or foreseeable future needs of a mental hygiene facility, with the approval of the director of the budget, to convey for fair value any right, title or interest of the people of the state of New York in and to such real property to any appropriate state agency, or public corporation, city or county for other public use or for sale, lease or other disposition in accordance with law, real property held by the corporation, provided, however, nothing in this subdivision shall be deemed to supercede the provisions of section 41.34 of the mental hygiene law and provided further that any such conveyance shall be subject to, and consistent with the terms and objectives of, any plan developed by the state interagency council on mental hygiene property utilization. The corporation shall provide written notice at least thirty days in advance of the effective date of any conveyance to the governor, the majority leader of the senate and the speaker of the assembly. No conveyance as authorized in this subdivision that may adversely affect the tax exempt nature of any such lease, sublease, loan or other financing agreement with the state housing finance agency or the New York state medical care facilities finance agency may occur until the attorney general or other designated bond counsel determines in writing that the conveyance is consistent with all applicable state and federal laws, rules and regulations, and with deeds, leases, subleases, loan agreements, financing agreements, and bond resolutions relating to or affected by the conveyance, and that the conveyance does not impair the tax exempt status of outstanding obligations issued by the state housing finance agency or the New York state medical care facilities finance agency to finance or refinance the design, construction, acquisition, reconstruction, rehabilitation or improvement of mental health service facilities as defined in the New York state medical care facilities finance agency act.

§ 49. Subdivisions 3, 4 and 5 of section 6 of section 1 of chapter 359 of the laws of 1968, constituting the facilities development corporation act, subdivisions 3 and 4 as amended by chapter 547 of the laws of 1979 and subdivision 5 as amended by chapter 351 of the laws of 1985, are amended to read as follows:

3. To provide mental hygiene facilities, other than community health and [~~retardation~~] developmental disabilities facilities, for the care,

1 maintenance and treatment of the mentally disabled, for research and
2 training related thereto, and for the members of the staff of state
3 institutions in the department and their families, to reduce the time
4 lag between determination of need for such facilities and actual occu-
5 pancy thereof, to expedite the construction, acquisition, recon-
6 struction, rehabilitation or improvement of such facilities, to assure
7 that the same are completed and ready for the purposes intended in the
8 light of foreseeable needs, to assure exclusive possession, jurisdic-
9 tion, control and supervision over all mental hygiene facilities in
10 order to effectuate the aforesaid purposes and to make such facilities
11 available to the appropriate commissioner of the department for use in
12 the care, maintenance and treatment of the mentally disabled.

13 4. To provide community mental health and [~~retardation~~] developmental
14 disabilities facilities for the mentally disabled, for out-patient care
15 and short-term in-patient care, including after care and diagnostic and
16 rehabilitative services and training and research, for and at the
17 request of cities and counties not wholly within a city, authorized to
18 provide community mental health services in accordance with the
19 provisions of article forty-one of title E of the mental hygiene law, to
20 reduce the time between determination of the need for such facilities
21 and actual occupancy thereof, to expedite the construction, acquisition,
22 reconstruction, rehabilitation or improvement of such facilities, to
23 assure that the same are completed and ready for the purposes intended
24 in the light of current and foreseeable needs, all as approved by the
25 appropriate commissioner of the department.

26 5. To provide mental hygiene facilities to be made available under
27 license or permit from the corporation to voluntary agencies at the
28 request of the appropriate commissioner of the department in accordance
29 with the provisions of this act for use in providing community mental
30 health and [~~retardation~~] developmental disabilities services and
31 services in a residential care center for adults.

32 § 50. Paragraphs b and c of subdivision 1 of section 9 of section 1 of
33 chapter 359 of the laws of 1968, constituting the facilities development
34 corporation act, paragraph b as amended by chapter 58 of the laws of
35 1987 and paragraph c as amended by chapter 547 of the laws of 1979, are
36 amended to read as follows:

37 b. The directors of the corporation shall prepare or cause to be
38 prepared for the state housing finance agency or the medical care facil-
39 ities finance agency, within the amounts appropriated therefor or other-
40 wise available, the building plans, the exterior drawings or models
41 displaying the architectural concept of each mental hygiene facility
42 thereafter to be constructed, reconstructed, rehabilitated or improved,
43 and the detailed plans and specifications for all such construction,
44 reconstruction, rehabilitation and improvement work to be performed, all
45 of which shall be subject to the separate approval of the appropriate
46 commissioner of the department and, in the case of community mental
47 health and [~~retardation~~] developmental disabilities facilities, of the
48 governing body of the city or county or of such officer, department,
49 agency or community mental health board as may be designated by such
50 governing body for the purpose of such approval. The directors of the

56 between the corporation and such commissioner pursuant to subdivision

1 two of this section. In the case of community mental health and [~~retar-~~

3 corporation may cause such building plans, drawings, models and detailed
4 plans and specifications for such work to be prepared by its own employ-
5 ees, or on a contract basis, or by agreement with a city or county or
6 with any state department or agency authorized to perform such work.

7 The detailed plans and specifications for any such work to be
8 performed pursuant to a contract shall comply with the construction
9 standards in effect at the time the contract is executed.

10 Subject to the terms of any agreement entered into between the corpo-
11 ration and the commissioner of general services pursuant to subdivision
12 two of this section and between the corporation and the state housing
13 finance agency or the medical care facilities finance agency pursuant to
14 such section, the directors of the corporation may from time to time
15 modify, or authorize modifications to, such detailed plans and specifi-
16 cations provided (i) that the plans and specifications as so modified
17 shall comply with the construction standards, if any, adopted pursuant
18 to paragraph a of this subdivision and in effect at the time of the
19 modification, and (ii) that such modifications, if substantial, are made
20 with the separate approval of the appropriate commissioner of the
21 department and, in the case of community mental health and [~~retardation~~]

34 section, but in no event shall any such modification be made or author-

36 modifications theretofore made or authorized during the same state
37 fiscal year, would exceed the amount for contingencies appropriated or
38 advanced for the purpose of such modifications, and (iv) that in the
39 event an amount for contingencies is not appropriated for the purpose of
40 such modifications, no such modification involving an estimated expense
41 of ten thousand dollars or more shall be made or authorized without the
42 prior approval of the director of the budget.

43 c. In the design, construction, acquisition, reconstruction, rehabili-
