

# STATE OF NEW YORK

8851

## IN SENATE

April 25, 2022

Introduced by Sen. BRISPORT -- read twice and ordered printed, and when printed to be committed to the Committee on Finance

AN ACT to amend the social services law, in relation to increasing salaries for foster care direct care workers; and making an appropriation therefor

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. The Legislature finds that the  
2 COVID-19 pandemic has had a profound impact on the child welfare work-  
3 force within the foster care system. Direct care workers have continued  
4 to come to work every day throughout the pandemic, care for our most  
5 vulnerable children, and are part of our essential workforce. While  
6 other essential workers have been recognized or provided enhanced salary  
7 payments, direct care workers in the child welfare system have not.  
8 Moreover, the agencies that employ the foster care workforce have been  
9 historically underfunded and as a result the compensation provided to  
10 workers does not provide a living wage.

11 Therefore, the Legislature proposes salaries for direct care workers  
12 be increased starting with the 2022-2023 rate year and continued for the  
13 following two years. This investment will help stabilize the current  
14 turnover and vacancy rates within the direct care workforce which will  
15 have a positive and beneficial impact on children in the foster care  
16 system.

17 § 2. Section 398-a of social services law is amended by adding a new  
18 subdivision 2-d to read as follows:

19 (2-d) Payments made directly by social service districts to voluntary  
20 foster care agencies to increase employee salaries during each of the  
21 two thousand twenty-two--two thousand twenty-three, two thousand twen-  
22 ty-three--two thousand twenty-four, and two thousand twenty-four--two  
23 thousand twenty-five rate years shall be supported by increased funding  
24 available through the foster care block grant. Such payments shall be  
25 used to increase the salaries of foster care agency employees, includ-  
26 ing, but not limited to, direct care staff, caseworkers, and case plan-

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD15141-02-2

1 ners, as well as the salaries of such workers' supervisors working in  
2 such foster care agencies.

3 § 3. The sum of seventeen million dollars (\$17,000,000), or so much  
4 thereof as may be necessary, is hereby appropriated to the state insur-  
5 ance fund out of any moneys in the state treasury in the general fund to  
6 the credit of the state purpose account, not otherwise appropriated, and  
7 made immediately available for the purposes of increases in salaries of  
8 foster care agency employees, including, but not limited to, direct care  
9 staff, caseworkers, and case planners, as well as the salaries of such  
10 workers' supervisors working in such foster care agencies. Such moneys  
11 shall be payable on the audit and warrant of the comptroller on vouchers  
12 certified or approved by the department of social services in the manner  
13 prescribed by law.

14 § 4. This act shall take effect immediately.
