AN ACT making appropriations for the support of government

STATE OPERATIONS BUDGET

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. a) The several amounts specified in this chapter for state operations, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for state operations may be allocated for spending from federal grants for any grant period beginning, during, or prior to, the state fiscal year beginning on April 1, 2022.

c) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the undisbursed and/or unexpended balances of the prior year's appropriations, are here-

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [–] is old law to be omitted.

LBD12650-09-2
by reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2022. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (...  ) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [ ] for deletions and underscores for additions, the purposes, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 50, section 1, of the laws of 2021.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) Notwithstanding any provision of law to the contrary, for purposes of any appropriation made by this chapter which authorizes spending in an amount net of refunds, rebates, reimbursements, credits, repayments, and/or disallowances, "refunds" shall mean funds received to the state resulting from the overpayment of monies, "rebates" shall mean funds received to the state resulting from a return of a full or partial amount previously paid, as for goods or services, serving as a reduction, discount or rebate to the original payment amount, "reimbursements" shall mean funds received to the state as repayment in an equivalent amount for goods or services, including but not limited to personal service costs, incurred by the state in the first instance being provided to a third party for their benefit and partially or in full financed by such third party, "credit" shall mean monies made available to the state that reduce the amount owed to a third party, including but not limited to billing errors, rebates, and prior overpayments, "repayment" shall mean the return of monies as pay back for expenses incurred, and "disallowance" shall mean monies made available to the state that were not allowed or accepted officially by the intended recipient, based on a determination the payment is not acceptable and/or valid. When the office of the state comptroller receives any such refunds, rebates, reimbursements, credits, repayments, and/or disallowances, he or she shall credit the refunded, rebated, reimbursed, credited, repaid, and disallowed amount back to the original appropriation and reduce expenditures in the year which such credit is received regardless of the timing of the initial expenditure.

f) Notwithstanding any provision of law to the contrary, upon enactment of this chapter of the laws of 2022 containing the state operations budget bill for the state fiscal year 2022-2023, all appropriations and reappropriations contained in chapter 50 of the laws of 2021, which would otherwise lapse by operation of law on March 31, 2023 are hereby repealed.

g) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2022.

MEDICAL ASSISTANCE ADMINISTRATION PROGRAM ............... 2,084,639,000

General Fund
State Purposes Account - 10050

Notwithstanding section 40 of the state
finance law or any other law to the
contrary, all medical assistance appropri-
atations made from this account shall remain
in full force and effect in accordance, in
the aggregate, with the following sched-
ule: not more than 50 percent for the
period April 1, 2022 to March 31, 2023;
and the remaining amount for the period
April 1, 2023 to March 31, 2024.

Notwithstanding section 40 of the state
finance law or any provision of law to the
contrary, subject to federal approval,
department of health state funds medicaid
spending, excluding payments for medical
services provided at state facilities
operated by the office of mental health,
the office for people with developmental
disabilities and the office of addiction
services and supports and further exclud-
ing any payments which are not appropri-
ated within the department of health, in
the aggregate, for the period April 1,
2022 through March 31, 2023, shall not
exceed $25,936,887,000 except as provided
below and state share medicaid spending,
in the aggregate, for the period April 1,
2023 through March 31, 2024, shall not
exceed $27,678,377,000, but in no event
shall department of health state funds
medicaid spending for the period April 1,
2022 through March 31, 2024 exceed
$53,615,265,000 provided, however, such
aggregate limits may be adjusted by the
director of the budget to account for any
changes in the New York state federal
medical assistance percentage amount
established pursuant to the federal social
security act, increases in provider reven-
ues, reductions in local social services
district payments for medical assistance
administration, minimum wage increases,
and beginning April 1, 2013 the opera-
tional costs of the New York state medical
indemnity fund, pursuant to chapter 59 of
the laws of 2011, and state costs or
savings from the essential plan. Such
projections may be adjusted by the direc-
tor of the budget to account for increased
or expedited department of health state
funds medicaid expenditures as a result of
a natural or other type of disaster,
including a governmental declaration of
emergency.
The director of the budget, in consultation
with the commissioner of health, shall
assess on a quarterly basis known and
projected medicaid expenditures by catego-
ry of service and by geographic region, as
determined by the commissioner of health,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period.
Such medicaid savings allocation adjustment
shall be designed, to reduce the expendi-
tures authorized by the appropriations
herein in compliance with the following
guidelines: (1) reductions shall be made
in compliance with applicable federal law,
including the provisions of the Patient
Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and
Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively
"Affordable Care Act") and any subsequent
amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely
to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health’s website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but need provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.
In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, and waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision 1 of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision 4 of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the

tional costs of the New York state medical
indemnity fund, pursuant to chapter 59 of
the laws of 2011, and state costs or
savings from the essential plan. Such
projections may be adjusted by the direc-
tor of the budget to account for increased
or expedited department of health state
funds medicaid expenditures as a result of
a natural or other type of disaster,
including a governmental declaration of
emergency.

The director of the budget, in consultation
with the commissioner of health, shall
assess on a quarterly basis known and
projected medicaid expenditures by catego-
ry of service and by geographic region, as
determined by the commissioner of health,
incurred both prior to and subsequent to
such assessment for each such period, and
if the director of the budget determines
that such expenditures are expected to
cause medicaid spending for such period to
exceed the aggregate limit specified here-
in for such period, the state medicaid
director, in consultation with the direc-
tor of the budget and the commissioner of
health, shall develop a medicaid savings
allocation adjustment to limit such spend-
ing to the aggregate limit specified here-
in for such period.

Such medicaid savings allocation adjustment
shall be designed, to reduce the expendi-
tures authorized by the appropriations
herein in compliance with the following
guidelines: (1) reductions shall be made
in compliance with applicable federal law,
including the provisions of the Patient
Protection and Affordable Care Act, Public
Law No. 111-148, and the Health Care and
Education Reconciliation Act of 2010,
Public Law No. 111-152 (collectively
"Affordable Care Act") and any subsequent
amendments thereto or regulations promul-
gated thereunder; (2) reductions shall be
made in a manner that complies with the
state medicaid plan approved by the feder-
al centers for medicare and medicaid
services, provided, however, that the
commissioner of health is authorized to
submit any state plan amendment or seek
other federal approval, including waiver
authority, to implement the provisions of
the medicaid savings allocation adjustment
that meets the other criteria set forth
herein; (3) reductions shall be made in a
manner that maximizes federal financial
participation, to the extent practicable,
including any federal financial partic-
ipation that is available or is reasonably
expected to become available, in the
discretion of the commissioner, under the
Affordable Care Act; (4) reductions shall
be made uniformly among categories of
services and geographic regions of the
state, to the extent practicable, and
shall be made uniformly within a category
of service, to the extent practicable,
except where the commissioner determines
that there are sufficient grounds for
non-uniformity, including but not limited
to: the extent to which specific catego-
ries of services contributed to department
of health medicaid state funds spending in
excess of the limits specified herein; the
need to maintain safety net services in
underserved communities; or the potential
benefits of pursuing innovative payment
models contemplated by the Affordable Care
Act, in which case such grounds shall be
set forth in the medicaid savings allo-
cation adjustment; and (5) reductions
shall be made in a manner that does not
unnecessarily create administrative
burdens to medicaid applicants and recipi-
ents or providers.

The commissioner shall seek the input of the
legislature, as well as organizations
representing health care providers,
consumers, businesses, workers, health
insurers, and others with relevant exper-
tise, in developing such medicaid savings
allocation adjustment, to the extent that
all or part of such adjustment, in the
discretion of the commissioner, is likely
to have a material impact on the overall
medicaid program, particular categories of
service or particular geographic regions
of the state.

(a) The commissioner shall post the medicaid
savings allocation adjustment on the
department of health's website and shall
provide written copies of such adjustment
to the chairs of the senate finance and
the assembly ways and means committees at
least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but need provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific
amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, and waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision 1 of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision 4 of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health’s website in a timely manner.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department of health, and may be increased or decreased by transfer or suballocation between these appropriated amounts and appropriations of the office of mental health, the office for people with developmental disabilities, the office of addiction services and support, the
department of family assistance office of

children and family services with the
approval of the director of the budget,
who shall file such approval with the
department of audit and control and copies
thereof with the chairman of the senate
finance committee and the chairman of the
assembly ways and means committee.
Notwithstanding any inconsistent provision
of law to the contrary, funds may be used
by the department for outside legal
assistance on issues involving the federal
government, the conduct of preadmission
screening and annual resident reviews
required by the state's medicaid program,
computer matching with insurance carriers
