## IN SENATE

January 5, 2022

- Introduced by Sens. MAY, HOYLMAN -- read twice and ordered printed, and when printed to be committed to the Committee on Housing, Construction and Community Development -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee
- AN ACT to amend the public housing law, in relation to low or moderate income housing developments

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. The public housing law is amended by adding a new section
2	14-a to read as follows:
3	<u>§ 14-a. Low or moderate income housing developments. 1. Definitions.</u>
4	For the purposes of this section, the following terms shall have the
5	following meanings:
6	(a) "Low or moderate income housing development" means any housing,
7	including both housing intended for homeownership and rental, that is
8	subsidized by county, federal or state government under any program to
9	assist the construction of a low or moderate income housing development
10	as defined in the applicable federal or state statute, whether built or
11	operated by any public agency, limited-dividend organization, or other
12	private organization. For a housing development to qualify as a "low or
13	moderate income housing development", such housing development shall:
14	(i) have at least twenty-five percent of such housing development's
15	housing units be affordable, as determined by the division, to house-
16	holds who earn no more than eighty percent of the area median income;
17	(ii) for rental housing developments, have at least twenty percent of
18	such housing development's housing units be affordable, as determined by
19	the division, to households earning below sixty percent of the area
20	median income; or (iii) in the city of New York, be subject to an antic-
21	ipated regulatory agreement with a city, state, or federal government
22	entity.
23	(b) "Uneconomic" means any condition brought about by any single
24	factor or combination of factors to the extent that it makes it substan-
25	tially unlikely for a public agency or nonprofit organization to proceed
26	in building or operating a low or moderate income housing development

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

1	without financial loss, or for a limited-dividend organization or other
2	private organization to proceed and still realize a reasonable return in
3	building or operating such housing within the limitations set by the
4	subsidizing agency of government on the size or character of the devel-
5	opment or on the amount or nature of the subsidy or on the tenants,
6	rentals and income permissible, and without substantially changing the
7	rent levels and units sizes proposed by the public agency, limited-divi-
8	dend organization, or other private organization.
9	(c) "Consistent with regional needs" means reasonable in view of the
10	regional need for low and moderate income housing developments and
11	necessary to protect the health and safety of the occupants of such
12	housing, or of the residents of a city, town, or village. Impacts
13	related to aesthetics or community character, impacts related to school
14	enrollment or the fiscal cost of providing public services, and ordinary
15	impacts on traffic and parking shall not be considered to affect health
16	or safety in assessing consistency with regional needs, except that
17	impacts related to school enrollment may be considered for school
18	districts designated by the comptroller as being under significant or
19	moderate fiscal stress.
20	(d) "Local board" means any city, town, or village board, commission,
21	officer or other agency or office having supervision of the construction
22	of buildings or the power of enforcing municipal building laws.
23	(e) "Local zoning board of appeals" means a zoning board of appeals
24	for a city, town, or village operating pursuant to article five-A of the
25	general city law, section two hundred sixty-seven of the town law, or
26	section 7-712 of the village law, or the New York city board of stand-
27	ards and appeals. (f) "State zoning board of appeals" or "state board" means the state

Applying to local zoning boards of appeals. (a) Subject to the</pre>

1	board of appeals, a single application to build such housing development
2	in lieu of separate applications to the applicable local boards. The
3	local zoning board of appeals shall without delay notify each such local
4	board, as applicable, of the filing of such application by sending a
5	copy of such application to such local boards for their recommendations
6	and shall, within thirty days of the receipt of such application, hold a
7	public hearing on the same. The local zoning board of appeals shall
8	request the appearance at such hearing of such representatives of such
9	local boards as it shall deem necessary or helpful in making its deci-
10	sion upon such application and shall have the same power to issue
11	permits or approvals as any local board or official who would otherwise
12	act with respect to such application, including but not limited to the
13	power to attach to such permit or approval conditions and requirements
14	with respect to height, site plan, size or shape, or building materials
15	as are consistent with the terms of this section. The local zoning board
16	of appeals, in making its decision on such application, shall take into
17	consideration the recommendations of the local boards and shall have the
18	authority to use the testimony of consultants. The local zoning board of
19	appeals shall approve such application unless:
20	(i) written findings supported by a preponderance of the evidence on
21 22	the record demonstrate that both of the following conditions exist:
23	(A) the proposed low or moderate income housing development would have a specific, adverse impact upon public health and/or safety; and
23 24	(B) there is no feasible method to satisfactorily mitigate or avoid
25	the adverse impact identified pursuant to clause (A) of this subpara-
26	graph, other than denial of the application for such proposed low or
27	moderate income housing development or the imposition of the conditions
28	imposed by the local zoning board of appeals; or
29	(ii) an application is not permitted under paragraph (b) of this
30	subdivision.
31	(b) An application shall not be eliqible for submission to a local
32	zoning board of appeals under paragraph (a) of this subdivision where
33	such application is for a low or moderate income housing development to
34	be built:
35	(i) in a city, town, or village having a total number of housing units
36	that are determined by the division to be income-restricted at eighty
37	percent of the area median income, or lower, regardless of the type of
38	housing program or subsidy involved, not including market rate housing
39	units existing in the same building as any such income-restricted hous-
40	ing units:
41	(A) exceeding fifteen percent of the housing units reported in the
42	latest federal decennial census of such city, town, or village; or
43	(B) in the case of the city of New York, exceeding fifteen percent of
44	the housing units in the area covered by the applicable community board;
45	or
46	(ii) in the city of New York, where the area covered by the applicable
47	community board has a median income that is equal to or below one
48	hundred percent the area median income, as determined by the division.
49	(c) The local zoning board of appeals shall render a decision, based
50	upon a majority vote of such board, within forty days after the termi-
51	nation of the public hearing held pursuant to this subdivision and, if
52	favorable to the applicant, shall without delay issue a comprehensive
53	permit or approval. If such decision results in a denial of the appli-
54	cation for a low or moderate income housing development, or results in
55	the attachment of conditions and/or requirements to a permit or
56	approval, a written decision including specific findings based in

3

evidence shall be delivered to the applicant. If a public hearing is not 1 convened or a decision is not rendered within the time allowed, unless 2 the time has been extended by mutual agreement between the local zoning 3 4 board of appeals and the applicant, the application shall be deemed to 5 have been allowed and the comprehensive permit or approval shall be 6 issued. Any person aggrieved by the issuance of a comprehensive permit 7 or approval may appeal to the court as provided in article seventy-eight 8 of the civil practice law and rules. 9 (d) A local zoning board of appeals shall not require any traffic 10 studies to be conducted in its consideration of an applicant's applica-11 tion under this section, and shall not delay its consideration of such 12 application due to any traffic study conducted by any other state or 13 local entity. (e) The local zoning board of appeals shall adopt rules, not 14 15 inconsistent with the purposes of this section, for the conduct of its business pursuant to this section and shall file a copy of such 16 17 rules with the city, town, or village clerk. 3. Right to appeal to the state board. Whenever an application filed 18 under subdivision two of this section is denied, or is granted with such 19 20 conditions and requirements as to make the building or operation of such 21 housing uneconomic, the applicant shall have the right to appeal to the 22 state board for a review of the same. Such appeal shall be taken within twenty days after the date of the notice of the decision by the local 23 zoning board of appeals by filing with the state board a statement of 24 25 the prior proceedings and the reasons upon which such appeal is based. The state board shall notify the appropriate local zoning board of 26 27 appeals of the filing of such petition for review and such local zoning 28 board of appeals shall, within ten days of the receipt of such notice, 29 transmit a copy of its decision and the reasons therefor to the state 30 board. Such appeal shall be heard by the state board within twenty days 31 after receipt of the applicant's statement. A stenographic record of the 32 proceedings shall be kept and the state board shall render a written 33 decision, based upon a majority vote, stating its findings of fact, its 34 conclusions and the reasons therefor within thirty days after the termination of the hearing, unless such time shall have been extended by 35 36 mutual agreement between the state board and the applicant. Such deci-37 sion may be reviewed by the supreme court in accordance with the provisions of the state administrative procedure act. The state board 38 39 shall deny an appeal of an application to build a low or moderate income 40 housing development under this subdivision if the city, town, or village where such low or moderate income housing development would be built has 41 otherwise increased its proportion of overall housing that is affordable 42 43 to households earning below fifty percent of the area's median income by 44 two percent or more in the previous year. 45 4. State board hearings. (a) A hearing by the state board under 46 subdivision three of this section shall be limited to the issue of 47 whether, in the case of the denial of an application, the decision of the local zoning board of appeals was consistent with regional needs, or 48 whether such application was improperly denied by such local zoning 49 board of appeals pursuant to paragraph (b) of subdivision two of this 50 section; and, in the case of an approval of an application with condi-51 52 tions and requirements imposed, whether such conditions and requirements make the construction or operation of such housing uneconomic and wheth-53 54 er they are consistent with regional needs. The burden of proof in such state board hearings shall be upon the respondent to demonstrate that 55 the decision of the local zoning board of appeals was permissible pursu-56
