9 Section 1. Section 1 of part I of chapter 413 of the laws of 1999,
10 relating to providing for mass transportation payments, as amended by
11 section 1 of part D of chapter 58 of the laws of 2015, is amended to
12 read as follows:

13 Section 1. Notwithstanding any other law, rule or regulation to the
14 contrary, payment of mass transportation operating assistance pursuant
15 to section 18-b of the transportation law shall be subject to the
16 provisions contained herein and the amounts made available therefor by
17 appropriation.

18 In establishing service and usage formulas for distribution of mass
19 transportation operating assistance, the commissioner of transportation
20 may combine and/or take into consideration those formulas used to
21 distribute mass transportation operating assistance payments authorized
22 by separate appropriations in order to facilitate program administration
23 and to ensure an orderly distribution of such funds.

24 To improve the predictability in the level of funding for those
25 systems receiving operating assistance payments under service and usage
26 formulas, the commissioner of transportation is authorized with the
27 approval of the director of the budget, to provide service payments
28 based on service and usage statistics of the preceding year.

29 In the case of a service payment made, pursuant to section 18-b of the
30 transportation law, to a regional transportation authority on account of
31 mass transportation services provided to more than one county (consider-
32 ing the city of New York to be one county), the respective shares of the
33 matching payments required to be made by a county to any such authority

34 Notwithstanding any other inconsistent provisions of section 18-b of
 35 the transportation law or any other law, any moneys provided to a public
 36 benefit corporation constituting a transportation authority or to other
 37 public transportation systems in payment of state operating assistance
 38 or such lesser amount as the authority or public transportation system
 39 shall make application for, shall be paid by the commissioner of trans-
 40 portation to such authority or public transportation system in lieu, and
 41 in full satisfaction, of any amounts which the authority would otherwise
 42 be entitled to receive under section 18-b of the transportation law.

43 Notwithstanding the reporting date provision of section 17-a of the
 44 transportation law, the reports of each regional transportation authori-
 45 ty and other major public transportation systems receiving mass trans-
 46 portation operating assistance shall be submitted on or before July 15
 47 of each year in the format prescribed by the commissioner of transporta-
 48 tion. Copies of such reports shall also be filed with the chairpersons
 49 of the senate finance committee and the assembly ways and means commit-
 50 tee and the director of the budget. The commissioner of transportation
 51 may withhold future state operating assistance payments to public trans-
 52 portation systems or private operators that do not provide such reports.

53 Payments may be made in quarterly installments as provided in subdivi-
 54 sion 2 of section 18-b of the transportation law or in such other manner
 55 and at such other times as the commissioner of transportation, with the

1 approval of the director of the budget, may provide; and where payment
2 is not made in the manner provided by such subdivision 2, the matching
3 payments required of any city, county, Indian tribe or intercity bus
4 company shall be made within 30 days of the payment of state operating
5 assistance pursuant to this section or on such other basis as may be
6 agreed upon by the commissioner of transportation, the director of the
7 budget, and the chief executive officer of such city, county, Indian
8 tribe or intercity bus company.

9 The commissioner of transportation shall be required to annually eval-
10 uate the operating and financial performance of each major public trans-
11 portation system. Where the commissioner's evaluation process has iden-
12 tified a problem related to system performance, the commissioner may
13 request the system to develop plans to address the performance deficien-
14 cies. The commissioner of transportation may withhold future state oper-
15 ating assistance payments to public transportation systems or private
16 operators that do not provide such operating, financial, or other infor-
17 mation as may be required by the commissioner to conduct the evaluation
18 process.

19 Payments shall be made contingent upon compliance with regulations
20 deemed necessary and appropriate, as prescribed by the commissioner of
21 transportation and approved by the director of the budget, which shall
22 promote the economy, efficiency, utility, effectiveness, and coordinated
23 service delivery of public transportation systems. The chief executive
24 officer of each public transportation system receiving a payment shall
25 certify to the commissioner of transportation, in addition to informa-
26 tion required by section 18-b of the transportation law, such other
27 information as the commissioner of transportation shall determine is
28 necessary to determine compliance and carry out the purposes herein.

29 Counties, municipalities or Indian tribes that propose to allocate
30 service payments to operators on a basis other than the amount earned by
31 the service payment formula shall be required to describe the proposed
32 method of distributing governmental operating aid and submit it one
33 month prior to the start of the operator's fiscal year to the commis-
34 sioner of transportation in writing for review and approval prior to the
35 distribution of state aid. The commissioner of transportation shall only
36 approve alternate distribution methods which are consistent with the
37 transportation needs of the people to be served and ensure that the
38 system of private operators does not exceed established maximum service
39 payment limits. Copies of such approvals shall be submitted to the
40 chairpersons of the senate finance and assembly ways and means commit-
41 tees.

42 Notwithstanding the provisions of subdivision 4 of section 18-b of the
43 transportation law, the commissioner of transportation is authorized to
44 continue to use prior quarter statistics to determine current quarter
45 payment amounts, as initiated in the April to June quarter of 1981. In
46 the event that actual revenue passengers and actual total number of
47 vehicle, nautical or car miles are not available for the preceding quar-
48 ter, estimated statistics may be used as the basis of payment upon
49 approval by the commissioner of transportation. In such event, the
50 succeeding payment shall be adjusted to reflect the difference between
51 the actual and estimated total number of revenue passengers and vehicle,
52 nautical or car miles used as the basis of the estimated payment. The
53 chief executive officer may apply for less aid than the system is eligi-
54 ble to receive. Each quarterly payment shall be attributable to operat-
55 ing expenses incurred during the quarter in which it is received, unless
56 otherwise specified by such commissioner. In the event that a public

1 transportation system ceases to participate in the program, operating
2 assistance due for the final quarter that service is provided shall be
3 based upon the actual total number of revenue passengers and the actual
4 total number of vehicle, nautical or car miles carried during that quar-
5 ter.

6 Payments shall be contingent on compliance with audit requirements
7 determined by the commissioner of transportation.

8 In the event that an audit of a public transportation system or
9 private operator receiving funds discloses the existence of an overpay-
10 ment of state operating assistance, regardless of whether such an over-
11 payment results from an audit of revenue passengers and the actual
12 number of revenue vehicle miles statistics, or an audit of private oper-
13 ators in cases where more than a reasonable return based on equity or
14 operating revenues and expenses has resulted, the commissioner of trans-
15 portation, in addition to recovering the amount of state operating
16 assistance overpaid, shall also recover interest, as defined by the
17 department of taxation and finance, on the amount of the overpayment.

18 Notwithstanding any other law, rule or regulation to the contrary,
19 whenever the commissioner of transportation is notified by the comp-
20 troller that the amount of revenues available for payment from an
21 account is less than the total amount of money for which the public mass
22 transportation systems are eligible pursuant to the provisions of
23 section 88-a of the state finance law and any appropriations enacted for
24 these purposes, the commissioner of transportation shall establish a
25 maximum payment limit which is proportionally lower than the amounts set
26 forth in appropriations.

27 Notwithstanding paragraphs (b) of subdivisions 5 and 7 of section 88-a
28 of the state finance law and any other general or special law, payments
29 may be made in quarterly installments or in such other manner and at
30 such other times as the commissioner of transportation, with the
31 approval of the director of the budget may prescribe.

32 § 2. This act shall take effect immediately and shall be deemed to
33 have been in full force and effect on and after April 1, 2022.

34 PART F

35 Section 1. Subdivision 1 of section 359 of the public authorities law,
36 as amended by section 6 of part TT of chapter 54 of the laws of 2016, is
37 amended to read as follows:

38 1. On assuming jurisdiction of a thruway section or connection or any
39 part thereof, or of a highway connection, the authority shall proceed
40 with the construction, reconstruction or improvement thereof. All such
41 work shall be done pursuant to a contract or contracts which shall be
42 let to the lowest responsible bidder, by sealed proposals publicly
43 opened, after public advertisement and upon such terms and conditions as
44 the authority shall require; provided, however, that the authority may
45 reject any and all proposals and may advertise for new proposals, as
46 herein provided, if in its opinion, the best interests of the authority
47 will thereby be promoted; provided further, however, that at the request
48 of the authority, all or any portion of such work, together with any
49 engineering required by the authority in connection therewith, shall be
50 performed by the commissioner and his subordinates in the department of
51 transportation as agents for, and at the expense of, the authority. A
52 sealed proposal may be accepted through an electronic platform estab-
53 lished or used by the authority, provided that any sealed proposal

received electronically shall be made public at the same time as any competing paper proposal, and provided further that the authority shall, at minimum, provide the same opportunity and time for submitting sealed proposals physically as for sealed proposals submitted electronically, and shall provide the opportunity for bidders to submit sealed proposals physically any time that it provides the opportunity to submit sealed electronic proposals. In addition, the authority shall establish a process for accommodating force majeure events that prevent the submission of a sealed electronic proposal, including but not limited to internet and power outage events, and for automatically confirming receipt of any sealed electronic proposal received. All bidders shall be notified of the time and place of any such adjournment or rejection.

§ 2. This act shall take effect immediately.

1. The purposes of the authority shall be the continuance, further development and improvement of commuter transportation and other services related thereto within the metropolitan commuter transportation district, including but not limited to such transportation by railroad, omnibus, marine and air, in accordance with the provisions of this title. It shall be the further purpose of the authority, consistent with its status as the ex officio board of both the New York city transit authority and the triborough bridge and tunnel authority, to develop and implement a unified mass transportation policy for such district in an efficient and cost-effective manner that includes the use of design-build contracting on all projects over ~~[twenty-five]~~ two hundred million dollars in cost for new construction and all projects over four hundred million dollars in cost for projects that are predominantly rehabilitation or replacement of existing assets except where a waiver is granted by the New York state budget director pursuant to a request in writing from the metropolitan transportation authority. For purposes of granting a waiver pursuant to this section, such review shall consider whether the design build contracting method is appropriate for the project that such waiver is sought for, and the amount of savings and efficiencies that could be achieved using such method. The determination for such waiver shall be made in writing within forty-five days from request or shall be deemed granted.

§ 2. This act shall take effect immediately.

(b) Section twenty-eight hundred seventy-nine of this chapter shall apply to the authority's acquisition of goods or services of any kind, in the actual or estimated amount of fifteen thousand dollars or more,

provided that (i) a contract for services in the actual or estimated amount of one million dollars or less shall not require approval by the board of the authority regardless of the length of the period over which the services are rendered, and provided further that a contract for services in the actual or estimated amount in excess of one million dollars shall require approval by the board of the authority regardless of the length of the period over which the services are rendered unless such a contract is awarded to the lowest responsible bidder after obtaining sealed bids and (ii) the board of the authority may by resolution adopt guidelines that authorize the award of contracts to small business concerns, to service disabled veteran owned businesses certified pursuant to article seventeen-B of the executive law, or minority or women-owned business enterprises certified pursuant to article fifteen-A of the executive law, or purchases of goods or technology that are recycled or remanufactured, in an amount not to exceed one million five hundred thousand dollars without a formal competitive process and without further board approval. The board of the authority shall adopt guidelines which shall be made publicly available for the awarding of such contract without a formal competitive process.

§ 2. Paragraph (e) of subdivision 9 of section 1209 of the public authorities law, as added by chapter 929 of the laws of 1986, is amended to read as follows:

(e) the item is available through an existing contract between a vendor and (i) another public authority provided that such other authority utilized a process of competitive bidding or a process of competitive requests for proposals to award such contract, (ii) the United States general services administration provided that such administration utilized a process of competitive bidding or a process of competitive requests for proposals to award such contract, (iii) Nassau county or ~~[(iii)]~~ (iv) the state of New York or the city of New York, provided that in any case when the authority under this paragraph determines that obtaining such item thereby would be in the public interest and sets forth the reasons for such determination. Such rationale shall include, but need not be limited to, a determination of need, a consideration of the procurement method by which the contract was awarded, an analysis of alternative procurement sources including an explanation why a competitive procurement or the use of a centralized contract let by the commissioner of the office of general services is not in the best interest of the authority, and the reasonableness of cost. The authority shall accept sole responsibility for any payment due the vendor as a result of the authority's order; or

§ 3. Subdivision 10 of section 1209 of the public authorities law, as added by chapter 929 of the laws of 1986, is amended to read as follows:

Such procedures shall provide for products or vendors to be added to or deleted from such list and shall include provisions for public advertisement of the manner in which such lists are compiled. The authority shall review such list no less than ~~[twice]~~ once a year for the purpose of making modifications thereto. Contracts for particular supplies, materials or equipment identified on a qualified products list may be awarded by the authority to the lowest responsible bidder after obtaining sealed bids in accordance with this section or without competitive sealed bids in instances when the

1 item is available from only a single source, except that the authority
2 may dispense with advertising provided that it mails copies of the invi-
3 tation to bid to all vendors of the particular item on the qualified
4 products list.

5 § 4. Paragraph (b) of subdivision 2 of section 1265-a of the public
6 authorities law, as amended by section 3-a of subpart C of part ZZZ of
7 chapter 59 of the laws of 2019, is amended to read as follows:

8 (b) Section twenty-eight hundred seventy-nine of this chapter shall

15 services in the actual or estimated amount in excess of one million
16 dollars shall require approval by the board of the authority regardless
17 of the length of the period over which the services are rendered unless
18 such a contract is awarded to the lowest responsible bidder after
19 obtaining sealed bids, and (ii) the board of the authority may by resolu-
20 tion adopt guidelines that authorize the award of contracts to small
21 business concerns, to service disabled veteran owned businesses certi-
22 fied pursuant to article seventeen-B of the executive law, or minority
23 or women-owned business enterprises certified pursuant to article
24 fifteen-A of the executive law, or purchases of goods or technology that
25 are recycled or remanufactured, in an amount not to exceed one million
26 five hundred thousand dollars without a formal competitive process and
27 without further board approval. The board of the authority shall adopt
28 guidelines which shall be made publicly available for the awarding of
29 such contract without a formal competitive process.

30 § 5. Paragraph (e) of subdivision 4 of section 1265-a of the public
31 authorities law, as added by chapter 929 of the laws of 1986, is amended
32 to read as follows:

33 (e) the item is available through an existing contract between a
34 vendor and (i) another public authority provided that such other author-
35 ity utilized a process of competitive bidding or a process of competi-
36 tive requests for proposals to award such contracts ~~or~~. (ii) Nassau
37 county, ~~or~~ (iii) the state of New York ~~or~~. (iv) the city of New York
38 or (v) the United States general services administration provided that
39 such administration utilized a process of competitive bidding or a proc-

43 and sets forth the reasons for such determination. Such rationale shall
44 include, but need not be limited to, a determination of need, a consid-
45 eration of the procurement method by which the contract was awarded, an
46 analysis of alternative procurement sources including an explanation why
47 a competitive procurement or the use of a centralized contract let by
48 the commissioner of the office of general services is not in the best
49 interest of the authority, and the reasonableness of cost. The authority

19 States would increase the cost of the contract by an unreasonable
20 amount, or such iron or steel, including without limitation structural

23 § 5. This act shall take effect only in the event that section 1 of
24 part TT of the chapter of the laws of 2021 enacting the clean water,
25 clean air, and green jobs environmental bond act of 2022 [~~"restore moth-~~
26 ~~er nature"~~] is submitted to the people at the general election to be
27 held in November 2022 and is approved by a majority of all votes cast
28 for and against it at such election. Upon such approval, this act shall
29 take effect immediately; provided that the commissioner of environmental
30 conservation shall notify the legislative bill drafting commission upon
31 the occurrence of the enactment of section 1 of part TT of the chapter
32 of the laws of 2021 enacting the clean water, clean air, and green jobs
33 environmental bond act of 2022 [~~"restore mother nature"~~], in order that
34 the commission may maintain an accurate and timely effective data base
35 of the official text of the laws of the state of New York in furtherance
36 of effectuating the provisions of section 44 of the legislative law and
37 section 70-b of the public officers law. Effective immediately, the
38 addition, amendment, and/or repeal of any rule or regulation necessary
39 for the implementation of the foregoing sections of this act are author-
40 ized [~~and directed~~] to be made and completed on or before such effective
41 date.

42 § 13. This act shall take effect immediately; provided, however that
43 sections one, two, three, four, five, six, seven, eight, nine, nine-a,
44 ten and eleven of this act shall take effect on the same date and in the
45 same manner as part UU of chapter 59 of the laws of 2021, takes effect.

46 PART PP

47 Section 1. Subdivision (a) of section 1421 of the tax law, as amended
48 by section 4 of part 000 of chapter 59 of the laws of 2019, is amended
49 to read as follows:

50 (a) From the taxes, interest and penalties attributable to the tax
51 imposed pursuant to section fourteen hundred two of this article, the
52 amount of one hundred ninety-nine million three hundred thousand dollars
53 shall be deposited by the comptroller in the environmental protection
54 fund established pursuant to section ninety-two-s of the state finance

1 law for the fiscal year beginning April first, two thousand nine; the
2 amount of one hundred nineteen million one hundred thousand dollars
3 shall be deposited in such fund for the fiscal year beginning April
4 first, two thousand ten; the amount of two hundred fifty-seven million
5 three hundred fifty thousand dollars shall be deposited into such fund
6 for the fiscal year beginning April first, two thousand twenty-two; and
7 for each fiscal year thereafter. On or before June twelfth, nineteen
8 hundred ninety-five and on or before the twelfth day of each month there-
9 after (excepting the first and second months of each fiscal year), the
10 comptroller shall deposit into such fund from the taxes, interest and
11 penalties collected pursuant to such section fourteen hundred two of
12 this article which have been deposited and remain to the comptroller's
13 credit in the banks, banking houses or trust companies referred to in
14 section one hundred seventy-one-a of this chapter at the close of busi-
15 ness on the last day of the preceding month, an amount equal to one-
16 tenth of the annual amount required to be deposited in such fund pursu-
17 ant to this section for the fiscal year in which such deposit is
18 required to be made. In the event such amount of taxes, interest and
19 penalties so remaining to the comptroller's credit is less than the
20 amount required to be deposited in such fund by the comptroller, an
21 amount equal to the shortfall shall be deposited in such fund by the
22 comptroller with subsequent deposits, as soon as the revenue is avail-
23 able. Beginning April first, nineteen hundred ninety-seven, the comp-
24 troller shall transfer monthly to the clean water/clean air fund estab-
25 lished pursuant to section ninety-seven-bbb of the state finance law,
26 all moneys remaining from such taxes, interest and penalties collected
27 that are not required for deposit in the environmental protection fund.
28 § 2. This act shall take effect immediately.

PART QQ

30 Section 1. Subdivisions 1, 2, 3 and 7 of section 24-0105 of the envi-
31 ronmental conservation law, as added by chapter 614 of the laws of 1975,
32 subdivision 7 as renumbered by chapter 654 of the laws of 1977, are
33 amended to read as follows:

34 1. The freshwater wetlands of the state of New York are invaluable
35 resources for flood protection, wildlife habitat, open space, climate
36 change mitigation through the accumulation and storage of large amounts
37 of carbon, and water resources.

38 2. Considerable acreage of freshwater wetlands in the state of New
39 York has been lost, despoiled or impaired by unregulated draining,
40 dredging, filling, excavating, building, pollution or other [~~acts~~]
41 activities inconsistent with the natural uses of such areas. [~~Other~~
42 ~~freshwater~~] Freshwater wetlands are in jeopardy of being lost, despoiled
43 or impaired by such [~~unrelated-acts~~] activities and because of the
44 recent curtailment of federal wetland protections.

45 3. Recurrent flooding aggravated or caused by the loss of freshwater
46 wetlands has serious effects upon natural ecosystems and communities.
47 The increasing severity and duration of storm-related flooding due to
48 climate change, which has caused billions of dollars of property damage
49 across the state, makes protection of all freshwater wetlands in the
50 state of vital importance.

51 7. Any loss of freshwater wetlands deprives the people of the state of
52 some or all of the many and multiple benefits to be derived from
53 wetlands, to wit:

1 (a) flood and storm control by the hydrologic absorption and storage
2 capacity of freshwater wetlands;

3 (b) wildlife habitat by providing breeding, nesting and feeding
4 grounds and cover for many forms of wildlife, wildfowl and shorebirds,
5 including migratory wildfowl and rare, endangered or threatened species
6 ~~[such as the bald eagle and osprey]~~, fish, reptiles and amphibians,
7 insects and other invertebrates;

8 (c) protection of subsurface water resources and provision for valu-
9 able watersheds and recharging ground water supplies;

10 (d) recreation by providing areas for hunting, fishing, boating,
11 hiking, bird watching, photography, camping and other uses;

12 (e) pollution treatment by serving as biological and chemical oxida-
13 tion basins and carbon sinks;

14 (f) erosion control by serving as sedimentation areas and filtering
15 basins, absorbing silt and organic matter and protecting channels and
16 harbors;

17 (g) education and scientific research by providing readily accessible
18 outdoor bio-physical laboratories, living classrooms and vast training
19 and education resources; ~~[and]~~

20 (h) open space and aesthetic appreciation by providing often the only
21 remaining open areas along crowded river fronts and coastal Great Lakes
22 regions; ~~[and]~~

23 (i) sources of nutrients in freshwater food cycles and nursery grounds
24 and sanctuaries for freshwater fish~~[+]~~;

25 (j) preservation of plant species that are rare, endangered or threat-
26 ened, or exploitably vulnerable as defined in section 9-1503 of this
27 chapter; and

28 (k) preservation of communities of plants and animals that are deemed
29 by the commissioner to be rare in the state or in a region of the state.

30 § 2. The opening paragraph and paragraphs (c) and (d) of subdivision
31 1, and subdivisions 2, 3 and 8 of section 24-0107 of the environmental
32 conservation law, as amended by chapter 654 of the laws of 1977, are
33 amended and two new subdivisions 9 and 10 are added to read as follows:

34 "Freshwater wetlands" means lands and waters of the state ~~[as shown on~~
35 ~~the freshwater wetlands map]~~, that are not tidal wetlands as defined in
36 subdivision one of section 25-0103 of this chapter, that have an area of
37 at least twelve and four-tenths acres or, if less than twelve and four-
38 tenths acres in size, are of unusual importance, and which contain any
39 or all of the following:

40 (c) lands and waters substantially enclosed by aquatic or semi-aquatic
41 vegetation as set forth in paragraph (a) of this subdivision or by dead
42 vegetation as set forth in paragraph (b) of this subdivision, the regu-
43 lation of which is necessary to protect and preserve the aquatic and
44 semi-aquatic vegetation; and

45 (d) the waters overlying the areas set forth in paragraphs (a) and (b)
46 of this subdivision and the lands underlying paragraph (c) of this
47 subdivision.

48 2. "Freshwater wetlands map" shall mean a map ~~[promulgated]~~ developed
49 by the department pursuant to section 24-0301 of this article on which
50 are indicated the boundaries of any freshwater wetlands. Freshwater
51 wetland maps depict the approximate location of wetlands and are not
52 necessarily determinative as to whether a permit is required pursuant to
53 section 24-0701 of this article.

54 3. "Boundaries of a freshwater wetland" shall mean the outer limit of
55 the vegetation specified in paragraphs (a) and (b) of subdivision one of

1 ~~this~~ section [~~24-0107~~] and of the lands and waters specified in para-
2 graph (c) of such subdivision.

3 8. "Pollution" shall mean the presence in the environment of [~~man-in-~~
4 ~~duced~~] human-induced conditions, or contaminants in quantities or char-
5 acteristics which are or may be injurious to human, plant or wildlife,
6 or other animal life or to property.

7 9. "Unusual importance" shall mean a freshwater wetland, regardless of
8 size, that possesses one or more of the following characteristics as
9 determined by the department pursuant to regulations:

10 (a) it is located in a watershed that has experienced significant
11 flooding in the past, or is expected to experience significant flooding
12 in the future from severe storm events related to climate change;

13 (b) it is located within or adjacent to an urban area, as defined by
14 the United States census bureau;

15 (c) it contains a plant species occurring in fewer than thirty-five
16 sites statewide or having fewer than five thousand individuals state-
17 wide;

18 (d) it contains habitat for an essential behavior of an endangered or
19 threatened species or a species of special concern as defined under
20 section 11-0535 of this chapter or listed as a species of greatest
21 conservation need in New York's wildlife action plan;

22 (e) it is classified by the department as a Class I wetland;

23 (f) it was previously classified and mapped by the department as a
24 wetland of unusual local importance;

25 (g) it is a vernal pool that is known to be productive for amphibian
26 breeding;

27 (h) it is located in an area designated as a floodway on the most
28 current Digital Flood Insurance Rate Map (DFIRM) produced by the Federal
29 Emergency Management Agency;

30 (i) it was previously mapped by the department as a wetland on or
31 before December thirty-first, two thousand twenty-four;

32 (j) it has wetland functions and values that are of local or regional
33 significance; or

34 (k) it is determined by the commissioner to be of significant impor-
35 tance to protecting the state's water quality.

36 10. "Delineation" shall mean a precise representation of a regulated
37 freshwater wetland as defined in subdivision one of this section.

38 § 3. Subdivisions 1, 2, 3, 4 and 5 of section 24-0301 of the environ-
39 mental conservation law are REPEALED.

40 § 4. Subdivisions 6, 7 and 8 of section 24-0301 of the environmental
41 conservation law, subdivision 6 as amended by chapter 16 of the laws of
42 2010 and subdivision 7 as amended and subdivision 8 as added by chapter
43 654 of the laws of 1977, are amended and three new subdivisions 4, 5 and
44 6 are added to read as follows:

45 [~~6-~~] 1. Except as provided in subdivision [~~eight~~] three of this
46 section, the commissioner shall supervise the maintenance of [~~such boun-~~
47 ~~dary~~] freshwater wetlands maps, which shall be available to the public
48 for inspection and examination at the regional office of the department
49 in which the wetlands are wholly or partly located [~~and in the office of~~
50 ~~the clerk of each county in which each such wetland or a portion thereof~~
51 ~~is located~~] on the department's website. Digital files of freshwater
52 wetland maps may also be made available, upon request, to the clerk of
53 each county, city, town, or village in which each such wetland or a
54 portion thereof is located. The commissioner may readjust the map
55 [~~thereafter to clarify the boundaries of the wetlands, to correct any~~
56 ~~errors on the map, to effect any additions, deletions or technical~~

~~changes on the map, and to reflect changes as have occurred as a result of the granting of permits pursuant to section 24-0703 of this article, or natural changes which may have occurred through erosion, accretion, or otherwise. Notice of such readjustment shall be given in the same manner as set forth in subdivision five of this section for the promulgation of final freshwater wetlands maps. In addition, at the time notice is provided pursuant to subdivision five of this section, the commissioner shall update any digital image of the map posted on the department's website to reflect such readjustment]~~ at any time to more accurately depict the approximate location of wetlands, provided however, that a description of such changes shall be made available on the department's website along with the date such changes were made.

~~[7-]~~ 2. Except as provided in subdivision ~~[eight]~~ three of this section, the commissioner may, upon ~~[his]~~ their own initiative, and shall, upon a written request by a landowner whose land or a portion thereof may be included within a wetland, or upon the written request of another person or persons or an official body whose interests are shown to be affected, cause to be delineated ~~[more precisely]~~ the boundary line or lines of a freshwater wetland or a portion thereof. ~~[Such more precise delineation of a freshwater wetland boundary line or lines shall be of appropriate scale and sufficient clarity to permit the ready identification of individual buildings and of other major man-made structures or facilities or significant geographical features with respect to the boundary of any freshwater wetland.]~~ The commissioner shall undertake to delineate the boundary of a particular wetland or wetlands, or a particular part of the boundary thereof only upon a showing by the applicant therefor of good cause for such ~~[more precise]~~ delineation and the establishment of such ~~[more precise]~~ line. Such delineation shall be effective for a period of five years from the date of such delineation.

~~[8-]~~ 3. The supervision of the maintenance of any freshwater wetlands map or portion thereof applicable to wetlands within the Adirondack park, the readjustment and precise delineation of wetland boundary lines and the other functions and duties ascribed to the commissioner by subdivisions ~~[six and seven]~~ one and two of this section shall be performed by the Adirondack park agency, which shall make such maps available for public inspection and examination at its headquarters and on the agency's website.

4. There is a rebuttable presumption that mapped and unmapped areas meeting the definition of a freshwater wetland in this article are regulated and subject to permit requirements. This presumption may be rebutted by presenting information to the department that the area does not meet the definition contained in this article. A wetland delineation by the department, or a verification by the department of a wetland delineation by another party, is required to identify the regulated freshwater wetland boundary in a particular location.

5. By January 1, 2025, in addition to any ongoing aerial photography, soil surveys or field verifications being conducted by the department, the department shall accept information from federal government sources, other state sources, local governments, colleges, universities, environmental organizations or other private agencies, regarding the location of freshwater wetlands.

6. By January 1, 2025, the department shall make educational materials available on its website to inform landowners and local governments of the process for determining how to identify freshwater wetlands.

§ 5. Subdivisions 1 and 4 of section 24-0501 of the environmental conservation law, as amended by chapter 654 of the laws of 1977, are amended to read as follows:

1. On or after September 1, 1975, each local government may adopt, amend, and~~[, upon the filing of the appropriate freshwater wetlands map,~~] implement a freshwater wetlands protection law or ordinance in accordance with this article to be applicable to all freshwater wetlands wholly or partially within its jurisdiction. No freshwater wetlands protection law or ordinance adopted by a county pursuant to this section shall be applicable within the boundaries of any city, town or village which has adopted and is implementing a local freshwater wetlands protection law or ordinance consistent with this article.

4. ~~[If a city, town or village fails to adopt and implement a freshwater wetlands protection law or ordinance in accordance with this article by the date the applicable freshwater wetlands map is filed by the department or by September 1, 1977, whichever is later, it shall be deemed to have transferred the function to the county in accordance with section 24-0503. If the county fails within ninety days after the date of filing of the applicable freshwater wetlands map or after September 1, 1977, whichever is later, to adopt and implement a freshwater wetlands protection law or ordinance in accordance with this article, it shall be deemed to have transferred the function to the department.]~~

Within thirty days after the adoption of a freshwater wetlands protection law or ordinance pursuant to this article, the local government shall notify the department thereof, under such terms and conditions as the department may prescribe, together with its technical and administrative capacity to administer the act. Failure of a local government to give such notice shall constitute a transfer of function pursuant to this subdivision and section 24-0503 of this article.

§ 6. Section 24-0507 of the environmental conservation law, as amended by section 42 of part D of chapter 60 of the laws of 2012, is amended to read as follows:

§ 24-0507. Reservation of local jurisdiction.

1. Except as provided in this article, jurisdiction over all areas which would qualify as freshwater wetlands ~~[except that they are not designated as such on the freshwater wetlands map pursuant to section 24-0301 of this article because they are]~~ less than twelve and four-tenths acres in size and are not of unusual ~~[local]~~ importance is reserved to the city, town or village in which they are wholly or partially located, and the implementation of this article with respect thereto is the responsibility of said city, town or village, in accordance with section 24-0501 and title twenty-three of article seventy-one of this chapter, except that a city, town or village in the exercise of its powers under this section, shall not be subject to the provisions of subdivision four of section 24-0501, subdivisions two and three of section 24-0503, or section 24-0505 of this article.

2. The department shall consult with any city, town, or village that exercises its powers under this section for the protection of freshwater wetlands.

§ 7. Subdivisions 1 and 4 of section 24-0701 of the environmental conservation law, subdivision 1 as amended by chapter 654 of the laws of 1977 and subdivision 4 as amended by chapter 697 of the laws of 1979, are amended to read as follows:

1. ~~[After issuance of the official freshwater wetlands map of the state, or of any selected section or region thereof, any]~~ Any person desiring to conduct activities on freshwater wetlands ~~[as so designated]~~

1 ~~thereon any of the regulated activities set forth in subdivision two of~~
2 ~~this section], or the regulated areas adjacent to these wetlands set~~
3 ~~forth in subdivision two of this section,~~ must obtain a permit as
4 provided in this title.

5 4. ~~[The]~~ On lands in active agricultural use or silviculture use, the
6 activities of farmers and other landowners in grazing and watering live-
7 stock, making reasonable use of water resources, harvesting natural
8 products of the wetlands, selectively cutting timber, draining land or
9 wetlands for growing agricultural products and otherwise engaging in the
10 use of wetlands or other land for growing agricultural products shall be
11 excluded from regulated activities and shall not require a permit under
12 subdivision one ~~[hereof]~~ of this section, except that structures not
13 required for enhancement or maintenance of the agricultural productivity
14 of the land and any filling activities shall not be excluded hereunder,
15 and provided that the use of land ~~[designated as a freshwater wetland~~
16 ~~upon the freshwater wetlands map at the effective date thereof]~~ that
17 meets the definition of a freshwater wetland in section 24-0107 of this
18 article for uses other than those referred to in this subdivision shall
19 be subject to the provisions of this article. All activities on lands
20 that meet the definition of a freshwater wetland shall be subject to the
21 provisions of this article once agricultural or silviculture activities
22 cease.

23 § 8. Subdivision 5 of section 24-0703 of the environmental conserva-
24 tion law, as amended by section 38 of part D of chapter 60 of the laws
25 of 2012, is amended to read as follows:

26 5. ~~[Prior to the promulgation of the final freshwater wetlands map in~~
27 ~~a particular area and the implementation of a freshwater wetlands~~
28 ~~protection law or ordinance, no person shall conduct, or cause to be~~
29 ~~conducted, any activity for which a permit is required under section~~
30 ~~24-0701 of this title on any freshwater wetland unless he has obtained a~~
31 ~~permit from the commissioner under this section.]~~ Any person may inquire
32 of the department as to whether or not a given parcel of land ~~[will be~~
33 ~~designated]~~ includes a freshwater wetland subject to regulation or a
34 regulated freshwater wetland adjacent area. The department shall give a
35 definite answer in writing within ~~[thirty]~~ ninety days of such request
36 as to ~~[whether]~~ the status of such parcel ~~[will or will not be so desig-~~
37 ~~nated]~~ and whether a permit is required for the proposed activity,
38 provided that the person has a delineation verified by the department
39 and site-specific development plans. Provided that, in the event that
40 weather or ground conditions prevent the department from making a deter-
41 mination within ~~[thirty]~~ ninety days, it may extend such period until a
42 determination can be made. Such answer in the affirmative shall be
43 reviewable; such an answer in the negative shall be a complete defense
44 to the enforcement of this article as to such parcel of land for a peri-
45 od of five years from the date the department issues the negative
46 answer. ~~[The commissioner may by regulation adopted after public hearing~~
47 ~~exempt categories or classes of wetlands or individual wetlands which he~~
48 ~~determines not to be critical to the furtherance of the policies and~~
49 ~~purposes of this article.]~~

50 § 9. Subdivision 1 of section 24-0705 of the environmental conserva-
51 tion law, as amended by chapter 654 of the laws of 1977, is amended to
52 read as follows:

53 1. In granting, denying or limiting any permit, the local government
54 or the commissioner shall consider the effect of the proposed activity
55 with reference to the public health and welfare, climate change, fish-
56 ing, flood, hurricane and storm dangers, and protection or enhancement

1 of the several functions of the freshwater wetlands and the benefits
2 derived therefrom which are set forth in section 24-0103 of this arti-
3 cle. The effects of the proposed activity shall be considered by the
4 department or a local government, as the case may be, irrespective of
5 political boundaries.

6 § 10. Subdivision 1 of section 24-0901 of the environmental conserva-
7 tion law, as added by chapter 614 of the laws of 1975, is amended to
8 read as follows:

9 1. ~~[Upon completion of the freshwater wetlands map, the]~~ The commis-
10 sioner shall confer with local government officials in each region ~~[in~~
11 ~~which the inventory has been conducted]~~ to establish a program for the
12 protection of the freshwater wetlands of the state.

13 § 11. Subdivisions 1 and 5 of section 24-0903 of the environmental
14 conservation law, as added by chapter 614 of the laws of 1975, are
15 amended to read as follows:

16 1. ~~[Upon completion of the freshwater wetlands map of the state, or of~~
17 ~~any selected section or region thereof, the]~~ The commissioner shall
18 ~~[proceed to]~~ classify freshwater wetlands ~~[so designated thereon]~~
19 according to their most appropriate uses, in light of the values set
20 forth in section 24-0105 of this article and the present conditions of
21 such wetlands. The commissioner shall determine what uses of such
22 wetlands are most compatible with the foregoing and shall prepare mini-
23 mum land use regulations to permit only such compatible uses. The clas-
24 sifications may cover freshwater wetlands in more than one governmental
25 subdivision. Permits pursuant to section 24-0701 of this article are
26 required whether or not a classification has been promulgated.

27 5. Prior to the adoption of any land use regulations governing fresh-
28 water wetlands, the commissioner shall hold a public hearing thereon in
29 the area in which the affected freshwater wetlands are located, and give
30 fifteen days prior notice thereof by posting on the department's website
31 or by publication at least once in a newspaper having general circula-
32 tion in the area of the local government involved. The commissioner
33 shall promulgate the regulations ~~[within thirty days of such hearing]~~
34 and post such order on the department's website or publish such order
35 ~~[at least once]~~ in a newspaper having general circulation in the area of
36 the local government affected and make such plan available for public
37 inspection and review~~[, such order shall not take effect until thirty~~
38 ~~days after the filing thereof with the clerk of the county in which such~~
39 ~~wetland is located]~~.

40 § 12. Section 24-1305 of the environmental conservation law, as added
41 by chapter 771 of the laws of 1976, is amended to read as follows:

42 § 24-1305. Applicability.

43 The provisions of this article shall not apply to any land use,
44 improvement or development for which final approval shall have been
45 obtained prior to the effective date of this article from the local
46 governmental authority or authorities having jurisdiction over such land
47 use. As used in this section, the term "final approval" shall mean[+

48 ~~(a) in the case of the subdivision of land, conditional approval of a~~
49 ~~final plat as the term is defined in section two hundred seventy-six of~~
50 ~~the town law, and approval as used in section 7-728 of the village law~~
51 ~~and section thirty-two of the general cities law,~~

52 ~~(b) in the case of a site plan not involving the subdivision of land,~~
53 ~~approval by the appropriate body or office of a city, village or town of~~
54 ~~the site plan; and~~

55 ~~(c) in those cases not covered by subdivision (a) or (b) above,~~ the
56 issuance of a building permit or other authorization for the commence-

ment of the use, improvement or development for which such permit or authorization was issued or in those local governments which do not require such permits or authorizations, the actual commencement of the use, improvement or development of the land.

§ 13. Paragraph b of subdivision 1 of section 54-1523 of the environmental conservation law, as added by section 5 of part U of chapter 58 of the laws of 2016, is amended to read as follows:

b. nature-based solutions such as wetland protections, including mapping and restoration of freshwater wetlands, to address physical climate risk due to sea level rise, and/or storm surges and/or flooding, based on available data predicting the likelihood of future extreme weather events, including hazard risk analysis data if applicable;

§ 14. Subdivision 8 of section 70-0117 of the environmental conservation law, as added by section 1 of part AAA of chapter 59 of the laws of 2009, is amended to read as follows:

8. (a) All persons required to obtain a permit from the department pursuant to section 24-0701 of this chapter shall submit to the department an application fee in an amount not to exceed the following:
