24 increased financial burdens for child care. Child care must be provided
25 to children aged thirteen and under or children with a disability, as
26 defined by federal law, up to age twenty-one, who need assistance with
27 the activities of daily living. The applicant must demonstrate that,

29 household experienced a disaster which caused financial burden because
30 the applicant's gross household income has decreased because of the
31 disaster or the applicant's child care expenses have increased as a
32 result of the disaster. The applicant must also certify that they cannot
33 utilize child care services provided by any other source. The child care
34 provider must be licensed by the state of New York. The maximum amount

22 ing critical needs assistance must provide documentation of the need.
23 Such documentation may include a self-declaration that the applicant
24 incurred immediate or critical needs in the immediate aftermath of a
25 disaster and the funds will reimburse the applicant for expenditures
26 already made or will be used to purchase the life-saving and life-
27 sustaining items described in this subdivision.

28 9. Clean and removal assistance is financial assistance for disaster-
29 caused real property damage that does not qualify for home repair
30 assistance because the damage did not render the home uninhabitable. It
31 is intended to ensure contamination from floodwaters is addressed in a
32 timely manner to prevent additional losses and potential health and
33 safety concerns. If home repair assistance is subsequently awarded to
34 the applicant, the amount of clean and removal assistance will be
35 deducted from the home repair assistance funds. The maximum amount per
36 household is five hundred fifty dollars. An applicant seeking clean and
37 removal assistance must provide documentation of the need. Such documen-

44 home.

45 10. Funding for such program shall consist of all revenue received
46 pursuant to an appropriation therefor, and any other monies appropri-
47 ated, credited or transferred from any other source pursuant to law,
48 including but not limited to state emergency appropriations established
49 by the governor and based on the magnitude of the disaster and the
50 number of impacted residents of the state. Nothing in this section shall
51 be deemed to prevent the state from receiving grants, gifts or bequests
52 for the purpose of the program. Grants shall only be awarded based upon
53 the availability of funds.

54 11. The division of homeland security and emergency services, in
55 conjunction with the New York state office for new Americans, shall have

1 the authority to establish rules and regulations to implement the
2 provisions of this section.
3 § 3. This act shall take effect on the ninetieth day after it shall
4 have become a law. Effective immediately, the addition, amendment
5 and/or repeal of any rule or regulation necessary for the implementation
6 of this act on its effective date are authorized to be made and
7 completed on or before such effective date.
