CHAPTER 7-A OF THE CONSOLIDATED LAWS
CANNABIS LAW

ARTICLE 1
SHORT TITLE; LEGISLATIVE FINDINGS AND INTENT;
DEFINITIONS

Section 1. Short title.
2. Legislative findings and intent.
3. Definitions.

Section 1. Short title. This chapter shall be known and may be cited and referred to as the "cannabis law".

§ 2. Legislative findings and intent. The legislature finds that existing marihuana laws have not been beneficial to the welfare of the general public. Existing laws have been ineffective in reducing or curbing marihuana use and have instead resulted in devastating collateral consequences including mass incarceration and other complex generational trauma, that inhibit an otherwise law-abiding citizen's ability to access housing, employment opportunities, and other vital services. Existing laws have also created an illicit market which represents a threat to public health and reduces the ability of the legislature to deter the accessing of marihuana by minors. Existing marihuana laws have disproportionately impacted African-American and Latinx communities.

The intent of this act is to regulate, control, and tax marihuana, heretofore known as cannabis, generate significant new revenue, make substantial investments in communities and people most impacted by cannabis criminalization to address the collateral consequences of such criminalization, prevent access to cannabis by those under the age of twenty-one years, reduce the illegal drug market and reduce violent crime, reduce participation of otherwise law-abiding citizens in the illicit market, end the racially disparate impact of existing cannabis laws, create new industries, protect the environment, improve the state's resiliency to climate change, protect the public health, safety and welfare of the people of the state, increase employment and strengthen New York's agriculture sector.
Nothing in this act is intended to limit the authority of any
district, government agency or office or employers to enact and enforce
policies pertaining to cannabis in the workplace; to allow driving under
the influence of cannabis; to allow individuals to engage in conduct
that endangers others; to allow smoking cannabis in any location where
smoking tobacco is prohibited; or to require any individual to engage in
any conduct that violates federal law or to exempt anyone from any
requirement of federal law or pose any obstacle to the federal enforce-
ment of federal law.

The legislature further finds and declares that it is in the best
interest of the state to regulate medical cannabis, adult-use cannabis,
cannabinoid hemp and hemp extracts under independent entities, known as
the cannabis control board and the office of cannabis management.

24. The board shall, two years after the first retail sale pursuant to this chapter, review the impact of licenses issued pursuant to article four of this chapter with substantial market share for any category of licensure, to determine if such licensees are impairing the achievement of the goals of inclusion of social equity licensees, fairness for small businesses and distressed farmers, adequate supplies of cannabis and prevention of dominant marketplace participation in the cannabis industry. The board may modify the terms of the licensee's license consistent with the determination and to better achieve those goals. Any such modification may be appealed by the licensee for a formal hearing as provided in section seventeen of this article. For any licensee such review shall include violations of New York state labor law and labor peace agreements. Further, an existing collective bargaining agreement shall not be infringed or voided by any licensee who after such review suffers from a reduction in market share.

3. The chief equity officer shall provide a report to the board, no later than January first, two thousand twenty-three, and annually thereafter, of their activities in ensuring compliance with the social and economic equity plan, required to be developed pursuant to article four of this chapter, and the board shall provide such report to the legislature.

§ 13. Rulemaking authority. 1. The board shall perform such acts, prescribe such forms and propose such rules, regulations and orders as it may deem necessary or proper to fully effectuate the provisions of this chapter.

2. The board shall, in consultation with the executive director and the chief equity officer, have the authority to promulgate any and all necessary rules and regulations governing the cultivation, manufacture, processing, transportation, distribution, testing, delivery, and sale of medical cannabis, adult-use cannabis, and cannabinoid hemp and hemp extract, including but not limited to the registration of organizations authorized to sell medical cannabis, the licensing and/or permitting of adult-use cannabis cultivators, processors, cooperatives, microbusiness, distributors, laboratories, and retailers, and the licensing of cannabinoid hemp and hemp extract producers and processors pursuant to this chapter, including, but not limited to:

3. The board shall promulgate rules and regulations that are designed to:
(a) prevent the distribution of adult-use cannabis or cannabis product to persons under twenty-one years of age, including the modification of tobacco vaping products for use with cannabis;
(b) prevent the revenue from the sale of cannabis from going to criminal enterprises;
(c) prevent the diversion and inversion of cannabis from this state to other states and from other states into this state, insofar as cannabis remains federally prohibited;

   (b) If, prior to the expiration of a rule adopted pursuant to this paragraph, the board finds that the readoption of such rule on an emergency basis or the adoption of a substantially similar rule on an emergency basis is necessary for the preservation of the public health, safety or general welfare the agency may only readopt the rule on an emergency basis or adopt a substantially similar rule on an emergency basis if on or before the date of such action the board has also submitted a notice of proposed rule making pursuant to subdivision six of section two hundred two of the state administrative procedure act and subdivision three of section one hundred one-a of the executive law. An emergency rule adopted pursuant to this paragraph may remain in effect for no longer than one hundred twenty days;
   (c) An emergency rule adopted pursuant to this subdivision or a substantially similar rule adopted on an emergency basis may remain in effect for no longer than one hundred twenty days, but upon the expiration of such one hundred twenty-day period no further readoptions or adoptions of substantially similar rules shall be permitted for a period of one hundred twenty days. Nothing in this subdivision shall preclude the adoption of such rule by submitting a notice of adoption pursuant to subdivision five of section two hundred two of the state administrative procedure act; and

The members shall be appointed to each serve three year terms and in the event of a vacancy, the vacancy shall be filled in the manner of the

members and representatives shall receive no compensation for their
services but shall be allowed their actual and necessary expenses
incurred in the performance of their duties as board members.
3. Advisory board members shall have statewide geographic represen-

cannabis products, and on the testing and sale of cannabis and cannabis
products.
6. The advisory board shall meet as frequently as its business may
require. The advisory board shall enact and from time to time may amend
bylaws in relation to its meetings and the transaction of its business.
A majority of the total number of voting members which the board would
have were there no vacancies, shall constitute a quorum and shall be
required for the board to conduct business. All meetings of the advisory
board shall be conducted in accordance with the provisions of article
seven of the public officers law.
§ 15. Disposition of moneys received for license fees. The board
shall establish a scale of application, licensing, and renewal fees,
based upon the cost of enforcing this chapter and the size of the canna-
abis business being licensed, as follows:
1. The board shall charge each registered organization, licensee and
permittee a registration, licensure or permit fee, and renewal fee, as
applicable. The fees may vary depending upon the nature and scope of
the different registration, licensure and permit activities.
2. The total fees assessed pursuant to this chapter shall be set at an
amount that will generate sufficient total revenue to, at a minimum,
fully cover the total costs of administering this chapter.
3. All registration and licensure fees shall be set on a scaled basis
by the board, dependent on the size and capacity of the business and for
social and economic equity applicants such fees may be assessed to
accomplish the goals of this chapter.
4. The board shall deposit all fees collected in the New York state
cannabis revenue fund established pursuant to section ninety-nine-ii of
the state finance law.

the state for a civil penalty of not to exceed five thousand dollars for
every such violation.

2. The penalty provided for in subdivision one of this section may be
recovered by an action brought by the board in any court of competent
jurisdiction.

3. Such civil penalty may be released or compromised by the board
before the matter has been referred to the attorney general, and where
such matter has been referred to the attorney general, any such penalty
may be released or compromised and any action commenced to recover the
same may be settled and discontinued by the attorney general with the
consent of the board.

4. It shall be the duty of the attorney general upon the request of
the board to bring an action for an injunction against any person who
violates, disobeys or disregards any term or provision of this chapter
or of any lawful notice, order or regulation pursuant thereto; provided,
however, that the executive director shall furnish the attorney general
with such material, evidentiary matter or proof as may be requested by
the attorney general for the prosecution of such an action.

5. It is the purpose of this section to provide additional and cumula-
tive remedies, and nothing herein contained shall abridge or alter
rights of action or remedies now or hereafter existing, nor shall any
provision of this section, nor any action done by virtue of this
section, be construed as estopping the state, persons or municipalities
in the exercising of their respective rights.

§ 17. Formal hearings; notice and procedure. 1. The board, or any
person designated by them for this purpose, may issue subpoenas and
administer oaths in connection with any hearing or investigation under
or pursuant to this chapter, and it shall be the duty of the board and
any persons designated by them for such purpose to issue subpoenas at
the request of and upon behalf of the respondent.

2. The board and those designated by them shall not be bound by the

3. Notice and right of hearing as provided in the state administrative
procedure act shall be served at least fifteen days prior to the date of
the hearing, provided that, whenever because of danger to the public
health, safety or welfare it appears prejudicial to the interests of the
people of the state to delay action for fifteen days, the board may
serve the respondent with an order requiring certain action or the
cessation of certain activities immediately or within a specified period
of less than fifteen days.

4. Service of notice of hearing or order shall be made by personal
service or by registered or certified mail. Where service, whether by
personal service or by registered or certified mail, is made upon an
incompetent, partnership, or corporation, it shall be made upon the
person or persons designated to receive personal service by article
three of the civil practice law and rules.

5. At a hearing, that to the greatest extent practicable shall be
reasonably near the respondent, the respondent may appear personally,
shall have the right of counsel, and may cross-examine witnesses against
him or her and produce evidence and witnesses on his or her behalf.

6. Following a hearing, the board may make appropriate determinations
and issue a final order in accordance therewith.
7. The board may adopt, amend and repeal administrative rules and regulations governing the procedures to be followed with respect to hearings, such rules to be consistent with the policy and purpose of this chapter and the effective and fair enforcement of its provisions.

8. The provisions of this section shall be applicable to all hearings held pursuant to this chapter, except where other provisions of this chapter applicable thereto are inconsistent therewith, in which event such other provisions shall apply.

§ 18. Ethics, transparency and accountability. No member of the board or office or any officer, deputy, assistant, inspector or employee, or spouse or minor child of such member, officer, assistant, inspector or employee thereof shall have any interest, direct or indirect, either proprietary or by means of any loan, mortgage or lien, or in any other manner, in or on any premises where adult-use cannabis, medical cannabis or cannabinoid hemp and hemp extract is cultivated, processed, distributed or sold; nor shall he or she have any interest, direct or indirect, in any business wholly or partially devoted to the cultivation, processing, distribution, sale, transportation or storage of adult-use cannabis, medical cannabis or cannabinoid hemp and hemp extract, or own any stock in any corporation which has any interest, proprietary or otherwise, direct or indirect, in any premises where adult-use cannabis, medical cannabis or cannabinoid hemp and hemp extract is cultivated, processed, distributed or sold, or in any business wholly or partially devoted to the cultivation, processing, distribution, sale, transportation or storage of adult-use cannabis, medical cannabis or cannabinoid hemp and hemp extract, or receive any commission or profit whatsoever, direct or indirect, from any person applying for or receiving any license or permit provided for in this chapter, or hold any other elected public office in the state or in any political subdivision. After notice and opportunity to be heard, anyone found to have knowingly violated any of the provisions of this section shall, after notice, be removed and shall divest themselves of such direct or indirect interests, in addition to any other penalty provided by law.

§ 19. Public health and education campaign. The office, in consultation with the commissioners of the department of health, office of addiction services and supports, and office of mental health, shall develop and implement a comprehensive public health monitoring, surveillance and education campaign regarding the legalization of adult-use cannabis and the impact of cannabis use on public health and safety. The public health and education campaign shall also include general education to the public about the cannabis law.

§ 20. Establish uniform policies and best practices. The office shall engage in activities with other states, territories, or jurisdictions in order to coordinate and establish uniform policies and best practices in cannabis regulation. These activities shall prioritize coordination with neighboring and regional states, and may include, but not be limited to, establishing working groups related to laboratory testing, product safety, taxation, road safety, compliance and adherence with federal policies which promote or facilitate cannabis research, commerce and/or regulation, and any other issues identified by the executive director.

31. Lawful medical use.
§ 30. Certification of patients. 1. A patient certification may only be issued if:
(a) the patient has a condition, which shall be specified in the patient's health care record;

The board may require by regulation that the certification shall be on a form provided by the office. The practitioner may state in the certification that, in the practitioner's professional opinion, the patient would benefit from medical cannabis only until a specified date. The practitioner may state in the certification that, in the practitioner's professional opinion, the patient is terminally ill and that the certification shall not expire until the patient dies.

3. In making a certification, the practitioner may consider the form of medical cannabis the patient should consume, including the method of consumption and any particular strain, variety, and quantity or percentage of cannabis or particular active ingredient, and appropriate dosage. The practitioner may state in the certification any recommendation or limitation the practitioner makes, in his or her professional opinion, concerning the appropriate form or forms of medical cannabis and dosage.

4. Every practitioner shall consult the prescription monitoring program registry prior to making or issuing a certification, for the purpose of reviewing a patient's controlled substance history. For purposes of this section, a practitioner may authorize a designee to consult the prescription monitoring program registry on his or her behalf, provided that such designation is in accordance with section thirty-three hundred forty-three-a of the public health law.

5. The practitioner shall give the certification to the certified patient, and place a copy in the patient's health care record.
6. No practitioner shall issue a certification under this section for themselves.
7. A registry identification card based on a certification shall expire one year after the date the certification is signed by the practitioner, except as provided for in subdivision eight of this section.
8. (a) If the practitioner states in the certification that, in the practitioner's professional opinion, the patient would benefit from medical cannabis only until a specified earlier date, then the registry identification card shall expire on that date; (b) if the practitioner states in the certification that in the practitioner's professional opinion the patient is terminally ill and that the certification shall not expire until the patient dies, then the registry identification card shall state that the patient is terminally ill and that the registration card shall not expire until the patient dies; (c) if the practitioner re-issues the certification to terminate the certification on an earlier date, then the registry identification card shall expire on that date and shall be promptly destroyed by the certified patient; (d) if the certification so provides, the registry identification card shall state any recommendation or limitation by the practitioner as to the form or forms of medical cannabis or dosage for the certified patient; and (e) the board shall make regulations to implement this subdivision.
9. (a) A certification may be a special certification if, in addition to the other requirements for a certification, the practitioner certifies in the certification that the patient's condition is progressive and degenerative or that delay in the patient's certified medical use of cannabis poses a risk to the patient's life or health.
   (b) The office shall create the form to be used for a special certification and shall make that form available to be downloaded from the office's website.
10. Prior to issuing a certification a practitioner must complete, at a minimum, a two-hour course as determined by the board in regulation. For the purposes of this article a person's status as a practitioner is deemed to be a "license" for the purposes of section thirty-three hundred ninety of the public health law and shall be subject to the same revocation process.
§ 31. Lawful medical use. The possession, acquisition, use, delivery, transfer, transportation, or administration of medical cannabis by a certified patient, designated caregiver or the employees of a designated caregiver facility, for certified medical use, shall be lawful under this article provided that:

 assisting the patient has been designated as such by the designated 
 caregiver facility.
 § 32. Registry identification cards. 1. Upon approval of the certif-

 shall expire as provided in this article or as otherwise provided in 
 this section. The office shall begin issuing registry identification 
cards as soon as practicable after the certifications required by this 
 chapter are granted. The office may specify a form for a registry appli-

 reproductions of the form may be used, and the form shall be available 
 for downloading from the board's or office's website.

dispensed with, provided the applicant for such renewal shall file a
statement with the board to the effect that there has been no alteration

2. Each applicant must submit to the office documentation of the
racial, ethnic, and gender diversity of the applicant's employees and

Any such contract or agreement shall be void and subject the licenses of all parties concerned to revocation for cause and any applicable administrative enforcement and penalties.

2. The provisions of this section shall not prohibit a registered organization authorized pursuant to section thirty-nine or sixty-eight-a of this chapter, or microbusiness authorized pursuant to section seventy-three of this chapter, from cultivating, processing, or selling adult-use cannabis under this article, at facilities wholly owned and operated by such registered organization or microbusiness, subject to any conditions, limitations or restrictions established by this chapter.

(c) packages, labels, shapes and products shall not be made to be attractive to or target persons under the age of twenty-one.

3. Such regulations shall include requiring labels warning consumers of any potential impact on human health resulting from the consumption of cannabis products that shall be affixed to those products when sold, if such labels are deemed warranted by the board and may establish standardized and/or uniform packaging and labeling requirements for adult-use products.

4. Such rules and regulations shall establish methods and procedures for determining serving sizes for cannabis products, active cannabis concentration per serving size, and number of servings per container or package, and the methods of separating or clearly delineating servings within a container or package. Such regulations may also require a nutritional or supplement fact panel that incorporates data regarding serving sizes and potency thereof.

5. Such rules and regulations shall establish approved product types and forms and establish an application and review process to determine
the suitability of new product types and forms, taking into consideration the consumer and public health and safety implications of different product varieties, manufacturing processes, product types and forms, the means and methods of administration associated with specific product types, and any other criteria identified by the board for consideration to protect public health and safety.

6. Such regulations shall also require product labels to accurately display the total THC of each product.

7. 4. Onsite laboratory testing by licensees is permissible subject to regulation; however, such testing shall not be certified by the board and does not exempt the licensee from the requirements of quality assurance testing at a testing laboratory pursuant to this section.

5. An owner of a cannabis laboratory testing permit shall not hold a license, or interest in a license, in any other category within this article and shall not own or have ownership interest in a registered organization registered pursuant to article three of this chapter or a cannabinoid hemp processor license pursuant to article five of this chapter.

6. 4. No cultivator or processor of adult-use cannabis shall transport any cannabis products, except in vehicles owned and operated by such cultivator or processor, or hired by such cultivator or processor and operated by a trucking or transportation company registered with the office, and shall only make deliveries at the licensed premises of the purchaser.

The applicant, if an individual or individuals, shall furnish evidence of the individual's good moral character, and if an entity, the applicant shall furnish evidence of the good moral character of the individuals who have or will have substantial responsibility for the licensed or authorized activity and those in control of the entity, including principals, officers, or others with such control.

4. If the board is not satisfied that the applicant should be issued a license, the board shall notify the applicant in writing of the specific reason or reasons for denial.

§ 98. License renewal. 1. Each license, issued pursuant to this article, may be renewed upon application therefor by the licensee and the payment of the reasonable fee for such license as specified by this article.

2. In the case of applications for renewals, the board may dispense with the requirements of such statements as it deems unnecessary in view of those contained in the application made for the original license.

3. The board shall provide an application for renewal of any license issued under this article not less than ninety days prior to the expiration of the current license.

4. The board may only issue a renewal license upon receipt of the specified renewal application and renewal fee from a licensee if, in
addition to the selection criteria set out in this article, the
licensee's license is not under suspension and has not been revoked.

§ 99. Form of license. Licenses issued pursuant to this article shall
specify:
1. The name and address of the licensee;
2. The activities permitted by the license;
3. The land, buildings and facilities that may be used for the
licensed activities of the licensee;

control. 1. Licenses issued under this article are not transferable,
absent written consent of the board.
2. Upon application of a licensee, a license may be amended to add or
delete permitted activities.
3. A license shall become void by a change in ownership, substantial
corporate change or change of location without prior written approval of
the board. The board may make regulations allowing for certain types of
changes in ownership without the need for prior written approval.

§ 101. Granting, suspending or revoking licenses. After due notice and
an opportunity to be heard, established by rules and regulations, the
board may decline to grant a new license, impose conditions or limits
with respect to the grant of a license, modify an existing license or
delay to renew a license, and may suspend or revoke a license already
granted after due notice and an opportunity to be heard, as established
by rules and regulations, whenever the board finds that:
1. A material statement contained in an application is or was false or
misleading;
2. The applicant or licensee, or a person in a position of management
and control thereof or of the licensed activity, does not have good
moral character, necessary experience or competency, adequate facili-
ties, equipment, process controls, or security to process, distribute,
transport or sell cannabinoid hemp, hemp extract or products derived
therefrom;
3. After appropriate notice and opportunity, the applicant or licensee
has failed or refused to produce any records or provide any information
required by this article or the regulations promulgated pursuant there-
to;
4. The licensee has conducted activities outside of those activities
permitted on its license; or
5. The applicant or licensee, or any officer, director, partner, or
any other person exercising any position of management or control there-
of or of the licensed activity has willfully failed to comply with any
of the provisions of this article or regulations under it and other laws
of this state applicable to the licensed activity.

§ 102. Record keeping and tracking. Every licensee shall keep, in such
form as the board may direct, such relevant records as may be required
pursuant to regulations under this article.

§ 103. Packaging and labeling of cannabinoid hemp and hemp extract. 1.
Cannabinoid hemp processors shall be required to provide appropriate
label warning to consumers, and restricted from making unapproved label
claims, as determined by the board, concerning the potential impact on
or benefit to human health resulting from the use of cannabinoid hemp,
hemp extract and products derived therefrom for human consumption, which
1. Labels shall be affixed to those products when sold, pursuant to rules and regulations that the board may adopt.

2. The board may, by rules and regulations, require processors to establish a code, including, but not limited to QR code, for labels and establish methods and procedures for determining, among other things, serving sizes or dosages for cannabinoid hemp, hemp extract and products derived therefrom, active cannabinoid concentration per serving size, number of servings per container, and the growing region, state or country of origin if not from the United States. Such rules and regulations may require an appropriate fact panel that incorporates data regarding serving sizes and potency thereof.

3. The packaging, sale, or possession of products derived from cannabinoid hemp or hemp extract used for human consumption not labeled or offered in conformity with regulations under this section shall be grounds for the seizure or quarantine of the product, the imposition of a civil penalty against a processor or retailer, and the suspension, revocation or cancellation of a license, in accordance with this article.

§ 104. Processing of cannabinoid hemp and hemp extract. 1. No processor shall sell or agree to sell or deliver in the state any cannabinoid hemp, hemp extract or product derived therefrom, used for human consumption, except in sealed containers containing quantities in accordance with size standards pursuant to rules adopted by the board. Such containers shall have affixed thereto such labels as may be required by the rules of the board.

2. Processors shall take such steps necessary to ensure that the cannabinoid hemp or hemp extract used in their processing operation has only been grown with pesticides that are registered by the department of environmental conservation or that specifically meet the United States environmental protection agency registration exemption criteria for minimum risk, used in compliance with rules, regulations, standards and guidelines issued by the department of environmental conservation for pesticides.

3. All cannabinoid hemp, hemp extract and products derived therefrom used for human consumption shall be extracted and processed in accordance with good manufacturing processes pursuant to Part 117 or Part 111 of title 21 of the code of federal regulations, as may be defined, modified and decided upon by the board in rules or regulations.

4. As necessary to protect human health, the board shall have the authority to: (a) regulate and prohibit specific ingredients, excipients or methods used in processing cannabinoid hemp, hemp extract and products derived therefrom; and (b) prohibit, or expressly allow, certain products or product classes derived from cannabinoid hemp or hemp extract, to be processed.

§ 105. Laboratory testing. Every cannabinoid hemp processor shall contract with an independent commercial laboratory to test the hemp extract and products produced by the licensed processor. The board shall establish the necessary qualifications or certifications required for such laboratories used by licensees. The board is authorized to issue rules and regulations consistent with this article establishing the testing required, the reporting of testing results and the form for reporting such laboratory testing results. The board has authority to require licensees to submit any cannabinoid hemp, hemp extract or product derived therefrom, processed or offered for sale within the state, for testing by the board. This section shall not obligate the board, in
any way, to perform any testing on hemp, cannabinoid hemp, hemp extract or product derived therefrom.

§ 106. New York hemp product. The board may establish and adopt official grades and standards for cannabinoid hemp, hemp extract and products derived therefrom, as the board may deem advisable, which are produced for sale in this state and, from time to time, may amend or modify such grades and standards.

§ 107. Penalties. Notwithstanding the provision of any law to the contrary, the failure to comply with a requirement of this article, or a regulation thereunder, may be punishable by a civil penalty of not more than one thousand dollars for a first violation; not more than five thousand dollars for a second violation within three years; and not more than ten thousand dollars for a third violation and each subsequent violation thereafter, within three years.

§ 108. Hemp workgroup. § 109. Prohibitions. 1. Except as authorized by the United States food and drug administration, the processing of cannabinoid hemp or hemp extract used for human consumption is prohibited within the state unless the processor is licensed under this article.

2. Cannabinoid hemp and hemp extracts used for human consumption and grown or processed outside the state shall not be distributed or sold at retail within the state, unless they meet all standards established for cannabinoid hemp under state law and regulations.

3. The retail sale of cannabinoid hemp is prohibited in this state unless the retailer is licensed under this article.

§ 110. Special use permits. The board shall have the authority to issue temporary permits for carrying on any activity related to cannabinoid hemp, hemp extract and products derived therefrom, licensed under this article. The board may set reasonable fees for such permits, to establish the periods during which such permits are valid, and to make rules and regulations to implement this section.

§ 111. Severability. If any provision of this article or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are declared to be severable.

4. No registered organization, licensee, or permittee, or other entity under the jurisdiction of the board, shall sell, deliver or give away, or cause, permit or procure to be sold, delivered or given away any cannabis, cannabis product, or medical cannabis on credit; except that a registered organization, licensee or permittee may accept third party credit cards for the sale of any cannabis, cannabis product, or medical cannabis for which it is registered, licensed or permitted to dispense or sell to patients or cannabis consumers. This includes, but is not limited to, any consignment sale of any kind.

Nor shall any of the above offer false testimony under oath at such inquiry or hearing.

7. No registered organization, licensee, or permittee, or other entity under the jurisdiction of the board, shall engage, participate in, or aid or abet any violation of any provision of this chapter, or the rules or regulations of the board.

8. It shall be the responsibility of the registered organization, licensee or permittee, or other entity under the jurisdiction of the board, to exercise adequate supervision over the registered, licensed or permitted location. Persons registered, licensed, or permitted shall be held strictly accountable for any and all violations that occur upon any registered, licensed, or permitted premises, and for any and all violations committed by or permitted by any manager, agent or employee of such registered, licensed, or permitted person.

9. As it is a privilege under the law to be registered, licensed, or permitted to cultivate, process, distribute, or sell cannabis, the board may impose any such further restrictions upon any registrant, licensee, or permittee in particular instances as it deems necessary to further state policy and best serve the public interest. A violation or failure of any person registered, licensed, or permitted to comply with any condition, stipulation, or agreement, upon which any registration, license, or permit was issued or renewed by the board may, in accordance with this chapter subject the registrant, licensee, or permittee to suspension, cancellation, revocation, and/or civil penalties in accordance with this chapter, as determined by the board.

10. No adult-use cannabis or medical cannabis may be imported to, or exported out of, New York state by a registered organization, licensee or person holding a license and/or permit pursuant to this chapter, until such time as it may become legal to do so under federal law. Should it become legal to do so under federal law, the board may promulgate such rules and regulations as it deems necessary to protect the public and the policy of the state, including but not limited to prioritize and promote New York cannabis. Further, all such cannabis or cannabis products must be distributed in a manner consistent with the provisions of this chapter.

11. No registered organization, licensee or any of its agents, servants or employees shall sell any cannabis product, or medical cannabis from house to house by means of a truck or otherwise, where the sale is consummated and delivery made concurrently at the residence or place of business of a cannabis consumer. This subdivision shall not prohibit the delivery by a registered organization to certified patients or their designated caregivers, pursuant to article three of this chapter.

12. No licensee shall employ any canvasser or solicitor for the purpose of receiving an order from a certified patient, designated caregiver or cannabis consumer for any cannabis product, or medical cannabis at the residence or place of business of such patient, caregiver or consumer, nor shall any licensee receive or accept any order, for the sale of any cannabis product, or medical cannabis which shall be solicited at the residence or place of business of a patient, caregiver or consumer. This subdivision shall not prohibit the solicitation by a
§ 126. License to be confined to premises licensed; premises for which no license shall be granted; transporting cannabis. 1. A registration, license, or permit issued to any person, pursuant to this chapter, for any registered, licensed, or permitted premises shall not be transferable to any other person, to any other location or premises, or to any other building or part of the building containing the licensed premises except in the discretion of the office. All privileges granted by any registration, license, or permit shall be available only to the person therein specified, and only for the premises licensed and no other except if authorized by the board. Provided, however, that the provisions of this section shall not be deemed to prohibit the amendment of a registration or license as provided for in this chapter. A violation of this section shall subject the registration, license, or permit to revocation for cause.

2. Where a registration or license for premises has been revoked, the board in its discretion may refuse to issue a registration, license, or permit under this chapter, for a period of up to five years after such revocation, for such premises or for any part of the building containing such premises and connected therewith.

3. In determining whether to issue such a proscription against granting any registration, license, or permit for such five-year period, in addition to any other factors deemed relevant to the board, the board shall, in the case of a license revoked due to the sale of cannabis to a person under the age of twenty-one not otherwise authorized by this chapter, determine whether the proposed subsequent licensee has obtained such premises through an arm's length transaction, and, if such transaction is not found to be an arm's length transaction, the office shall deny the issuance of such license.

4. For purposes of this section, "arm's length transaction" shall mean a sale of a fee of all undivided interests in real property, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, or any part thereof, in the open market, between an informed and willing buyer and seller where neither is under any compulsion to participate in the transaction, unaffected by any unusual conditions indicating a reasonable possibility that the sale was made for the purpose of permitting the original licensee to avoid the effect of the revocation. The following sales shall be presumed not to be arm's length transactions unless adequate documentation is provided demonstrating that the sale, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of the revocation:

(a) a sale between relatives;
(b) a sale between related companies or partners in a business; or
(c) a sale, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, affected by other facts or circumstances that would indicate that the sale, lease, management agreement, or other agreement giving the applicant control over the cannabis at the premises, is entered into for the primary purpose of permitting the original licensee to avoid the effect of the revocation.

5. No registered organization, licensee or permittee shall transport cannabis products or medical cannabis except in vehicles owned and operated by such registered organization, licensee or permittee, or hired and operated by such registered organization, licensee or permittee from
a trucking or transportation company permitted and registered with the board.

6. No common carrier or person operating a transportation facility in this state, other than the United States government, shall knowingly receive for transportation or delivery within the state any cannabis products or medical cannabis unless the shipment is accompanied by a copy of a bill of lading, or other document, showing the name and address of the consignor, the name and address of the consignee, the date of the shipment, and the quantity and kind of cannabis products or medical cannabis contained therein.

§ 127. Protections for the use of cannabis; unlawful discriminations prohibited. 1. No person, registered organization, licensee or permittee, employees, or their agents shall be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil liability or disciplinary action by a business or occupational or professional licensing board or office, solely for conduct permitted under this chapter. For the avoidance of doubt, the appellate division of the supreme court of the state of New York, and any disciplinary or character and fitness committees established by law are occupational and professional licensing boards within the meaning of this section. State or local law enforcement agencies shall not cooperate with or provide assistance to the government of the United States or any agency thereof in enforcing the federal controlled substances act solely for actions consistent with this chapter, except as pursuant to a valid court order.

2. No landlord may refuse to lease to and may not otherwise penalize an individual solely for conduct authorized under this chapter, except:
   (a) if failing to do so would cause the landlord to lose a monetary or licensing related benefit under federal law or regulations; or
   (b) if a property has in place a smoke-free policy, it is not required to permit the smoking of cannabis products on its premises, provided no such restriction may be construed to limit the certified medical use of cannabis.

2-a. No school, college or university may refuse to enroll and may not otherwise penalize a person solely for conduct allowed under this chapter, except:
   (a) if failing to do so would cause the school, college or university to lose a monetary or licensing related benefit under federal law or regulations; or
   (b) if the school, college or university has adopted a code of conduct prohibiting cannabis use on the basis of a sincere religious belief of the school, college or university.

3. For the purposes of medical care, including organ transplants, a certified patient's authorized use of medical cannabis must be considered the equivalent of the use of any other medication under the direction of a practitioner and does not constitute the use of an illicit substance or otherwise disqualify a registered qualifying patient from medical care.

4. An employer shall adhere to policies regarding cannabis use in accordance with section two hundred one-d of the labor law.

5. No person may be denied custody of or visitation or parenting time with a minor under the family court act, domestic relations law or social services law, solely for conduct permitted under this chapter including, but not limited to, section 222.05 or 222.15 of the penal law, unless it is in the best interest of the child and the child's physical, mental or emotional condition has been impaired, or is in
imminent danger of becoming impaired as a result of the person's behavior as established by a fair preponderance of the evidence. For the purposes of this section, this determination cannot be based solely on whether, when, and how often a person uses cannabis without separate evidence of harm.

6. A person currently under parole, probation or other state supervision, or released on recognizance, non-monetary conditions, or bail prior to being convicted, shall not be punished or otherwise penalized for conduct allowed under this chapter unless the terms and conditions of said parole, probation, or state supervision explicitly prohibit a person's cannabis use or any other conduct otherwise allowed under this chapter. A person's use of cannabis or conduct under this chapter shall not be prohibited unless it has been shown by clear and convincing evidence that the prohibition is reasonably related to the underlying crime. Nothing in this provision shall restrict the rights of a certified medical patient.

§ 128. Permits, registrations and licenses. 1. No permit, registration or license shall be transferable or assignable except that notwithstanding any other provision of law, the permit, registration or license of a sole proprietor converting to corporate form, where such proprietor becomes the sole stockholder and only officer and director of such new corporation, may be transferred to the subject corporation if all requirements of this chapter remain the same with respect to such permit, registration or license as transferred and, further, the registered organization or licensee shall transmit to the board, within ten days of the transfer of license allowable under this subdivision, on a form prescribed by the board, notification of the transfer of such license.

2. No permit, registration or license shall be pledged or deposited as collateral security for any loan or upon any other condition; and any such pledge or deposit, and any contract providing therefor, shall be void.

3. Permits, registrations and licenses issued under this chapter shall contain, in addition to any further information or material to be prescribed by the rules and regulations of the board, the following information:

(a) name of the person to whom the license is issued;
(b) type of license and what type of cannabis commerce is thereby permitted;
(c) description by street and number, or otherwise, of licensed premises; and
(d) a statement in substance that such license shall not be deemed a property or vested right, and that it may be revoked at any time pursuant to law.

§ 129. Laboratory testing permits. 1. The board shall approve and permit one or more independent cannabis testing laboratories to test medical cannabis, adult-use cannabis and/or cannabinoid hemp or hemp extract.

2. To be permitted as an independent cannabis laboratory, a laboratory must apply to the office, on a form and in a manner prescribed by the office, which may include a reasonable fee, and must demonstrate the following to the satisfaction of the board:

(a) the owners and directors of the laboratory are of good moral character;
(b) the laboratory and its staff has the skills, resources and expertise needed to accurately and consistently perform all of the testing
required for adult-use cannabis, medical cannabis and/or cannabinoid
hemp or hemp extract;
(c) the laboratory has in place and will maintain adequate policies,
procedures, and facility security to ensure proper: collection, label-
ing, accessioning, preparation, analysis, result reporting, disposal and
storage of adult-use cannabis, and/or medical cannabis;
(d) for the testing of cannabis, the laboratory is physically located
in New York state; and
(e) the laboratory meets any and all requirements prescribed by this
chapter and by the board in regulation.
3. The owner of a laboratory testing permit under this section shall
not hold a permit, registration or license in any category of this chap-
ter and shall not have any direct or indirect ownership interest in such
registered organization or licensee. No board member, officer, manager,
owner, partner, principal stakeholder or member of a registered organ-
ization or licensee under this chapter, or such person's immediate fami-
ly member, shall have an interest or voting rights in any laboratory
testing permittee.
4. The board shall require that the permitted laboratory report test-
ing results to the board in a manner, form and timeframe as determined
by the office.
5. The board is authorized to promulgate regulations, establishing
minimum operating and testing requirements, and requiring permitted
laboratories to perform certain tests and services.
6. A laboratory granted a laboratory testing permit under this chapter
shall not required to be licensed by the federal drug enforcement agen-
cy.
7. The board is authorized to enter into contracts or memoranda of
understanding with any other state for the purposes of aligning labora-
tory testing requirements or establishing best practices in testing of
cannabis.
§ 130. Special use permits. The board shall have the authority to
issue temporary permits for carrying on activities consistent with the
policy and purpose of this chapter with respect to cannabis. No special
use permit shall extend for a period longer than ninety days and shall
not be renewable, except where a permit is being issued to a licensee as
defined in article four of this chapter. A special use permit shall be
issued pursuant to an abbreviated application process. The special use
permit holder shall have ninety days in which to become fully licensed
by satisfying all of the remaining conditions for licensure which were
not required for the issuance of the special use permit.
The board may set reasonable fees for such permits and make rules and
regulations to implement this section.
1. Industrial cannabis permit - to purchase cannabis from one of the
entities licensed by the board for use in the manufacture and sale of
any of the following, when such cannabis is not otherwise suitable for
consumption purposes, namely: (a) apparel, energy, paper, and tools;
(b) scientific, chemical, mechanical and industrial products; or (c) any
other industrial use as determined by the board in regulation.
2. Trucking permit - to allow for the trucking or transportation of
cannabis products, or medical cannabis by a person other than a regis-
tered organization or licensee under this chapter.
3. Warehouse permit - to allow for the storage of cannabis, cannabis
products, or medical cannabis at a location not otherwise registered or
licensed by the office.
4. Packaging permit - to authorize a licensed cannabis distributor to sort, package, label and bundle cannabis products from one or more registered organizations or licensed processors, on the premises of the licensed cannabis distributor or at a warehouse for which a permit has been issued under this section.

§ 131. Local opt-out; municipal control and preemption. 1. The license and establishment of a retail dispensary license and/or on-site consumption license under the provisions of article four of this chapter authorizing the retail sale of adult-use cannabis to cannabis consumers shall not be applicable to a town, city or village which, after the effective date of this chapter, and, on or before the later of December thirty-first, two thousand twenty-one or nine months after the effective date of this section, adopts a local law, subject to permissive referendum governed by section twenty-four of the municipal home rule law, requesting the cannabis control board to prohibit the establishment of such retail dispensary licenses and/or on-site consumption licenses contained in article four of this chapter, within the jurisdiction of the town, city or village. Provided, however, that any town law shall apply to the area of the town outside of any village within such town. No local law may be adopted after the later of December thirty-first, two thousand twenty-one or nine months after the effective date of this section prohibiting the establishment of retail dispensary licenses and/or on-site consumption licenses; provided, however, that a local law repealing such prohibition may be adopted after such date.

2. Except as provided for in subdivision one of this section, all county, town, city and village governing bodies are hereby preempted from adopting any law, rule, ordinance, regulation or prohibition pertaining to the operation or licensure of registered organizations, adult-use cannabis licenses or cannabinoid hemp licenses. However, towns, cities and villages may pass local laws and regulations governing the time, place and manner of the operation of licensed adult-use cannabis retail dispensaries and/or on-site consumption sites, provided such law or regulation does not make the operation of such licensed retail dispensaries or on-site consumption sites unreasonably impracticable as determined by the board.

§ 131-a. Office to be necessary party to certain proceedings. The office shall be made a party to all actions and proceedings affecting in any manner the possession, ownership or transfer of a registration, license or permit to operate within a municipality and to all such injunction proceedings.

§ 132. Penalties for violation of this chapter. 1. Any person who cultivates for sale or sells cannabis, cannabis products, or medical cannabis without having an appropriate registration, license or permit therefor, or whose registration, license, or permit has been revoked, surrendered or cancelled, may be subject to prosecution in accordance with article two hundred twenty-two of the penal law.

2. Any registered organization or licensee, who has received notification of a registration or license suspension pursuant to the provisions of this chapter, who sells cannabis, cannabis products, medical cannabis or cannabinoid hemp or hemp extract during the suspension period, shall be subject to prosecution as provided in article two hundred twenty-two of the penal law, and upon conviction thereof under this section may be subject to a civil penalty of not more than five thousand dollars.

3. Any person who shall knowingly make any materially false statement in the application for a registration, license or a permit under this chapter may be subject to license or registration suspension, revoca-
tion, or denial subject to the board, and may be subject to a civil penalty of not more than two thousand dollars.

4. Any person under the age of twenty-one found to be in possession of cannabis or cannabis products who is not a certified patient pursuant to article three of this chapter shall be in violation of this chapter and shall be subject to the following penalty:

(a) (i) The person shall be subject to a civil penalty of not more than fifty dollars. The civil penalty shall be payable to the office of cannabis management.

(ii) Any identifying information provided by the enforcement agency for the purpose of facilitating payment of the civil penalty shall not be shared or disclosed under any circumstances with any other agency or law enforcement division.

(b) The person shall, upon payment of the required civil penalty, be provided with information related to the dangers of underage use of cannabis and information related to cannabis use disorder by the office.

(c) The issuance and subsequent payment of such civil penalty shall in no way qualify as a criminal accusation, admission of guilt, or a criminal conviction and shall in no way operate as a disqualification of any such person from holding public office, attaining public employment, or as a forfeiture of any right or privilege.

5. Cannabis recovered from individuals who are found to be in violation of this chapter may after notice and opportunity for a hearing be considered a nuisance and shall be disposed of or destroyed.

6. After due notice and opportunity to be heard, as established by rules and regulations, nothing in this section shall prohibit the board from suspending, revoking, or denying a license, permit, registration, or application in addition to the penalties prescribed in this section.

§ 133. Revocation of registrations, licenses and permits for cause; procedure for revocation or cancellation. 1. Any registration, license or permit issued pursuant to this chapter may be revoked, cancelled, suspended and/or subjected to the imposition of a civil penalty for cause.

2. There shall be a rebuttable presumption of revocation for the following causes:

(a) conviction of the registered organization, licensee, permittee or his or her agent or employee for selling any illicit cannabis on the premises registered, licensed or permitted; or

(b) for transferring, assigning or hypothecating a registration, license or permit without prior written approval of the office.

3. Such determinate sentence shall include as a part thereof a period of post-release supervision in accordance with section 70.45 of this article. The terms of such determinate sentence shall be imposed by the court in whole or half years as follows:

(e) Alternate definite sentence for class C, class D and class E felonies. If the court, having regard to the nature and circumstances of the crime and to the history and character of the defendant, is of the opinion that a sentence of imprisonment is necessary but that it would be unduly harsh to impose a determinate sentence upon a person convicted of a class C, class D or class E felony offense defined in article two hundred twenty or two hundred [twenty-one] twenty-two of this chapter, the court may impose a definite sentence of imprisonment and fix a term of one year or less.

§ 19-d. The opening paragraph of paragraph (b) of subdivision 4 of section 70.70 of the penal law, as added by chapter 738 of the laws of 2004, is amended to read as follows:

When the court has found pursuant to the provisions of section 400.21 of the criminal procedure law that a defendant is a second felony drug
offender whose prior felony conviction was a violent felony, who stands
convicted of a class B, class C, class D or class E felony offense
defined in article two hundred twenty or two hundred twenty-one
of this chapter, the court shall impose a determinate sentence of
imprisonment. Such determinate sentence shall include as a part thereof
a period of post-release supervision in accordance with section 70.45 of
this article. The terms of such determinate sentence shall be imposed by
the court in whole or half years as follows:

§ 20. Intentionally omitted.
§ 21. Intentionally omitted.
§ 22. Subdivision 1 of section 170.56 of the criminal procedure law,
as amended by chapter 360 of the laws of 1977, is amended to read as
follows:

1. Upon or after arraignment in a local criminal court upon an infor-
mation, a prosecutor's information or a misdemeanor complaint, where the
sole remaining count or counts charge a violation or violations of
section 221.05, 221.10, 221.15, 221.35 or 221.40 of the penal law, or upon summons for a
nuisance offense under section sixty-five-c of the alcoholic beverage
control law and before the entry of a plea of guilty thereto or
commencement of a trial thereof, the court, upon motion of a defendant,
may order that all proceedings be suspended and the action adjourned in
contemplation of dismissal, or upon a finding that adjournment would not
be necessary or appropriate and the setting forth in the record of the
reasons for such findings, may dismiss in furtherance of justice the
accusatory instrument; provided, however, that the court may not order
such adjournment in contemplation of dismissal or dismiss the accusatory
instrument if: (a) the defendant has previously been granted such
adjournment in contemplation of dismissal, or (b) the defendant has
previously been granted a dismissal under this section, or (c) the
defendant has previously been convicted of any offense involving
controlled substances, or (d) the defendant has previously been
convicted of a crime and the district attorney does not consent or (e)
the defendant has previously been adjudicated a youthful offender on the
basis of any act or acts involving controlled substances and the
district attorney does not consent. Notwithstanding the limitations set
forth in this subdivision, the court may order that all proceedings be
suspended and the action adjourned in contemplation of dismissal based
upon a finding of exceptional circumstances. For purposes of this subdi-
vision, exceptional circumstances exist when, regardless of the ultimate
disposition of the case, the entry of a plea of guilty is likely to
result in severe or ongoing consequences, including, but not limited to,
potential or actual immigration consequences.
§ 23. Intentionally omitted.
§ 24. The criminal procedure law is amended by adding a new section
440.46-a to read as follows:
§ 440.46-a Motion for resentence; persons convicted of certain marihuana
offenses.

1. When a person is serving a sentence for a conviction in this state,
whether by trial verdict or guilty plea, under former article two
hundred twenty-one of the penal law, and such persons' conduct as
alleged in the accusatory instrument and/or shown by the guilty plea or
trial verdict would not have been a crime under article two hundred
twenty-two of the penal law, had such article two hundred twenty-two
rather than former article two hundred twenty-one of the penal law been
in effect at the time of such conduct, then the chief administrative
judge of the state of New York shall, in accordance with this section, automatically vacate, dismiss and expunge such conviction in accordance with section 160.50 of this chapter, and the office of court administration shall immediately notify the state division of criminal justice services, state department of corrections and community supervision and the appropriate local correctional facility which shall immediately effectuate the appropriate relief. Such notification to the division of criminal justice services shall also direct that such agency notify all relevant police and law enforcement agencies of their duty to destroy and/or mark records related to such case in accordance with section 160.50 of this chapter. Nothing in this section shall prevent a person who believes his or her sentence is required by this section to be vacated, dismissed and/or expunged from filing a petition with the court to effectuate all appropriate relief.

2. (a) When a person is serving or has completed serving a sentence for a conviction in this state, whether by trial verdict or guilty plea, under former article two hundred twenty-one of the penal law, and such person’s conduct as alleged in the accusatory instrument and/or shown by the guilty plea or trial verdict, or shown by other information: (i) would not have been a crime under article two hundred twenty-two of the penal law, had such article two hundred twenty-two rather than former article two hundred twenty-one of the penal law been in effect at the time of such conduct; or (ii) under such circumstances such person would have been guilty of a lesser or potentially less onerous offense under such article two hundred twenty-two than such former article two hundred twenty-one of the penal law; then such person may petition the court of conviction pursuant to this article for vacatur of such conviction.

(b) (i) Upon receiving a served and filed motion under paragraph (a) of this subdivision, the court shall presume that any conviction by plea was not knowing, voluntary and intelligent and that any conviction by verdict and any accompanying sentence constitutes cruel and unusual punishment under the state constitution if either has severe or ongoing consequences, including but not limited to potential or actual immigration consequences; and the court shall further presume that the movant satisfies the criteria in such paragraph (a) and thereupon make such finding and grant the motion to vacate such conviction on such grounds in a written order unless the party opposing the motion proves, by clear and convincing evidence, that the movant does not satisfy the criteria to bring such motion. (ii) If the petition meets the criteria in subparagraph (i) of paragraph (a) of this subdivision, the court after affording the parties an opportunity to be heard and present evidence, may substitute, unless it is not in the interests of justice to do so, a conviction for an appropriate lesser offense under article two hundred twenty-two of the penal law.

(c) In the event of any vacatur and/or substitution pursuant to this subdivision, the office of court administration shall immediately notify the state division of criminal justice services concerning such determination. Such notification to the division of criminal justice services shall also direct that such agency notify all relevant police and law enforcement agencies of their duty to destroy and/or mark records related to such case in accordance with section 160.50 of this chapter, or, where conviction for a crime is substituted pursuant to this subdivision, update such agencies' records accordingly.

3. Under no circumstances may substitution under this section result in the imposition of a term of imprisonment or sentencing term, obligation or condition that is in any way either harsher than the original
sentence or harsher than the sentence authorized for any substituted lesser offense.

4. (a) If the judge who originally sentenced the movant for such offense is not reasonably available, then the presiding judge for such court shall designate another judge authorized to act in the appropriate jurisdiction to determine the petition or application.

(b) Unless requested by the movant, no hearing is necessary to grant an application filed under subdivision two of this section.

(c) When a felony conviction is vacated pursuant to this section and a lesser offense that is a misdemeanor or violation is substituted for such conviction, such lesser offense shall be considered a misdemeanor or violation, as the case may be, for all purposes. When a misdemeanor conviction is vacated pursuant to this section and a lesser offense that is a violation is substituted for such conviction, such lesser offense shall be considered a violation for all purposes.

(d) Nothing in this section is intended to or shall diminish or abrogate any rights or remedies otherwise available to a defendant, petitioner or applicant. Relief under this section is available notwithstanding that the judgment was for a violation of former sections 221.05, 221.10, 221.15, 221.20, 221.35 or 221.40 of the penal law in effect prior to the effective date of this paragraph and that the underlying action or proceeding has already been vacated, dismissed and expunged.

(e) Nothing in this and related sections of law is intended to diminish or abrogate the finality of judgments in any case not falling within the purview of this section.

(f) The provisions of this section shall be available, used and applied in parallel fashion by the family court and the criminal courts to juvenile delinquency adjudications, adolescent offender adjudications and youthful offender adjudications.

(g) The chief administrator of the courts shall promulgate all necessary rules and make available all necessary forms to enable the filing of the petitions and applications provided in this section no later than sixty days following the effective date of this section. All sentences eligible for automatic vacatur, dismissal and expungement pursuant to subdivision one of this section shall be identified and the required entities notified within one year of the effective date of this section.

§ 490. [Definitions] Excise tax on medical cannabis. 1. (a) [All definitions of terms applicable to title five-A of article thirty-three of the public health law shall apply to this article.] For purposes of this article, the terms "medical cannabis," "registered organization," "certified patient," and "designated caregiver" shall have the same definitions as in section three of the cannabis law.

(b) As used in this section, where not otherwise specifically defined and unless a different meaning is clearly required "gross receipt" means the amount received in or by reason of any sale, conditional or otherwise, of medical [marihuana] cannabis or in or by reason of the furnishing of medical [marihuana] cannabis from the sale of medical [marihuana] cannabis provided by a registered organization to a certified patient or designated caregiver. Gross receipt is expressed in money, whether paid in cash, credit or property of any kind or nature, and shall be determined without any deduction therefrom on account of the cost of the service sold or the cost of materials, labor or services used or other costs, interest or discount paid, or any other expenses whatsoever. "Amount received" for the purpose of the definition of gross receipt, as the term gross receipt is used throughout this article, means the amount charged for the provision of medical [marihuana] cannabis.

2. There is hereby imposed an excise tax on the gross receipts from the sale of medical [marihuana] cannabis by a registered organization to a certified patient or designated caregiver, to be paid by the registered organization, at the rate of seven percent. The tax imposed by this article shall be charged against and be paid by the registered organization and shall not be added as a separate charge or line item on any sales slip, invoice, receipt or other statement or memorandum of the price given to the retail customer.
3. The commissioner may make, adopt and amend rules, regulations, procedures and forms necessary for the proper administration of this article.

4. Every registered organization that makes sales of medical [marihuana] cannabis subject to the tax imposed by this article shall, on or before the twentieth date of each month, file with the commissioner a return on forms to be prescribed by the commissioner, showing its receipts from the retail sale of medical [marihuana] cannabis during the preceding calendar month and the amount of tax due thereon. Such returns shall contain such further information as the commissioner may require. Every registered organization required to file a return under this section shall, at the time of filing such return, pay to the commissioner the total amount of tax due on its retail sales of medical [marihuana] cannabis for the period covered by such return. If a return is not filed when due, the tax shall be due on the day on which the return is required to be filed.

5. Whenever the commissioner shall determine that any moneys received under the provisions of this article were paid in error, he may cause the same to be refunded, with interest, in accordance with such rules and regulations as he may prescribe, except that no interest shall be allowed or paid if the amount thereof would be less than one dollar. Such interest shall be at the overpayment rate set by the commissioner pursuant to subdivision twenty-sixth of section one hundred seventy-one of this chapter, or if no rate is set, at the rate of six percent per annum, from the date when the tax, penalty or interest to be refunded was paid to a date preceding the date of the refund check by not more than thirty days. Provided, however, that for the purposes of this subdivision, any tax paid before the last day prescribed for its payment shall be deemed to have been paid on such last day. Such moneys received under the provisions of this article which the commissioner shall determine were paid in error, may be refunded out of funds in the custody of the comptroller to the credit of such taxes provided an application therefor is filed with the commissioner within two years from the time the erroneous payment was made.

6. The provisions of article twenty-seven of this chapter shall apply to the tax imposed by this article in the same manner and with the same force and effect as if the language of such article had been incorporated in full into this section and had expressly referred to the tax imposed by this article, except to the extent that any provision of such article is either inconsistent with a provision of this article or is not relevant to this article.

7. All taxes, interest and penalties collected or received by the commissioner under this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter, provided that an amount equal to one hundred percent collected under this article less any amount determined by the commissioner to be reserved by the comptroller for refunds or reimbursements shall be paid by the comptroller to the credit of the medical [marihuana] cannabis trust fund established by section eighty-nine-h of the state finance law.

8. A registered organization that dispenses medical [marihuana] cannabis shall provide to the department information on where the medical [marihuana] cannabis was dispensed and where the medical [marihuana] cannabis was manufactured. A registered organization that obtains [marihuana] cannabis from another registered organization shall obtain from
such registered organization information on where the medical [marijuana] cannabis was manufactured.

§ 38. Section 491 of the tax law, as added by chapter 90 of the laws of 2014, subdivision 1 as amended by section 1 of part II of chapter 60 of the laws of 2016, is amended to read as follows:

§ 491. Returns to be secret. 1. Except in accordance with proper judicial order or as in this section or otherwise provided by law, it shall be unlawful for the commissioner, any officer or employee of the department, or any officer or person who, pursuant to this section, is permitted to inspect any return or report or to whom a copy, an abstract or a portion of any return or report is furnished, or to whom any information contained in any return or report is furnished, or any person engaged or retained by such department on an independent contract basis or any person who in any manner may acquire knowledge of the contents of a return or report filed pursuant to this article to divulge or make known in any manner the contents or any other information relating to the business of a distributor, owner or other person contained in any return or report required under this article. The officers charged with the custody of such returns or reports shall not be required to produce any of them or evidence of anything contained in them in any action or proceeding in any court, except on behalf of the state, [the state department of health] office of cannabis management, or the commissioner in an action or proceeding under the provisions of this chapter or on behalf of the state or the commissioner in any other action or proceeding involving the collection of a tax due under this chapter to which the state or the commissioner is a party or a claimant or on behalf of any party to any action or proceeding under the provisions of this article, when the returns or the reports or the facts shown thereby are directly involved in such action or proceeding, or in an action or proceeding relating to the regulation or taxation of medical [marijuana] cannabis on behalf of officers to whom information shall have been supplied as provided in subdivision two of this section, in any of which events the court may require the production of, and may admit in evidence so much of said returns or reports or of the facts shown thereby as are pertinent to the action or proceeding and no more. Nothing herein shall be construed to prohibit the commissioner, in his or her discretion, from allowing the inspection or delivery of a certified copy of any return or report filed under this article or of any information contained in any such return or report by or to a duly authorized officer or employee of the [state department of health] office of cannabis management; or by or to the attorney general or other legal representatives of the state when an action shall have been recommended or commenced pursuant to this chapter in which such returns or reports or the facts shown thereby are directly involved; or the inspection of the returns or reports required under this article by the comptroller or duly designated officer or employee of the state department of audit and control, for purposes of the audit of a refund of any tax paid by a registered organization or other person under this article; nor to prohibit the delivery to a registered organization, or a duly authorized representative of such registered organization, a certified copy of any return or report filed by such registered organization pursuant to this article, nor to prohibit the publication of statistics so classified as to prevent the identification of particular returns or reports and the items thereof. This section shall also not be construed to prohibit the disclosure, for tax administration purposes, to the division of the budget and the office of the state comptroller, of information aggre-
gated from the returns filed by all the registered organizations making sales of, or manufacturing, medical [marihuana] cannabis in a specified county, whether the number of such registered organizations is one or more. Provided further that, notwithstanding the provisions of this subdivision, the commissioner may, in his or her discretion, permit the proper officer of any county entitled to receive an allocation, following appropriation by the legislature, pursuant to this article and section eighty-nine-h of the state finance law, or the authorized representative of such officer, to inspect any return filed under this article, or may furnish to such officer or the officer's authorized representative an abstract of any such return or supply such officer or such representative with information concerning an item contained in any such return, or disclosed by an investigation of tax liability under this article.

2. The commissioner, in his or her discretion and pursuant to such rules and regulations as he or she may adopt, may permit [the commissioner of internal revenue of the United States, or] the appropriate officers of any other state which regulates or taxes medical [marihuana] cannabis, or the duly authorized representatives of such [commissioner or of any such] officers, to inspect returns or reports made pursuant to this article, or may furnish to such [commissioner or] other officers, or duly authorized representatives, a copy of any such return or report or an abstract of the information therein contained, or any portion thereof, or may supply [such commissioner or] any such officers or such representatives with information relating to the business of a registered organization making returns or reports hereunder. The commissioner may refuse to supply information pursuant to this subdivision [to the commissioner of internal revenue of the United States or] to the officers of any other state if the statutes [of the United States, or] of the state represented by such officers, do not grant substantially similar privileges to the commissioner, but such refusal shall not be mandatory. Information shall not be supplied to [the commissioner of internal revenue of the United States or] the appropriate officers of any other state which regulates or taxes medical [marihuana] cannabis, or the duly authorized representatives [of such commissioner or] of any of such officers, unless such [commissioner,] officer or other representatives shall agree not to divulge or make known in any manner the information so supplied, but such officers may transmit such information to their employees or legal representatives when necessary, who in turn shall be subject to the same restrictions as those hereby imposed upon such [commissioner,] officer or other representatives.

3. (a) Any officer or employee of the state who willfully violates the provisions of subdivision one or two of this section shall be dismissed from office and be incapable of holding any public office in this state for a period of five years thereafter.

(b) Cross-reference: For criminal penalties, see article thirty-seven of this chapter.

§ 493. Imposition of tax. (a) There is hereby imposed a tax on adult-use cannabis products sold by a distributor to a person who sells adult-use cannabis products at retail at the following rates:

(1) cannabis flower at the rate of five-tenths of one cent per milligram of the amount of total THC, as reflected on the product label;

(2) concentrated cannabis at the rate of eight-tenths of one cent per milligram of the amount of total THC, as reflected on the product label; and
(3) cannabis edible product at the rate of three cents per milligram of the amount of total THC, as reflected on the product label. This tax shall accrue at the time of such sale or transfer. (b) In addition to any other tax imposed by this chapter or other law, there is hereby imposed a tax of nine percent of the amount charged for the sale or transfer of adult-use cannabis products to a retail customer by a person who sells adult-use cannabis products at retail. An application for a certificate of registration must be submitted electronically, on a form prescribed by the commissioner, and must be accompanied by a non-refundable application fee of six hundred dollars. A certificate of registration shall not be assignable or transferable and shall be destroyed immediately upon such person ceasing to do business as specified in such certificate, or in the event that such business never commenced.

(ii) Provided, however, that the commissioner shall refund or credit an application fee paid with respect to the registration of an adult-use cannabis business in this state if, prior to the beginning of the period with respect to which such registration relates, the certificate of registration described in subparagraph (i) of this paragraph is returned to the department or, if such certificate has been destroyed, the operator of such business satisfactorily accounts to the commissioner for the missing certificate, but such business may not sell adult-use cannabis products in this state during such period, unless it is re-registered. Such refund or credit shall be deemed a refund of tax paid in error, provided, however, no interest shall be allowed or paid on any such refund.

(b) (1) The commissioner shall refuse to issue a certificate of registration to any applicant and shall revoke the certificate of registration of any such person who does not possess a valid license from the office of cannabis management. The commissioner may refuse to issue a certificate of registration to any applicant where such applicant:

(ii) has had a certificate of registration under this article, a license from the office of cannabis management, or any license or registration provided for in this chapter revoked or suspended where such revocation or suspension was in effect on the date the application was filed or ended within one year from the date on which such application was filed;

(2) In addition to the grounds for revocation in paragraph (1) of this subdivision, where a person who holds a certificate of registration is determined to have possessed or sold illicit cannabis: (1) such registration may be revoked for a period of up to one year for the first such possession or sale; (2) for a second such possession or sale within a period of five years by such person, the registration of such person may be revoked for a period of up to three years; (3) for a third such possession or sale within a period of up to five years by such person, the registration of such person may be revoked for a period of five years. A certificate of registration may be revoked pursuant to this paragraph immediately upon such person's receipt of written notice of revocation from the commissioner.

(c) A certificate of registration shall be valid for the period specified thereon, unless earlier suspended or revoked. Upon the expiration of the term stated on a certificate of registration, such certificate shall be null and void.

(d) Every holder of a certificate of registration must notify the commissioner of changes to any of the information stated on the certificate, or of changes to any information contained in the application for the certificate of registration. Such notification must be made on or before the last day of the month in which a change occurs and must be made electronically on a form prescribed by the commissioner.

(e) Every holder of a certificate of registration under this article shall be required to reapply prior to such certificate's expiration, during a reapplication period established by the commissioner. Such reapplication period shall not occur more frequently than every two years. Such reapplication shall be subject to the same requirements and conditions as an initial application, including grounds for refusal and the payment of the application fee.

(f) Any person who is required to obtain a certificate of registration under subdivision (a) of this section who possesses adult-use cannabis products without such certificate shall be subject to a penalty of five hundred dollars for each month or part thereof during which adult-use cannabis products are possessed without such certificate, not to exceed ten thousand dollars in the aggregate.

§ 495. Returns and payment of tax. (a) Every person on whom tax is imposed under this article shall, on or before the twentieth day of the month following each quarterly period ending on the last day of Febr—
ary, May, August, and November, respectively, file electronically with
the commissioner a return on forms to be prescribed by the commissioner,
showing the total amount of tax due in such quarterly period, and
including such other information as the commissioner may require.

(b) Every person required to file a return under this section shall,
at the time of filing such return, pay electronically to the commis-
er the total amount of tax due for the period covered by such return. If
a return is not filed when due, the tax shall be due on the day on which
the return is required to be filed.

§ 496. Records to be kept; penalties. (a) Records to be kept. Every
distributor on whom tax is imposed under this article and every person
who sells adult-use cannabis products at retail shall maintain complete
and accurate records in such form as the commissioner may require
including, but not limited to, such items as the total THC content of
the adult-use cannabis products sold to or produced by such person;
complete records of every retail sale of adult-use cannabis, and any
other record or information required by the commissioner. Such records
must be preserved for a period of three years after the filing of the
return to which such records relate and must be provided to the commis-
sioner upon request.

(b) Penalties. In addition to any other penalty provided in this arti-
cle or otherwise imposed by law, every distributor on whom tax is
imposed under this article and every person who sells adult-use cannabis
products at retail who fails to maintain or make available to the
commissioner the records required by this section is subject to a penal-
ty not to exceed five hundred dollars for each month or part thereof for
which the failure occurs. This penalty may not be imposed more than once
for failures for the same monthly period or part thereof. If the
commissioner determines that a failure to maintain or make available
records in any month was entirely due to reasonable cause and not to
willful neglect, the commissioner must remit the penalty for that month.

§ 496-a. Returns to be secret. (a) Except in accordance with proper
judicial order or as in this section or otherwise provided by law, it
shall be unlawful for the commissioner, any officer or employee of the
department, or any officer or person who, pursuant to this section, is
permitted to inspect any return or report or to whom a copy, an abstract
or a portion of any return or report is furnished, or to whom any infor-
mation contained in any return or report is furnished, or any person who
in any manner may acquire knowledge of the contents of a return or
report filed pursuant to this article to divulge or make known in any
manner the content or any other information contained in any return or
report required under this article. The officers charged with the custo-
dy of such returns or reports shall not be required to produce any of
them or evidence of anything contained in them in any action or preced-

management, or the commissioner in an action or proceeding involving the
collection of tax due under this chapter to which the state or the
commissioner is a party or a claimant or on behalf of any party to any
action or proceeding under the provisions of this article, when the
returns or the reports or the facts shown thereby are directly involved
in such action or proceeding, or in an action or proceeding related to
the regulation or taxation of adult-use cannabis products on behalf of
officers to whom information shall have been supplied as provided in
this section, in any of which events the court may require the
production of, and may admit in evidence so much of said returns or
reports or of the facts shown thereby as are pertinent to the action or
Nothing herein shall be construed to prohibit the commissioner, in his or her discretion, from allowing the inspection or delivery of a certified copy of any return or report filed under this article or of any information contained in any such return or report by or to a duly authorized officer or employee of the office of cannabis management; or by or to the attorney general or other legal representatives of the state when an action shall have been recommended or commenced pursuant to this chapter in which such returns or reports or the facts shown thereby are directly involved; or the inspection of the returns or reports required under this article by the comptroller or duly designated officer or employee of the state department of audit and control, for purposes of the audit of a refund of any tax paid by any person under this article; nor to prohibit the delivery to such person or a duly authorized representative of such person, a certified copy of any return or report filed by such person pursuant to this article, nor to prohibit the publication of statistics so classified as to prevent the identification of particular returns or reports and the items thereof. This section shall also not be construed to prohibit the disclosure, for tax administration purposes, to the division of the budget and the office of the state comptroller, of information aggregated from the returns filed by all persons subject to the taxes imposed by the article, whether the number of such persons is one or more. Provided further that, notwithstanding the provisions of this subdivision, the commissioner may, in his or her discretion, permit the proper officer of any county entitled to receive any distribution of the monies received on account of the tax imposed by subdivision (c) of section four hundred ninety-three of this article, or the authorized representative of such officer, to inspect any return filed under this article, or may furnish to such officer or the officer's authorized representative an abstract of any such return or supply such officer or representative with information concerning an item contained in any such return, or disclosed by any return or report filed pursuant to this article, or any return or report or an abstract of the information therein contained, or any portion thereof, or may supply any such officers or such representatives with information relating to the business of a person making returns or reports hereunder solely for purposes of tax administration. The commissioner may refuse to supply information pursuant to this subdivision to the officers of any other state if the statutes of the state represented by such officers do not grant substantially similar privileges to the commissioner, but such refusal shall not be mandatory. Information shall not be supplied to the officers of any state that regulates or taxes cannabis, or their duly authorized representatives of such officers, with information relating to the business of a person making returns or reports hereunder solely for purposes of tax administration. The commissioner may refuse to supply information pursuant to this subdivision to the officers of any other state if the statutes of the state represented by such officers do not grant substantially similar privileges to the commissioner, but such refusal shall not be mandatory. Information shall not be supplied to the officers of any state that regulates or taxes cannabis, or their duly authorized representatives of any such officers, unless such officer or other representatives shall agree not to divulge or make known in any manner the information so supplied, but such officers may transmit such information to their employees or legal representatives when necessary, who in turn shall be subject to the same restrictions as those hereby imposed upon such officer or other representatives. Any officer or employee of the state who willfully violates the provisions of subdivision (a) or (b) of this section shall be dismissed
from office and be incapable of holding any public office in this state for a period of five years thereafter.

(2) For criminal penalties, see article thirty-seven of this chapter.

§ 496-b. Administrative provisions. (a) The provisions of article twenty-seven of this chapter shall apply to the taxes imposed by section four hundred ninety-three of this article in the same manner and with the same force and effect as if the language of such article had been incorporated in full into this section and had expressly referred to the tax imposed by this article, except to the extent that any provision of such article is either inconsistent with a provision of this article or is not relevant to this article.

(b)(1) All taxes, interest, and penalties collected or received by the commissioner under this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter, provided that an amount equal to one hundred percent of revenues under this article less any amount determined by the commissioner to be reserved by the comptroller for refunds or reimbursements shall be paid by the comptroller to the credit of the cannabis revenue fund established by section ninety-nine-ii of the state finance law. Of the total revenue collected or received under this article, the comptroller shall retain such amount as the commissioner may determine to be necessary for refunds. The commissioner is authorized and directed to deduct from the registration fees under subdivision (a) of section four hundred ninety-four of this article, before deposit into the cannabis revenue fund designated by the comptroller, a reasonable amount necessary to effectuate refunds of appropriations of the department to reimburse the department for the costs incurred to administer, collect, and distribute the taxes imposed by this article.

(2) All taxes, interest, and penalties collected or received by the commissioner under subdivision (c) of section four hundred ninety-three of this article shall be deposited and disposed of pursuant to the provisions of section one hundred seventy-one-a of this chapter, provided that an amount equal to one hundred percent of revenues under such subdivision (c), less any amount determined by the commissioner to be reserved by the comptroller for refunds or reimbursements, shall be paid to the comptroller and the commissioner shall certify to the comptroller the amount of tax, penalties, and interest attributable to retail sales within a city with a population of a million or more and counties (other than a county wholly within such city). Such amount will be distributed by the comptroller to such city and such counties. Such counties shall be entitled to retain twenty-five percent of the monies so distributed. Such counties shall distribute the remaining seventy-five percent of such monies to the towns, villages, and cities within such county in which a retail dispensary is located in proportion to the sales of adult-use cannabis products by the retail dispensaries in such towns, villages and cities as reported by a seed-to-sale system, provided, however, where a retail dispensary is located in a village within a town that both permit cannabis retail sales, then the county shall distribute the monies attributable to such retail dispensary to such town and village in such proportion as may be agreed upon by the elective governing body of such town and of such village or, in the absence of such an agreement, shall evenly divide such monies between such town and village. Such counties shall distribute the monies received for each quarter ending on the last day of February, May, August or November to such towns, villages and cities no later than the thirtieth day after receipt of such monies from the comptroller.
§ 496-c. Illicit cannabis penalty. (a) In addition to any other civil or criminal penalties that may apply, any person knowingly in possession of or knowingly having control over illicit cannabis, as defined in section four hundred ninety-two of this article, after notice and an opportunity for a hearing, shall be liable for a civil penalty of not less than two hundred dollars per ounce of illicit cannabis flower, five dollars per milligram of the total weight of any illicit cannabis edible product, fifty dollars per gram of the total weight of any product containing illicit cannabis concentrate, and five hundred dollars per illicit cannabis plant, but not to exceed four hundred dollars per ounce of illicit cannabis flower, ten dollars per milligram of the total weight of any illicit cannabis edible product, one hundred dollars per gram of the total weight of any product containing illicit cannabis concentrate, and one thousand dollars per illicit cannabis plant for a first violation, and for a second and subsequent violation within three years following a prior violation shall be liable for a civil penalty of not less than four hundred dollars per ounce of illicit cannabis flower, ten dollars per milligram of the total weight of any illicit cannabis edible product, one hundred dollars per gram of the total weight of any product containing illicit cannabis concentrate, and one thousand dollars per illicit cannabis plant, but not to exceed five hundred dollars per ounce of illicit cannabis flower, twenty dollars per milligram of the total weight of any illicit cannabis edible product, two hundred dollars per gram of the total weight of any product containing illicit cannabis concentrate, and two thousand dollars per illicit cannabis plant.

(b) No enforcement action taken under this section shall be construed to limit any other criminal or civil liability of anyone in possession of illicit cannabis.

(c) The penalty imposed by this section shall not apply to persons lawfully in possession of less than two ounces of adult-use cannabis or ten grams of concentrated cannabis in accordance with the cannabis law or penal law.
